## Volunteers Plant Trees For Park's Future

By Anne Trautner

About 30 volunteers planted new trees at Long Lake Recreation Area on Saturday, May 4.

The trees are replacing some of the trees that have been lost. Ash trees have been dying out due to the emerald ash borer. Then last August, storms hit the area, wiping out numerous trees in the state park.

There were adult volunteers from across the area helping to plant trees. There was a Girl Scout Troop with members from Lomira, Mayville and Brownsville. There was a teen from Kewaskum. And there were families with young children.

Many of the volunteers had never met before. But they were all united by one cause: to restore trees at the park.

"This is a good thing

for people to volunteer to help with," said Mary Beth Eilbes, a volunteer from Lomira. "If more people help, we can make it a better world. Look at how many people enjoy Long Lake."

Most of the volunteers were not tree experts, so park employees explained how to plant trees as they worked.

"It was very educational," Eilbes said. "They taught us how to plant the trees efficiently. You don't have to be super strong; you just have to have it in your heart."

That was the case for Lisa Bolek, a 15-year-old freshman at Kewaskum High School. Lisa read about the project at the Ice Age Center and decided right away that it was something she wanted to do. She came on her own to help.

## Cabaret To Be Performed In KHS Courtyard

By Anne Trautner

For the first time, the new courtyard located between Kewaskum Middle School and Kewaskum High School will be the venue for a concert this weekend. It also will be the first time Kewaskum High School students have presented a cabaret.

"It is a brand new thing we are trying this year," said Lindsay Dahlberg, who is co-directing the show with her husband, Andrew Dahlberg.

KHS students will provide an evening of song and dance centered around the themes of figuring out who you are and learning to be true to yourself.

The performances will

be held this Friday, May 10, and Saturday, May 11, at 7 p.m.

Attendees should dress for the weather and bring a lawn chair or blanket for sitting outside. In case of rain, the event will be held in the KHS Theater.

There is no admission fee. Freewill donations will be accepted at the door.

"We picked songs around the theme of 'Being Yourself' or 'Finding Yourself' because so many students have issues like that in high school," Lindsay Dahlberg said. "Some of the songs are about people who are trying to find who they are and be comfortable and confident in that, and some

are about people who have already committed to being themselves and are inspiring others to do that." The show is made up primarily of music theater songs. Some of the

are about people who have already committed to being themselves and are inspiring others to do that." The show is made up primarily of music theater songs. Some of the

pieces are songs that students had learned for the solo-ensemble festival or for auditions, but most of music is new to the students.

"Even if the music isn't new, all of their choreog-

raphy and people they are performing it with is new, so they put it altogether just for this cabaret," Lindsay Dahlberg explained.

The Dahlbergs decided to do the cabaret

in the spring to help students stay connected with musicals throughout the year.

# Here to help you navigate your health

## Map Out Your Health Care Needs With Our Primary Care Team

One of the best ways to take advantage of all of the expertise and resources our leading academic health network offers is to establish a relationship with a primary care team.

Your primary care team is your partner in health, helping you navigate the health care system and get the right care at the right time. You can count on your primary care team for:

- **Smart, Personalized Care** — Knowing your health history, tailoring treatment specifically to you and helping you make the right choices.
- **Preventive Care** — Making sure you get appropriate screenings and tests to stay healthy and spot health concerns before they escalate.
- **Coordinated Care** — Ensuring the treatments, medications and care you receive work together to meet all your health needs and providing coordinated access to specialists when you need it.
- **Ongoing Care** — Helping you meet health goals or manage a chronic condition, keeping you on track to be as healthy as possible.

Daytime, early morning, weeknight and weekend appointments are available. And, with more than 35 locations in our network, you'll find a provider who practices close to your home or work.

## Your Primary Care Team in Kewaskum:

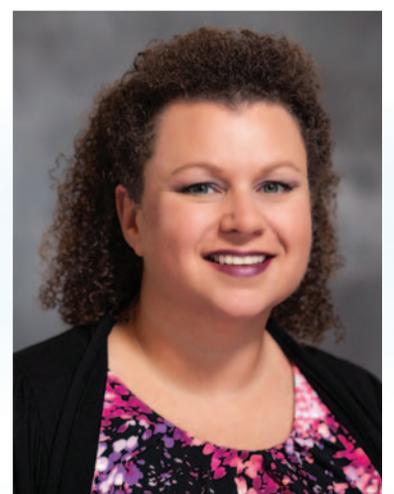

Tricia Lorenz, DO

Gary Preisler, DO

Jennifer Nogalski, APNP

Carrie Rothering, APNP

**Kewaskum Health Center, 1701 Fond du Lac Ave., Kewaskum, WI 53040**

Choose from our group of providers by viewing videos and profiles at [froedtert.com/primary-care](http://froedtert.com/primary-care) or calling **1-800-DOCTORS**.

# Law Enforcement Memorial Service To Be Held Thursday, May 16

The public is invited to the Washington County Agencies Law Enforcement Memorial Service that will be held on Thursday, May 16, at 7 p.m. The indoor service will be held in the Pavilion at the Washington County Fairgrounds. The service is being held in honor of those

who have died in the line of duty and is dedicated to those who live and serve the community.

To get to the Washington County Fairgrounds from U.S. Highway 45, exit on County Highway PV (Pleasant Valley Road) East.

# Sheboygan County Sheriff's Office Reports

## Vehicle Crash

On May 3, at about 5:29 p.m., the Sheboygan County Emergency Dispatch Center received a report of a single vehicle crash at 4723 Superior Ave. in the Town of Sheboygan. Upon officers' arrival, the driver and sole occupant was injured inside the vehicle. Investigation of the crash revealed the

vehicle had been on Superior Avenue and turned onto a private driveway and sped down the driveway, striking a parked vehicle. The operator was arrested for OWI.

Agencies assisting at the scene included the Town of Sheboygan Fire Department, Orange Cross Ambulance Service, and Flight for Life.

# Coffee With The Chief

Join Kewaskum Police Chief Tom Bishop for some coffee and conversation at The Coffee Corner Bistro on Friday, May 17, at 8 a.m.

Chief Bishop will be joined by our local state representatives in the Wisconsin State Legislature: State Assembly

Rep. Timothy Ramthun (confirmed) and State Sen. Dudy Stroebel (invited).

This is an opportunity to have a comprehensive conversation about issues that are of concern to you, or to just have a cup of coffee with the local leaders.

# XYZ Card Results

The winners of cards played at the Municipal Building Annex on Wednesday, April 24, were: Dolores Mielke, Bonnie Stoltzmann, Marian Herriges, Tom Kissinger, Gordon Held,

Darceal Jordan, Judy Lickman and Ralph Chapman.

New members are always welcome. Cards are played from 8 - 11:15 a.m. every Wednesday.

# Washington County's Most Wanted

The Washington County Sheriff's Department is seeking:

**Name:** Jason Matthew Nieskes  
**Age:** 43  
**Race:** White  
**Sex:** Male  
**Height:** 6'00" **Weight:** 200  
**Hair:** Brown **Eyes:** Blue  
**Last Known Address:** West Bend

**Warrant Entry Date:** 05/06/2019  
**Wanted for #1 -** Washington County Sheriff - Violate harassment restraining order, warrant  
**#2 Department of Community Corrections -** Probation violation.

Anyone with information on this person's whereabouts should call the Washington County Sheriff's Department at 262-335-4411 or Washington County Law Enforcement Tip Line at 800-232-0594. Residents should not attempt to apprehend this suspect.

# Jim Silbernagel Hosts Symposium

Jim Silbernagel, top financial advisor at Real Wealth Marketing in Kewaskum, hosted a symposium held recently in Madison for financial and insurance professionals.

More than 100 professionals from across the country attended the event to learn how to be better advisors to their clients. In addition to hosting the entire event, Silbernagel presented and served on a panel.

Silbernagel is a financial advisor and has been in the industry for over 30 years now. He is a top producer, having been nominated for the top 1 percent of the nation's elite financial advisor group 17 years now. He and his company, Real Wealth Marketing, hosted a conference for Financial Advisors last week where advisors learned from some of the top advisors and experts in the industry.

There were 10 speakers, some of whom are international speakers, some who are authors, and some who are simply top advisors in their field of expertise. The speaker lineup was as follows: Tom Hegna, Curtis Cloke, Harlan Accola, Ruth Driscoll, Scott Bushkie, Sam Richter, David McKnight, Don Quante, Van Mueller and Jim Silbernagel.

From these speakers, advisors got a chance to learn about and stay up to date on topics ranging from Long Term Care and Reverse Mortgages to Social Security and Retirement. David McK-

night, one of the presenters, recently came out with a documentary called "The Power of Zero: The Tax Train is Coming." His movie producer, Doug Orchard, was also in attendance and got to speak a little bit about the documentary.

The purpose of this symposium was truly to prep advisors across the country and equip them with fresh knowledge so that they can better serve their clients.

The symposium was a full two-day event kicked off by a tailgate party Monday night, where everyone wore their favorite sports jersey and there was a Wisconsin-themed cook out of brats and burgers.

There were 111 attendees in total, which included advisors from all

across the nation. Many flew out from California, Texas, Georgia, and all along the east coast. It was held at the Fairway Reverse Mortgage Corporation in Madison. It is one of their headquarters and is a brand new building.

This was our inaugural event and it was a huge success. We already have people signed up for next years, which will be held in Madison, again in May of 2020. Based on the feedback and success, Silbernagel plans to host an event with different speakers every single year. The Silbernagel Group had advisors come to them crying, saying they appreciated this opportunity and felt refreshed, ready to go back and help better serve their clients.

Real Wealth Marketing is Silbernagel's company, and is truly his give-back, passion project. It is a marketing program that financial advisors can leverage to educate, motivate and inspire Americans to make smart decisions with their money. The company creates a financial podcast show that is educational in nature and helps individuals navigate through tricky and complicated financial decisions. Advisors can access this podcast and send it to their clients, making sure they are educated and talking to them before making decisions on their own.

Anyone who is interested in hearing this podcast, can go to [www.realwealthmedia.com](http://www.realwealthmedia.com) and subscribe.

Jim Silbernagel of Real Wealth Marketing hosts a conference in Madison last week. Financial advisors from across the country attended the informative event.

## OBITUARIES

Leonard A. Malvick

Leonard "Lenny" A. Malvick, 76, of West Bend passed away peacefully on Wednesday, May 1, 2019 at St. Joseph's Hospital, West Bend after a courageous battle with kidney disease.

He was born on March 7, 1943 to the late Ingvald "Mel" and Agnes (nee Jensen) Malvick in Milwaukee.

