Richard Backhaus, son of Mrs. Selma Backhaus of Kewaskum, took as his bride Miss Marilyn Jean Soderberg, R. 5, West Bend, daughter of Mr. and Mrs. Edmund Soderberg, during a 4 p. m. ceremony performed on Saturday, Feb. 11, by the Rev. R. W. Groth in Trinity English Lutheran church, West Bend.

The young couple will make their home in Barton. He is employed by the Kiekhafer Corp. at Cedarburg and the bride is an employee of the Pick Manufacturing Co., West Bend.

White rose point lace and tulle were combined in the bride's gown which was worn over heavy satin. The fitted bodice featured a high neckline and a tiny Peter Pan collar of lace, and long sleeves of lace which tapered to points over the hands. The skirt of tulle was trimmed with a full length, wide lace panel. Her lace edged, fingertip veil was held by a lace clip hat with sequins. She carried white roses.

The bride was attended by Mrs. David Backhaus as matron of honor. She wore a floor length gown of mint green lace and net over taffeta with a matching cap sleeved lace shrug over the net trimmed lace bodice. Alternating rows of ruffles of net and lace formed the full skirt. A clip hat of mint green horsehair braid completed her attire. The bridesmaids were Mrs. Gordon Bever, West Bend, Mrs. Harvey Steinmetz, West Bend, Mrs. Harvey Schmidt, Milwaukee, sisters of the bride, and Mrs. Herbert Backhaus, Kewaskum. They were dressed like the honor attendant in coral, peacock blue, gold and orchid, respectively. All carried bouquets of tinted carnations to match the colors of their dresses.

Indians to Meet Bells in Opener of District Tourney

SEASON TICKETS ON SALE AT HIGH SCHOOL FOR MEET AT CAMPBELLSPORT FEB. 21-23

Pairings were announced the past week by the W.I.A.A. for district and regional basketball tournaments throughout the state. District meets will get under way next week, to be followed by regional and sectional meets.

Kewaskum will compete in the Campbellsport sub-district tourney along with Campbellsport, Lomira and Oakfield. The meet will be held Tuesday and Thursday evenings, Feb. 21 and 23. The Kewaskum Indians will face Campbellsport in the opener while Oakfield meets Lomira. Winners will play for the sub-district championship Thursday and losers will compete for consolation honors.

The Campbellsport sub-district champion will then meet the winner in the Winneconne subdistrict meet at Winneconne Saturday night for the district title and right to advance in tournament play. Teams in the Winneconne meet besides the host school are Hortonville, North Fond du Lac and Rosendale.

The Indians defeated the Bells twice during the regular season but both games were very close. In fact Kewaskum was forced into two overtime periods and two added rounds of free throws before finally edging out Campbellsport there last Friday night. Lomira, in fifth place in the conference, and Oakfield, in last place, are not conceded much of a chance although the Lions could surprise. The winner of the Indian-Bell contest will most likely cop the meet.

Student and adult season tickets for the Campbellsport tournament can be ordered at the Kewaskum High school office. All orders for tickets must be made before 9 a. m. on Monday, Feb. 20, and must be paid for when ordered. Following are the prices for ticket admissions:

Single admission for students or adults, 75c; student season ticket, \$1.00, for both sessions; adult season ticket, \$1.25, for both sessions. Only adult season tickets will be available at the Campbellsport tournament center. Admission for the final session at Winneconne Saturday, Feb. 25, will be \$1.00. Only season tickets for the Campbellsport sub-district tourney can be ordered at the Kewaskum Community High school.

ANNUAL MEETING IS HELD AT HOLY TRINITY PARISH

The annual meeting of Holy Trinity parish was held in the church hall after the 10 a. m. mass Sunday. Albert Hron, Jr. was re-elected secretary and William Martin was re-elected treasurer for terms of two years. An advisory board was also appointed.

Business transacted included a discussion on holding evening masses during Lent, and the officers and advisory board were given the go ahead with plans and contracting for redecorating the church.

Let's all go to our local show—

Roger Garbisch 16-year-old son of Mr. and Mrs. Marvin Garbisch, R. 1, Kewaskum, a junior at Kewaskum Community High school speared a 51-pound, 55-inch sturgeon at Lake Poygan Saturday morning, the opening day of sturgeon spearing.

