## KEWASKUM HIGH SCHOOL COLUMN

The banding boards, baskets, win, the screens and lights have been installed in the gymnasium. This makes it possible to play basket ball games therein. The first game was played on Wednesday, Kewaskum vs. Rosendale.

Glac Club meeting was held Tuesday evening.

Next week Monday the Frobenius will entertain the students with the presentation of one of the scenes from Julius Caesar.

The basket ball team won their first game of the season last week Friday evening, by defeating Oakfield by a score of 22 to 26, at the Opera House.

On Wednesday evening the locals won the first game ever played in the new gymnasium by defeating Rosendale by a score of 7 to 25.

**SANTA CLAUS AT THE STORES**

With twenty-three more days left to go your Christmas shopping, Santa Claus, has again made his annual appearance at the local stores, leaving a abundance of Christmas toys, thereby bringing glad tidings to the little kiddies, who have been on their good behavior the past year. A formal opening of Toyland is announced by the merchants of Kewaskum, and all are invited to take advantage of the great variety of toys, candies, etc. left at the stores by doing your Christmas shopping early.

If you visit the newly opened Toyland of the Kewaskum stores, in spite of the blust of horns and shrieking of whistles and little squeals of childish delight, you will feel a funny, tight sensation in the throat as you realize many of the old treasures which you thought had forever passed from the stage of childhood to give place to smarter and more ingenious toys to the liking of the modern youngster. Almost every line of industry is represented in Toyland this year. There are moving vans, milk wagons and grocery trucks, even boxes that can be hitched and un hitched, for childhood, in search of idleness. There are trucks and trams, and trolley cars and busses—every mode of transportation is represented. Miniature photographs in miniature, taking the place of the old fashioned harp that could play three pieces, and a few such registers seem to be some of the concessions Santa has made to modernism.

**COUPLE HONORED ON 30th WEDDING ANNIVERSARY**

About 100 relatives and friends pleasantly surprised Mr. and Mrs. John Schrauth at their home at Schrauth's pond, Thursday evening, the occasion being their 30th wedding anniversary. Dancing formed the entertainment of the evening. Music being furnished by Fell's Moon-Lite Band of Ashford. Those who attended the celebration were: Mr. and Mrs. Frank Schrauth of Barton, Mr. and Mrs. Arnold Derg and family, Mr. and Mrs. Barthel Jaeger, Mr. and Mrs. Peter Burschick of Ashford, Mr. and Mrs. Andrew Sukawaty, Jos. Schlaef, Mr. and Mrs. Henry Weiss, Mr. and Mrs. Joe Stein, Mr. and Mrs. Anton Schrauth and family, all of Campbellport, Mr. and Mrs. Albert Struening, Mr. and Mrs. Wm. Mathieu and family, Mr. and Mrs. Mike Wies and family, Mr. and Mrs. Match, Thill and family, Mr. and Mrs. Wm. Rauch, Mr. and Mrs. Frank Fleischmann, Mr. and Mrs. Christ Mathieu, Mr. and Mrs. George Mathieu, Mr. and Mrs. Andrew Straub and Mr. and Mrs. H. Feuerhammer of Elmore and Mr. and Mrs. Dan Schrauth of St. Kilian.

**ANOTHER BIG GILL NET IS TAKEN**

A gill net, 150 feet in length, was taken out of what is known as Haack's lake, about 2 1/2 miles north of St. Michael, last Saturday by the owner of the lake, Mr. Haack. Sheriff Fry was called and he and Deputy Sheriff Art. Jauch made a trip to Mr. Haack's home during the afternoon and took possession of the net and brought it to this city. No arrests had been made up to Tuesday morning, but as the officers have the license number of the car in which the net was taken to the lake and since Mr. Haack has stated that there is every reason to believe that these fish violating the law, it is claimed, of the netters came from Milwaukee.—West Bend Pilot.