He graduated from Custer High School. Len honorably served in the United States Army and was stationed at Fort Ord in California for three years. He continued his military service with the National Guard for five years stationed at Fort Knox in Kentucky, Oklahoma, and at Fort McCoy in Wisconsin. Len received his Associates Degree at Moraine Park for Mechanical Repair.

On June 3, 1967 he was united in marriage to Nancy Lord at North Presbyterian Church in Milwaukee. He was a Quality Control Inspector for Harley Davidson building motorcycles, worked at Kearney and Trekker handling huge steel machinery, and at Super Steel building large passenger trains that were shipped overseas. Len was regarded highly within his field of inspectors.

Len traveled throughout the United States, Disney World to see Alison, and trips to Canada. He enjoyed fishing with his boat, family camping, western novels, polka music, and his fix it shop, he could catch you off guard with one of his jokes. He neglected the GPS and did a lot of trips with dead end streets, which ended up on the funny side giving him the nickname, Dead End Len.

Living in the country for a while there he raised chickens, chopped and burned wood, raised organic gardens, and built sheds and chicken coops.

In retirement Len worked part-time at St. Joseph's Hospital for 15 years, Johnson Bus for several years, West Bend Taxi, and helped with the family run day care. He kept in touch with extended family and loved his Danish and Norwegian heritage. If he set his mind to it, it usually happened. He will be missed by all who knew him.

Sweetheart, you can rest now knowing your girls can take it from here, with love Nancy, Alison and Blythe.

Those Len leaves behind to cherish his memory includes his loving wife, Nancy Marion (nee Lord) Malvick; his two girls, Alison Malvick and Blythe Malvick; his three sisters, Shirley Lebanksy, Betty Partaker, and Gladys Krygiel; two brothers-in-law, Kenneth Lord and Robert (Ann) Lord; a sister-in-law, Barbara (George) Deverse; many nieces, nephews, other relatives and friends.

In addition to his parents, he is preceded in death by his brother, Jerry (Karen) Malvick; his father- and mother-in-law, George Carlton Lord and Muriel (nee Johnson) Lord; four brothers-in-law, Ron Lebanksy, Wally Partaker, Dick Krygiel, and Carl Lord; and sister-in-law, Carolyn Lord.

The family will greet relatives and friends at Myrhum Patten Miller & Kietzer Funeral Home on Saturday, May 11, 2019 from 10 a.m. until 12 p.m.

A funeral service in remembrance of Len with military honors will be held on Saturday, May 11, 2019 at 12 p.m. at the Myrhum Patten Miller & Kietzer Funeral Home, 1315 W. Washington St., West Bend.

The family would like to thank the nurses and staff at the ICU at St. Joseph's Hospital, St. Jacobi Church in Germantown, Interfaith Care Givers, Purity Dialysis Center in Menomonee Falls, Drs. Lisa Rich, Dr. Jason Revolinski, Dr.

Peter Langenstroer, Dr. Cristino Canga III, Paul Burger P.A. and fellow Nurses and Staff at Froedtert Medical College of Wisconsin and Townhall Health center, Dr. Andrew Stopczynski, Care Wisconsin. Jackie and Mary, Habitat for Humanity, and family and friends for all their help and care.

The internment will occur at a later date with family at Boltonville Union Cemetery.

The Myrhum Patten Miller & Kietzer Funeral Homes have been entrusted with Len's arrangements. Additional information and guest book may be found at [www.myrhum-patten.com](http://www.myrhum-patten.com)

John R. Siegl

John (Jack) Roman Siegl, 89, rural Plymouth, passed away peacefully on May 4, 2019 at Gables on the Pond in Random Lake surrounded by family.

He was born on October 30, 1929 in Sheboygan to Carl and Lenore (Katte) Siegl.

Jack attended Sheboygan schools. He worked at Cliquenois Auto Body and started a sandblasting and scuba diving business. He also was a lifeguard at the Sheboygan quarry where he met his future wife, Carol Schroeder. They were married February 8, 1958 at St. Dominic Catholic Church in Sheboygan. After their marriage they moved to Plymouth, where together they started Siegl Services, a pump business, and Jack soon became known as "Jack the Pump Man."

Jack loved being on Lake Michigan and traveling with his family on his beloved boat, "Siegl's Nest." Being the adventurous spirit he was, his cruising took him across Lake Michigan in the late sixties, where by chance, he found Onekama Marine on beautiful Portage Lake where he and his family eventually spent every summer. Jack was an accomplished mariner and spent many summers cruising while living

on the boat, traveling to northern Lake Michigan and also to the North Channel in Canada. He instilled his love of boats and Lake Michigan in his daughters who continue to carry on his legacy with their own boating adventures.

He loved being outdoors and time outside. Cutting wood was a favorite activity. Jack also enjoyed the love of flying and owned a small airplane his friend coined "Siegl's Eagle" which he often flew across the lake to visit his friends in Michigan. Flying became a passion of his and took him on numerous great adventures to many of the same places in the winter that he visited by boat in the summer.

Jack will be greatly missed by all who knew him. He was an imaginative man who loved helping people and took great pleasure with creative problem solving. He was a kind and supportive husband and father who was always willing to help with projects of any kind.

Jack is survived by his

wife, Carol and two daughters, Beverly (Scott) Verhage of Kewaskum and Karen (Mark) Regenhart and their son, Drake of Woodstock, Illinois. He is further survived by his sister, Donna Siegl, Order of St. Francis of Assisi, West Bend.

Family and friends may gather on Saturday, May 11 at St. John the Baptist Catholic Church, 115 Plymouth Street, Plymouth beginning at 9:30 a.m. until 11 a.m. followed by a Memorial Mass at 11 a.m., with Rev. Philip Reifenberg as celebrant.

A memorial gathering will be held at a later date at Onekama Marine on Portage Lake in Michigan.

Memorials in Jack's name are preferred.

The family wishes to thank Gables on the Pond in Random Lake and Sharon Richardson Hospice Care for their outstanding compassionate care.

Online condolences may be expressed at [www.wittkoppfcs.com](http://www.wittkoppfcs.com).

Wittkopp Funeral and Cremation Services is serving the family.

Kondex representatives presented April Welding Month donations at Mayville, Lomira, Kewaskum, and Campbellsport High Schools.

-photo submitted

## Kondex Donates To Local High Schools

To celebrate April being National Welding Month, Kondex Corporation made donations to the Technical Education programs at four local high schools.

The recipients of these \$500 checks included Mayville, Kewaskum, Lomira, and Campbellsport High. These resources will be used to acquire steel,

general department supplies, or in the case of Kewaskum High, to purchase additional welding helmets.

"Supporting this program at the high school level helps ensure students can explore careers in welding and other skilled trades with the most up-to-date equipment and materials," commented Mike

Frydryk, Kondex vice president of human resources and organizational development.

Kondex, a manufacturer of cutting and wear-resistant components, uses advanced manufacturing technologies and design innovations to significantly improve product life and strengthen functionality. For their OEM cus-

tomers, this elevates market share; for end users, it extends the life of their machinery. With the majority of their products agriculturally based, these efforts support the mission of helping to feed and fuel the world.

For additional information, please visit [www.kondex.com](http://www.kondex.com).

# Continued from front Cabaret To Be Performed In KHS Courtyard

“For the most part, these kids do the musical in the fall and they never think about acting again until the next fall musical. We wanted another way to get them in front of people. And we wanted them to be able to learn more in a smaller setting so that we can give them more individual attention, which has been really cool,” Lindsay Dahlberg said.

The show was open to any students who wanted to be in it. The students could decide whether they wanted to be in the large group pieces. Some decided they wanted to perform solos, duets or small group numbers.

“This gives everyone in the school a chance to perform a solo who wants to,” Andrew Dahlberg said.

Those students came in for more individualized training for the performances.

“We basically had master classes where they would perform for each other, and then they would analyze each other. They would ask things like: What are you seeing? Why are you

seeing that? How do you change that? That kind of training is more of my background, so it was fun for me. And it was cool to see how far they have come,” Lindsay Dahlberg said.

This Monday was the first time the students actually practiced outside in the courtyard.

“It was the first night we have been outside because the weather has not been in our favor,” Lindsay Dahlberg said.

That meant that it was the first time the group was able to experiment with sound and lighting in the new space.

The performers were pleased with what the outdoor venue has to offer. The concrete walls and ground provide great acoustics. Also, students are able to mix with the audience in a way that is not possible in the traditional theater atmosphere.

Still, the group has a Plan B in case of rain.

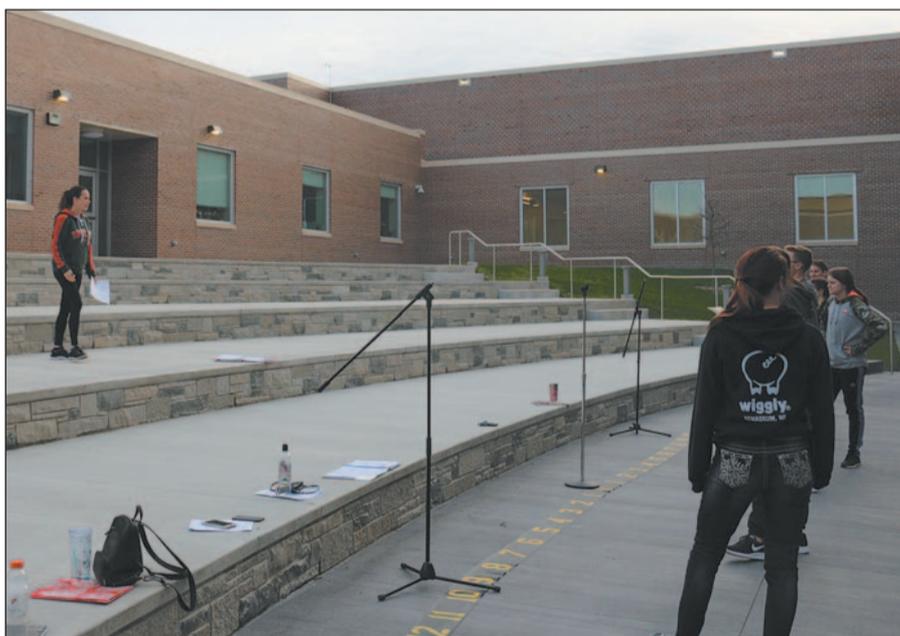

“We will see what happens. If it is raining, then we will be in the theater. We are preparing for anything,” Lindsay Dahlberg said.

Kewaskum High School students rehearse in the courtyard that is located between the high school and Kewaskum Middle School. The students will perform an outdoor cabaret this Friday and Saturday at 7 p.m. photo by Anne Trautner

## Volunteer Days In The Northern Kettle Moraine State Forest At Haskell Noyes State Natural Area

Among the greatest conservation concerns today is the threat from invasive species that have the ability to overrun our native ecosystem and crowd out native plants and wildlife.