Garbisch, sturgeon spearing for the first time in his life, hauled out the big fish unassisted. His father was fishing at another location when he made the strike at about 8:30 a. m. The youth and his dad saw one other sturgeon but missed it.

Roger built the shack he uses for ice fishing in his manual art class at the high school last year.

Further plans concerning the Kewaskum clinic, including the date and place, will be announced at a later date.

STORK BEATS AMBULANCE IN RACE FOR HOSPITAL

The Kewaskum firemen's ambulance and attendants are fast but didn't quite make it in time early Monday morning, Feb. 13, in a race for St. Joseph's hospital, West Bend. As a result they had a new experience when a bouncing baby girl was born in the ambulance on the Barton hill while it was speeding to the hospital. The attending physician expected this might happen and so he rode in the ambulance with the mother and brought the baby into this world while one of the ambulance attendants followed in the doc's car. Oh, yes, the happy, history making parents are Mr. and Mrs. Myron Belger of Kewaskum.

MILLER—A son to Mr. and Mrs. Ben Miller, R. 2, Kewaskum, Sunday, Feb. 12.

How the Heart Association Helps

Many people in Kewaskum, after receiving an appeal letter from R. G. Edwards, M. D., during the February, 1956, Heart Fund drive, may wonder what the Heart association is doing for them.

For instance, some may want to know if "the association will pay for an operation or my hospital bill if I develop heart trouble."

That, of course, would be impossible. If the campaign goal of \$350,400 were divided up equidly among the 250,000 people in Wisconsin who have heart disease, it would provide a dollar and forty-one cents for each person.

But though it can't pay hospital and doctor bills, the association can and does put the money it receives where it will do the most good. For instance, of the 1956 goal, \$137,797 is tentatively budgeted for research at the universities of Wisconsin and Marquette. Another \$47,304 will be given to the American Heart association for its national research program. Thus, over 50 percent of all money contributed will go into the search for causes and cures of heart and blood vessel diseases.

It is only because of past research that heart surgery can be performed today, the association points out. The story is the same in regard to many of the drugs now used to combat diseases of the heart and blood vessels. The patient has to pay for them, but without research, they couldn't be had at any price. Each hope, each advance made for the benefit of heart sufferers must necessarily be a product of research.

Among the research projects currently being conducted at the state's two medical schools are studies to: discover the unknown causes of hardening of the arteries and high blood pressure; improve surgical techniques on the heart and blood vessels; and develop and test new preventative drugs for blood clots and other effects of heart and circulatory diseases. These projects, only a few of the 22 separate studies being carried on, are financed by a total of \$108,542 from funds collected in the February, 1955 drive.

Despite the emphasis placed on research, other phases of its program are of extreme importance too according to the Heart association. In 1955 alone it states, children in 24 counties were examined by rheumatic fever "clinics on wheels." As a result, the specialized training of the two doctors who were part of each team was made available to the young heart disease suspects, free of charge.

Also provided without cost by

the association is a statewide education and information service. Films and speaker programs are arranged for schools, P.T.A.'s, lodges and other groups. In addition, literature about the heart and heart disease is available to anyone on request.

The aim of the educational program is to teach good "heart" habits and to also eliminate both unwarranted fears and misconceptions about heart disease, says the association.

Weddings

(CONTINUED FROM PAGE ONE) Bend, daughter of the late Mr. and Mrs. Peter Wiesner of St. Killian, and Norman Leo Esser, son of Mr. and Mrs. Frank Esser of Campbellsport, exchanged nuptial vows during a 10:30 o'clock mass in Holy Angels church, West Bend, on Saturday morning, Feb. 4. The Rt. Rev. Msgr. Edward C. Stehling performed the ceremony.

Dinner was served at the Republican hotel in Kewaskum. Later a reception for immediate relatives and friends was held at the Kewaskum Opera House, where a dance was held in the evening.

The bride was given in marriage by her brother, Jacob Wiesner. She wore a white lace gown with a fitted bodice and a full skirt accented with tiny ruffles. The long sleeves of the jacket tapered in points at the wrist. A beaded tiara held her finger tip veil and white carnations were centered about an orchid in her bouquet.

The matron of honor was Mrs. George Reimer, who was the only attendant for her sister. She wore an aqua blue lace gown styled like that of the bride with the excep-

tion of a short sleeved jacket. Sequins trimmed the nylon tulle tiara to which a brief face veil was gathered. She carried salmon colored carnations.

