KILLED IN DUEL.

Paderewski Said to Have Been One of the Principals in an Affair of Honor.

THE BOY RECOVERED.
Sensational Kidnaping Involving Family of Former Attorney-General W. H. Miller.

Indianapolis, Ind., Dec. 27.—A sensational kidnaping involving the family of ex-United States Attorney-General Miller, occurred yesterday afternoon and led to the death of a young man.

Samuel Miller and wife have lived in New York for many years, and last summer he came West to go into his New York office. His wife remained in New York and after she came here to demand possession of her 7-year-old son, who she had brought West with her.

The husband and wife lived in the Denair at the wife's apartments in the Denair. The wife agreed that the boy was allowed to be sent to her father with a nurse she would not attempt to kidnap him.

Yesterday afternoon the boy and nurse called on Mrs. Miller at the Denair. The nurse was seen to get into a carriage and while the governess was gone ordered a carriage and made arrangements for the boy's departure.

When the governess returned Mrs. Miller announced they were going for a walk. Mrs. Miller refused to come, and then she jumped out of the carriage and ran to a telephone.

Mrs. Miller immediately ordered the carriage driven to Brightonwood, and when it reached there she got out and ran to the Union station, where there was no trace of the woman and boy.

Two hours later they learned from the lackman where he had gone, and it was believed she intended to take the boy to the Knickerbocker train at Anderson or Minnie.

Mrs. Miller started Miller on the Knickerbocker train to run here when she got out. Mrs. Miller was Helen Karber of Pottsdam, Pa., and Samuel Miller met her at the station.

Thomas Thomson Escapes Filippino Only to Fall Victim to Hobos in Wisconsin.

Neenah, Wis., Dec. 27.—[Special.]—Thomas Thomson of this place served with the Thirtieth Minnesota in the Philippines and he came home without a scratch. But two tramps down in the Wisconsin Central freight yards last night did what the hobo men couldn't accomplish—tholed Thomson out. Thomson was going through the yards alone, and when the two men accosted him they attempted to grab Thomson, but he knocked one of them down, whereupon the other drew a knife and stabbed the victim in the breast. Thomson's cries brought assistance and the tramps were chased but not caught. The victim has a gash two inches long on his breast, but it is not deep enough to be dangerous.

DUNDEE DOINGS.

Neil B. McDougall died at Fond du Lac last Saturday, as the result of injuries sustained in crossing the Mississippi river while coming from Woonsocket, S. D., three years ago last October. He was born here Aug. 15, 1860, and remained in this state until 14 years ago, when he went to Woonsocket. There he married Miss Mabel Payne on Dec. 11, 1889, and they resided there until 3 years ago, he having served as sheriff for 6 years. He was a man of excellent character and much respected by all who knew him. He leaves a wife and one daughter, Gladys, who is 10 years old, also a father, mother, 5 brothers and 3 sisters, all of whom attended the funeral except his brother Malcolm. The remains were taken to the home of his parents here Sunday, where the services were held Tuesday, with interment at New Prospect.

My son has been troubled for years with chronic diarrhoea. Sometime ago I persuaded him to take some of Chamberlain's Colic, Cholera and Diarrhoea Remedy. After using two bottles of the 25-cent size he was cured. I give this testimonial hoping some one similarly afflicted may read it and be benefited.—Thos. C. Bower, Glencoe, O. For sale by L. Rosenheimer.

SAVED THE SHIP.

Awful Calamity Averted Through Prompt Action Of A Fireman.

A fearful loss of life on a C. S. cruiser was averted by the quick work of a brave fireman. Five gallons of turpentine had been spilled and had taken fire in a section separated from the powder magazine by a steel partition. With hair-raising effort and hands and face badly burned, the brave fireman worked to save the ship. He knew that, unless he extinguished the flames with water, the ship and its precious lives would be destroyed, so he opened an intake and the hood put out the fire. Two things are always necessary to saving human life,—prompt action and proper means. The right medicine taken in time has saved multitudes of precious lives. Countess thousands have found Dr. King's New Discovery for Consumption to be the right medicine to save lives threatened with deadly maladies of throat, chest and lungs; among them is Mrs. L. C. Overstreet, of Elgin, Tenn., whose husband lately wrote: "The best physicians said my wife had incurable consumption and that no medicine or earthly help could save her, but I tried Dr. King's New Discovery, which completely cured her and I cannot express my thanks for it's saving her life. This grand medicine positively cures Coughs, Colds, Asthma, Bronchitis, Croup, Whooping Cough, Hay Fever, and for Consumption, Pleurisy, Hemorrhage, La Grippe, and Pneumonia. It is the world's supreme life-saver. Price 50c and \$1.00. Every bottle guaranteed. Trial bottles free. At all druggists."

A SURE CURE FOR CROUP.

Twenty-five Years' Constant Use Without a Failure.

