Fireworks in Village Park Friday, July 3

The annual Fourth of July holiday fireworks display sponsored by the village under the supervision of the Kewaskum fire department, will be held in the village park next Friday night, July 3, right after dark.

More fireworks have been purchased and this year's display will be bigger and better than ever. More than \$350.00 worth of fireworks will be shot off and will continue for a longer period of time. There will be the usual thunderous as well as many beautiful air and ground displays, mostly of a new variety.

Before and after the fireworks refreshment stands in the park will be open. Music will be provided from the stage by the Sharkeys, one of Kewaskum's rock and roll musical groups. With the fireworks falling on a Friday this year, something new will be served in the form of delicious fish sandwiches. Of course the usual tasty hamburgers will be sold, together with popcorn, beer and soda. Some game and amusement stands will be in operation.

The firemen will be out to entertain you and everyone should stay for a good time after the fireworks, which will be touched off directly across the river from the park, providing a fine view from the park hill and other vantage points along the river.

In case of rain on the 3rd, the fireworks will be held on Saturday, July 4.

Mary L. Kroncke Participates in Badger Girls' State

WILL SAIL FOR SPAIN ON SATURDAY IN AMERICANS ABROAD SUMMER PROGRAM

Mary L. Kroncke, 1407 Fond du Lac ave., Kewaskum was among the 452 high school girls from throughout Wisconsin who participated in the 21st session of Badger Girls' State June 13-20 on the University of Wisconsin campus, Madison.

Co-sponsored by the Wisconsin American Legion Auxiliary and the UW Extension political science department, the girls spend the week learning about government on city, county and state levels in a program designed to prepare them for their future responsibilities as citizens. The girls, all seniors-to-be in Wisconsin high schools, have been selected by school officials on the basis of leadership, scholarship and character. Each is sponsored by the Legion Auxiliary or a civic group in her home town.

During the week the girls hold mock elections, organize city, county and state governments, conduct campaigns and attend lectures on various phases of government. A high point of the week is the legislative session at the state capitol where the girls who are elected senators and assemblymen enact laws and send them to their governor and other executive officials.

Two outstanding members of Badger Girls' State are chosen to represent Wisconsin at Girls' Nation in Washington, D. C.

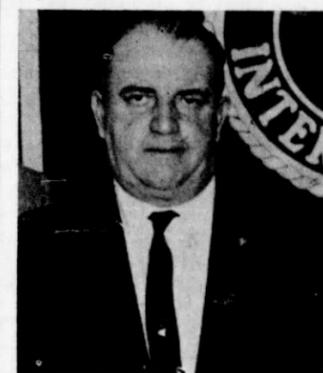

Miss Kroncke, Kewaskum's first student to participate in the Americans Abroad Summer program, flew to New York on Friday, June 26, and will board the USS. Seven Seas to sail for Rotterdam on Saturday. From there she will go to Barcelona, Spain, where she has been placed under the program. She is the daughter of Mr. and Mrs. Robert Kroncke, Kewaskum.

Burglary at Lee Honeck Farm Supply

Burglars broke into the Lee Honeck Farm Supply building on South Fond du Lac ave. sometime late Wednesday night or early Thursday morning and stole a small amount of merchandise and cash.

Chief of Police Roland Pledt believes that the burglary is the work of youths who are camping or vacationing at some lake in the area as the only merchandise taken was five bags of charcoal, charcoal lighter and about \$3.00 in change from the cash register. The thieves also stole a small amount of cash, about \$1.00, from the register in Wally's Mobil station in the same building. It is a mystery why the burglars cut the telephone wires in the farm supply office.

Entrance to the building was gained by forcing off the paneling around the door window and then removing the glass. The burglary occurred between the hours of 10:30 p. m. Wednesday and 8 a. m. Thursday.

NEW ALICE IN DAIRYLAND

Maybe it helped. In Milwaukee, the new Alice in Dairyland, Beth Bartosh (left) of Burlington, accepted this good luck toast of milk from last year's Alice, Marilyn Draeger of Fort Atkinson. It was the day before judges chose her as Wisconsin's good will ambassador to promote its agricultural products. The group of 22 contestants was honored with a banquet at Allis-Chalmers clubhouse. The company's vice president, William J. Klein, handled the pouring task from this giant milk carton.

