## Expect Big Enrollment Increases In Local Schools for Fall Term

**ABOUT 100 MORE STUDENTS THAN LAST YEAR EXPECTED**

Enrollments in the Kewaskum Community schools are expected to rise by about 100 pupils again next fall over the previous fall enrollment, according to the district's February Newsletter. This will represent a total gain of 300 students in grades K-12 since the district was reorganized during the summer of 1966.

The shortage of classroom space will be especially critical in grades K-8. The school board has been considering the rental of space or the leasing of temporary classrooms to house the increases along with re-assignment of students to other schools. No decisions have been reached at this time.

The primary cause of the enrollment increases has been the closing or curtailing of programs by the private schools in the area. Normally it would have taken about ten years to realize this growth.

## State Trooper Here Gets Safety Award

**CRASH HELMETS NOW BEING WORN BY STATE PATROLMEN**

A total of 171 years of safe driving was represented in the 27 members of the Wisconsin State Patrol receiving National Safety Council safe-driver awards in December. The 15 troopers and officers who received five-year awards were given them on the basis of an accident-free record for this entire service in the patrol.

Those receiving the award included Trooper Richard Gaber, P. O. box 431, Kewaskum, 10 years.

State Patrol troopers took on a new look beginning Feb. 1 when they began wearing crash helmets while operating their squads, announced Chief Lewis V. Versnik of the patrol. "Helmets are being issued as a part of the trooper's uniform attire as an added safety factor to give additional protection while operating their squads. Troopers are subject to more than the customary hazards of driving, consequently it has always been a part of patrol policy to furnish the maximum protection whenever possible," Versnik continued.

He pointed out that chances of head injuries from a crash, especially when engaged in high speed pursuit, are great. The wearing of safety helmets will minimize these dangers and protect against most causes of head injury.

Emphasis on trooper protection began in 1955 when seat belts were first introduced in patrol vehicles. A further major step was the installation and use of shoulder straps in 1962. Use of these belts is mandatory and their value has been tremendous in preventing serious injury or death to state troopers involved in squad accidents.

While people seem to think that money still talks, actually it's more of a sneer.

**Film on 'Project Concern' Shown to Jr. Woman's Club**

The Kewaskum Jr. Woman's club held its monthly meeting on Jan. 23, at the library. A short film on "Project Concern" was shown. This film showed one of Dr. James Turpin's clinics, this being in Vietnam. "Project Concern" is the main project for the Jr. Woman's clubs and after viewing the film, everyone agreed that it is a worthwhile one.

Speaker for the evening was a representative of the Motor Vehicle Dept. who gave a talk on driving safety, after which he gave members the standard written driver's test used in obtaining the temporary driver's license. Many members found they had forgotten some of the various points learned when first learning to drive.

The meeting was then called to order. The club will participate in the Heart Fund drive coming up shortly and also assist in the upcoming public immunization program.

Under Community Affairs, it was announced members should gather old ties and jewelry to be used for bingo prizes at the Samaritan Home. Also they will be making tray favors for Valentines day for the Samaritan. The club is planning on sending some gift packages to servicemen in Vietnam again this year.

The Ways and Means chairman announced the date for the combined rummage and bake sale as Saturday, March 29.

According to the Homelife chairman, the babysitting clinic is all set up and is scheduled for the second week of March.

The Fine Arts chairman gave some information on the Hallmark and Helen Muirs Art contest to be held for high school and 8th grade students respectively. The club will be working jointly with the Kewaskum Woman's club on the project.

Plans for the annual dinner dance were announced as well as the plans for the post-prom party which will be sponsored by the Kewaskum Jr. Woman's club and held on April 27. The GTO's from Milwaukee have been selected to play for this occasion.

The next meeting will be held

### R. Chase Re-Named Brotherhood Week County Chairman

Robert G. Chase, West Bend data processing manager for the West Bend Company, has been re-named Washington county chairman for the 1969 Brotherhood Week observance.

Chase's appointment was announced by Richard Klumb, who is Brotherhood Week chairman for Wisconsin's District 1, in which Washington county is located.