**LOCAL FIRE DEPT. CALLED OUT**

Shortly before the noon hour, yesterday, Friday, the local fire department was called out to extinguish a chimney fire at the home of Herbert Buchhorn, located on North Fond du Lac Ave. Prompt action by the fire fighters prevented the flames from spreading to other parts of the building and consequently no damage was done to the dwelling.

## GOLDEN WEDDING ANNIVERSARIES

Mr. and Mrs. Herman Opgenorth, well known and highly esteemed citizens of Kewaskum, had the happy occasion of entertaining their children, families and grand children, at their home here last Saturday in honor of their golden wedding anniversary. The day's festivities began with a high mass read by Rev. Vogt at 9 a. m., in the Holy Trinity church, and the renewing of their marriage vows. After the ceremony a sumptuous wedding dinner was served at the home of the venerable couple. The dining room was elaborately and appropriately decorated with gold trimmings. The day was pleasantly spent in a social way.

Mrs. Opgenorth (nee Mary Strupp) was born in Milwaukee on September 7, 1857, where she spent her childhood days and where she attended the public schools. Later moving onto a farm with her parents in the town of Kewaskum, located 2 1/2 miles southwest of Kewaskum, known as the old Mich. Strupp homestead. Mrs. Opgenorth, who is 80 years old, is still very active, enjoying good health, and able to do all of her house work alone.

Mr. Opgenorth was born in Pfalz-dorf, Germany on December 2, 1847, where he spent his boyhood days and where he received his elementary education. At the age of 20 years he emigrated with his parents to America, settling in the town of Kewaskum 2 1/2 miles northwest of this village, where he resided up to the time of his marriage on November 21, 1876, in the Holy Trinity church here. Rev. Father Aielmann officiating, since which time the couple have made their home here residing in the house he built at that time on Wilhelmina street. Six children were born to them, of whom one daughter Nellie died at the age of 14 years. Those living, and who together with their families were present at the celebration are: Albert of Milwaukee, Mrs. Jos. Reinartz of Milwaukee, Mrs. Mrs. Engel of Shawano, William of Milwaukee, Joseph H. of West Bend. Besides these there are 15 grand children living, all of whom together with one brother John Opgenorth of the town of Kewaskum were present.

Mr. Opgenorth is a mason contractor, a trade which he followed through his entire life. Having passed the 80th milestone of his life, he too is enjoying the best of health, and capable of following his trade, and able to do as much work and more than a number of men much his junior in age.

The venerable couple were presented with a gold cane by their children. The Statesman joins their many relatives and friends in extending hearty congratulations and hope that they will continue to enjoy their good health for many more years to come.

St. Kilian's church was the scene of a golden jubilee when Mr. and Mrs. Wenzel Peter renewed their marriage vows at a solemn high mass Saturday morning at 10 o'clock. Rev. J. B. Reichel officiated at the matrimonial ceremonies.

Kate and Anne Felix and Martha Mayer, grand children of the couple, acted as flower girls. After the marriage vows had been renewed the Harmonist Octette played the golden jubilee wedding march. The band accompanied the wedding party to Frank Wienter's hall at Wayne, where dancing was enjoyed throughout the day and in the evening.

About 200 relatives and friends were entertained for dinner and supper. Wenzel Peter was born in Tanuwar, Bohemia in 1855. In 1876 he came to America. After living in New York a few months he traveled to Chicago and from there to Milwaukee, where he lived for some time. He was employed at the Jacob Straub farm for some time.

Mrs. Catherine Peter whose maiden name was Petersik, was born in Butzlitz, Bohemia in 1852. She came to America with her parents in the year 1870, settling at St. Kilian. In 1876, November they were married at Milwaukee in a Bohemian church on Fourth street. Mr. and Mrs. Peter have lived on a farm 3 1/2 miles west of Kewaskum since their marriage. Mr. Peter is engaged in stock buying.

Seven children were born to this union, four of whom are dead. Those living are: Mrs. Jacob Felix, Mrs. Joseph W. Mayer and George Peter. Besides these there are fourteen grand children.

