## Bicentennial Pageant Well Received

Those who did not attend the Bicentennial Pageant held last Thursday at the Kewaskum High School auditorium missed a fine production put on by the Kewaskum Junior and Senior Women's Clubs.

The pageant showed some scenes out of Kewaskum's past as they actually may have happened, using dialog and still life scenes to help bring their message across to the audience. Following an opening address by Village President Charles Miller, the program was narrated by Gary Gerhartz, a music teacher at the elementary school.

Comic relief was provided by August Bilgo, Sr., who was dressed as a member of the Endlich family near Theresa, when he "found" the Endlich diamond once again. Members of the Kewaskum Fire Department demonstrated how not to rescue a victim

from a burning outhouse, but luckily they are not required to perform many during the course of a month.

Other groups who assisted were the color guard from the Legion, and the jazz band under the direction of Larry Ammel. Dan Meilahn was on hand to unveil his painting of Chief Kewaskum for the first time, which he painted as a Bicentennial project for the village. The Curtis Prescott family of rural Kewaskum assisted by playing the roles of a band of Potawatomi Indians, who once inhabited this area. The Prescotts are members of the Winnebago Indian tribe. Curtis and his wife Edith sat around a make-believe campfire with their children, Kelly, Tracy and Kunu.

Historic events that were included were the coming of the railroad and the Old Fond

du Lac Road, now Hwy. 45, growth of the school from a one-room building to the present, the beginnings of each of the churches that are still here or once were, a tribute to the role of pioneer women, the early history of some of the larger businesses found here, and an ethnic dance, done to German music. Also included was a salute to the men who gave their lives in the service of their country, with the help of the color guard.

The production was headed by Gloria Rodenkirch and Mary Miller and has been planned for over a year. The Kewaskum Village Board recognized it as an official Bicentennial activity as a part of their proclaimed "Bicentennial Week."

## Firemen's Picnic Another Success

The annual Kewaskum Firemen's and Rescue Squad picnic Sunday was another huge success with the gross receipts surpassing those of last year, despite temperatures in the mid-90's which cooled off in the evening.

Thousands of people participated in the festivities, lining the streets for another fine parade and enjoying the picnic. The parade featured a number of drum and bugle corps, bands and other musical organizations, beautiful floats, drill teams, baton twirlers, race cars, Indians, comic entries, children's specialties, ancient cars, horseback riders, visiting firemen, Little Leaguers and many other units.

Following the parade, drum and bugle corps performed in the park. Music in the beer garden by the Bob Kuether and Joe Karman bands was supplied during the afternoon and evening. At 6:30 water fights were held with 11 neighboring firemen's teams competing. Lomira was the winner with Kohlsville second and Silver Creek third. Other teams participating were Fillmore, Batavia, Campbellsport, Allenton, Boltonville, Random Lake, New-

burg and Beechwood.

The theme for the floats in the parade was "Spirit of '76." Prize winners in the adult and organization floats were: 1. Farmco F. S., \$100; 2. Beechwood Auxiliary, \$60; 3. Regal Ware, \$40; 4. Kewaskum Historical Society, \$20. Kiddie entries: 1. Betsy Ross (Doreen Jacobs and Mitch Zimmel) \$12; 2. Trust in God (winners unknown as they did not pick up their prize. They may do so by contacting Ron Amerling), \$8; 3. Little boy pedaling tractor (Mike Yahr), \$6; 4. Kids on pony cart (Ralph Trapp kids), \$4; 5. Boston Tea Party (John Rimmel), \$2.

The hamburger stand was completely sold out of over 900 pounds to say nothing of the hundreds of pounds of bratwurst and hot dogs consumed. Seventy some half barrels of beer were emptied plus the huge amount of soda and ice cream, due to the extremely hot weather.

Winners of the many cash and merchandise prizes will be announced at a later date. The committee in charge wishes to thank everyone who helped make the event a success.

## Local Nursing Student Capped

Capping of School of Nursing students traditionally marks the end of the exclusively academic phase of their training and the beginning of the clinical phase. Fifty-four junior class students of Mercy Medical Center's School of Nursing, Oshkosh, were capped during ceremonies on Sunday. The students, who have completed the first of three years in the program, received recognition at 1:00 p. m. on Sunday, July 11, in the hospital conference center.

Students receiving their nursing caps or pins included Patricia Holzmann, daughter of Mr. and Mrs. Alfred W. Holzmann, 1228 Roseland Drive, Kewaskum.