Beth Bartosh, 18, Is New "Alice"

Beth Bartosh, a brown-eyed, brown-haired beauty from Burlington is the new "Alice in Dairyland." She was picked for the job from the 22 regional finalists at the finals in Milwaukee in mid-June. Appropriately enough, she is the daughter of Mr. and Mrs. James Bartosh, who formerly operated a dairy plant in Horicon. Mr. Bartosh is now sales manager for a dairy plant in Kansasville.

The state's new traveling ambassador has just completed her freshman year at Whitewater State college where she is majoring in English. In her free time she likes to paint with watercolors and cook. She is very adept at the latter. The great out-of-doors and horseback riding are her favorite "sports."

Beth graduated from Burlington High school where she was an honor student, cheerleader, participating in glee club and dramatics. She won several acting awards and was active in student government. She is also the second Burlington girl to win the "Alice" crown; she was preceded by Merrie Jule Barney, who won the honor in 1959.

Wisconsin's 17th Alice-in-Dairyland is 5 feet, 4 inches in height and weighs 115 pounds—if you add her charming smile and laughing eyes the portrait is complete. During the next year she

Carl Degnitz, about 55, was severely beaten up Wednesday evening in the barn on his farm in the town of Wayne, 3 1/2 miles west of Kewaskum, and was still unconscious at St. Agnes hospital Thursday. His attacker is unidentified but is believed to have been a farm hand who asked him for work, as no attempt of robbery was made. Degnitz and his sister Minna were doing chores in the barn when a roughly dressed farmhand came in. Degnitz told the man he did not intend to hire anyone. Minna returned to the house to prepare supper but when Degnitz did not show up after an hour, she returned to the barn and found him unconscious. The farm hand disappeared. Minna then called Dr. Hausmann of this village and Sheriff Burg. Both agreed that the attacker used a club. Degnitz suffered a scalp wound and possible skull fracture. The license number of the car used by the attacker was obtained it was said, and it is expected the facts may be brought to light soon.

The next two days she was back in the state at Richland Center to "do a promotion" at a supermarket.

The boating season is here again. And good manners and common sense can prevent most of the accidents that have marred past years. The American Medical association offers some simple rules: Don't overload the boat; have life preservers for each occupant; don't stand up or change seats in a small boat while underway; keep a watchful eye out for other boats, swimmers and fishermen, and give all a comfortably wide berth.

Our Police Chief Says

Two elm trees in Kewaskum had to be removed. They were infected with Dutch elm disease. To determine if a tree is a definite Dutch elm disease suspect, follow these steps: Examine elm wood from branches containing yellow or wilted leaves or showing some other type of abnormality. This may be wilting leaves discolored gray-green, yellow-brown, etc. and also branches with brown leaves but with wood still alive.

Lucy Boegel and Tom Bartelt Wed

Miss Lucy Boegel, daughter of Mr. and Mrs. Oscar Boegel of R. 1, Allenton, and Thomas Lee Bartelt, son of Mr. and Mrs. Willard Bartelt, 1450 Parkview dr., Kewaskum, were married during an 11 a. m. ceremony performed by the Rev. Ralph Merkatoris in St. Peter's Catholic church, Oshkosh, on Thursday, June 11.

For her marriage, the bride wore a pale yellow satin street length dress with matching yellow headpiece. Her flowers were white orchids. Her sister, Joan Strueb-ing, as matron of honor, was the bride's only attendant. She wore a pale green satin street length dress and her flowers were white orchids.

Thomas Brinkmann served as best man for the bridegroom.

Following the ceremony, dinner was served to 21 guests at Robbins Supper club, Oshkosh.

The newlyweds are now at home at 1015 Cherry st. in Oshkosh. Both are graduates of Kewaskum High school. The bridegroom is a student at Oshkosh State college and his bride is employed in the Waite Carpet Co. office.