Garlic mustard has the potential to invade the entire Kettle Moraine forest floor if left unchecked. Therefore, it is imperative to remove it and control its spread. Please consider helping to eliminate garlic mustard from one of our beautiful state natural areas.

Many years ago, garlic mustard began to move into Haskell Noyes State Natural Area from the horse camp which borders it and has over time spread considerably. Since the DNR no longer has funding for battling invasive plants, it is up to us to do the work. It can be very satisfying to do something for the environment and you will have an opportunity to learn many of the native plants in this area!

Connie Ramthun, area resident and plant specialist, will be holding several garlic mustard pulls at Haskell Noyes in May. Please consider joining them for this important work.

You will need work gloves and sturdy boots or shoes, plus drinking water. The dates and times for these volunteer days are as follows: Wednesday, May 15, from 5 p.m. to 8 p.m., Thursday, May 16, from 5 p.m. to 8 p.m., Saturday, May 18, from 9 a.m. to noon. The following week is Wednesday,

May 22 from 5 to 8 pm, Thursday, May 23, from 5 to 8 pm and Saturday, May 25 from 9 to noon.

The DNR will provide garbage bags. The group will meet at the parking lot on County Road GGG just off of County Road SS, east from New Prospect. If unable to come for the whole time, directions as to where they are working will be posted at the parking lot.

### Description Of Haskell Noyes

Haskell Noyes Memorial Woods lies within the Northern Unit of the Kettle Moraine State Forest, Fond du Lac County, and consists of 62 acres. It is a classic example of southern dry-mesic forest dominated by sugar maple and red oak, with smaller amounts of basswood, white ash, bitternut hickory, and ironwood.

The site lies on an interlobate moraine formed between the Green Bay and Lake Michigan lobes of the Wisconsin stage of glaciation with numerous kames, kettles, and ridges. The forest was never clearcut or heavily harvested during the logging era of the 19th century, leaving red oaks that established during the 1860s and 1870s. And, unlike other forests, fire has not occurred on these moist soils for the past several hundred years.

The forest understory is open, with few shrubs but a rich spring flora and diversity of ferns. Plants include maidenhair, fragile, cinnamon and lady ferns, hepaticas, clustered black

snakeroot, large flowered trillium, red trillium, may-apple, large-leaved shinleaf, large-leaved bellwort, and wild geranium. A small area to the north is composed of swamp hardwoods and tamaracks.

A high percentage of gravel is found in the soils and steep slopes are thus prone to erosion. The land was purchased in 1947 to

prevent imminent logging. Haskell Noyes Memorial Woods is owned by the DNR and was designated a State Natural Area in 1952, the 11th state natural area to be designated in our state.

Please call Connie at 920-960-3803 or 920-533-8939 with questions or concerns. Let's make a difference in our Kettle Moraine State Forest!

## Library Happenings

### ACTIVITIES AT THE KEWASKUM LIBRARY

The Kewaskum Public Library, 206 1st St. in Kewaskum, is offering the following programs. For more information, contact the library at (262) 626-4312.

#### Tuesday, May 21 Kewaskum Library Recipe Club

Tired of the same old recipes? Looking for some culinary inspiration? Join the Kewaskum Public Library's Recipe Club. Our theme for May is salad. Bring your dish ready to eat. We will provide paper products and beverages. We also welcome non-cooks to stop in and sample. 6 - 7 p.m.

#### Volunteer At The Library

Volunteers at the Kewaskum Public Library benefit the library and community in many ways. The library welcomes your involvement and offers a variety of volunteer opportunities for you. Some areas of need

are helping with The Friends of the Library group, assisting with programs or applying as a Library Board Trustee. Contact Library Director Lori Kreis for more information.

#### Pronunciator

Pronunciator is a fun and free way to learn any of 98 languages with Personalized Courses, movies, music and more. Access this database through the library's website under online resources and databases.

#### Storytimes

Storytimes are on Wednesdays at 10:30 a.m. and 6:15 p.m.

#### May 15

Down on the Farm

## Check It Out!

### A Column By Kewaskum Librarian Lori Kreis

With Mother's Day just around the corner, it has me feeling nostalgic of past celebrations of this day. When I was a young child, my father would take my two sisters and me to a local nursery. The three of us would each pick a geranium plant for our grandma, which was quite the undertaking. My younger sister was quick to choose and always picked her favorite color, red. That left me and my older sister the complex task of choosing the perfect flowers. We spent a long time pondering over the plants, knowing we would accept nothing less than the best. They had to be in bloom, no dead buds, beautiful and most importantly, different colors. Since there were only three colors of geraniums at the nursery, this usually ended in a fight. Who got pink and who got stuck with white? Being younger, it was usually me although I do recall a few times I was quick and snagged a perfect pink one before my sister. My older sister and I would never dare choose red unless we wanted to be treated to a major temper tantrum from the baby sister. After finally choosing the gifts, we would visit our grandma and present them to her. I anticipated our next visit with her to see our geraniums planted. I would take extra pride if mine out bloomed the rest.

When we were older, we were mothers ourselves and usually celebrated within our own little families. For several years, while pursuing my degree on a part-time basis, I waited brunch every

Mother's Day. When I got home, exhausted, with aching feet, my children usually had a surprise for me. This may have been a picture they drew, a clean room, some flowers they picked or a handmade piece of jewelry. I still have a necklace my daughter made in first grade from rolled newspaper.

Now my children are grown, and my daughter will be celebrating her second Mother's Day this year. We've gone for brunches with my mother and other family members. That always leaves me stuffed and unmotivated to do anything else the rest of the day. A few years ago, my children suggested a healthy Mother's Day and we hiked in the Kettle Moraine after enjoying a picnic lunch. Although the weather was dismal, cold and misty, that celebration ranks up there as one of my most memorable, possibly right after my favorite; the Mother's Day I relished with my four-day old newborn son.

This year we don't have set plans yet, but I think my kids will suggest a repeat of the picnic and hike. I look forward to sharing this pleasurable day with my family. I am contemplating picking up a geranium to plant in memory of my grandma.

Happy Mother's Day to all my mom and grandma readers. I hope your day is filled with laughter, love and wonderful memories.

THANKS FOR YOUR SUPPORT!

## DAYS GONE BY

**5 Years Ago  
May 15, 2014**

Holy Trinity students, Adam Olson, Ben Butler, Alex Butler, Avery Olson, Jackson Fleischman and Izzy Butler, took part in the National Walk-Ride Your Bike to School Day on Wednesday, May 7. The group met at Kiwanis Park in Kewaskum and headed to school.

A Washington County Sheriff's deputy may be a hero to a Michigan woman after a deputy found her missing husband traveling on Highway 28 near Wolcott Drive last week. According to the Sheriff's Office a deputy came upon a 68-year-old male from Cooperville, Michigan, shortly before 2 a.m. on Wednesday, May 7, when he observed a car traveling at approximately 35 mph. The deputy stopped the car and noted the driver appeared to be confused and said he was on his way home and should be there in 10 minutes. The driver said he was out looking for his dog and then taking the dog for a drive. He thought he was near his home in Michigan.

For three young Kewaskum snowboarders, spring break always seems to end up in the same place - Copper Mountain, Colorado. It doesn't get old for Cayden and Rylie Dwyer or Ayrton Lehmann. Getting to Copper Mountain for the United States Snowboarding Association's Nationals is their annual goal and the trip was very productive for all three this year. Rylie Dwyer, just 9 years old, and a third-grader at Kewaskum Elementary School, made the medal stand in the Rail Jam, taking second place in the Grommet Girls Division.

Aloysius E. "Al" Zehren, 90, of Kewaskum, passed away on May 6.

Lyra M. Straub, 85, of the Town of Ashford, passed away on May 8.

Elizabeth J. "Betty" Matenaer, nee Hefter, 86, of West Bend, passed away on April 20.

Helen A. Giese, nee Bruckert, 83, passed

away on May 10.

**15 Years Ago  
May 6, 2004**

Nikki Airaudi, an eighth grade science teacher at the Kewaskum Middle School, has left her classroom to travel to Greenland to study the environment, weather and other scientific phenomenon.

No one had to twist her arm to go into the field of education. Julie Wenzlaff knew she wanted to be a teacher since her first taste of working with young people as a 16-year old Kewaskum High School student. "It was my first job," Wenzlaff said, recalling how she taught baton twirling to young girls. "I was hooked." Wenzlaff's skills and experience have expanded greatly since then, to the point where she was one of 100 teachers in the state to receive a Kohl Fellowship this year.

A Kewaskum High School senior has been named the winner of the 2004 St. Francis Bank Scholarship. Adam Schueller, son of Diane Hildebrand, will receive the special award at a ceremony at the high school on May 12.

A daughter, Alexandra Diana, was born to Lori and Bryan Beske, of Verona, on April 2.

A son, Joseph Bradlee, was born to Kelly and Brad Nerat, of Neenah, on April 30.

A daughter, Melissa Elyse, was born to Dennis and Laura Batterman, of Mayville, on April 16.

A daughter, Ava Brynn, was born to Elizabeth Noegel and Eric Mesa, Kewaskum, on April 30.

A daughter, Amber Kate, was born to Toni and Tim Jacobson, Campbellsport.

A daughter, Amber Kate, to Gail and Michael Yahr, Campbellsport, on April 27.

A son, Sebastian S. was born to Jessica and Ronald Meyer, Campbellsport, on April 27.

Robert W. "Bob" Stoltzmann, 62, of Kewaskum, passed away

on May 4.

June M. Redig, nee Nehm, 82, of West Bend, passed away on May 1.

Irene C. Kocher, nee Bode, 68, of West Bend, passed away on April 29.

Malvin B. Hagevik, 83, of Lomira, passed away on April 26.

**25 Years Ago  
May 12, 1994**

The United States Achievement Academy announced recently that Brooke Zanow has been named a United States National Award winner.

On April 9, Lynn Thull of Kewaskum, was presented the European-American Music Award. The award was presented at the Holiday Inn, Wisconsin Dells Polkafest in front of 800 polka-loving people.

The Kewaskum School Board, faculty and staff invite community members to join them in honoring Tom Larsen, Jim Borusky, David Jones, Suzanne Jones, Robert Krueger and Carolyn Butz, who will be retiring at the end of the 1993-94 school year.

On Tuesday, May 3, Ted Kuehn attended a Math and Science Talent Search Honors Day Program at the University of Wisconsin, Madison. Ted, who is a sophomore at Kewaskum High School, was one of only 21 students, statewide, who were so honored. Students were selected on their abilities to solve five different sets of math problems which were sent out by the university this year.

Senior Karla Kirst, daughter of Robert and Mary Jane Kirst and senior Lisa Pamperin, daughter of Walter and Sandra Pamperin, were names Kiwanis Students of the Month of April.