## Fin-N-Feather Has New Owners

Mr. and Mrs. Doug Christensen and family of Florida, son-in-law and daughter of Mr. and Mrs. Robert Hatch, are the new owners of the Fin-n-Feather Supper Club at New Prospect, R. 2, Campbellsport, as of July 1. Christensen, an air pilot, formerly of California, had been transferred to Florida where they made their home the past four years.

"Tudy" and "Beaty" Hatch, who operated the Fin-n-Feather for the last 11 years, have moved into their home across the street. They will continue to help the new owners for a time.

The Hatches wish to thank all their customers and friends who have patronized them all these years and invite you to come and get acquainted with the new owners.

## Caution Urged at Beach

Due to certain incidents and the possibility of future accidents around the rocks on the east bank of the swimming area, parents and children are once again advised that extreme caution should be used when entering or exiting the water. Diving and running dives by younger children, novice swimmers, or by those less coordinated will be discouraged by guards. The practice of diving

off certain "diving rocks" is presently still allowed, but may have to be discontinued if children are not more careful. Prospective divers should check with the guards as to the proper place to dive — the bottom is periodically checked for large stones — and should avoid long running dives.

In general, swimmers are to be commended for avoiding the dam area and for not

jumping or diving off of it. However, a reminder seems necessary for some that no person is to engage in swimming activities near the dam. This is dangerous for anyone at any age and especially for younger inexperienced swimmers. Guards will discourage these actions and offenders will be expelled from the beach area for a period of at least 1 week.

## Notice to Krazy Daze Advertisers

## Note of Thanks

The grief and sorrow we experienced over the death of our dear son and brother, Bill, was lightened by the kindness and concern expressed by his many friends. We wish to offer special thanks to Father Kemmer, Twohig Furniture, Campbellsport Ambulance Crew, the active and honorary pallbearers, the class of '77, the C.Y.O. and the C.Y.O. choir, the news media, the drivers, people donating food, the women in the church kitchen, and all the relatives and friends who knew and loved Bill.

We pay our respects to Bill in publishing The Baptism, which was read so well by Larry Pesch at the funeral.

### THE BAPTISM

And he climbed high on the cliffs above the sea and stripped bare his shoulders and raised his arms to the water, crying: "I am a man. I live and breathe and bleed as a man. Give me my freedom so that I might dance naked in the moonlight and laugh with the stars as they play amongst the darkness in the sky and roll in the grass and drink the warmth of the sun and feel it sweet within my body. Give me my freedom so that I might fly.

But the armies of the sea continued to war with the beach and the wind raced through the giants of stones which guard the coast and its howl mocked its cries and the man fell to his knees and wept. Then he rose and journeyed down the mountain to the valley and came upon a village. When the people saw him they scorned him for his naked shoulders and wild eyes and again he cried: "I

am a man and I seek the means of my freedom." But the people laughed at him, saying, "We see no chains on your arms, no weight on your feet. Go! You are free. Fly! Fly! Fly!" And they called him mad and drove him from their village. His soul wept, for it knew the weight of chains, and tears fell like tiny stones into the well of his loneliness, and his heart was empty as a giant hall is empty after a feast. And the man journeyed on until he came to the banks of a stream and his eyes, red as the gladiator's sword, strained, for he saw an image dance across the stillness of that water and he recognized the figure though his eyes were now sunken with hunger and skin drawn tight around his body and he stood fixed above the water's edge and began to weep, not from sorrow but from joy, for he saw beauty in the water and he removed his clothing and stood naked before the world and he rose to his full height and smiled as the sun kissed his body and he moved to meet with the figure in the water and the stream made love to his body, and his soul cried with the ecstasy of being one, and he sent the water flying up like a shower of diamonds to the sky, and he laughed for he felt the strength of the stream flowing through his veins, and he cried: "I am a man" and the majesty of his voice echoed off the mountaintops and was heard above the roar of the sea and the howl of the wind, and he was free.

Mr. & Mrs. Ralph Strassburg and family

## Milk, Teacher Contracts OK'd By School Board

The Kewaskum Board of Education ran through a routine meeting Monday evening, and agreed to meet again following the Annual Meeting on July 36.

Discussion of the request by George Eggert to purchase a small strip of land from the district was tabled pending further information. The approval of administrator contracts for principals was delayed until the July 26 meeting when Byron Gessner and Rich Theusch indicated they wished to review a couple of questions in closed session.

Milk and oil bids were opened. John Engelhardt was awarded the milk contract with a bid of 8.99c per carton. The cost will go up .05c per carton with every 10c per hundred weight increase in milk prices. Small increases are also included in carton prices or wage increases over a certain amount. The only other bid came from Cedarburg Dairy. The quote was 9.6c per carton with an escalator formula of .03c per carton for every 5c per hundred weight increase in the cost of milk.