State Brotherhood Week chairman for 1969 is the Hon. Connor T. Hansen, Madison, justice of the Wisconsin Supreme Court. State vice-chairmen are: George A. Howden, Appleton; William C. Kahl, Madison; V. J. Lucareli, Kenosha; Maurice B. Pasch, Madison; the Honorable John W. Reynolds, Milwaukee, and Angus B. Rothwell, Madison.

This year, Brotherhood Week will be observed the week of Feb. 16-23. It has been sponsored annually since 1934 by the National Conference of Christians and Jews. The purposes of Brotherhood Week, as stated by the NCCJ, are: To give an opportunity to rededicate themselves as individuals to the basic ideals of respect for people and the human rights which are essential to our way of life; to dramatize the practical things which people can do to promote an understanding and realization of these ideals; to enlist the support of a large number of people in year-around activities to build brotherhood.

Commenting on his appointment, Chase said, "Too often the concept of Brotherhood Week is misused or misrepresented. No slogan, celebration or any observance in itself is going to get to

the roots of our social problems. However, they can be significant if used to take stock of ourselves, our attitudes and our community.

"The time has come when all of us should make a searching examination of what we need to do to make our state and nation a better and finer place for all of our citizens. Then, working the 51 weeks following Brotherhood Week, we should take the practical steps needed, marshalling our

vast resources to insure that each American citizen has a real opportunity to realize his potential as a human being. I urge each citizen of Washington county to join with me in making this 1969 observance of Brotherhood Week significant by determining what he can do in this year ahead to help preserve the integrity of our democratic heritage."

### IN MEMORIAM

In loving memory of our dear mother, Emilie Gessner, who passed away one year ago, Feb. 9, 1968:

Though her smile is gone  
And her hands we cannot touch,  
Still we have so many memories  
Of one we loved so much;

Her memory is our keepsake  
With which we'll never part,  
God has her in His keeping  
We have her in our hearts.

Sadly missed by her children,  
Edwin Gessner, Edna Reysen and

### THANK YOU

My sincere thanks for all the cards, gifts, flowers, visits and food offerings while I was a patient at the hospital and convalescing at home. These acts of kindness will always be remembered.

### Indians Blast Rams, 80-50

The Kewaskum Indians blasted tail end Random Lake here Friday night, 80-50, to maintain their three-way third place tie in the Scenic Moraine conference. It was the 10th straight defeat for the winless Rams, who are competing for the last year in the conference.

Kewaskum coach Walt Bade cleared his bench as he used all 14 players on his squad and watched his charges bury Random Lake under an 80-point avalanche. Still the Indians won by a 3-point margin. Kewaskum quickly took a one-sided 25-10 lead in the first quarter and outpointed the Rams in every period. The halftime score was 40-20 in the winners' favor.

This time out Mark Eichstedt sparked for the victorious Indians with his floor play and he led all scorers with 18 points. His brother, Sophomore Clark Eichstedt, is fifth in individual scoring in the conference with 161 points. Clark scored only 12 points Friday due to the fact that the regulars saw only limited action. Thiel paced Random Lake with 15 points and R. Cline had 12.

In other contests Friday leading Slinger won its 10th straight, clobbering Campbellsport, 115-65. North Fondy upset second place Grafton in overtime, 55-52, and Pewaukee romped over Germantown, 82-53.

It will be a different story tonight (Friday) when the Indians switch from the winless (0-10) team to the winningest (10-0) team in the loop. They will host leading Slinger, which can clinch at least a tie for the championship with a win.

### Lakes Team Is Upset By Port Washington

Kewaskum's entry in the Land o' Lakes league was upset by eighth place Port Washington there Sunday afternoon, 105-92. Port had a 1-7 record going into the game and the victory gave them a tie for seventh with Kewaskum.

The locals got off to a miserable start in the first quarter and the contest was lost in the very first period, in which Port bolted to a surprising 32-13 lead. After that Kewaskum played on even terms but was too far behind to close the gap. However, they did cut Port's margin to 13 points at the final horn.