A son, Alex Christopher, was born to Cheri and Christopher Dieringer, Oshkosh, on April 21.

William G. Braun, 42, of Boltonville, passed away on May 5.

William A. Berg, 64, Campbellsport, passed away on May 6.

Kari Klug, nee Campbell, 45, of Cedarburg, passed away on May 7.

Polka Festival queen, is Miss Lucy Kirchner, daughter of Mr. and Mrs. Orin Kitchener, R. 2, Kewaskum.

A son was born to Mr. and Mrs. James Osborn, Kewaskum, on May 7.

Lawrence "Larry" Minch, 68, of Kewaskum passed away on May 8.

**75 Years Ago  
May 5, 1944**

At the May session of the Washington County Board held in the courthouse at West Bend Tuesday, Supervisor Elwyn M. Romaine of Kewaskum was elected Chairman of the Board on the second formal ballot.

A class of 15 little children will have the occasion to receive their First Holy Communion at Holy Trinity Church Sunday, May 7. The 1944 class of communicants consists of the following children of the parish school: Leo Beck, Dennis Bingen, Kenneth Bingen, Roger Gutjahr, Lawrence Nigh, Wayne Remmel, Alois Rohlinger, John Schoofs, Arlene Backhaus, Janice Bruessel, Phyllis Falk, Agnes Ketter, Marie Marcotte, Kathleen Staehler and Eileen Volm. The flower boys will be Dale Buntjer, Richard Dreher, Jerome Nigh, Clayton Kohn, and the flower girls, Mary Ann Bath, Mary Jane Hron, Mary Lou McLaughlin and Shirley Staehler.

With the bridal party standing by the altar in a V formation, Miss Dorothy Korth, daughter of Mr. and Mrs. D. Korth of this village, became the bride of First Sgt. Lyle J. Swarthout, son of Mr. and Mrs. G.N. Swarthout of Portland, Oregon, in St. Lucas Evangelical Lutheran Church here May 3.

In the presence of immediate relatives, wedding vows were exchanged on April 26 by Mrs. Melitta Slater of Random Lake and Walter Vorpahl of Random Lake, formerly of Route 1, Kewaskum.

Members of the Kewaskum Creamery bowling team of the past season enjoyed a dinner at the Republican Hotel on Monday evening.

ber of tons of hay. The total loss is estimated at \$3,500, with only a small amount of insurance to cover same. At the time lightning struck the barn, Mr. Zimmerman and his family were in this village attending the Victory Loan meeting.

The Bartel P. Jaeger Cheese Factory located three miles west of Campbellsport was totally destroyed by fire of unknown origin on Tuesday afternoon. The blaze which started in the boiler room was first discovered by John Stoffel. Several boxes of cheese were saved. The total loss is estimated at about \$6,000, which is partly covered by insurance.

With hearty handshakes, the citizens of this village have this week welcomed home two more of their world war veterans, who are now enjoying home comforts with those who have returned before them, namely Emerson Olwin, son of Mr. and Mrs. W.S. Olwin and Adolph Rosenheimer, son of Mr. and Mrs. Adolph Rosenheimer, Sr.

A very pretty wedding was solemnized at the Zion's Church at Kohlsville on Wednesday, May 7, when Miss Erna Basler, daughter of Mr. and Mrs. Henry Basler, became the bride of Mr. Charles Scheid, son of Mrs. Dan Scheid of the Town of Ashford.

On Wednesday evening at the Holy Angels

Church in West Bend occurred the marriage of Miss Kathryn Yogerst of that city to Joseph Bahr of Barton.

On Wednesday afternoon at about two o'clock, the citizens of this village had the opportunity of seeing their first aeroplane pass over Kewaskum. The plane was going straight north with its destination at Green Bay. It was sent out by the Milwaukee Journal to deliver the Journal paper in the northern city as an advertisement for the Journal. The plane followed the C.&N.W. Railway tracks and flew at an altitude of about 1,000 feet.

## THIS DAY IN...

• **1863:** STONEWALL JACKSON DIES FROM FRIENDLY FIRE DURING THE U.S. CIVIL WAR.

• **1940:** WINSTON CHURCHILL BECOMES PRIME MINISTER OF THE UNITED KINGDOM.

• **1994:** NELSON MANDELA IS SWORN IN AS SOUTH AFRICA'S FIRST BLACK PRESIDENT.

## KM Symphonic Band Presents Free Spring Concert

The Kettle Moraine Symphonic Band will present a Spring Concert at UWM-Washington County on Sunday, May 12, at 3 p.m. There is no admission charge.

The concert will be held in the university's theater, located 400 University Drive in West Bend.

The band, directed by

David Wells, will perform six pieces. Selections will include: *The Footlifter*, by Henry Fillmore; *William Byrd Suite*, by Gordon Jacob; *Variations on a Shaker Melody*, by Aaron Copland; *Fantasy on a Japanese Folksong*, by Samuel Hazo; *Dedicator Overture*, by Clifton Williams; and *Shepherd's Hey*, by Percy Grainger.

## Lettow Family Receives Gifts From Community

On Sunday, March 17, David and Heather Lettow and their three children woke up at 2 a.m. to see their barn fully engulfed in flames.

While the family has insurance, it does not cover everything that was lost. The community has come together to raise funds to help re-

build the barn and replace farming implements lost in the fire.

A brat fry and bake sale were held on April 28 at Holy Trinity School in Kewaskum. The event raised \$11,876 for the Lettow family. The family also received a brand new riding lawnmower at the event.

**An Upcoming Calendar of Events for Riveredge Nature Center, 4458 County Hwy Y, Newburg, WI. Visit: [www.riveredgenaturecenter.org](http://www.riveredgenaturecenter.org) for further information.**

**Sunday, May 12** - Beginner Fly-fishing. Join us for a fun-filled day of our fly-fishing for beginners classes. Class size this year will be only six, so you will be receiving almost one-on-one instruction. We will begin the class indoors, learning about the history of this sport and the difference between fly-fishing and other types of angling. Afterwards, we will head outside to learn two casts. After which you will go to the ponds and hopefully catch a fish or two. This program has three date options this spring: May 12, May 19, and June 2. You do not have to bring anything but your time to be here. We will supply everything. \$30.00 for members. \$35.00 for non-members. 12:30 - 3:30 p.m.

**Sunday, May 12** - Mother's Day Wildflower Walk. Stroll our trails with a special mother (Earth!) while enjoying carpets of woodland flowers. Learn about the natural history and importance of wildflowers in our lives from a Riveredge naturalist. Bring your mom and wear comfortable shoes. Riveredge Member Moms attend free. Non-mother or non-member participant: \$5 per person. 1 -2:30 p.m.

**An Upcoming Calendar of Events for the Northern Kettle Moraine State Forest...**

**Thursday, May 9** - An Evening with Nature. Living Soils Chronicles. With Angela Curtes, Owner of Grounded, LLC, explore the living and dynamic world of soil, its challenges as a threatened natural resource, and its importance in sustaining healthy natural and human communities. Soil is the foundation from which all life flourishes. Learn what role humans have in creating healthy soils for life to thrive. Take home tips and information to better assess the needs of your gardens or farms, and learn methods to improve your home or farm composting systems. This program is best for people over 12 years old. Ice Age Visitor Center (located off Hwy 67 half mile west of Dundee). 7 - 8:30 p.m.

**Saturday, May 11** - Cache In Trash Out Event. Join forces with the Wisconsin Geocaching Association to search for caches and bring out trash and garlic mustard. Prizes will be awarded for the most pounds of trash and garlic mustard collected within the Kettle Moraine State Forest - Northern Unit. Bonus points given for each cache found. Register at one of the three locations and to pick up your bags and return to a location for a weigh in of the materials gathered. Please bring your own gloves. Long Lake Recreation Area Entrance Station (located off Division Road north of County Road F near Dundee), Mauthe Lake Recreation Area Entrance Station (located off County Road GGG south of County Road SS near New Prospect), and Ice Age Visitor Center (located off Hwy 67 half mile west of Dundee). 10 a.m. - 4 p.m.

**Saturday, May 11** - Get Outdoors! Go. . . Learn to Geocache. Learn how to use a hand-held GPS device and compass, and how to read a topographic map. Then practice your new skills as you search for hidden treasures at selected geocache locations. This program is best for people over 8 years old. Ice Age Visitor Center (located off Hwy 67 half mile west of Dundee). 10 - 11:30 a.m.

**Saturday, May 11** - Get Outdoors! Go. . . Cold Cache on the Ice Age National Scenic Trail. Step up your Geocaching skills by searching for Cold Caches, a type of Earth Cache, located along the Ice Age National Scenic Trail! Find out about this family-friendly activity and the associated awards program. This program is best for people over 8 years old. Ice Age Visitor Center (located off Hwy 67 half mile west of Dundee). 1 - 3 p.m.

**Wednesday, May 15** - Ice Age Trail Trekkers. Join for a refreshing 2.56-mile morning hike along the Ice Age National Scenic Trail between Hwy 67 and County Road U. A shuttle will be available between the starting and finishing spot. Meet at County Road U west of the Parnell Tower parking lot (located between County Road A and Hwy 67 near Parnell). 7 - 8:30 a.m.

**Wednesday, May 15** - Cardio Kickboxing in the Forest. Practice your boxing punches and martial arts kicks to an aerobic pace. This class will get your heart pumping and your mind working with fun and effective moves. For anyone over 10 years old. Long Lake Recreation Area Picnic Shelter (located off Division Road north of County Road F near Dundee). 6 - 7 p.m.

**Friday, May 17** - Slow Poke Porcupines Nature Storytime. Listen! Do you hear that mumbling? It's a slow-poke porcupine. You'll be surprised as we uncover the amazing facts about these forest dwellers. This hour of nature fun awaits 3 to 6 year olds with accompanying adults. Ice Age Visitor Center (located off Hwy 67 half mile west of Dundee). 9:30 - 10:30 a.m.

**Saturday, May 18** - Birding the Hot Spots of the Kettle Moraine State Forest Exploring Nature Program. More than 230 bird species have been identified in the Kettle Moraine State Forest - Northern Unit. Travel with the Forest Naturalist to search for all those late spring migrants at the birding hot spots of the Northern Unit. We will carpool from Mauthe Lake to the Jersey Flats and then to the Parnell Tower Trail. This program is best for people over 12 years old. Meet at the Mauthe Lake Recreation Area Picnic Shelter (located off County Road GGG south of County Road SS near New Prospect). 8 - 11:30 a.m.

**Wednesday, May 19** - Ice Age Trail Trekkers. Join for a lovely 2.56-mile evening hike along the Ice Age National Scenic Trail between Hwy 67 and County Road U. A shuttle will be available between the starting and finishing spot. Meet at County Road U west of the Parnell Tower parking lot (located between County Road A and Hwy 67 near Parnell). 6 - 7:30 p.m.