Guests who attended the celebration were: Mr. and Mrs. Ernst Bojack and family, Mrs. Jos. Kranschle and family, Mr. and Mrs. Jos. Petersick, Mr. and Mrs. Geo. Petersik, Mr. and Mrs. Frank Petersik and daughter Gertrude, Mr. and Mrs. Edmund Vojtik, Mr. and Mrs. Ed. Kirsch and son Marvin, Mr. and Mrs. John Ulrich, Mr. and Mrs. Jos. Petersik, Mr. and Mrs. Alvin Kudek and son Allen, John Petersik and Frank Petersik, all of Milwaukee, Mr. and Mrs. Henry Alvinger and family of Fredonia, Mrs. Jos. Fahney of Newburg, Mr. and Mrs. Frank Hron and son Paul of West Bend, Mr. and Mrs. Kilian Honeck and family,

## KEWASKUM OIL COMPANY SOLD

A deal was consummated last week Friday, whereby the Kewaskum Oil Company, owned and managed by A. W. Moll of Random Lake, was sold to the Sinclair Refining Company of Chicago. The deal was closed by C. F. Nelson, real estate man of the Chicago office of the Sinclair Refining Company, C. E. Baltes, assistant district manager, and J. A. Groesbeck, district superintendent. Consideration for the Kewaskum Oil Company, was operated here for the past three years, with Ed. H. Bruessel as its local agent. During the time that the company was in operation, it built up quite a business and reputation under their famous slogan: "We Build Good Will, and Good Service With Good Products." Possession was given to the new owners immediately. The Sinclair Refining Company, under which name the local station will be operated in the future, will continue to do business in the future as in the past. Ed. Bruessel will retain his position as local agent for the company. Next spring, the company plans on making improvements here so as to be able to take care of a greater volume of business. We wish the new company success.

## "LIGHTNIN" AT THE MOVIES-SUNDAY

"Lightnin", the phenomenal stage success produced by John Golden from the manuscript by Frank Bacon and Winchell Smith, which has been made into a great motion picture by Wm. Fox, was brought to the attention of the noted stage producer in a peculiar way. The late Frank Bacon, who immortalized the role of "Lightnin" Bill Jones" on the speaking stage, was bidding Mr. Golden farewell at a railway station in Los Angeles. "Take this with you, and read it," was the noted actor's parting sally to John Golden, and he tossed a script of his now famous play to the impresario. John Golden assented, and immediately following his return to New York, Frank Bacon was summoned. The production was speedily put into rehearsal and what followed is now theatrical history.

It is reported that the whisky was made in the same way in which lured whisky is made and which turned out a product that brought a price 50 per cent higher than ordinary moonshine. Five stills each of which could hold 50 gallons of mash, were seized. The output was 20 gallons a day. The plant was in operation when the raid was made and the agents could see the escaping vapor two miles away. The agents also found 1,450 gallons of mash, 60 gallons of moonshine, 400 gallons of rye, one-half barrel of malt and seven pounds of yeast.

Mr. and Mrs. Elwyn Romaine and family spent Sunday with the former's brother, Dr. Romaine and wife at New Holstein.

Mr. and Mrs. Peter Weitzer and family of Kewaskum. Neighboring friends were also invited.

## PRIN. NODOLF NAMED MANAGER

Prin. C. E. Nodolf, has been named manager of the 1926 Christmas Seal campaign in Kewaskum, according to an announcement received here this week from the headquarters of the Wisconsin Anti-Tuberculosis Association. Mr. Guth attends the class because sketching not only helps him in his work as an architect but provides what he thinks is an ideal form of recreation. "The physicians in the class," he says, "have a very definite object in view. They say that the lecturer at a convention of the American Medical Association who is able to cover the blackboard with drawings illustrating his talk makes his subject far plainer and is assured of greater attention on the part of the audience than the speaker who is unable to draw."