Fuel oil bids were opened but were not acted on pending the receipt of further information.

Two teacher contracts were approved. A contract was approved for Alan Gatzke for the position at Beechwood, replacing Dan Miller. Gatzke is a beginning teacher, and graduated from the University of Wisconsin-Milwaukee. Gail Filzen graduated from University of Wisconsin-LaCrosse, and will teach physical education and health at the Middle School. She resides in West Bend and has done substitute teaching in Kewaskum.

The board adjourned to closed session just before 9 p. m. to discuss administrator salaries and salaries of other professional personnel.

Harold H. Schneider, 8340 Prospect Rd., and Robert B. Secor, 1856 Scenic Dr., Kewaskum, were among 551 runners in the 10,000 meter run sponsored in Milwaukee on July 4 by the Northwestern Mutual Life Insurance Co., Milwaukee.

Schneider placed 260th in the men's open classification, while Secor placed 72nd in the boys' 17 and under.

Runners ranged in age from 6 to 63 and came from more than 20 states.

The 6.2 mile road race which began and ended at NML's Milwaukee lakefront home office was won in 29:04.50 by Frank Shorter of Boulder, Colo., who was the 1972 Olympic marathon gold winner and who will compete in the Montreal Olympics.

Race starter and banquet speaker was Billy Mills, who in 1964 became the only American ever to win the Olympic 10,000 meter run and who is now an NML agent in Sacramento, Cal.

Finishing second and third were two other Olympic-bound athletes, Neil Cusack of Limerick, Ireland, who will represent Ireland in the Montreal games, and Lucian Rosa, track standout from UW-Parkside, Kenosha, who will represent Sri Lanka (formerly Ceylon). Rosa was the winner of the first Kewaskum Lions Club "Kettle 20" run.

Placing first among women was Kim Merritt from Racine, who was women's Boston marathon winner in 1976.

## Playground Talent Show, Tournaments

The playground program is beginning to wind down into the final weeks of activity.

This past Saturday, a group of Kewaskum children saw the Brewers defeat the Texas Rangers at Milwaukee County Stadium.

The featured event for the week will be a talent show on Friday, July 16. The show will be held by the elementary school beginning at 1:30. Any children wishing to perform are welcome, as are all spectators.

Parents are also reminded that softball games are still held each afternoon from 1 - 2:30, Monday - Thursday. It is hoped that they will encourage their children to participate in this program.

Next week the playground will feature tournaments, events such as checkers, chess and volleyball. Ribbons will be awarded for winners of the various categories.

## Lintner to Run for Assembly in 6th

Earl Lintner

Earl Lintner, Chilton announced today that he is a candidate for the 6th Assembly District. Lintner told supporters that he is running because "the nearly 2/3 majority of Democrats in the State Assembly makes the incumbent Democrats unresponsive to the needs of the working man and the farmer." Lintner further stated that he "favors drastic state budget cutting to reduce the size of the state bureaucracy and to free state resources for new ideas."

The 6th Assembly seat is now occupied by State Rep. Gervase Hephner, a five-term Democrat from Chilton. The district includes Kewaskum and Campbellsport and runs northward along the east side of Lake Winnebago.

Lintner's background and experience, first as a machinist and member of Local 248 CIO at Allis Chalmers, foreman at Giddings & Lewis, and later as a farmer, enables him to understand problems that plague the worker, the farmer and the businessman. Lintner has held leadership roles in farm organizations, community development, and school affairs. Lintner received the Calumet County Farmer of the Year Award in 1971, the Calumet County Community Service Award in

1974, and was Vice-Chairman of the Vocational-Agriculture Advisory Board at Fox Valley Technical Institute.

Lintner, Chairman of the Calumet County Republican Party, challenges the Democratic incumbent, Gervase Hephner. Lintner states, "It has been proven that massive government spending cannot

solve social problems." Lintner feels that, "we need to elect someone who is willing to take a positive stand for the people of the 6th Assembly District. When elected to the Assembly, I will take that positive stand for the working man, the farmer, and the businessman, who are burdened by income redistribution taxation."

# THE BELGIUM/CEDAR GROVE EXPERIMENT.

## It could help minimize future electric bills.

500 residents of the villages of Belgium and Cedar Grove, Wisconsin, are helping us test a special project to reduce the amount of electricity being used during peak periods (those times of the day when electricity use is at its highest level). It holds promise of helping to make more efficient use of energy facilities and to minimize future increases in the cost of electricity.