*All the events are free except at locations where a Wisconsin State Park System vehicle admission sticker is required or where a fee is listed. The events are held within the Kettle Moraine State Forest - Northern Unit at the locations listed for each event. The Ice Age Visitor Center is located about 20 miles north of West Bend and 20 miles south of Fond du Lac.*

## Friends Of Lac Lawrann To Hold Wildflower and Perennial Sale

Again this year, Mother Nature has thrown a cold curve ball at the volunteers working on Lac Lawrann Conservancy's Annual Wildflower and Perennial sale. Undaunted by the cold weather and snow in the air, the volunteers bundle up and keep potting. The sale will be held as always, the Saturday before Mother's Day, May 11, at Lac Lawrann Conservancy, 300 Schmidt Road in West Bend, from 9 a.m. to 1 p.m.

Butterfly and bee pop-

ulations are experiencing a frightening decline in their numbers. Planting native plants for pollinators improves the habitat necessary for their survival. Hard-to-find wild flower plants for woodland, prairie and wet lands are featured at the Lac Lawrann plant sale.

Monarch butterflies depend on plants in the milkweed family for their survival. There will be at least three milkweed varieties: common milkweed, swamp milkweed and butterfly weed.

Other native plants that are butterfly magnets are Lavender Hyssop, Black Eyed Susan and Blazingstar. Volunteers working at the plant sale can help you find plants suited to your yard.

The plant sale is the main fundraiser for Lac Lawrann. Proceeds from the sale support the educational programs offered at Lac Lawrann. The sale is a four-hour window for gardeners to add interesting plants to their landscape at great prices. Native plants, garden perennials (flowering plants and hostas, etc.) and herbs are all potted up and ready to go.

More information is available on the Lac Lawrann website, Lac-lawrann.org.

## AREA CHURCH SERVICES

### Kewaskum

# USDA Announces New Decision Tool For New Dairy Margin Coverage Program

Agriculture Secretary Sonny Perdue announced today the availability of a new web-based tool – developed in partnership with the University of Wisconsin – to help dairy producers evaluate various scenarios using different coverage levels through the new Dairy Margin Coverage (DMC) program.

The 2018 Farm Bill authorized DMC, a voluntary risk management program that offers financial protection to dairy producers when

the difference between the all milk price and the average feed cost (the margin) falls below a certain dollar amount selected by the producer. It replaces the program previously known as the Margin Protection Program for Dairy. Sign up for this USDA Farm Service Agency (FSA) program opens on June 17.

“With sign-up for the DMC program just weeks away, we encourage producers to use this new support tool to help make decisions on

participation in the program,” Secretary Perdue said. “Dairy producers have faced tough challenges over the years, but the DMC program should help producers better weather the ups and downs in the industry.”

The University of Wisconsin launched the decision support tool in cooperation with FSA and funded through a cooperative agreement with the USDA Office of the Chief Economist. The tool was designed to help producers deter-

mine the level of coverage under a variety of conditions that will provide them with the strongest financial safety net. It allows farmers to simplify their coverage level selection by combining operation data and other key variables to calculate coverage needs based on price projections.

The decision tool assists producers with calculating total premiums costs and administrative fees associated with participation in DMC. It also forecasts payments

that will be made during the coverage year.

“The new Dairy Margin Coverage program offers very appealing options for all dairy farmers to reduce their net income risk due to volatility in milk or feed prices,” said Dr. Mark Stephenson, Director of Dairy Policy Analysis, University of Wisconsin, Madison. “Higher coverage levels, monthly payments, and more flexible production coverage options are especially helpful for the sizable majority of farms who

can cover much of their milk production with the new five million pound maximum for Tier 1 premiums. This program deserves the careful consideration of all dairy farmers.”

For more information, access the tool at [fsa.usda.gov/dmc-tool](http://fsa.usda.gov/dmc-tool). For DMC sign up, eligibility and related program information, visit [fsa.usda.gov](http://fsa.usda.gov) or contact your local USDA Service Center. To locate your local FSA office, visit [farmers.gov/service-locator](http://farmers.gov/service-locator).

### FEATURE BUSINESS OF THE WEEK

#### Tuttle Creek Learning Center, Inc.

Tuttle Creek Learning Center, Inc. is proud to be in business for over 18 years. After purchasing the established center in 1997, Mike and Audra Beyer began molding the business, adding their own unique touches and continued the growing process to accommodate the communities changing needs. Over the past 15 years an infant, toddler and two year old room have been added to the already existing preschool room at the main site, as well as adding before and after school programs in Kewaskum Elementary School and Farmington Elementary School. They have been providing quality childcare for Kewaskum and the surrounding area for over 18 years, while continually improving and adding new features!

Audra brings 27 years of experience to the business and the Administrator, Shelly Marx, brings 23 years of experience. Along with them, there are 10-14 employees depending on the time of year. Mike and Audra Beyer are supportive of their staff going back to school through funding in conjunction with TEACH.

Thank you to all of the parents who have shared their precious children with us! We feel truly blessed to have met each and every one of you. We look forward to many more years of helping your children grow!

## Work Begins On KHS Gym Renovations

One of the final pieces of the middle school and high school capital project has begun.

The Kewaskum High School gym is getting a "facelift." A new coat of paint, updated bleachers, air conditioning and

an updated sound system highlight the upgrades.

These renovations will be finished in time for the Class of 2019 Graduation Ceremony on Sunday, June 2, at 2 p.m.

## KHS Students Perform At State Solo And Ensemble Festival - Two Students Recognized

On Saturday, May 4, band and choir students from Kewaskum High School participated in the State Solo and Ensemble Festival at UW-Milwaukee.

Two students received special recognition. Abby Prim was nominated for an exemplary performance for her classical vocal solo. Ezekiel Halterman was nominated for an exemplary performance for a bass clarinet solo and won the Exemplary Performance Award.

The following is a list of KHS students who participated in the state festival and the ratings they received.

## KHS Teams Officially Celebrate Opening Of New Fields

By Judy Harlow

Buoyed by sunny skies and warmer temperatures, the May 4 grand opening of the Kewaskum High baseball and softball diamonds was a big success, especially considering the host Indians won all four games they were involved in.

The boys team used a four-run rally in the seventh inning to defeat Ozaukee 7-6, then the Indians jumped all over the Sheboygan Falls pitcher in the first inning, sending 11 to the plate for a 5-0 lead but had to hang on to escape with an 11-10 win.

Running their season record to 13-2, the Lady Indians started with an 11-1 victory over Waterford and finished the day with a 6-0 shutout win over Stevens Point Pacelli.

The facilities drew rave reviews from fans, including former KHS teacher/coach Jim Westphal, who an-

nounced the two boys games. "Pretty plush... It's quite a facility," said Westphal, who coached JV baseball for three years and the varsity for six seasons, including 1975 when the Indians qualified for the WIAA State Summer Baseball Tournament.

Still, Westphal has fond memories of the ball diamond behind the old Kewaskum Elementary School. "We played there a long time. The grandstand was kind of fun... Like Regner (Park in West Bend)," he said.

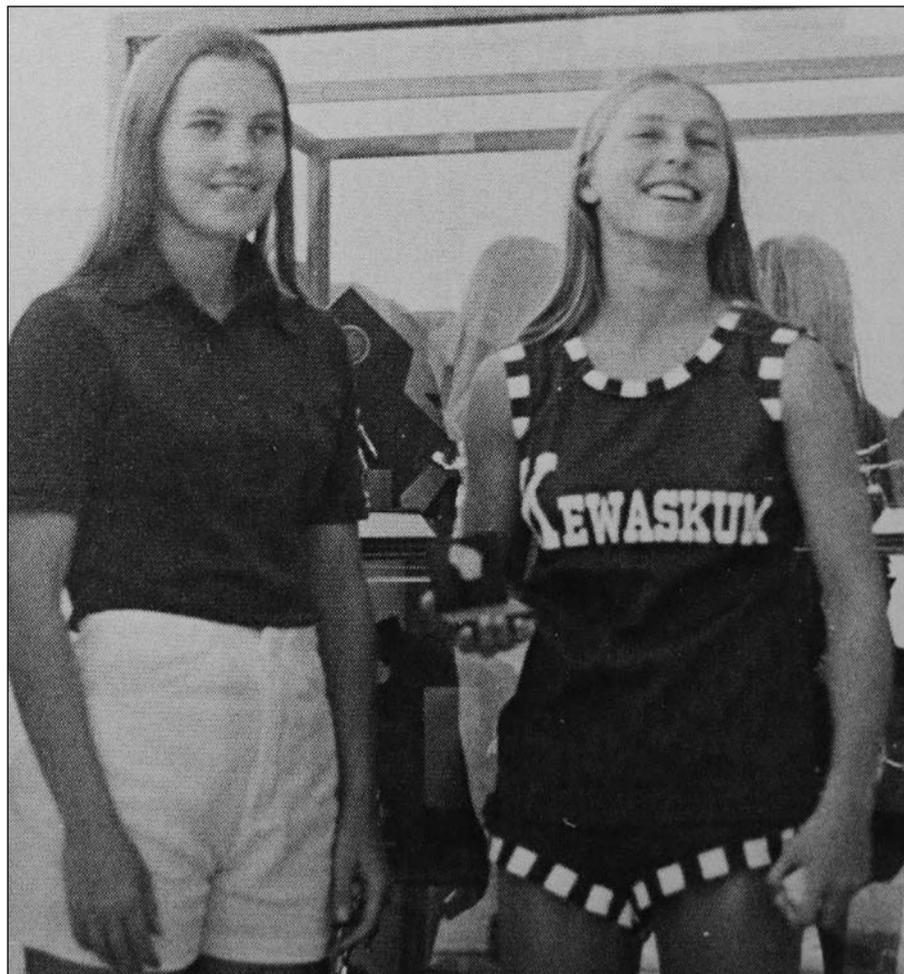

Anita Muckerheide's brothers, sons and, now her grandson Kannon Muckerheide, all played baseball for KHS. "Oh I like the field," she said. "The only thing I don't like is washing the uniforms," because of the black material on the field that stains the pants when players slide.

Jon Thomas was a member of the highly successful West Bend East program when he

was in high school, and now he watches his daughter, Amayah, who is a member of the KHS softball team. "It's spectacular," Thomas said of the new softball field, "probably the best fast-pitch facility in southeast Wisconsin."

KHS Athletic Director Jason Piittmann echoed similar comments. "We have received many, many compliments about our facility. We also get compliments on the scenery we have," he said, adding, "The diamonds have been a big asset to the programs, so far. We've been able to play games when others haven't been able to due to field conditions. We've been able to switch games to be played at home, that were scheduled to be away, due to our infields being playable."