## BECKER CASE DROPPED OUT OF COURT

The case of William Becker of the town of Auburn, who was arraigned in municipal court at Fond du Lac recently on a charge of having sprinkled tacks in the driveway of the Wm. Bartelt farm, thereby damaging automobile tires and making travel unsafe, and also that flowers were destroyed, was dropped out of court for reason that when the defendant was given a trial he was found not guilty. (Signed) William Becker

## MEMORIAL

In loving remembrance of my husband and our father Henry Stark, who passed away one year ago Nov. 30, 1925. The moon and the stars are shining. On a lone and silent grave, Where lies the one we loved so dearly. And whom we could not save, How we miss you, dear father, As you silently sleep and rest, When we think of how you suffered, When we know that God knew best, Sadly missed by wife and children.

## BECOMING NOTED AS AN ARCHITECT

Alexander Guth, son of Louis Guth, a former resident of Kewaskum, now residing at Milwaukee, is rapidly coming to the foreground in his chosen vocation as an architect. According to an article printed in the Milwaukee Journal's Gallery of Wisconsin Art section, in the issue of November 17, 1926, Alexander is a nephew of Mrs. Barbara Bilgo and Mrs. Herman Krahn of here and District Attorney H. Schmidt of West Bend. Besides these he has a number of other relatives residing here and in the County Seat.

## TO COMBINE RURAL PHONES

A deal is now under way for the consolidation of rural telephone companies in Fond du Lac, Dodge and Washington counties, into a new organization controlling approximately 45,000 phones. The deal is being directed by W. H. Crumb of Glenellyn, Ill., it was announced on Wednesday. Crumb has already obtained over two thirds of the stock of the Theresa Union Telephone Co., which serves Kewaskum, Theresa and Campbellport and several other smaller communities. He also has options on the Eden Telephone Co., and the Random Lake company, and other smaller rural phone concerns in this section of the state. It is thought that by the first of the year the entire stock will be bought up, and that the deal will probably be closed. A directors meeting of the Theresa Union Telephone company was held at Theresa yesterday, Friday evening, at which time matters pertaining to the deal now under way were discussed.

## BECOMING NOTED AS AN ARCHITECT

Alexander Guth, son of Louis Guth, a former resident of Kewaskum, now residing at Milwaukee, is rapidly coming to the foreground in his chosen vocation as an architect. According to an article printed in the Milwaukee Journal's Gallery of Wisconsin Art section, in the issue of November 17, 1926, Alexander is a nephew of Mrs. Barbara Bilgo and Mrs. Herman Krahn of here and District Attorney H. Schmidt of West Bend. Besides these he has a number of other relatives residing here and in the County Seat.

The article as printed in the Journal is as follows:

"Mr. Guth's sketching is secondary to his work as an architect. When a young student in the office of Howland Russel, widely known Milwaukee architect, he attended evening classes of the old Art Students' league where thorough artists, such as Rich. Lorenz, Frank Enders, Louis Mayer and Alexander Mueller taught.

"His interest in drawing had been awakened years before in his grand father's home at Young America, near West Bend, where the plaster walls in the farmhouse had been covered with crayon sketches of horses and cattle done by Mr. Guth's uncle and grandfather. When the old house was torn down in the Milwaukee architect's boyhood a single wall with its fine sketch of a span of lively horses was saved and incorporated into the new house.

Besides painting at Saugatuck in the summer, Mr. Guth attends the Business Men's Sketch club. For two hours every Wednesday evening during the winter months a group of business and professional men meet in the Art institute and, forgetting clinics and operations, front elevations and plumbing, pedagogy and the 1927 model practice sketching.

In the group are four teachers, a machinist, a sign painter, an automobile salesman, a house painter, an interior decorator, and architect and nine members of the medical profession.

Mr. Guth attends the class because sketching not only helps him in his work as an architect but provides what he thinks is an ideal form of recreation. "The physicians in the class," he says, "have a very definite object in view. They say that the lecturer at a convention of the American Medical Association who is able to cover the blackboard with drawings illustrating his talk makes his subject far plainer and is assured of greater attention on the part of the audience than the speaker who is unable to draw."