**Kewaskum Teacher
Attends Aerospace
Education Workshop**

Kenneth Erickson, Kewaskum, is among 32 area educators exploring the wonder of space and outer space in an Aerospace Education Workshop at Wisconsin State college, Stevens Point.

Dr. Hildgard Kuse, director, explains that the workshop is designed to help educators answer students' questions about man in flight, the theory of flight, aerospace, medicine, aircraft engines and instruments, flight techniques, air traffic control and communication as well as meteorology.

Dr. Kuse adds that this is the first full summer session aerospace workshop sponsored by any of Wisconsin's state colleges, and it is the first in the nation to include boys and girls as well as educators.

Dr. Kuse said that trips in various types of planes have been planned. Also on the agenda is a tour of Truax Air Force Base, a flight over Madison in military planes, a look at a control tower, a weather bureau and an explanation of defense facilities, air defense and the Air National Guard.

Boys and girls will participate during the last two weeks of the workshop, thus giving teachers an opportunity to test the projects and materials they have prepared for classroom use.

Carl Guell, education consultant, Wisconsin State Aeronautics Commission, is the workshop consultant.

Outstanding speakers scheduled include Lt. Col. Roy Bassett, director, aero-education activities, Wisconsin Civil Air Patrol Wing; Major Donald E. DeMott, USAF, CAP Liaison officer; Dr. Mervin

Strickler Jr., chief, aviation education division, general aviation affairs, Federal Aviation Agency, Washington, D. C.; Dr. Robert Wick, Office of Aviation Medicine; Lt. Col. Paul Maret, USAF chief, presentation division Office of Information.

Staff assistants for the first two weeks of the course are air force reservists Lt. Col. L. Cochrum, St. Louis; Capt. J. B. Mistion, Boonville, Mo., and Capt. Louis P. Bosanquet, St. Louis.

Wisconsin potato growers have increased their plantings this year about 1,000 acres over the 53,000 acres planted last year, according to John Schoenemann, vegetable crops specialist at the University of Wisconsin.

**BOB BERG NAMED TO
COLLEGE HONOR ROLL**

Bob D. Berg, Kewaskum, is among students named to the 1963-1964 second semester honor roll at Wisconsin State college, Oshkosh.

The honor roll is based on a high academic average of all classes carried by a student during a semester. From the honor roll, deans of the School of Education and the School of Letters and Science at Oshkosh later name the exclusive "Dean's List," which includes students with averages of 3.75 (A-) or over.

The current honor roll is the final one from Wisconsin State college at Oshkosh. The institution becomes Wisconsin State university on July 1.

370 AT DAIRY BANQUET

The 1964 June Dairy Month is now history. For the benefit of those who were not there, we will tell you that 370 people attended the banquet at St. John's Lutheran church, West Bend. This is certainly a fine turnout for an event such as this, sponsored and paid for by the men and women of the dairy industry.

We would like to give a little special tribute to a few people for their fine efforts. One person in particular that we want to recognize is Ernie Kueffner. The printed program which was distributed at the program listed the names of the people who made a contribution to this banquet over and above buying their ticket, but Ernie's name was inadvertently omitted from the list. At any rate, Ernie helped supply the milk for this audience, and we are very grateful to him.

We would also like to pay tribute to Miss Christine Westerman, the Kewaskum Dairy Day queen. Christine is a sophomore in high school, and frankly was nervous about speaking before this large group of adults. But with a great deal of poise she expressed her interest in agriculture and some very fine thoughts about rural living, and we are very proud of her.

A group of young girls who belong to the Good Luck 4-H club, and who appropriately call themselves the Melody Maids, sang a very enjoyable group of folk songs. We certainly want to thank them for the time and work they put into their part of the program. These girls are Mary Vogelsang, Kay Vogelsang, Rita Sheski, Ruth Charlton, Ginny Frings, Betty Roecker, Kristine Kedinger and Jean Kedinger, with Judy Gundrum as guitarist. The group is under the direction of Mrs. Sylvester Kedinger.

A special thank you must be given to the ticket salesmen. They obviously did an excellent job.