Piittmann also stated the concession stand and restrooms are in a great location, serving both new facilities.

Former Kewaskum High School track coach Connie Van Schoyck and State Champ Carrie Kempf are pictured in the 1977 Kewaskum High School Yearbook.

## College Sports Notes

By Judy Harlow

A pair of 2018 Kewaskum High School graduates, Jared Chesak and Andrew Neu, are heading into tournament action with their respective Concordia University and Madison Area Technical College men's baseball teams.

The Madison Wolf-Pack is the top seed in the upcoming NJCAA (National Junior College Athletic Association) Tournament after finishing the season with a 34-9 record, including a 9-1 mark against conference opponents.

Neu pitched an 11-1, five-inning win over Kishwaukee College in the nightcap of a double-header on May 4 in Madison. The big left-hander pitched three innings and surrendered just one run on a hit and two walks. The run was unearned. Neu, currently 3-1, also struck out four.

Neu saw action in 10 games this spring, pitching 24 1/3 innings, giving up 11 runs, nine earned, on 21 hits. He struck out 27 and walked 16 and had an earned run average of 3.33. Defensively he didn't have a single error.

Madison Tech entertains Moraine Valley

Community College (Palos Hills, Illinois) this Saturday in a twin bill, starting at noon.

Concordia finished the regular season at 17-19 record with a 13-9 mark in the Northern Athletics Collegiate Conference. The Falcons will play in the NACC tournament on May 10-11. First, they conclude the regular season, hosting Marian College in a 1 p.m. game this afternoon (May 9).

In a recent series, the Falcons swept Milwaukee School of Engineering, and Chesak was instrumental in securing a 12-3 victory in the nightcap. Chesak had two hits and drove in three runs, while also scoring a run.

The freshman catcher singled in the third inning to get the Falcons on the board, and they never looked back. Chesak played in 19 games this spring, batting .298 with two home runs, 11 runs batted in (RBIs) and six runs scored.

### North Dakota Men's Track

In the Ron Masanz Classic held in Moorhead, Minnesota, on April 27, North Dakota freshman Cade Peterson finished fourth in the 200-meter dash with a

time of 22 seconds (22.00).

North Dakota won the meet, amassing 130.50 points, 14.5 more than runner-up Minnesota-Moorhead.

### Concordia Men's Golf

The Concordia men's golf team finished fourth in the Northern Athletics Collegiate Conference tournament held April 28-29 at the Stonebridge CC in Aurora, Illinois.

Host Aurora won the event with 1,106 strokes for four rounds. Madison Edgewood finish second at 1,216, with Wisconsin Lutheran third at 1,238 and Concordia fourth at 1,241.

Sam Schlosser of Kewaskum finished in a tie for 12th with a 315 total on rounds of 85-75-77-78. Andrew Otto of Kewaskum was three spots back in a tie for 15th with an 85-77-79-75—316. Freshman Jordan Carlton carded an 89 the first round and did not play again.

Concordia recently set the program record low for an 18-hole round with a 290 score on April 23 at the Carthage Spring Invitational. Otto fired a two-under-par 70 while Schlosser had a 1-under-71 to lead the Falcons.

## Great Athletic Moments In The History Of KHS

By Judy Harlow

Winning two events in a conference track meet is a good accomplishment. Winning three is a rarity, and winning all four events, well, let's just say most high schools in Wisconsin may only have a few athletes who reach this level.

Kewaskum's Carrie Kempf (Copperud) was a rare track performer, and she went a perfect 4x4 in the Scenic Moraine Outdoor Championships in May of 1976, her junior year.

Let the records show, Kempf was the winner in the 100-yard dash, the 200 and the long jump, and to finish off the day, successfully anchored the 880-yard relay to another victory. Her winning effort in the long jump of 17 feet, 6.75 inches (17-6.75) was a Scenic Moraine record and a KHS record.

Kempf's time in the 100 was 11.4, which converts to 12.47 in me-

ters. Her 200 time was 26.3, which would be a 26.15 in meters.

The 880 relay was a family affair for the Kempfs, with Pam and Luann running 1-2, then Jenny Schaub took over, and she passed the baton to Carrie who brought home the win in 1:47.8 (conversion 1:47.17), another school and conference record.

Kewaskum defeated Slinger for the title that day, piling up 90 points, 31 more than the Owls and giving track coach

Connie Van Schoyck her first title. The following year, Kempf won several more conference titles, bringing her career total to 11.

*Writer's note: A committee is currently working on establishing a Hall of Fame at KHS. Interested parties are invited to an open meeting on June 12 in the KHS Library. Until then, the Statesman will be featuring accomplishments of former KHS athletes and teams.*

# Cougars Rally To Gain A Split With Kewaskum Baseball Team

By Judy Harlow

Arch rivals Campbellsport and Kewaskum split their East Central Conference season series the past week, with the Cougars rallying for four runs in the bottom of the fourth inning to nip the Indians 5-4 on May 2. The Indians won game one two days earlier, 6-4.

With the split, Kewaskum is 5-4 in conference play and 7-5 overall. Campbellsport's record stands at 4-6 and 5-7.

The second game was played on Kewaskum's field since the Campbellsport diamond was too wet for play. The Cougars outhit the Indians, 5-4, with three hits, including a clutch double by Kade Walsh, coming in their fifth inning rally.

"We were up 4-1 going into the bottom of the fourth, and they scored four," KHS coach Mike Heisdorf said about the game.

The Indians got on the board first, using a walk, a sacrifice bunt by Eric Bauer and a CHS error for the first run and a single by Carson Dogs for the second.

Campbellsport came back with a run of its

own in the bottom of the inning on an error, ground out, sacrifice fly and a single by Kyle Koltz.

After one out in the fourth, Kewaskum had back-to-back walks to Matthew Gliniecki and Travis Block, a passed ball and a two RBI singles by Brad Buechel to take a 4-1 lead, but it wasn't enough.

Campbellsport answered with four runs in the fourth. First Luke Eichstedt drew a walk, then after a strikeout, Roman Skorupa received a free pass to first. Joe Nerat singled home Eichstedt, and two batters later, Walsh doubled to left, scoring Nerat. A sacrifice fly brought home Nerat, then Jalen Gellings followed with a single to score Walsh to take the lead.

Nerat pitched the sixth for Campbellsport, giving up two walks before striking out Buechel, getting the second out on an attempted steal by Nathan Heberer and Ryan Prochnow on a ground out.

Kewaskum got a runner to second in the top of the seventh, but the game ended when Peyton Donath struck out.

Gellings got the win and Nerat the save. Gliniecki, who pitched two-thirds of an inning in the fourth, took the loss.

Heisdorf said currently a pitching shortage is hurting his team. He had been counting on left hander Cole Poole to be a starter this spring, but "He had surgery on Friday (May 3), and he's out for the year."

200 0 4-4-3  
CAMPBELLSPORT 001  
400 X 5-5-3  
Winner-Jalen Gellings,  
Loser-Matthew Gliniecki

### First Game Action

In the first game, Kewaskum used a three-run, sixth inning to win 6-4 and extend its win streak to six games.

Ryan Prochnow, Carson Dogs and Brad Buechel combined for a four-hitter. Prochnow went the first five, giving up no runs and no hits, while striking out five and walking one. Dogs gave up four runs in the fifth on one hit, two walks and one error. Buechel came in for the final 2 and 1/3rd innings and didn't give up a hit and walked one.

Buechel had an RBI single for the first run in

the sixth; the second run scored on a bases-loaded walk, the other run came home via a squeeze play.

Current East Central Standings: 1. Waupun, 10-0; 2. Ripon, 9-1; 3. (tie) Kewaskum and Winneconne, 5-4; 5. Campbellsport, 4-6; 6. Plymouth, 3-5; 7. KM Lutheran, 1-7; 8. Berlin, 0-10.

# With Five More Wins, Lady Indians Tie School Mark At 11

By Judy Harlow

Excitement continues to build for the Kewaskum High girls soccer team this spring.

While the Indians fell to Plymouth 5-3 in an East Central Conference on May 2, the Indians led at halftime in that game and may have another crack at the Panthers in the conference tournament. They also bounced right back to defeat Campbellsport 2-0 on May 4, then won three straight games to win the Seymour Tournament two days later.

"It was the first one (title) in at least five years," KHS coach Luke Piwoni said after his championship KHS squad improved to 11-3 on the year, which "ties us for the school record in wins" for the regular season.

At Seymour, playing 30-minute games, the Indians opened with a 3-1 victory over the host team, then shut out Little Chute 4-0 and finished the day with a 2-0 win over Ashwaubenon.

"We were ready to play," Piwoni said. "We made it our goal to come out of these three games with wins, and it was nice a couple different girls scored some goals."

Nicole Butz and Alena Denman switched off in the net for the win over Seymour. Each had three saves, then Denman took over for the game with Little Chute, and Butz got to play all 60 minutes in the nets against Ashwaubenon.

About his philosophy with goalies this season, Piwoni said in some games it's 50-50. In others, he'll go with the one who is playing better.

Scoring against Seymour were Tierney Her-

man (assist Krueger), Lydia Steinbauer (assist Kennedy Adams) and Nicole Butz (assist Andrea Butz). Steinbauer had a pair of goals vs. Little Chute, with Adams (assist Emma Rinzel) and Kaylee DeCharme also getting in the act.

In the finale, Adams scored twice, at 0:55 and 20:18.

**Campbellsport Game**  
Playing the Campbellsport team under the lights, the Indians wasted no time taking the upper hand. Andrea Butz scored at the 20:20 mark with an assist from Kennedy Adams, then Arianna Krueger made the score 2-0, scoring an unassisted goal at 27:18.

The remaining 60-plus minutes turned into a defense battle with KHS keeping the Cougars away from their net.

With this win, the Indians secured a spot in the upper division of the EC Tournament which will start on Thursday, May 16. The schedule for the tourney will be made public by the end of this week.

**Plymouth Game**  
Kewaskum certainly started well against Plymouth (one of the two leaders in the EC), scoring two goals in the first half and another early in the second half to take a 3-1 lead. The Panthers roared back with four within 17 minutes, however, and came away with the win. Addie Plate led the Panthers with two goals.

Scoring for KHS were Adams unassisted (23:44), Krueger unassisted (42:13), and Adams with the assist from Emma Rinzel (46:08).

"We controlled the first 15 minutes of the sec-

ond half. Then just like that, the game turned on its head ... Unfortunately we couldn't hang on," Piwoni said.

For this game, Nicole Butz took over in the nets, with seven saves and giving up five goals.

"I think we made a statement. Now we just have to finish it off," Piwoni said, excited for what the future will bring for his team.