The first indication of croup is hoarseness, and in a child subject to that disease it may be taken as a sure sign of the approach of an attack. Following this hoarseness is a peculiar rough cough. If Chamberlain's Cough Remedy is given as soon as the child becomes hoarse, or even after the croupy cough appears, it will prevent the attack. It is used in many thousands of homes in this broad land and never disappoints the anxious mothers. We have yet to learn of a single instance in which it has not proven effectual. No other preparation can show such a record—25 years' constant use without a failure. For sale by L. Rosenheimer.

OBITUARY.

Val. Illian, an old and respected citizen who resided 2 miles southeast of here, died of paralysis of the heart Tuesday morning. He was born on Sept. 29, 1835, in Bechtheim, Hessen-darmstadt, Germany, and came to America in March, 1853, when he settled in the town of Jackson. Two years later he moved to the town of Addison, where he lived the rest of his life. On April 6, 1863, he married Miss Barbara Guth, and the union was blessed with 8 children, all of whom survive, viz: Philip, Charles and John of this vicinity, Mrs. Philip Dehos and Mrs. John Stephan of Sturgeon Bay, Mrs. Aug. Rosenthal of West Bend, Mrs. Hy. Minder of Milwaukee, and Mrs. Adolph Ruefanacht, who resides on the homestead. Deceased was a kind, loving father, gentle in manner, and respected by all who knew him. Besides his wife and 8 children, he leaves 15 grand children.

His remains were interred in the Wayne cemetery association's place Thursday, with Rev. Ruppert of W. Bend officiating.

Among those from afar at the funeral were Mr. and Mrs. John Fehl of Sturgeon Bay, John C. Kuhlmann of Wausau, Louis Endlich of Beaver Dam, and Carl Guth of Clintonville.

The bereaved relatives have our heartfelt sympathy.

As a cure for rheumatism Chamberlain's Pain Balm is gaining a wide reputation. D. B. Johnston of Richmond, Ind., has been troubled with that ailment since 1862. In speaking of it he says: "I never found anything that would relieve me until I used Chamberlain's Pain Balm. It acts like magic with me. My foot was swollen and painful very much, but one good application of Pain Balm relieved me. For sale by L. Rosenheimer."

Mr. Major, the famous cement man of New York, explains some very interesting facts about Major's Cement.

The multitudes who use this standard article know that it is many hundred per cent. better than the other cements for which similar claims are made, but a great many do not know why. The simple reason is that Mr. Major uses the best materials ever discovered and other manufacturers do not use them, because they are too expensive and do not show large profits. Mr. Major tells us that one of the elements of his cement costs \$1.75 a pound, and another costs \$2.50 a pound, while a large share of the so-called cements and liquid glue upon the market are nothing more than life glue, dissolved in water or other acid, and in some cases, altered slightly in color and odor by the addition of cheap and inferior materials.

Major's cement retails at the 1c and 2c a bottle. It is doubtless true in view of the fact that each dealer gets his share of the benefit of Mr. Major's advertising, which now amounts to over \$50,000 a month, throughout the country. Established in 1878.

Instead of having Major's, don't accept any off-hand advice from a druggist. If you are all handy and you will be likely to find that you are a good deal more so than you imagine, you can repair your rubber and leather articles with Major's Leather Cement. And you will be surprised at how many dollars a year you will thus save.

—At a meeting of the local camp of M. W. A. on the 17th inst. the following officers were elected, viz: H. W. Krahn, V. C.; Rudolph Wagner, W. A.; A. A. Perschbacher, E. C.; H. J. Lay, E. —On Saturday last Miss Annie Martin was agreeably surprised, by a large number of friends, on the occasion of the 18th anniversary of her birth. The evening was very happily spent, and the hostess received some beautiful presents from her guests, who finally departed in hopes that Miss Martin may witness many happy returns of the anniversary.

—Charles Thom of Schleisingerville was recently arrested there by Sheriff King of Waukesha on the charge of having assaulted and battered Lawrence Ackerman of Lannon. The accused is said to have eluded the sheriff since last September, when the crime is alleged to have been committed. The arrest created quite a scene, as a number of friends tried to help Thom to such an extent that the officer had to use his revolver to get away with the prisoner.

—Christmas eve was observed at the Moldenhauer (Lutheran) church last Monday, with the customary rites, including singing and speaking by little folks. The church was handsomely trimmed with decorations, though the Christmas tree proved the center of attraction, as usual. The ladies of the congregation presented some nice flowers for the altar, while the edifice was also furnished with new carpet, altar-drapes, etc.

—The following students are home for the holiday vacation, viz: Ed. Assmann of the Milwaukee normal, Mathilda and Otto Lay of the Lawrence university at Appleton, Will Hausmann of the Chicago college of dental surgery, Byron and Newton Rosenheimer of the St. John military academy at Delafield, Louis Fechtner of the Spencerian college at Milwaukee, Carl Hausmann of the Mission college at Sheboygan, Lehman Rosenheimer of the Wisconsin university, Belinda Rosenheimer of the Downer college at Milwaukee, Hannah Hillenberg of the Northern Illinois normal at Dixon, Ill.; Mollie Ockenfels, Etta Schoofs and Annie Haug of the Oshkosh normal.