## COUNTY BOARD CLEANS UP WORK

The Washington County Board of Supervisors finished their session on Tuesday afternoon after having had eleven days of hard work. The two closing days were exceptionally hard, due to a great amount of work that had been left over.

Resolutions passed during the past week were as follows:

Appropriated \$1800 for salary of County Nurse, \$750 for expenses and \$300 for chest clinics; appropriated \$7500 for maintenance and operation of the County Home and \$5000 for a hog barn at the Asylum; designated all Washington county banks as county depositories, the banks to pay 2 1/2 per cent interest; appropriated \$4000 as Washington county's share for the maintenance of Oak Sanatorium, also \$400 for improvements at that place; awarded the printing contract to the Washington County Publishing Co., West Bend; appropriated \$900 additional to the Soldiers' Memorial to be erected in 1927; appropriated \$300 to the Children's Home Finding society of Wisconsin; appropriated \$260 for combating foul brood among bees; provided for the establishment of a Washington County Conservation committee, the chair appointing Mich. Kratzer of this city, Otto E. Lay of Kewaskum, and John N. Peters of the town of West Bend as members; appropriated \$7500 to buy additional equipment for snow removal and \$2,500 for expenses in connection with the removal of snow, help, etc.; fixed the salaries of the different county officers, making no changes with the exception of clerk in the county clerk's office, who received an increase of \$5.00 per month, and that of janitor who receives an increase of \$15 per month; made the following highway appropriations—\$10,000 for the purchase of machinery and repairs, \$59,000 for highway construction of County Trunks, \$5,000 for highway administration and \$20,000 for county highway maintenance; appropriated \$800 to the Red Cross, Washington County chapter, \$400 each to be used at West Bend and Hartford; appropriated \$150 to trimming and care of trees on the court house property.

A \$300 appropriation to the Washington County Humane society was voted down, as the members figured that humane work was properly taken care of by the appropriations to outdoor poor, soldiers' relief and mothers' pensions, and Red Cross.

The total budget for county funds for 1927 is \$398,555.19, about \$54,000 more than last year, the one big item in budget increase being the fact that there will be \$50,000 more county highway bonds paid off next April than the year before.

## JOHN MATHIEU DENIED PARDON

John Mathieu, a painter, now serving a life sentence in the state prison at Waupun, to which place he was sentenced on May 10, 1918, by Judge Chester Fowler in circuit court at Fond du Lac, on a first degree murder charge, was denied a pardon by Gov. John J. Blaine last Thursday. Mr. Mathieu filed a petition for pardon, giving for his reason age and ill health. In denying the pardon, the governor wrote the following: "He shot his wife. They had lived together 19 years; had been separated only two weeks. No extenuating circumstances and there are no facts present in this case other than that prevail in most murder cases. Sixty-five years of age, and while he pledges that he will spend the balance of his life with his sons, there is nothing in the record to afford any guarantee that he will be cared for. It is one of those unfortunate cases in which release probably would afford greater misery for him than to remain in prison. Therefore denied."

## ON AGRICULTURAL BASIS

The Dodge County Board on Friday by a vote of 36 to 21 declined to appoint a county agricultural agent. A few days ago Charles Hawke Sr. of Horicon, representing banking institutions of Dodge county, asked for the appointment of an agricultural agent, which would improve financial conditions in the agricultural districts. **Record for Stadiums**  
When 140,000 persons entered the stadium at the Sesqui-centennial in Philadelphia to see the Dempsey-Tunney boxing match, a record was made for modern amphitheatres. The next largest stadium is the one at Grant park, Chicago, with a capacity of 100,000, says the Detroit News.

