KAISER TAKES REVENGE.

Three German Cruisers Bombard Fort at San Carlos.

VILLAGE IS IN FLAMES.

Statement in Berlin that Commander of German Fleet Acted With-out Orders.

CITIZENS LOOK TO WASHINGTON.

Maracaibo, Venezuela, Jan. 22.—Three German warships, headed by the Panther, Vineta and Falke, began shelling the fort of San Carlos at half-past 10 o'clock yesterday morning.

A correspondent of the Associated Press in a report from within three miles of the fort at noon. The Panther appeared to be not more than 500 yards from the fort. Her guns were being fired every minute.

The fort could not be seen for the clouds of smoke, but it was plain that the Venezuelan gunners were answering the German fire bravely and with great rapidity.

San Carlos in Flames.

At 1 o'clock in the afternoon an explosion occurred, and a cloud of smoke covered part of the ramparts. A number of Indian fishermen were killed, and the direction of the fire in their direction changed.

They reported that the smoke from the shells was being blown by much excitement among the residents of this port, who have protested against the violation of the warships.

Had No Orders.

Berlin, Jan. 22.—Neither the foreign office nor the navy department have received reports of the bombardment of Fort San Carlos, but both places it was declared that no orders were given to bombard the fort.

Grand Rapids, (Mich.) Lumber Company Said to Have Purchased Jeffris.

Grand Rapids, Mich., Jan. 22.—(Special.)—The Warden Lumber Company of this city yesterday purchased the town of Jeffris, Wis., together with 11,000 acres of land surrounding it, and will immediately begin lumbering operations there.

The town of Jeffris is composed of J. N. Worden, president; J. B. Case, secretary and Charles R. Sligh, treasurer.

The two last named are Grand Rapids furniture manufacturers. The capital stock is \$100,000 and the company includes all the stores and houses in the town, together with several mills and a railroad line over the road is well equipped and in operation.

Other purchases of this company are directly across the line from the Grand Rapids and Central Michigan lumbermen, who are turning to Wisconsin for timber.

Jeffris is in the northern part of Lincoln county and is in the midst of great tracts of timber. It is estimated that the lumbering Wisconsin law is also being founded by the Jeffris Lumber Company of Janesville.

MRS. ROBINSON'S WILL.

Democrats Favor Making Nominations by Direct Vote.

MR. MERTONS PLANS.

Madison, Wis., Jan. 21.—(Special.)—In the face of the fact that the Democratic state platform denounced the principles of primary elections in strong terms, denouncing it as un-American and unpatriotic, many Democratic members of the Senate and the Assembly are enthusiastic believers in the primary election idea.

It is their opinion that the interests of the state will be conserved by adopting primary elections and their proposal to lead their support to a measure having that end in view.

Senator Merton of Waukesha is now at work on a bill which will present some time next week. He has consulted with his two colleagues in the Senate, Messrs. North and Randolph, respecting the matter and they propose to introduce a bill to that effect.

The introduction of a primary election bill by a Democratic member, in view of the general opinion of the Legislature respecting the matter, is something entirely foreign to the minds of the Republican members of the Legislature.

Senator Merton is likely to be successful when it is found to what will go for, for the measure will be successful and the bill will be passed.

Include the United States Senators.

The bill will cover the selection of the principle to cover the selection of the United States senators. While the federal constitution has provided for the election of United States senators by the electors of each state, it is proposed to amend the constitution so that the electors shall be the people of the state.

The bill will provide that nominations be made by the people in the same way that it is proposed to make the nominations of state officers.

His measure will require the people to elect the electors of each party for United States senators, and members of the Legislature will be required to elect the electors of each party for United States senators.

In this way, Senator Merton asserts, the electors will have a more direct voice in the election of United States senators as though the matter were submitted to the electors by direct vote.

The Democratic measure will extend the principle of primary election to all state officers, and the bill will be introduced in the Legislature.

Madison, Wis., Jan. 22.—(Special.)—The National Fraternal Congress of the United States met in session at the Wisconsin State Hotel in Madison, Wis., today.

The following officers were elected: President, J. W. Brown; Vice President, J. W. Brown; Secretary, J. W. Brown; Treasurer, J. W. Brown.

Madison, Wis., Jan. 22.—(Special.)—An effort will be made at the present session of the Legislature by the board of examiners to raise the standard of qualifications for admission to the bar.

At the present time anyone may be admitted to the bar by a certificate signed by two reputable citizens saying that he is of good moral character and is qualified to practice law.

The board proposes to ask that the law be amended so that no one shall be admitted to the bar unless he has a high school education or its equivalent.

It is proposed that the board of examiners shall have the right to examine applicants and to refuse admission to those who are not qualified.

The board of examiners will also have the right to examine applicants and to refuse admission to those who are not qualified.

A Weak Stomach
Indigestion is often caused by over-eating. An eminent authority says the harm done thus exceeds that from the excessive use of alcohol. Eat all the good food you want but don't over-load the stomach. A weak stomach may refuse to digest what you eat. Then you need a good digestant like Kodol, which digests your food without the stomach's aid. This rest and the wholesome tonics Kodol contains soon restore health. Dieting unnecessary. Kodol quickly relieves the feeling of fullness and bloating from which some people suffer after meals. Absolutely cures indigestion.
Kodol Nature's Tonic.
Prepared only by E. C. DEWITT & Co., Chicago. Each bottle contains 24 times the 50c. size.

Mrs. Fred Unrath, President Country Club, Boston
"After my first baby was born I did not seem to regain my strength although the doctor gave me a tonic which he considered very superior. But instead of getting better I grew weaker every day. My husband insisted that I take Wine of Cardui for a week and see what it would do for me. I did take the medicine and was very grateful to find my strength and health slowly returning. In two weeks I was out of bed and in a month I was able to take up my usual duties. I am very enthusiastic in its praise."
Wine of Cardui reinforces the organs of generation for the ordeal of pregnancy and childbirth. It prevents miscarriage. No woman who takes Wine of Cardui need fear the coming of her child. If Mrs. Unrath had taken Wine of Cardui before her baby came she would not have been weakened as she was. Her rapid recovery should commend this great remedy to every expectant mother. Wine of Cardui regulates the menstrual flow.