East Central Soccer Standings: 1. (tie) Winneconne and Plymouth, 5-0; 3. Kewaskum, 4-1; 4. KM Lutheran, 3-2; 5. Campbellsport, 2-3; 6. Ripon, 1-4; 7. (tie) Waupun and Berlin, 0-5.

Andrea Butz kicks the ball down the field for Kewaskum during a home game on Thursday, May 2.

## Kewaskum Youth Soccer Results

**May 4**  
**Jackson Wildcats 6**  
**Kewaskum U10**  
**Phoenix 1**

Brooke Pritchard led the Phoenix in shots and netted the lone goal in the Phoenix's muddy game in Jackson. Malia Voleski was outstanding as goalkeeper, making 10 saves in the second half and regularly disrupting the opposition.

**May 4**  
**Kewaskum U9 Fire 5**  
**Kewaskum U9 Rays 0**

The Kewaskum U9 Rays had a rough day Saturday and lost to a tough Kewaskum Fire team. After playing their best half of the year only found themselves down 1-0. That could have easily been 1-1 but hard working Cam Kopf's shot unluckily bounced off the post.

The second half didn't go as well but not because of lack of effort.

Brady Wildt had a great opportunity and made a strong shot that the Fire goalie blocked with her face to prevent the goal.

**May 4**  
**Kewaskum U9 Fire 5**  
**Kewaskum U9 Rays 0**

U9 Kewaskum Fire played an outstanding game against the U9 Rays on Saturday, May 4. The weather couldn't have been better, and both teams were fueled up, ready to play.

Leviathan Whitfield led with the first score of the game in the first quarter. He scored two additional goals, earning a hat trick by the end of the game! Landon Scheel played outstanding defense with some strong boots and great passes. Carter Unger also slammed one into the back of the net during the third quarter. Ella Schmidt was aggressive, showed off some great footwork,

and found the back of the net with a great shot in the fourth quarter.

Both Cameron Jones and Dana Jacobson had some great goal stops,

keeping the Rays scoreless throughout the game, leaving Fire with victory of 5-0.

Emma Rinzel keeps control of the ball during a home game against Campbellsport on Thursday, May 2.

# KHS Netters Take Close Match With Panthers

By Judy Harlow

For the second year in a row, the Kewaskum High tennis team had the upper hand on Plymouth, but this year's match, held May 2 in Kewaskum, was a lot closer than the coaches wanted it to be.

Thanks to a comeback win by Bryce Halvorsen at number three singles, and dominating performances by Isaiah Cochran and Bret Fahrenkrug at number one doubles and Matthew Krautkramer at number two, the Indians posted a 4-3 victory to improve their season mark to 3-0 against Eastern Wisconsin Conference opponents and 4-0 overall.

"A great day for tennis with cooler temperatures and the rain stopping in time to get the courts cleared," KHS coach Andrew Dahlberg said, noting KHS was up 2-0 after 40 minutes with the wins from number two

singles and number one doubles.

Fahrenkrug and Cochran defeated Luke McKinch and Bennett in short order, 6-1, 6-0. This is the second year the two Indians have played together, and their improvement is obvious.

Concerning their strong play, Fahrenkrug said it's a matter of "being together at the net" and taking advantage of their opponents' difficulties. "Our serving was good," the lanky sophomore said, indicating his confidence is growing "because I have more experience and have learned more technique."

At number one singles, Kyle Loehr won in straight sets, but the 7-6 (1) first set was long and hard fought. Both players displayed powerful serves and strong ground strokes. Loehr led 4-1 and 5-2 before Reed Gahagen kicked into gear, tied the match

at 5-5, took a 6-5 lead but Loehr battled back to knot the score at 6-6 before going 7-1 in the tie-breaker, using a couple big winners and Gahagen's unforced errors to take the set.

The second set was all Loehr, who won 6-1 to improve his record to 4-0. "Kyle Loehr played a great match against a strong opponent," Dahlberg said, adding Halvorsen "persevered and found his stroke to finish the match with a 6-2 win" after splitting the first two sets.

Kewaskum 4, Plymouth 3  
Singles: No. 1 Kyle Loehr def. Reed Gahagen 7-6 (1), 6-1; No. 2 Matthew Krautkramer def. John Wishman, 6-0, 6-3; No. 3 Bryce Halvorsen def. Nick Wishman, 6-1, 2-6, 6-2  
No. 4 Ben Read lost to Jake Honek, 4-6, 6-4, 2-6.

Doubles: No. 1 Isaiah Cochran/Bret Fahrenkrug def. Bennett Dal/Luke McKinch, 6-1-6-0; No. 2 Hunter Roehrig/Dawson Zillmer lost to Cole Booth/Keegan Gafney, 3-6, 5-7; No. 3 Aaron Singer/Connor Toth lost to Al Osieczanek/Jack Gumieny, 2-6, 6-2, 5-7.

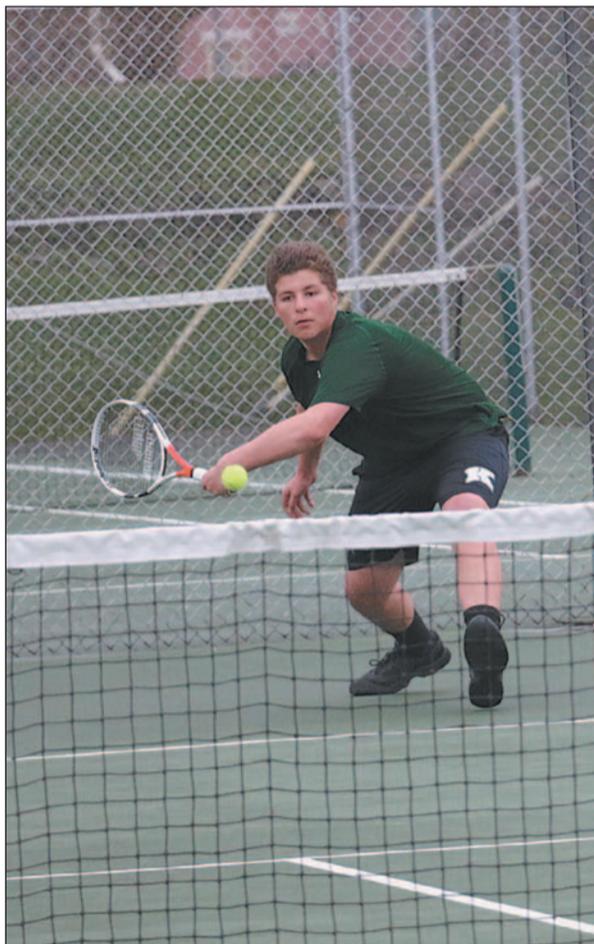

All KHS players listed first.

## Heus Leads KHS Boys To Second Place At Deerfield

By Judy Harlow

The stars continued to shine for the Kewaskum boys and girls track teams in the annual Deerfield Classic held on May 3. With four first places and a win in the 4x100-meter relay, the Indians boys finished second with 88 points, while the girls, aided by big efforts from the Meidl sisters, the 4x800 and 4x400 relays, took third with 74 points.

KHS coach Kris Evans saw a lot of good performances at the event, which drew 18 teams from Division 2 and 3.

Tyler Heus had a banner day, winning the 200 and 400 with excellent times. Heus had the second fastest qualifying time, a 24 and .06 seconds (24.06) in the 200, then turned on the jets and defeated Isaac Eubanks of Wayland Academy, 23.33 to 23.89 for first place in the finals.

Heus' 400 was even more impressive, winning with a 51.60, which is a new personal record (p.r.) for him. "Isn't he something!" Evans said. "He's confident, and he puts up good times. It's always a pleasure watching him run."

The Indians also picked up 10 points via Ben Frase's first in the 800 with a good time of 2:04.23, and the sprint relay, comprised of Jermaine Thull, Jed Ermer, Trevor Degnitz and Eli Bartelt, combined for a 45.52, .52 of a second ahead of Darlington.

The other first place came from Sam Melzer in the pole vault, an event dominated by the Indians with Abby Meidl winning the girls' vault. Melzer was the only athlete to clear 12 feet (12-0) while Meidl won at 9-0.

Other top-five finished by KHS boys included: 110 hurdles - Sam Schultz, 4th in 16.94, a

p.r.; 300 hurdles - Dylan Maechtle, 4th, 44.05, p.r.; high jump - Schultz, 6-0; 4x200 relay - 5th, Maechtle, Andrew Bolek, Max Melzer and Damareyon Taylor, 1:41.55; and long jump - Bartelt, 3rd, 20-3.75.

The Lady Indians still have a few weaker events that keep them from challenging for titles, but they are very strong in the distances, middle distances and pole vault.

The foursome of Romela Olla, Alyssa Butz, Faith Mertzig and Grace Marchello combined for a win (10:27.03) in a photo finish with Shorewood, which was clocked in 10:27.13. Butz was filling in for Lisa Bolek, who missed the meet because of illness.

Evans said he was glad he held his distance runners out of the recent Pewaukee meet. "It paid off real well," he said, re-

porting the 10:27.03 is a new KHS outdoor record but does not beat the indoor mark the girls posted indoors at Ripon earlier this spring.

KHS also won the 4x400 with a five second-win over Shorewood, 4:19.63 to 4:25.34. Running for the Indians were Courtney Butzlaff, Brenna Meidl, Anna Peterson and Lindsey Landvatter.

Another good event for the Indians was the 400 with Brenna Meidel and Landvatter finishing

2-3 with respective times of 1:03.58 and 1:03.62, the latter a p. r. for Landvatter, a sophomore out for the sport for the first time. "She's got a great work ethic, and she's versatile," Evans said of Landvatter, adding Meidl is "one of the better all-around athletes we have. We honestly feel we can throw her in any event, and she could figure it out."

Meidl won the pole vault, and right behind her in second was teammate Jill Braatz, who

cleared a season-record of 8-6. Other top-five finishes included: 200 - Peterson, 4th, 28.16; and 1,600 - Marchello, 5th, 5:45.88.

The East Central Conference Meet is coming up May 14 at Berlin.

Boys Team Scores: (Top 5) 1. Omro, 109; 2. Kewaskum, 88; 3. Cambridge, 78; 4. Columbus, 57.5; 5. Darlington, 46.

Girls Team Scores: (Top 5) 1. Columbus, 96; 2. Belleville, 79; 3. Kewaskum, 74; 4. Benton-Scales Mound-Shullsburg, 65; 5. Rio, 61.5

## Buechel, Schlosser Post Low Scores As Indians Win Two More Tournaments

By Judy Harlow

In what has all the signs of being a historic season, the Kewaskum High golfers added two more victories to their list of accomplishments during the 2019 season. The Indians first won the Princeton Invitational, then on May 3rd captured the top spot in the 24th annual C. J. Wiese Invitational held at the Quit Qui Oc Golf Course in Elkhart Lake.