However, the ancients had not been surpassed in this respect. The largest structure in history for accommodating assemblies of spectators doubtless was the Colosseum at Rome. The original structure was built as early as 72 B. C. It was made of wood and was burned in the fire that destroyed Rome. It was rebuilt with more durable material. According to the historian Pliney it had a seating capacity of 250,000 and often was crowded to capacity. Some writers of ancient Rome place the capacity of the circus as high as 485,000.

Watch Elimination!

Good Health Depends Upon Good Elimination.  
RETENTION of bodily waste in the blood is called a "toxic condition." This often gives rise to a dull, languid feeling and, sometimes, toxic backaches and headaches. That the kidneys are not functioning properly is often shown by burning or scanty passage of secretions. He was awarded the congressional medal of honor in 1902, but the War department could not locate him, so for 24 years the medal has been lying unclaimed in Washington. #### AREA TEST IS COMPLETED IN OZAUKEE COUNTY

The area test of cattle was completed in Ozaukee County this week, and unofficial figures given out show that this county probably leads all other counties in the low percentage of tuberculosis found in cattle. The total number of head tested was 24,612 of which 710 reacted, or 2.88 per cent. The area test provided for the testing of all cattle in Ozaukee county for tuberculosis and was prompted in a large measure by a mandate of the Milwaukee health department which barred the shipment and sale of milk from untested cows to that city.—Cedarburg News.

# McCormick-Deering Engines

With the sturdy, rugged McCormick-Deering Engine pumping the water, running the washing machine, etc., you know the work will be done. And without the engine overheating or running up the operating expense. Every part of the McCormick-Deering is built for steady, important work. Dirt, sand and trash mean little to the McCormick-Deering, as the crank-case is enclosed. The cylinder is removable; in case of wear a new one can be inserted at low cost. The large water hopper permits a generous supply—no overheating.

Each lady giving a party invites eight guests who pay a fee of 25 cents towards the fund and who, in turn, also give a party. These parties will continue until March 1927. The following parties were given the past week: On Monday, Mrs. L. P. Rosenheimer entertained at her home from 2:30 to 6 p. m. The game of 500 was played and the prize for holding the highest score went to Mrs. Otto E. Lay. On Tuesday afternoon Mrs. Oscar Koerble entertained at her home. The game of 500 was also played. The prize for holding the highest score went to Mrs. Otto E. Lay, consolation to Mrs. Herman Meilahn. On Tuesday evening, Mrs. Augusta Clark entertained at 500 at her home. Miss Minnie Heidel was awarded first prize for holding the highest score. On Thursday evening Miss Edna Schmidt entertained at her home. Honors went to Frances Opperman. Refreshments were served by the various hostesses.

—Dense fog, rain, electric storms, turning into a blinding snow storm and followed by a cold wave, made up the weather conditions for Thursday and Friday.

—Claiming that chicken thieves were a serious menace in Dodge county, chicken raisers sought \$200 from the county board for rewards in curbing the evil. But the chicken raisers will have to rely on the watchful dog and a shot gun full of rock salt, for the county board turned to more important matters and failed to appropriate the \$200 as requested.

WISCONSIN STATE NEWS

Manitou-Streiner Bros. creamery here was robbed of 750 pounds of butter, wrapped in one pound cartons.

Neshah-The Kiwanis club of the city has instituted a campaign to secure an athletic field for Neshah high school.

Madison-A check for \$2,150.47 has been received by the probate court as the state inheritance tax on the estate of the late Senator Robert Martin La Follette.

Superior-Hunters in upper Wisconsin are finding few ducks to shoot at this fall as compared with other years. Lack of food in the lakes of this region is given as the chief reason for the decline in numbers of ducks.

Rhineland-Eighty-one per cent of the pupils attending the local schools are depositors in the school thrift bank. Pupils of the city now have a total of \$13,138 on deposit, school officials report.

Madison-George V. Kelley, superintendent of rural schools of Green county, was elected president of the Wisconsin County School Superintendents' association at the annual conference here. Vera Reichardt, county superintendent of Douglas county, was elected vice president, and Edith Eckstrom, county superintendent of Racine county, was re-elected secretary and treasurer.