Mike Coulter, the league's leading scorer, again had a fabulous afternoon for Kewaskum, scoring 33 points on 14 field goals and five free throws. But Bob Visacky of Port took high honors with 38 points to gain five points on Coulter. Visacky is second in scoring. Retzer chipped in 26 for the winners.

This Saturday night Kewaskum plays at West Bend against the fourth place Lithias, who now own a 5-3 record after losing to Menomonee Falls last weekend.

### GOP Women to Be Up-Dated on Schools

Up-to-date details of the new high schools being built in West Bend will be summarized at the meeting of the Washington County Federation of Republican Women on Tuesday, Feb. 11, at 1:30 p. m. in the county court house. Ben Russo, principal of the present West Bend High school, Cary Wright, director of curriculum and instruction, and Kenneth Huddleston, vocational coordinator, will make a team presentation.

Since the high schools are such an innovation in conception and design, the panel will review the financial details involved, the philosophy that has governed development, and the program that the schools will contain.

A business meeting will follow the program, at which time a by-law revision will be voted upon and a nominating committee will be elected.

## Teen-Age Volunteer Workers 'GO MOD' To Support March of Dimes Programs

Teen-age volunteers for the March of Dimes are following the lead of their national chairman, TV star Kathy Garver, as they "GO MOD" in a meaningful manner.

They work extremely hard to raise money for the March of Dimes (MOD) fight to prevent birth defects, and they work equally hard on the community service and education programs needed to win that fight.

For example, Teen Age Program (TAP) volunteers for the March of Dimes brought the good old summertime to handicapped children in Portsmouth, Va., this year.

TAPs in this southern city boosted a recreational project praised by Portsmouth Health Department and civic organization co-sponsors. Their unanimous verdict was that TAPs reached the children in a way that adults could not.

The Portsmouth teen-agers devoted the summer holidays to making summer as much fun for physically handicapped children as it is for boys and girls enjoying normal health.

Each TAP became a "buddy" to a particular youngster. They drove the children to and from the city park, where games and arts and crafts classes were set up for them. They played checkers, catch-ball games, held sing-alongs, read stories and helped their small charges romp through other specially planned activities.

The Portsmouth project was only one outlet for the thousands of March of Dimes TAPs who serve communities across the nation year-round. In cities, towns and rural centers they help to support the March of Dimes in its nationwide program to prevent birth defects. Since 1958, when the voluntary health organization redirected its energies and resources from the successful war on polio, it has established more than 100 Birth Defects Centers. The extensive March of Dimes program includes patient care, research, profes-

sional education and public health information programs.

Despite our nation's excellent health standards, a quarter of a million infants are born each year with physical or mental defects. As future parents, teen-agers have shown their concern for preventing these tragedies.

Community education ranks high with TAPs. Evidence of this is the growing attendance at Young Adult Conferences on Birth Defects sponsored during the year by the March of Dimes.

The organization's first national conference held at Brigham Young University, Provo, Utah, drew more than 300 TAP representatives from 48 states as well as delegates from 28 youth organizations and 17 adult organizations.

In October, the fourth annual Young Adult Conference on Birth Defects at Sargent College of Allied Professionals at Boston University, had a record attendance of 1,000 young people. The same month, 650 participated in a confer-

ence at Colby College in Waterville, Maine.

But TAPs do more than attend conferences. A whirlwind Miami, Fla. TAP, Maria Landry, 18, recruited teen-agers to renovate quarters for a local Birth Defects Center, spoke before youth groups about birth defects and helped the Northeast Miami Junior Women's Club and B'nai B'rith to sponsor county-wide youth conferences. She also arranged layette showers for needy mothers and enlisted more than 300 young people to serve as volunteers for non-professional duties at Jackson Memorial Hospital.

Susan Merritt, 18, of Colton, Calif., teen chairman of the March of Dimes San Bernardino County Chapter, was awarded a Junior Volunteer Service Award by the Mayor and City Council for her outstanding community service. Miss Merritt organized many successful education programs for young people and also helped raise more than \$10,000 for the March of Dimes.