Best man for the bridegroom was his brother, Ray Essar, while George Reimer served as usher.

The newlyweds will make their home at Route 3, Campbellsport, where the bridegroom operates a farm. He is a Campbellsport High school graduate. His bride had been employed at the West Bend Aluminum Co.

Dates for Easter Seal Fund Appeal Announced

New timing for the 1956 Easter Seal campaign in behalf of crippled children was announced today by Robert Peck, Baraboo, president of the Wisconsin Easter Seal society for crippled children and adults.

Peck said that the annual appeal which marks 35 years of service will be conducted Mar. 10 to Apr. 10—extending nine days after Easter to avoid conflict with other fund-raising campaigns also scheduled at that time.

The year's colorful messenger for crippled children will reach more than 800,000 Wisconsin residents when mailing begins Mar. 10, Peck said.

Designed jointly by Otis Shepard, art director and Hubert Nelson, assistant art director of Chicago's Wm. Wrigley, Jr. company, the 1956 Easter Seal is bright blue and red. A white lily, symbol of the Easter Seal society, and a crippled child, make up the highly stylized modern design for the seal with the words "Easter Seals Help Crippled Children."

Contributions to the campaign will be used in Wisconsin to support a camping program for the crippled at Camp Wawbeek, Wisconsin Dells and Easter Seal Day Camp at Holler Park in Milwaukee, treatment for cerebral palsied children at centers in Milwaukee and Madison, sales outlets for articles made by the handicapped and other direct services.

Some \$275,000 will be needed in 1956 if crippled children in Wisconsin are to receive the care necessary for their rehabilitation.

Chet Nielsen is the chairman of the Washington county Easter Seal drive and Harold Shlimovitz is the publicity chairman.

FARMERS MAY APPLY FOR SPRING WHEAT ALLOTMENT

Farmers operating land on which no wheat was seeded for grain in any of the years 1953, 1954 or 1955 may apply for a 1956 spring wheat acreage allotment, according to A. John Cleary, office manager for the Washington County Agricultural Stabilization and Conservation committee. To be considered for an allotment on a farm which had no wheat seeded for grain in any of those years, the farmer must meet certain qualifications and apply in writing to his county ASC office by March 1, 1956.

Blank application forms are available at the county ASC office for use in filing requests.

BORN TOO SOON

JOIN THE MARCH OF DIMES

SUCCESS STORY OF THE MONTH

Although he was so badly crippled as a youngster that he was unable to walk, talk or even sit up, Ed Stluka of Milwaukee today is leading a busy, productive and happy life as a successful publicist.

Crippled by cerebral palsy resulting from meningitis when he was only four months old, doctors told Ed's mother that her son was a "hopeless" case. But it was Dr. Herman C. Schumm of Milwaukee who gave Mrs. Stluka the hope and encouragement which she instilled in her son when the doctor predicted: "Yes, I think he can be helped! I think he can be made to walk!"

Ed's faith, courage and determination to overcome his physical handicap has been a long, hard struggle, but he has won over heavy odds. He spent many weeks and months at the Milwaukee Children's Hospital undergoing a series of operations and spent countless days wearing braces and learning to use crutches. During this time he also received speech correction through a succession of visits to the Milwaukee Vocational School speech therapy classes. However, all of this paid great dividends when Ed was finally able to walk and speak clearly.

In recognition of surmounting the many obstacles he faced to become a productive citizen and for his many achievements despite his handicap, the National Society for Crippled Children and Adults, through its state affiliate, the Wisconsin Easter Seal Society, awarded Ed Stluka the coveted "Who's Crippled?" citation at the Society's recent annual meeting in Milwaukee's Plankinton House.

The award was presented by Clare D. Rejahl of Madison, president of the Wisconsin Society.

Ed broke into the publicity field as a result of a feature story he wrote while attending Camp Wawbeek, one of the largest and most progressive camps for crippled children in the nation, operated by the Wisconsin Easter Seal Society.

Since that time he has done publicity for various health and welfare agencies, handled publicity accounts and assignments on a free lance basis in an office he set up in his home, and is currently working for the Milwaukee office of a leading advertising agency for whom he publicizes and promotes several of its Wisconsin accounts.