We will be planning more of these events in the future. We would like to suggest that if you have an idea you would like to see incorporated into an event such as this, please don't hesitate to tell

us about it. While we may not always be able to use all of the ideas, we would like to know what people would enjoy.

FARMERS FINISH HAYING

There are quite a few men in the county who finished haying last week. There actually was a race among some of them to see who could be finished first. These people, who are already finished haying or very close to it, have some wonderful hay in their barn, and we are glad to see people interested in having good high quality hay.

The advent of the hay dryer has truly changed the habits of hay-making among farmers. With a hay dryer, a farmer can cut hay one day and put it in the next, or possibly two days later. We can usually predict the weather within a two-day period, but when we had to leave the hay out a week, it often was washed thoroughly several times.

PICK OWN STRAWBERRIES

If you are like my family, you have been eating a lot of fresh strawberries lately. There are several areas in the county where they have a pick-your-own program. Why don't you go out and enjoy this strawberry picking? It's a real treat. Sometimes, when you have to bend over the strawberry

row, you might decide it would be a good idea to go home and eat a few less calories, because that "middle" seems to interfere with bending over.

But, calories or not, can you imagine anything better to eat right now than a bowl of fresh strawberries with good wholesome milk and sugar? This is one of the tastiest treats you'll find anywhere.

Strawberry season is short. It will last about three weeks, one month at the most. So why not go out and participate in it now as the crops enter their peak. You will enjoy the picking, and you will enjoy the eating.

ASC OFFICE ACCEPTING REQUESTS FOR PRACTICES

George F. Nehrbass of the Washington County ASC committee announces that the office is accepting requests for all practices under the ACP program for 1964, except tiling, tree planting and ponds. Any farmer who will complete an ACP practice by Dec. 31, 1964 can sign a request for cost-sharing immediately.

Don't smoke when handling pesticides. The concentrated chemicals can enter your mouth in this way, says Orrin Berge, University of Wisconsin agricultural engineer.

State Fair Again Seeking Century Farms and Homes

The State Fair of Wisconsin is again seeking owners of Wisconsin farms and homes that have been held continuously in the same family for one hundred years or more.

Applications for the century farm and home awards may be obtained at the office of county agent Maurice Hovland, register of deeds Olga Perrin, or by writing to the Publicity Department, State Fair of Wisconsin, Milwaukee 14, Wis.

Applicants for the award must prove ownership through an abstract of title, land patent, original deed or county land records. Title of the property must be in the name of a blood descendant or a legally adopted child of a descendant.

Although the title to the land must have been held continuously in the family, continuous resi-

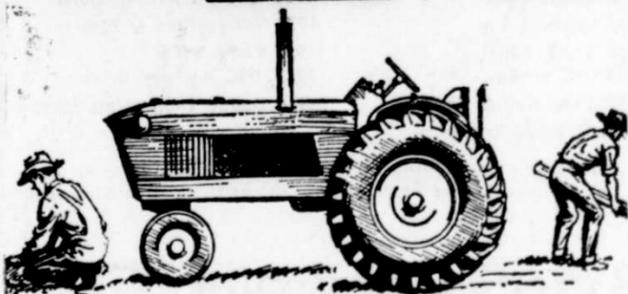

dence on the land or in the state is not required.

A special ceremony at the State Fair during the week of Aug. 14-23 will honor those with century farms and homes.

Last year 113 property owners received century farm awards and four received century home awards at a special Recognition Day ceremony. Recognition Day this year will be Tuesday, Aug. 18, at the fair. Since 1948, when the award and recognition program was started, 2,128 property owners have received certificates.

The deadline for filing an application with the publicity department is Saturday, July 25.

Ailing electric appliances and fixtures should be placed in the hands of professional repairmen. The Institute for Safer Living of the American Mutual Liability Insurance Company warns that amateur electrical repairing not only is likely to prove more costly in the long run, but also is a principal cause of home fires and injuries.

Looking Thru the Field Glasses...

By Bob Lake, Conservation Warden, Washington County

RESORT OPERATORS HAVE TROUBLES WITH SWIMMERS

Bass, northern and crappies continue to bite at Big and Little Cedar lakes. Fair fishing for wall-eyes and northern at Pike lake. Most waters producing a few bluegills.

