## Receive Education Association Scholarships

Dawn Schall

The recipients of the three Kewaskum Education Association scholarships were announced at graduation exercises on Friday, May 30. The money available was earned at a faculty-student basketball game and bake sale, held earlier this year. This is the fourth year that Kewaskum teachers have presented scholarships to deserving seniors.

Dawn Schall will receive the \$200 scholarship to be used at a college or university. She is the daughter of Mr. and Mrs. Daniel Schall, and there are seven children in her family. Dawn has been active in music during her high school years. Lead roles in "Oklahoma" and "Brigadoon" were part of her extra-curricular activities, plus this year Dawn received four firsts in Class A for choral work at the State Music Contest. An A rating at the State Forensic Contest was another accomplishment for her

Denise Schmidt

this spring. Dawn has been active also in the Newburg St. John's Lutheran Church choir. These interests in drama and music will be pursued when Dawn enrolls in a four-year college this fall.

Denise Schmidt, daughter of Mr. and Mrs. Lewis Schmidt, and Paul Gerard Stoffel, son of Mr. and Mrs. Alan Stoffel, will each receive \$100 scholarships to be used at vocational or technical schools.

Denise is from a family of six children. She hopes to become a registered nurse. In August, Denise plans to enroll in a four-year nursing program at Milwaukee County General Hospital. Her extra-curricular high school activities have included National Honor Society, Student Government, cheerleading and choral work. This year she received two firsts in Class A at the State Music Contest. Denise has also been active in 4-H, plus

Paul Stoffel

church work at St. Matthias Catholic Church of New Fane.

Paul Stoffel's family includes eight children, of which Paul and his twin brother are 1975 graduates. National Honor Society, CYO at Holy Trinity Church, working on his father's farm and photography have taken much of Paul's spare time. He did most of the photography for the 1975 yearbook and for the school newspaper, plus he has filmed many high school basketball games and wrestling matches. His plans in the fall will be to enroll at the Milwaukee Area Technical College in the two-year electronic communication course. Paul intends to specialize in the television area of cameras and recording.

The members of the Kewaskum Education Association were pleased to award their 1975 scholarships to these three deserving KHS graduates.

By Karen Schmidt  
The Kewaskum Village Board met on June 2 in regular session. The William Paschke tax case was again discussed. He was the former owner of an 8-family apartment building on Hwy. H. He is claiming a tax refund of \$1,800.00. The village received the smallest portion of the tax amount with the school district and Washington County receiving the rest. The school district and county have refused to refund their percentage of the tax, placing the burden of payment on the village. The board will authorize their attorney to proceed to defend the village position.

Class B liquor license applications from the following were approved: William Edwards, Milton Flynn, Robert Flynn, Lloyd Keller, Willard Lynn, Rose Kuehl, Marlin Schneider, Norbert Serwe, Robert G. Romaine Post. Class A licenses from the following were approved: Sylvester Keller and Michael Coulter.

The board will advertise for bids for new hose for the fire department, amounting approximately to \$3,000.00. Augie Bilgo was authorized to attend the Fire Chiefs Convention June 28-30.

Building permits for housing were approved: 2 for Ideal Subdivision, 1 for Schulz Subdivision and 1 for Z & R Subdivision. Two permits for patios were also approved.

A letter from Al Tennes of Ideal Subdivision was submitted and stated Ideal wants the village engineers (Arthur & Arthur Engineering Firm) to lay out and install curb and gutter on both sides of the street in the subdivision. Entire cost of the project will be paid for by Ideal.

The pool areas in the new park have been staked. After inspection by board members it was felt the pool should be restaked moving it to the east of the present staking.

The recreation committee authorized Tom Larsen, Recreation Director, to hire Scott Koth and Tom Rohlinger for recreation and general maintenance, Joy Zarling, Rick Zarling and Diane Strack for recreation and Scott Albers part time at the beach.

CONSUMER REPORT

6-9-75

We hear much today about excess profits in the food business. Like most things when done at the expense of the customer... it's wrong. On the other hand, making a profit is the only way to stay in business, reward people for work, pay expenses, property taxes, make improvements, etc. When you consider the food industry rarely makes more than 1% (One percent net profit) annually, we don't believe that's excess profits. And, we doubt any other business can make that statement honestly! Consumer confidence and satisfaction made possible through efficient operation, fair dealing, and honest values has made our success possible... Thanks to You!

## Hold Workshop to Plan Bicentennial Youth Debates

Representatives of Kewaskum High School were among 319 participants from 29 schools who attended a University of Wisconsin-Whitewater workshop in preparation for the federally-funded Bicentennial Youth Debates competition which will begin this fall.

Bicentennial Youth Debates is a program of the National Endowment for the Humanities and the national Speech Communication Association to involve young speakers in the Bicentennial. All interested students, not just those enrolled in forensics, are urged to take part.

The program provides for a contest in each of the country's high schools to select its best extemporaneous speaker, persuasive speaker, and one-man-team (Lincoln-Douglas style) debater. Local winners will go on to district competition, and top speaker in each category at district will go on to compete at regional with speakers from the seven other regions of the country. The top 24 speakers then will compete in a national contest.