Fond du Lac-Unusually inclement weather which "washed out" the Fond du Lac county fair, resulted in a deficit of \$18,100 and will leave a net deficit of approximately \$12,000 after the usual state aid has been received. Treasurer Frank J. Wolf reported at the annual meeting of the county agricultural society.

Platteville-Persons in this city riding with a drunken driver are subject to a fine of \$25 to \$100, it has been decreed in an ordinance passed by the council. The new traffic regulations prohibit the driving of cars by anyone under 16; there must be lights, front and rear, on all cars parked at night anywhere in the city.

Madison-Beaver, only a few years ago believed in danger of extinction, have become so numerous that a bill is expected to be introduced at the next state legislature session authorizing an open season in which to trap them. Their building habits at the beavers are bringing many complaints because of flooded railroad rights of way, highways, field and even wood lands.

Green Bay-Sweeping victories won by the Larson Canning Co. of Green Bay at the Portland (Ore.) livestock exposition of Goussery cattle were reported at the American Royal shows in Kansas City, according to word received here. The Larson herd is credited with winning more major prizes than any other collection of Wisconsin cattle this year, having been a heavy winner at the Detroit national dairy show. At Kansas City the Wisconsin Gousserys won all of the championships.

Madison-An investigation of the expenditures of county funds for poor relief and of rumors of "misadministration of charity funds" was ordered by the Dane county board at its recent meeting here Friday. A committee of five was appointed to make the investigation and report at the next session of the board in January. This action followed the submission of two different records of poor relief expenditures. It was charged by one board member that a certain Italian family was receiving close to \$100 a month in pension money and that when the father of the family was arrested for molesting his wife immediately took \$250 in cash from her stocking and provided bail for him.

LYDIA of the Pines by HONORE WILLISIE

CHAPTER XIII—Continued

"The foot!" said Billy to Lydia, as Farwell finally began to howl himself...

"Run!" he yelled, and the crowd of whites started home before sunset...

"Billy" whispered Lydia, "you're so good to me and I was so horrid to you once."

"That's all right," returned the young man. "I'm willing to fight for the rest of it. Don't try to pull your hand away, because I intend to hold it till the folks come. You can't help yourself, so you have no responsibility to the matter."

"No, but we'll shut him up for a week or so," said Amos.

"Run!" he yelled, and the crowd of whites started home before sunset...

Champion Cow Yields Much Milk

Larrobelle, Grade Holstein Cow, Crowned Queen.

Larrobelle was crowned champion grade Holstein cow at the recent National Dairy show at Detroit.

The average pure bred in cow-testing associations, the milk given by this champion during the four years on the farm would be amply sufficient to supply 10,291 average families for a day.

In the picture, from left to right, are W. E. Skinner, secretary of the National Dairy association; Charles L. Hill, president of the association; Larrobelle, the champion grade Holstein cow; James E. Larrowe, owner of the champion cow, and Prof. H. H. Killeen of Iowa State college.

Legume Plants Benefit to Soils

Legumes every strain has its own peculiarities, a higher or lower efficiency, just as with breeds of higher organisms.

Legumes in Groups. Numerous tests, says the department, have shown that for practical purposes the legumes commonly cultivated may be divided into seven groups, each of which has its special bacteria.

Make Use of Nitrogen. It is the presence of certain bacteria in the soil that enables the legume plants to make use of the atmospheric nitrogen.

Best Materials to Make Poultry Scratch Litter. According to the Nebraska College of Agriculture, chopped or shredded corn or sorghum fodders make ideal litter for the poultry house.

Many Needed Repairs May Be Made in Early Winter. A plank off the outside wall of the dairy stable may reduce the milk flow from the herd this winter.

Stable Flavors in Milk in Winter Are Annoying. We are approaching the time of year when stable flavors are more apt than usual to creep into milk.