For a long time Ed was unable to dress himself because his fingers couldn't manipulate the buttons. Then, 12 years ago he discovered that an old-fashioned buttonhook—like grandma used to fasten her high-top shoes—did the trick. He realized that there must be other handicapped persons who couldn't handle buttons, so he decided to conduct a newspaper and radio campaign to secure discarded buttonhooks. Inside of two weeks he was deluged with thousands of buttonhooks from people throughout the nation. "Incidentally," Ed says, "seven years later, I am still getting a dribble of buttonhooks, often as far away as New York."

In addition to his publicity activities, Ed handled the Easter Seal campaign in Milwaukee County from 1945-1953, during which time the results from the annual appeal rose from \$13,000 to more than \$72,000.

Ed Stluka has come a long way from the time when 34 years ago, as a little boy he first heard a doctor's word of hope. He has built for himself a life that is truly an inspiration for other disabled persons as well as for many non-handicapped people.

High School, Lakes Teams Both Clinch Tie For Championship at Campbellsport

Indians Nose Out Bells After Double Overtime, 2 Rounds of Free Throws

53-51 WIN MOST THRILLING ON RECORD AS KEWASKUM TAKES OVER FIRST IN GAME THAT IS BROADCAST

Tri-County conference history was made at Campbellsport Friday night as the Kewaskum Indians edged the Campbellsport Bells by a narrow 53-51 margin in a spine tingling battle with the final outcome decided after two overtime periods and two rounds of free throws.

All pandemonium broke loose after the final round of free throws as the Indians came out on top by two points to take over sole possession of first place in the torrid league race. The team needs only a victory over Hustisford here Friday night to sew up the undisputed crown.

This game will go down in conference history as one of the most exciting on record. It would not be over-exaggerating to say it was the most thrilling game ever played in the circuit. The two teams battled tooth and nail all the way with the Indians leading throughout the game until the Bells tied it up in the last seconds.

Coach Ernie Mitchell's boys had a six point lead with only a couple of minutes left and it seemed victory was in the bag. The Bells stole the ball for two quick baskets but the Indians still were ahead by two points with only seconds remaining. Kewaskum had possession of the ball but instead of holding on to it they chose to pass. The pass was intercepted and the Bell player heaved it to Steve Vande Zande who was along under his basket and flipped it in to tie the score at 42-all just as the final horn sounded.

The packed house was about half Campbellsport fans and half Kewaskum. The Bell fans went wild as their team unexpectedly tied the score to force the contest into overtime. In the first three-minute overtime each team scored a basket and stalled out the rest of the period which expired with the score at 44-all. Dave Mertzig made the Indians' bucket. In the second overtime Tom Peterson scored for the winners and Vande Zande connected to tie it up again at 46-46. The Bells hung onto the ball for the rest of the time and Kewaskum let them alone for fear of fouling them. In the last seconds the Bells tried a shot but missed.

According to W.I.A.A. rules no more than two overtimes can be played and then the outcome must be decided on rounds of free throws by the five players on each team. This somewhat disappointed the jam-packed crowd which wanted more overtime. But the free throws provided enough suspense. In the opening round each team sank three gift shots to again tie the count at

49-49. In the second and deciding round, with the Mitchellmen shooting first, the first two Indians sank their shots and the first two Bells missed. After complete silence while the shooting was going on, this brought out a mighty roar from the Kewaskum fans. The third local shooter also made his free throw and so did the Bell. But then Kewaskum sank another and the fourth Bell missed. This clinched it for the Indians, ending it at 53-51 and pandemonium broke loose.

Peterson, leading scorer in the conference, picked up 16 points and now has 240 tallies in 13 games. Stenman had 11 points and Yahr and Wierman each 10. Fleischman was tops for the losers with 16 and Vande Zande had 14. Kewaskum lost Stenman, a key player and ball controller, in the last quarter and this hurt the team, especially in overtime and free throw rounds as he is one of the best shots on the squad. The crucial game was broadcast over station KFIZ, Fond du Lac.

Lose at Oostburg

In a non-conference, practice game at Oostburg Tuesday evening, Kewaskum was handed a 78-50 defeat by their powerhouse, Oostburg is unbeaten this season and leads the Kettle Moraine conference. They have one of the strongest teams in this section and have exactly the same starting lineup they had last year. Not a regular player graduated and the team went a long way last season. Kewaskum barely nosed them out in a district tournament playoff then.