Scholarships of \$1,000 are planned for sectional winners and of \$6,000 for regional winners. The awards are to be used for any educational purpose, including travel, and their use may be deferred.

To provide additional competition for the local contestants, the UW-Whitewater Robert C. Williams Alumni chapter of Pi Kappa Delta, national forensic honorary, is planning a tournament involving those contestants who do not advance to district af-

ter their own school contest, to be held at UW-Whitewater soon after all local contests have been completed. In addition, community service clubs, church, and civic organizations are expected to

**Kewaskum Statesman**

incorporate the young speakers in their programming throughout the Bicentennial year.

# If Your Employer Doesn't Offer You A Pension Plan, Now West Bend Savings Will.

## THE INDIVIDUAL RETIREMENT ACCOUNT

With an Individual Retirement Account (IRA) at West Bend Savings you can plan your own retirement fund.

It's designed for people who are not covered by a pension plan where they work. Or self-employed people not in a Keogh Plan.

## YOU'LL GET A TAX BREAK, TOO.

You can contribute up to 15% of your wages, as much as \$1,500 a year, to your account. Every penny is tax deductible whether you itemize on your income tax return or not.

And you don't pay any tax on the interest your account earns. Your deposits are invested in the Insured West Bend Savings plan that will give you the maximum in earnings.

Your retirement fund will continue to grow on a tax sheltered basis until payments start . . . as early as age 59½ or as late as age 70½.

## COMPARE THE RESULTS

The chart below illustrates how much higher your return will be if you have an IRA Account instead of a taxable account.

End of Year	IRA	Taxable Account
1	\$ 1,500	\$ 1,125
5	\$ 8,577	\$ 6,221
10	\$ 20,448	\$14,174
20	\$ 59,615	\$37,343
30	\$134,636	\$75,213

Our chart assumes you're in the 25% tax bracket and want to save \$1,500 annually at 6½%. (Higher rates are available)

With IRA the full \$1,500 (no tax) is deposited and interest accumulates tax free.

## NO COST TO YOU

Unlike many other retirement account plans there are no management fees or charges for starting or adding to your West Bend Savings Individual Retirement Account.

## IF YOU'RE AN EMPLOYER

If you don't have a pension plan for your employees, they can have the benefit of a pension plan without costing you a penny.

Just ask about a West Bend Savings payroll savings plan for IRA accounts.

## GET THE DETAILS.

If you're on your own in planning a retirement fund, return our coupon and we'll send you all the information you need to get started. Or better yet, call or stop by one of our offices for details.

We'll show you how to sign up for IRA right away. Because we're here to help you take care of you.

## Local Driver 7th in School Bus Rodeo

Janice Mettekoven, Kaukauna, has been announced winner of the third annual Wisconsin School Bus Rodeo held recently at Wisconsin Dells. Mrs. Mettekoven, who regularly drives a 60-passenger bus for the Kaukauna Bus company, topped a field of 203 contestants.

Other winners included: 7th place, Marion Berres, Ke-

waskum, 11½ years experience, a driver for the Johnson Bus Service.

Participants were judged in four areas of competition: a written exam, personal in-

terview by State Patrol officials, field course driving and a "circle of safety" physical inspection of the driver's vehicle.

## DANDELIONS need never embarrass you again

Which of us has not experienced the frustration and the embarrassment of that most conspicuous weed, the dandelion. Its yellow blossom marks us as the keeper of an inferior lawn; its white tassles brand us as a bad neighbor. Golf Brand Triple Tonic is perhaps the finest cure available. It is the perfect fortifier of grass, killer of dandelions and other loathsome weeds, and supplier of that basic element, iron.

# BE EER RESPONSIBLE

Not all air conditioners are alike. So if you must buy one, look for one with an EER of 8 or above.

You'll keep your cool, save electricity, even save money on your electric bill.

An air conditioner's EER (energy efficiency ratio) tells how much—or how little—electricity it uses. We recommend an EER number of 8 or above.

EER is to air conditioners what miles per gallon is to your car. Miles per gallon tells you how far a car will go on the gasoline it burns...and EER tells you how much cooling an air conditioner will provide for

the electricity it uses. All air conditioners are not the same, and EER is the information you need to determine which ones operate efficiently.

So if you're looking at new air conditioners—or if you'd like to check your present one—look for the EER number. If

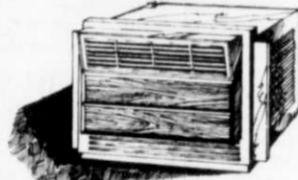

MODEL NUMBER PDS712AF		
VOLTS 115	CYCLE 60	PHASE 1
COOLING BTU/HR 8000	AMPS 9.0	WATTS 1000

$\frac{8.0 \text{ EER}}{1000 / 8000 \text{ BTUs}} = 8.0 \text{ EER}$

it's not posted, just divide the watts into the BTU's required for your cooling. Look at the metal plate for this information.

Your appliance dealer can also help.

Just remember, the higher the EER number, the more efficient the air conditioner. And more efficient air conditioners can help reduce the high summertime demand for

electricity...help conserve our natural resources...even postpone building new power plants, which could benefit all of us.

**WE** Wisconsin Electric POWER COMPANY