Drink Water to Help Wash Out Kidney Poison

If Your Back Hurts or Bladder Bothers You, Begin Taking Salts

When your kidneys hurt and your back feels sore don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys.

Drink lots of good water—you can't drink too much; also get from any pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys may then act fine.

Jad Salts is inexpensive, cannot injure; makes a delightful effervescent lithia-water drink, which everyone should take now and then to help keep their kidneys clean and active.

IF MOTHERS ONLY KNEW. Many children are complaining of Headache, Feverishness, Stomach Troubles and Irregular Bowels and take cold easily.

Resinol. CHAFING and RASHES promptly relieved and healed by a few applications of Resinol.

Horse Census Completed. After making a complete census of all horses and mules on the farms of the United States, the Horse Association of America has announced that there are 22,266,367 horses and mules of all ages on the farms today.

Today's Big Offer to All Who Have Stomach Agony. When you have any trouble with your stomach such as gas, heaviness and distention, why fool with things which at best can only give relief?

Boschee's Syrup. Nothing so soothing and refreshing as Boschee's Syrup. It is a delicious and healthful beverage.

CHAPTER XIV

The Investigation Begins. Lydia admitted to herself that for years something within her had been demanding that she take a stand on the Indian question.

Lydia saw at once that something was wrong. "What's worrying you, Billy?" she asked.

"Lydia," he said, dropping into Amos' chair and folding his big arms, "you know my tract of land—"

Convicts Staged Plays. Though the first regular theater in Sydney, N. S. W., was Levey's Theater Royal, opened by Barnet Levey, a hotel keeper, back of his public house on October 5, 1833, some performances were given in a building erected on Church hill.

Lydia drew a long breath but was spared an immediate answer for there was a knock on the door and Kent came in.

## Your Money's Worth — Always

Not now and then, but *always* do Ford car buyers get their money's worth. Remember that Ford has been building cars for more than 20 years. In that time over 14,000,000 Fords have gone into owners' hands. And every one has been a good car. There is no other record to equal this.

Steady improvement in appearance and better manufacture have made today's Ford more than ever the world's best "money's worth" in automobiles—a good car, to be counted on every day.

### PURPOSE OF CHILD HEALTH CLINICS

"The right to be born healthy, the right to wise home care, the right to live in a community which protects its children, and the right to sanitary environment and positive health influences in the schools—these may be considered among the primary 'Bills of Right' of childhood."

This goal of the American Child Health association is also the end toward which Washington county's child health center is working. The December meeting of the center will be held at the court house in West Bend on Wednesday, Dec. 1. Charlotte Calvert will be the examiner, with Miss Giesing assisting.

This meeting is also for the expectant mother. She is given helpful advice and urged to obtain skilled care. More babies would survive the first years of life, according to the Child Health association, if expectant mothers realized the importance of prenatal care and followed expert professional advice during this period. The center staff recommends such a course for those prenatal cases registering.

## EFFICIENCY and The FARMER

The dairyman who takes care of his herd, barns, milk house, dairy equipment, feeding methods, etc., in a way to produce more and better milk at less cost than his neighbor, is a real efficiency expert. For ages the dairy cow has been inseparably linked with the development and progress of the human race, and today milk from healthy cows, handled by clean milkers, carefully bottled and distributed by responsible dealers, safeguards and promotes public health. Man and beast may live three weeks without food, three days without water and three minutes without air. A good ventilating system is a necessity in all dairy barns to keep cows healthy over winter. Next to having healthy cows, it is absolutely necessary to pay strict attention to quality. Fresh milk, slow but sure, starts at once to undergo chemical changes unless it is promptly cooled to a temperature where these changes cannot take place. During the fall and winter, special care is necessary. The idea, that as soon as cold weather sets in milk need not be looked after, has cost the farmers of Wisconsin millions of dollars, and will continue to be an expensive mistake until better methods of caring for milk are adopted. Conditions on the farms where the milk is produced, decide the condition in which it will be received by the consumer.