Curtis Yahr, who was ill, did not play at Oostburg and this hurt his team's chances considerably as he is a regular starter. The Indians

Win Over West Bend Here Sunday Will Give Chevs Undisputed Title

DEFEAT CAMPBELLSPORT, 90-80, FOR 11TH WIN IN ROW, 6TH STRAIGHT THIS HALF

The Kewaskum Chevrolets continued their march toward the undisputed title in the Land 'o' Lakes league by clinching at least a tie for the championship with a 90-80 victory at Campbellsport Sunday night. Kewaskum, first half champions, can sew up the second half crown and undisputed title by beating West Bend in the final game of the season here Sunday night.

The tilt at Campbellsport was a rough one with the Bells giving the Chevs a pretty good battle. Although Campbellsport is tied for last place they always go all out against Kewaskum. The Chevs just couldn't get started and the Bells ran up a 9-1 lead before the local five scored a basket. The boys started to hit late in the first quarter and crept to within four points, 16-12, when the period ended. The Chevs' class began to show in the second stanza when they ran up 28 points to the Bells' 15. This gave them a 40-31 halftime advantage. Campbellsport again had a hot third quarter, netting 29 points to the winners' 25, and this brought the count to 65-60. The Chevrolets' 25 points in the final period to Campbellsport's 20 gave them a margin of 10 points at the contest's end.

The Wondra boys provided the punch that gave the Chevs trouble. Andy Wondra was high scorer of the evening with 24 points and Dave was right behind him with 22. They sparked their team with their consistent hitting and Matt Serwe gave them a lift with 16 points. John Tessar, the loop's top scorer, paced Kewaskum with 23 points, followed by George Hanrahan and

trailed at halftime by only four points, 33-29. Peterson and Stenman tied for scoring honors for Kewaskum with 14 each. Kranendonk paced Oostburg with 20 points, Hilbelink hit for 17 and Brudink for 16.

Augie Bilgo with 17 apiece. Frank Krueger dropped in 10 straight free throws without a miss.

Kewaskum can expect a hard fought, close tussle in the final game with West Bend here this Sunday. The dangerous Lithias would like nothing better than to spoil the Chevs' perfect second half record and force them into a play-off with Mayville as well as to avenge an earlier defeat. West Bend holds third place and the job won't be easy. They lost only two of six games this half and both were by close scores. The Lithias have speed, good rebounding and balanced scoring with six members, Frank, Tennes, Kieckhafer, Rusart, Meyer and Rauen all averaging from 10 to 15 points a game. But Kewaskum has its stars to more than match them and no more need be said about their ability or record.

RIVERS TEAM MAKES IT SIX STRAIGHT—LOSSES

The punchless Kewaskum Rivers team lost their sixth straight contest in the second half at Campbellsport Sunday in the first game, 59-36. Campbellsport is in second last place and Kewaskum last. A local win would have earned them a tie.

The local quint was ahead at the half, 29-24, but faded badly in the second portion of the tilt as Campbellsport passed them up and ran up a huge lead.

Kleinhaus was the big scorer for the winners with 22 points and Seefeldt led the losers with 13.

This Sunday night Kewaskum faces the West Bend Home Lumbermen in the preliminary to the Lakes battle. West Bend, tied for fourth place, will be favorites to hand Kewaskum its 7th in a row.

Chevs Lose to Plymouth In Dimes Benefit Tilt

The Kewaskum Chevrolets received a drubbing from the Plymouth AC's, 95 to 73, in the fourth annual March of Dimes benefit game played at Plymouth last Thursday night. A large crowd witnessed the tilt and a return game may be played here after the regular season.

Both Plymouth and Kewaskum entered the contest with identical records. Plymouth won the first half championship in the Eastern Wisconsin league with one defeat and is in first place the second half without a setback. The Chevs won the Land o' Lakes first half title, also losing only one tilt, and are unbeaten this half and in first place. These two squads are among the strongest amateur teams in this section.

Being an exhibition contest with nothing at stake, the Chevs didn't have it at Plymouth. Their usual pep and drive was lacking and they had one of their poorest nights. The team's two stars, John Tessar and Augie Bilgo, both fouled out and this made it easy for the AC's. Plymouth led all the way, 35-19 at the quarter, 48-36 at halftime, and 73-51 at the third period's end.

It was just too much Hank Schuette for the Chevs. The giant center was the ace performer with 38 points on 15 baskets and eight free throws. Zastrow added 16 and Holfeltz 14 points. Tessar was top man for the losers with 16, a poor night for him, and Meisenheimer and Hanrahan each contributed 14.