Resort operators have their troubles with the swimming public. The law provides that the operator may protect the swimmer from speed boats, by anchoring alternate yellow and green banded buoys in sufficient numbers to clearly outline the outside limits of the swimming area. Bathers ride the barrels or dive down and lift the anchor. In a short time the buoy is drifting far from shore and the bathing area is unprotected. One operator was able to control the situation by covering that part of the barrel above the water with axle grease.

Broken glass in swimming areas, the majority of it placed there by bathers, is another problem. A Milwaukee boy received a serious foot injury in such an incident in the southern part of the county this past weekend.

More on State Park, Forest Rules

This week we are again continuing our discussion of rules governing the use and conduct in state parks, state forests, campsites and recreation areas.

3. No person shall park, stay or leave standing, whether attended or unattended, any vehicle or watercraft:

(a) In any manner so as to block, obstruct or limit the use of road, trail, waterway or winter sport facility, or

(b) Outside of any area provided for such purposes when it is practical to use such areas, or

(c) Contrary to posted notice.

4. No person shall leave, abandon, or deposit any boat, skiff, or other watercraft on any conservation area, wildlife area, or public hunting or fishing ground after ten days following the close of the waterfowl season or contrary to posted notice.

5. It is unlawful to camp without a camping permit and payment of required fees.

6. It is unlawful to camp and no camping unit shall remain for a period greater than twenty-one days in any consecutive four-week period from June 1 to Labor Day. There is no seasonal limit on total camping days.

County Board Acts To Name University Center Committee

At its meeting June 23, the Washington County Board took action to appoint a countywide University Center committee, to include the Citizens committee previously appointed by the mayor of West Bend. This countywide committee, not yet appointed, is to inform the public and to report back to two county board committees: Finance and Budgets Guido Schroeder, chairman, and Public Property (Joseph Schmitz, chairman) for recommendation and action.

The county board referred the matter to these standing committees at its May 12 meeting. On June 6 these committees met with the West Bend Citizens committee, Mayor Paul Henke of West Bend, and with representatives of the State Co-ordinating committee of Higher Education (Carlisle Runge, co-director, and Joseph Semrow of the joint staff).

In order to enlarge its background on the subject, the county board invited J. R. Brown as a representative of the West Bend Citizens committee to attend its June 23 meeting and to present material collected by the city committee (other members of the

city committee: Mrs. J. B. Anderson, Paul Loofboro, Leonard Oelhafen, Anton P. Staral, Judge R. J. Stoltz and Joseph Zadra).

Grafton Drubs Lakes Team, 15-0

An up-and-coming young Grafton team which now holds place in the Land o' Lakes league with a 5-1 record, shellacked Kewaskum here Sunday afternoon in convincing fashion, 15-0. The shutout was the fourth for Kewaskum's weak hitting team in six games.

Grafton had a field day as they pounded out 14 hits off of three Kewaskum pitchers, none of whom were effective. These 14 safeties, combined with errors, hit batsmen, walks and wild pitches, allowed the visitors to push 15 runs across the plate. Manager Fred Bruhn, Al Koepke and Dave Oppermann hurled for the losers, walking five men and striking out seven between them. Zahn went the route for Grafton, holding Kewaskum to three hits, fanning 11 and did not give up a single base on balls in a very fine performance. The contest was called because of rain after eight innings.

Grafton scored in every inning but the first, second and eighth. They had three big innings, good for 3, 4 and 5 runs respectively. Kewaskum did not get a runner past second base and had only two runners that far. Both times the first batter got on base with nobody out and got no farther than second.

Oddly, all of Grafton's 14 hits were singles, and not an extra base hit was made in the game. Simon, Heil, Norman and Wundt-roch each collected two hits for the winners. Jack Theusch got two of Kewaskum's three hits and Enright collected the other one.

Kewaskum, tied for sixth place with a 1-5 record, has a good chance to improve their position in the standings and get back in the win column this Sunday when they entertain tail end Barton, which is winless and has a 0-6 record.