—While going home last Saturday night, Wm. Muckerhide missed the narrow bridge on North Fond du Lac avenue, driving down the embankment and into the creek, 10 feet below. Upon finding himself in the creek with his rig on top of him and the team standing quietly, Mr. Muckerhide hollered for help until some residents of the vicinity went to his rescue and found that he had luckily escaped serious injury. The place is dangerous for anyone driving northward at night, especially as leaving the glare of the street lights renders the darkness intense there, and had the horses scared in this instance the driver likely would have been killed and the rig smashed to pieces. However, we understand that in lieu of a wider bridge, the village board intends to erect guard-rails at both sides of the approach.

Fell Down a 68-Foot Well.
Last Monday the piping was being replaced after cleaning a well on a Liermann's saloon property at Beechwood (now occupied by H. Wittenberg) when Mr. L. fell to the bottom of the well, 68 feet, breaking his arm and spraining an ankle. He was lowering the pipe when the plank upon which he stood suddenly broke and precipitated him and the pipe to the bottom. Everybody present immediately supposed that the accident had resulted fatally to the victim, but he clung to the pipe, which evidently struck bottom before him in such a way as to break the force of the fall and save his life.

Bad Runaway at Elmore.
Last Monday, while Jacob Hasinger was driving to church with his wife and two daughters, an axle of the rig broke as they were descending what is known as "Schrauth's hill." The girls immediately jumped out of the rig, while their parents were thrown to the ground and slightly injured. The team ran about a quarter of a mile, when they suddenly turned a sharp corner and fell, one being severely injured and the other breaking a leg so that it was later deemed an act of mercy to kill the animal. The horses were well matched, and the accident breaks up a team which was highly valued by Mr. Hassinger.

Cured of Deafness.
Dr. Secrist cured me of deafness and nervous prostration a year ago, and I remain cured today. The cure is permanent.—PETER STELLAN, Barton, Wis.
Doctor Secrist will be at the Hotel Weindand at West Bend on Wednesday, Jan. 9th.

In St. Paul's at London a guide was showing a gentleman round the tombs. "That, sir," said the man, his tomb ever knew—Lord Nelson's. This marble sarcophagus weighs forty-two tons. Hinside is a steel receptacle weighing twelve tons, and hinside that his leaden casket 'ermetically sealed and weighing over two tons. Hinside that his a mahogany coffin 'olding the ashes of the great 'ero."

"Well, said the Yankee, after thinking a while, "I guess you've got him. If he ever gets out of that, just cable the news to America at my expense."
—Exchange.

A LIFE'S REMORSE.

CHAPTER LIII.—(Continued.) "Oh! why dreads the impossible?" returns she with a little gesture that would have wavered the thought aside. "But if I had been," persistently. THE HOME OF MRS. LIZZIE M. BREWER AT WESTERY, R. I.

In a letter to Dr. Hartman concerning the merits of Per-na, Mrs. Brewer writes, among other things: "Dear Dr. Hartman—I find Per-na a sure cure for all catarrhal affections of the nose and throat. It is a most reliable remedy, and it cures a cold at once. There is no cough medicine that can at all equal Per-na. As for a gripe, there is no other remedy that can at all compare with Per-na. I am now the sick a great deal in our city and have supplied many invalids with Per-na, simply because I am an enthusiastic fan of it. I have never known it to fail to quickly and permanently remove that demoralized state of the human system which follows a gripe. In all cases of extreme weakness, I use Per-na with perfect confidence of a good result. In cases of weakness peculiar to my sex I am sure that no other remedy can approach in good results the action of Per-na. It meets all the bad symptoms to which females are subject. The irregularities and nervousness, and pallid and miseries which afflict more or less the women from girlhood to change of life, are cured by Per-na with the most excellent results. I wish every young lady in our city could read your book."

HEMS HATCH FISH EGGS.

According to a writer in a German paper, the Chinese adapt their methods to the purpose of hatching fish eggs. The spaw is sealed up in egg shells from which the egg has been removed. The hen sits on these sophisticated eggs as if they were her own. When the fry have come to life they are emptied into water of the proper temperature. The Chinese are great fish experts and the numerous rivers and canals of the empire are farmed as intelligently as the surfaces.

CATSKIN COATS.

Cats are having a bad time in Germany just now. Ten thousand fur-lined greatcoats and as many each of fur gloves and gaiters have been ordered by the troops in China, and pussy has shed her skin for it. The cats are being used for each pair of gaiters and one for each pair of gloves. Cats are going up in the German market.

GHAKI AS A LIFE PRESERVER.

Uniforms of that color will cut down Casualties in Battle. In the Century are printed a correspondent's notes of the fighting in China, by Frederick Palmer. The writer is eloquent on the advantages of khaki as a uniform. The accuracy of the Chinese fire is amazing. I noticed that the bullets were knocking up the dust in front of our men after they sprang over the mud wall (where the writer was) and charged across the thousand yards between the bridge and the Chinese. That is always proof of good shooting. I suppose that the West Coast must be a uniform. The accuracy of the Chinese fire is amazing.
