DEPEW NOW TO RESIGN WILL LOSE GARSHOPS?

NEW YORK SENATOR IS PHYSICAL AND NERVOUS WRECK? Insurance Investigation Too Much for Him—Wife Leaves and Old Wit Has Hallucinations.

WASHINGTON, D. C., March 15.—Chauncey M. Depew will never sit in the Senate again. His friends say that he will resign before the end of the present session. The New York senator is a complete nervous wreck...

He has been in attendance at but few of the sessions of the Senate this year. His friends say that he has had hallucinations and that his wife has left him because of his nervous condition...

It is known for some time that the senator was in danger of losing the ship that he had purchased for his private use. The ship was named "The Constitution" and was to be used for his private use...

SISTER JEAN.

By the Author of "Bubbles," "In His Father's Footsteps," "Better Than His Word," "No Immediate Prospect," Etc.

CHAPTER II.—(Continued.) "That monotony in diamonds on her ladyship's head-dress. One must be exact with such trifles."

"But why? You are not a reporter, are you?" she asks, her thoughts reverting to Mr. Hayter's account of him.

"Oh, yes, on occasion of him. He shrugs his shoulders. "At a conference, have a senseless but respectful aversion to the workhouse."

A light of comprehension dawns in her eyes and she smiles. "I have not seen or thought of him for months, and it is rather a coincidence that he should meet me here tonight after having that long letter from her sister."

RESTORE STRENGTH

Dr. Williams' Pink Pills Actually Make Good Health Follow.

The evil effects that follow many diseases—particularly the grip and the wasting fevers, such as typhoid and malaria, are caused by the bad condition in which these diseases leave the blood.

As a result, the flesh continues to fall away, the sufferer grows nervous and irritable, and even slight exertion causes shortness of breath. These are dangerous symptoms and indicate that the system is in a state that invites pneumonia, bronchitis, neuralgia and rheumatism.

What is needed is a new supply of rich, red blood to carry health and strength to every part of the body. As a result, the flesh continues to fall away, the sufferer grows nervous and irritable, and even slight exertion causes shortness of breath.

"SAVED MY LIFE"

—That's what a prominent druggist said of Scott's Emulsion a short time ago. As a rule we don't use or refer to testimonials in addressing the public, but the above remark and similar expressions are made so often in connection with Scott's Emulsion that they are worthy of occasional note. From infancy to old age Scott's Emulsion offers a reliable means of remedying improper and weak development, restoring lost flesh and vitality, and repairing waste. The action of Scott's Emulsion is no more of a secret than the composition of the Emulsion itself. What it does it does through nourishment—the kind of nourishment that cannot be obtained in ordinary food. No system is too weak or delicate to retain Scott's Emulsion and gather good from it.

We will send you a sample free. Be sure that this picture is the form of a label on the wrapper of every bottle of Emulsion you buy. SCOTT & BOWNE Chemists 409 Pearl St., N. Y. 50c. and \$1; all druggists.

Miss Marie Dricken received a letter from her cousin who is in the United States Navy on board the battleship Alabama, now stationed at Quantanum, Cuba, in which he states that at this place women perform all the manual labor, such as firing boilers, coaling stoves, etc., carrying everything on their heads; loads that would stagger the average American. These men and women, though well developed physically, are mentally deficient in even the first principles of life. No education, no religion, almost nude, in fact, as were the Indians centuries ago. Strangers invade these places at the peril of their lives.

OBITUARY.

On Friday morning, March 9, just five days after the death of his grandmother, John Mulvaney met a sad and untimely death by being run over by a locomotive on the Wisconsin Central road at Byron, Wis., where he was employed as night operator. Deceased was born on a farm about 2 1/2 miles north-west of this village and had spent the greater part of his life here. During the past six or seven years he had been employed as an operator at the different stations and had always filled his position with honor and credit to himself. A feeling of deep sorrow prevailed throughout our village last Saturday when the report of his death was circulated here. He was united in marriage to a Miss Nolan of Canada on June 6, 1905. Besides his widow, he is survived by his parents, one brother and three sisters to whom we extend our most heartfelt sympathy in their great bereavement. Last Monday funeral services took place at Holy Rosary church at Milwaukee, after which the remains were laid to rest in Calvary cemetery.

Charles Dana Gibson's Art Pictures.

Free With Every Copy of the Milwaukee Sunday Free Press.

We are advised by the publishers of the Milwaukee Free Press that they have just closed with Colliers for a series of ten pen and ink sketches of Charles Dana Gibson. These pictures are Gibson's latest work and it is these subjects that have made him the most famous artist of the time. Colliers paying him \$100,000 for 100 subjects. The pictures that the Free Press are giving away are printed from the original plates and on separate sheets of art paper size 10x15, in half tone black, upon a delicate buff tinted background all serving to make a perfect picture, fit to decorate the walls of any home. We would advise all of our friends to look up this proposition immediately as the Free Press is limited to a certain number each week and it will be a case of first come, first served.

—Rev. Lienkaemper of Wayne was a village caller Monday while on his way home from Fillmore where he preached on Sunday. Rev. Lienkaemper, who has been pastor of the Reformed church at Wayne for the past eleven years, has resigned his position and will leave for the state of Washington shortly.
—The quantity of alcohol in West Bend beer is so decidedly small, about 3 per cent, that it does not produce drunkenness except after the most glutinous use, and many eminent physicians express the opinion that West Bend beer will not make any person drunk, unless mixed with whiskey.
—A special train consisting of four coaches, bearing a delegation of students of the Oshkosh Normal school, passed through here yesterday for Milwaukee where they attended the inter-normal oratorical contest Friday evening. I. R. Howlett, formerly assistant principal of our public school, represented the Oshkosh Normal in the contest.
—It being the custom among jewelers who work at the bench to close their stores several evenings during the week, I also decided to close my place of business Wednesday and Friday evenings at 6 o'clock after April 1st. I believe that you will agree with me, for by doing this I will be able to do still better work for you than heretofore.—Respectfully, Mat. Brubly.
—The excessive use of coffee leads to great muscular irritability, gastritis, restlessness and sleeplessness. It is held by many medical men that the effects of coffee are wholly bad. The mildest results of an overdose of caffeine, the active element of tea and coffee, are a tendency to wakefulness, but there are recorded a number of deaths from heart failure due to its employment in large doses. Moral: Would it not be better to drink West Bend beer with your meals instead of tea or coffee?

Teachers' Examinations.

Explosion at Allenton.
The general store of A. Ruppinger & Co. at Allenton came near being wrecked by the explosion of a boiler connected with the steam heating plant last week Friday. Jacob Martin, one of the clerks, was seriously injured. He was found in an unconscious condition and his face and clothes were covered with blood. The physician who examined him after the accident found his left leg from the knee to the hip terribly crushed and a deep gash in his right leg from which several pieces of iron from the wrecked boiler were taken. It is believed that the leg will have to be amputated. The force of the explosion shook the large building but did not do much damage. The heating plant is practically a new one, having been installed a little over two years ago, and was in apparent good condition. A representative of the company that manufactures them arrived at Allenton and believes that the explosion must have been caused by dynamite or powder being secreted in a stick of cord wood. Martin, the clerk who was injured, has a sister teaching in the Holy Trinity parochial school here.