Here's how the program works: Special equipment is connected to the water heaters of customers who agree to participate. During the peak period of electricity use, electric power to the customer's water heater is turned off for a brief time, then back on.

Customers should still have all the hot water they need. And the water heater control doesn't affect the electricity used anywhere else in the house.

Depending on the results of this experiment, the water heater control program may be made available to all

customers with electric water heaters. This is just one of several projects Wisconsin Electric is working on to reduce that costly daytime peak load and minimize future increases in the cost of electricity.

### Some things all of us can do to help hold down those costly daytime peaks.

- Set back the temperature on your water heater to 140°. This is adequate for normal household uses.
- Hold off doing your clothes washing and dish washing until the evening hours, as late as possible.
- Do only full loads in your clothes washer and dishwasher.
- Whenever appropriate, use only cold or warm water settings on your clothes washer.
- Take showers instead of baths and try to schedule them for late evening or early morning hours.

These wise tips can help save you money now—and help keep future increases in the cost of electricity to a minimum.

## Indians Lose Four Ball Games Including One-Hitter by Tessar

Kewaskum's Indians hosted Greendale in a non-conference game last Wednesday night and were defeated, 11-6. There were 18 walks in the marathon.

Leon Laatsch could pitch only 4 innings as he had worked 3 Tuesday night. The Indians jumped off to a 4-0 lead in the 1st inning but Laatsch ran into trouble in the 2nd. After he filled the bases, Norlander hit a grand slam home run to tie it at 4-4.

Greendale picked up 3 runs in the 4th and 5th and 1 more in the 6th off junior Jim Donath. Normally a shortstop, this was Donath's first try at the mound. With 3 games in 3 days, Coach Jim Westphal saved his regular pitchers for conference contests.

Graham, Norlander and Vuksanovk each got 2 of Greendale's 9 hits. The Indians' 4 hits were divided.

For 6 innings here Monday night sophomore Mark Tessar was sailing along with a no-hitter but Pewaukee came through with 2 runs in the 7th to win 2-1.

For 5 innings there was no scoring and then the Indians got on the board with a run in the bottom of the 6th on Donath's single, a passed ball, ground out and Tessar's single. This appeared to be the game winning run but Lawrence opened up the 7th with a triple for Pewaukee's

only hit. Then a couple of errors and a sacrifice fly allowed 2 runs to score. It was a heartbreaker for Tessar, who struck out 14 batters. The Indians fought back in the last inning, getting runners on 2nd and 3rd, but couldn't come up with a hit.

The Indians lost another tough one at Kettle Moraine Tuesday night, 8-7. They were leading, 7-5, going into the last of the 7th, when Kettle rallied for 3 runs to win.

Tessar's 2-run single in the 1st inning paced Kewaskum to a 3-0 lead. Kettle came back with 2 in the 2nd and each team scored 1 in the 3rd. The Indians tallied 1 more in the 4th and the Lasers 2 to tie it up. Then Kewaskum came through with 2 big runs in the 7th which appeared to be the game winner but Kettle came back with 3 to pull out a victory on Mike Houk's hit with the bases loaded.

Each team had 10 hits and 5 errors with Laatsch taking the loss. Leon also had 3 hits, including a triple. Brenholt got 2. Houk had 3 for Kettle and Whitney 2.

The loss left the Indians with a 4-6 mark and pretty well took care of their title hopes. Wednesday night they hosted Slinger in a make up game for their 3rd contest on successive nights.

## Eighth Softball Diamond Completed

Tom Larsen, director of the summer recreation program, announced completion of Kewaskum's eighth softball diamond this week. It is located east of the high school, and can be used for baseball or softball as the need arises.

The diamond was a joint effort between the school and the village, since the fill that was necessary to complete it was brought in by the village, and the actual diamond itself is located on school property. The backstop was provided by the school, and it will be maintained by the summer recrea-

tion program, which is run by the village.

There is a possibility that the junior varsity baseball team will use it next season, so that they and the varsity can play simultaneously, saving time. During the spring and the fall, the high school physical education department will use it for classes during the day.

A total of 700 people use the diamonds during the summer months in almost a dozen different leagues, and special groups often use them on occasion. Gene Muench, who was the engineer for the pro-

ject, also manages two of the leagues, the Traveling Little League and the Pony League. Two more diamonds are planned for the new park when it is ready, both of which will be lighted, bringing the number of lighted diamonds to four, two which can be used for hardball.
