REWARD OUT FOR CLEVER FORGER

GOV. DAVIDSON OFFERS \$200 FOR APPREHENSION AND CONVICTION OF WM. SADDLER.

OPERATED IN SAUK COUNTY

Got \$3000 from J. P. Witwen of Baraboo by Means of Forged Deeds and Abstracts.

CLAIMED TO OWN VALUABLE FARM

MADISON, Wis., March 25.—[Special.]—Gov. Davidson, at the request of the county board of Sauk county, has issued a proclamation offering \$200 reward for information leading to the arrest and conviction of William Saddler, who is believed to be one of the smoothest crooks who ever operated in Wisconsin.

Got Away with \$3000.

During the month of January, Saddler, by means of forged deeds and abstracts he induced J. P. Witwen, a real estate dealer of Baraboo, out of \$3000.

At that time, it appears, Saddler had no evidence with him of the title to the land. In the meantime Saddler, or someone interested in his behalf, had Witwen go to Spring Green, a distance of forty miles, to view the farm upon which the deed was to be made.

At a few days later Saddler appeared with a deed of the land and an abstract brought down to him. It has since been disclosed that he obtained the deed and impression of the seal of Thomas W. King, a St. Louis notary, by obtaining the name of the rightful owner of the land, forged the name of King with the seal of the notary, and forced the names to the abstract and then brought the papers to Baraboo.

Witwen, who was at the time, saw that they were properly acknowledged and that on the face of the documents it appeared as if they were genuine. He carried it to her before she went.

Dr. Palmer of the State Board of Chiropractic school was on hand to advocate the recommendation of the bill, but his efforts were unavailing.

Discusses Teachers' Pensions. MADISON, Wis., March 25.—[Special.]—An important hearing on school measures will be held before the Assembly and Senate education committees this evening.

Two Injured in Explosion. MENOMONEE FALLS, Wis., March 25.—David Harlock, aged 52 years, and his wife, Mrs. Harlock, were seriously injured by an explosion of dynamite at a quarry at Lannon, three miles west, Wednesday.

Waukesha Boy Who Is Now in Philippines.

WAUKESHA, Wis., March 24.—[Special.]—Lieut. Richard Jacob, son of Dr. and Mrs. B. U. Jacob, of this city, has been located at Manila, where he is a second lieutenant in Co. G, Twenty-sixth Infantry, by being appointed a member of the military academy for a year on account of a severe attack of malaria he contracted in June, 1906.

VOTE FOR F. W. BUCKLIN

We believe it will take little or no argument to convince the voters of the county that it is to their interests to retain F. W. Bucklin in the office of superintendent of schools. The duties of that office are many and varied and they are being constantly increased. Every new man elected to the position must spend the greater part of his first term experimenting before he fairly has the "run of things." This experience is always at the county's expense, and it appeals to us that the county should reap the benefits of it by retaining a competent man, who has passed through this period of experiment and therefore is able to render better service than one who has not. No benefit results from the policy of changing servants simply for the sake of a change, or merely because another man wants the position. The present incumbent has given the office his personal attention; he has done his best to serve the schools, and it stands to reason that his services during the next two years will be of greater value than those of a man unacquainted with schools and their present needs.

The general support which is being extended to the candidacy of Mr. Bucklin for re-election shows that he has not used his office to "play politics." He has acted merely in the capacity of superintendent of schools, performing his duties quietly and promptly, treating all fairly and impartially. Such an official is deserving of a hearty endorsement from the people, and we feel confident that electors of the county will voice this sentiment by their votes on Tuesday, April 6.

What are Bucket Bowls?

They are big diameter bowls, filled with complicated parts to help them ski decently. They are dangerous—expensive—hard to wash.

Tubular Dairy Separators Have no inside contraptions. Just a simple tubular bowl—with one small piece to take out. It is, by test—the closest skimmer known to science. Can be washed clean in five minutes. Examine the Tubular—look into the bowl—read the catalog we will give you.

THE IOWA WINS.

In a public contest held Nov. 17, 1908, at the Creamery of the Door County Creamery Co., on Cedar St., Sturgeon Bay, Wis., the Iowa Separator won a decisive victory over the DeLaval Separator. Wulf & Co., Messrs. Evans and Alexander, two DeLaval experts, conducted and directed the skimming operations of the DeLaval Separator.

OUR CHALLENGE. We stand ready to test the "IOWA" Separator against any other make of separator and will deposit in the Bank of Campbellsport ONE HUNDRED DOLLARS to any other separator company's FIFTY that the Iowa will skim closer on the average runs at temperatures of 50, 60, 70, 80 and 90 degrees, and a cream of not less than 25 to 50 per cent than any other separator, all machines to be run exactly as printed instruction book sent out with such machine. Furthermore, if five machines enter the contest we will contribute towards St. Matthews Church, Campbellsport, one hundred dollars if two out of the five do not leave an average of five times as much butterfat in the skim milk as the Iowa, tests to be made by a competent person subscribed to the Dairy School at Madison. We to use in these tests No. 2 or 3 Iowa Separators, this being the size in general use by our farmers. There are no Wulf tricks in this challenge, and we have deposited Fifty Dollars in the bank as a forfeit if we refuse to enter the contest.

I will give any farmer \$25 who will bring this contest about, no machine in the world barred. This is no bluff, try us and find out.

Signed, Michael Degenhardt, Campbellsport, Wis.

Mr. Degenhardt is the agent for the Iowa in Fond du Lac county and by purchasing separators in car load lots he is able to quote prices exceedingly low and which appeal to the farmers. These cream separators can be seen at his headquarters in Campbellsport or Mr. Degenhardt will be pleased to call on a prospective buyer. Write today to Mr. Degenhardt if you are interested.

Among the purchasers of the last few days are the following: Anthony Bowers, Wm. Kitter, Campbellsport; Wm. Gibbons, Eden; John O'Brien, Osecola; Edward Graham, Osecola; A. Scheuerman, Ashford; Poole Bros., Armstrong; Charles Peterson, Patrick Fitzgerald, Wm. Berg, Charles H. Schwartz, C. D. Klantz, John Backman, John M. This was a special meeting, the regular monthly meeting will be held next Thursday evening. TO THE FARMER—To correct the statements made by cream separator agents who are now canvassing this vicinity and claiming such glorious results from the cream separator, I publish the following comparative statement made by Mr. Toney Banners, which will convince anyone that milk manufactured into cheese pays the best. 1800 pounds of milk manufactured into cheese at \$1.35 per 100 would bring him \$24.30; while 1800 pounds of milk separated and shipped at 81 cents per 100 brought \$14.59.