Kewaskum had the low score, a 323, and also had the medalist, senior Jacob Schlosser, who carded a 37-40—77 on the par 70 layout. Taking second place, 19 shots back, was Kettle Moraine Lutheran at 342, then came Sheboygan Falls, 366; Two Rivers, 384; Waupun,

387; Campbellsport, 389; Chilton, 391; New Holstein, 397; Kiel, 407.

"We were low for all divisions, clipping Plymouth by one stroke," KHS coach Casey Scheel said. "Overall a great week last week," with a busy one coming up.

The other KHS counters were Brad Buechel with an 80, Talon Ralph 82, Toree Ralph, 84. "We played much better on the front side than we did the back nine, and that is typically the case for us just because we see the front nine in conference matches," Scheel said.

Currently the Indians are rated second in the state in Division 3 with 50 points, behind defending state champion Edgewood, which has 59. Others in the top five

are Edgerton, 47; Rice Lake, 36; and Platteville, 35.

### May 1 Action

On May 1, at the Lawsonia Golf Links, the Indians finished first in a tournament using a two-man total format, nipping Mount Horeb by one shot, 310 to 311.

"Brad Buechel had the round of a lifetime, shooting a 1-under 71," KHS coach Casey Scheel said, reporting Buechel started off with a 35 on the front nine and came back with a 36 on the back for the low individual round of the day.

"He had four birdies and three bogeys," Scheel said, reporting Buechel and Travis Griesemer teamed up for a 152, which was the low two-man total in the

event. Griesemer contributed an 81 to the total.

Kewaskum's other twosome was made up of Jacob Schlosser and Talon Ralph, who had a 158 on a 77 by Schlosser and an 81 from Ralph. They were tied for third overall.

Princeton Invitational Team Scores: 1. Kewaskum, 310; 2. Mount Horeb, 311; 3. Hortonville, 338; 4. Baraboo, 349; 5. Neenah, 361; 6. Reedsburg, 366; 7. Rhinelander, 389; 8. Lakeland, 410; 9. New London, 419; 10. Oshkosh West, 432.

Today (May 9), the Indians are scheduled to host an East Central mini-tour event at 3 p.m., following the noon start at Auburn Bluffs in Campbellsport.

# KHS Softball Team Edges Wolves In Extra Innings, Falls To KML

By Judy Harlow

In what had to be the most thrilling comeback of the season, the Kewaskum softball team rallied for two runs in the bottom of the eighth inning to turn back Winneconne 5-4 in a makeup game played here May 3.

Leading 4-3, the Wolves were one out away from taking home the win when pitcher Autumn Hunter got Ashley Trapp to hit a grounder to third. Abby Jennerman was a little to excited with her throw, however, and it sailed over the first baseman's head, allowing Trapp to reach second base.

That was the break the Indians needed. Leah Theusch followed with an RBI single to left, tying the score at 4-4, then on a 2-2 count, pinch hitter Morgan Goeden came up with a clutch single over third base and by the time the Wolves chased down the ball, Theusch was on third and Goeden safely at second.

Kaitlyn Leitheiser followed a single just past the reach of the second baseman, Theusch scored the winning run, and the Indians started to celebrate.

A loss would have been pretty devastating for the Indians, who are tied with Waupun for first place in the East Central Conference at 9-2. (The title was on the line May 7 when the two teams squared off in a double header at Kewaskum.) "It was a good game ... Winneconne is much improved," KHS coach Jeff Gosse said, adding Autumn Hunter did a good job pitching.

The game marked the return of senior Kennedy Lehn, who had been out for six games. Lehn struck out 10 but walked two and gave up seven hits, including a double by Hunter in the seventh when the Wolves tied the score at 3-3.

In the bottom of the seventh, Tara Theusch smashed a two-out double to the wall in deep center but after intentionally walking Maddie Geidel, Hunter got Ashley Clausing to foul out to the first baseman to end the inning.

In the top of the eighth, Winneconne got three singles but only managed to score one run as Lehn struck out Evy Burns, got Hunter to pop out and Emma Collins to pop out to short.

Then the Indians went to work, coming up with three hits after two outs to claim the win.

About his pitcher, who is now 7-0 on the sea-

son, Gosse said, "It's hard for her to get a good grip on the ball," especially in cool weather.

## May 2 Action

Some people may think the East Central girls fast-pitch race is between defending champion Kewaskum and the ever-strong Waupun. They might be forgetting Kettle Moraine Lutheran has a pretty good team this spring.

The Lady Chargers took a big step May 2 to remain in the title conversation, using a two-run homer by pinch hitter Kyra Herman in the bottom of the fifth — KML was the home team since the game was originally scheduled to be played in Jackson — toward an 8-6 victory over Kewaskum, which is ranked number two among D-2 teams.

With the win, the Chargers improved to 6-3 and 9-3.

"We had six errors. We probably had more

errors in that game than we've had all season," KHS coach Jeff Gosse said about the see-saw battle that saw the lead change hands three times.

KML was up 5-2 after three innings, then it was the Indians storming back with four runs in the top of the fourth. The key hit in the rally was a two-run double by Abby Baumann.

Herman's blast, which cleared the center field fence, put the Chargers in the lead for good. They added an insurance run in the bottom of the sixth on a single by Katie Scherf, and a miscue by the Indians when a throw to second flew into centerfield, allowing the runner to score.

Katie Scherf got the win. She gave up 10 hits, struck out seven and walked none. KHS had a base runner — Tara Theusch reached on a single — in the top of the seventh, but Scherf got the next two Indians to fly out, and the game ended when catcher Haley Ott threw out Theusch attempting to steal. "She was (originally) safe but came off the bag," Gosse said.

Kaitlyn Miller pitches a strike during a Kewaskum High School home game on Thursday, May 2.

photo by Anne Trautner

KHS was led by Theusch and Baumann, who had three and two hits respectively. Kaitlyn Miller took the loss, going the distance while giving up six hits, striking out eight and walking four.

East Central Softball Standings: 1. (tie) Kewaskum and Waupun, 9-2; 4. (tie) Campbellsport and KM Lutheran, 7-3; 5. Winneconne, 5-5; 6. Plymouth, 3-6; 7. Ripon, 1-10; 8. Berlin, 1-11.

# Continued From... Volunteers Plant Trees For Park's Future

"I love being outdoors," Lisa said as she worked. "It is stress relieving."

More importantly, she wanted to do something positive for the park.

"Sometimes people forget about this kind of stuff, and it makes a difference," Lisa said. "I can come back one day and say I did that."

The trees were funded by the Friends of the Kettle Moraine and a Stewardship State Property Development Project Grant. Kohler partnered with the Arbor Day Foundation to help fund the trees. In total, Kohler is helping to plant about 7,500 seedlings at project sites throughout the Kettle Moraine Northern Unit.

"Kohler is concerned with protecting the watershed, and planting trees is one of the best ways to do that," explained Rob Zimmerman, director of sustainability at Kohler.

In his work, Zimmerman has traveled to places all over the world.

"None are more beautiful than eastern Wisconsin. We are blessed with beautiful lakes like this," he said, nodding

his head toward Long Lake.

Zimmerman returned last Tuesday from the Ninth Kohler Forest in China, where some 600,000 trees were planted to prevent the desert from taking over farmland. He also has been involved with tree planting projects in the United States that were team-building activities.

He was impressed with the turnout at last weekend's event.

"I was happy to see the number of volunteers, especially the kids who were here. They are the ones who will get to picnic under these trees one day with kids of their own," Zimmerman said.

It was an easy decision for Girl Scouts from Troop 8113 in Lomira to help plant trees at Long Lake. They plan to go camping in a state park later this year, so they wanted to help care for a state park.

"If we get them started volunteering while they are young, hopefully they will carry that through their lives when they are adults," said Cheri Neitzel, the troop's leader.

# Kettle Moraine Great Area To Visit

The Kettle Moraine area is a great place to visit. It boasts some of the best physical features in the state and some of the most friendly neighboring villages.

Known as the Kettle Moraine State Forest-Northern Unit, this area can thank the glaciers for the unique characteristics. The northern unit of the forest is only a portion of what is sometimes called the Kettle Range.

This range was created when the Green Bay Lobe of the glacier on the west, collided with the Lake Michigan Lobe of the glacier on the east, depositing sediment. The western glacier formed the Bay of Green Bay, Lake Winnebago and the Horicon Marsh while the eastern one formed Lake Michigan.

This area contains very hilly terrain and glacial landforms, such as kettles, kames and eskers. The forest is divided into two large and three small units, which are spread across a hundred miles.

The Kettle Moraine State Forest-Northern Unit consists of an area covering the western part of Sheboygan County, the southeastern part of Fond du Lac County and the northern portion of Washington County. It includes more than 29,000 acres. The forest itself was established in 1936 to help preserve this unique area and its features.

The forest is managed for multiple uses, including recreation management, sustainable forest products, water quality and soil protection, terrestrial and aquatic wildlife, native biological diversity, and aesthetics.

The forest headquarters is located near Campbellsport. Features of the Northern

Unit are the Greenbush Recreation Area, with a group camping area and hiking trails; Parnell Observation Tower; the Long Lake Recreation Area, with a campground, a beach and boat launch; Henry S. Reuss Ice Age Visitor Center; and the Mauthe Lake Recreation Area, with a campground, a beach and boat launch.

About 145 miles of trails can be found in the northern unit. These trails are used for biking, hiking, horseback riding, cross country skiing and snowmobiling. (See color map on page 2 for the different trails in the forest)

Other facilities in the area include 336 family campsites with modern facilities, nine group campsites, six backpack shelters, a horse riders campground, three swimming beaches, five boat launches and an observation tower.

It is estimated that approximately 800,000 people visit the forest every year. Annual camper nights equal about 91,599.

You will definitely be able to find something fun to do in the Kettle Moraine State Forest-Northern Unit. There is something for everyone.

To find out more information, go to the DNR website at [www.dnr.state.wi.us](http://www.dnr.state.wi.us). You can also call the forest headquarters at 262-626-2116 or call the Ice Age Visitor Center at 920-533-8322.

The forest is open from 6 a.m.-11 p.m. daily. The forest headquarters is located on Highway G and is open 8 a.m.-4:30 p.m. Monday-Friday.

The Mauthe Lake recreation area entrance station is open from 10 a.m.-7 p.m. Saturdays-Thursdays and 10 a.m. to 10:30 p.m. on Fridays from Memorial Day through Labor Day.

These hours will vary during the off-season. Call 262-626-4305 for more information.

The Long Lake Recreation area entrance station is open from 10 a.m.-7 p.m. Saturdays-Thursdays and 10 a.m. to 10:30 p.m. on Fridays from Memorial Day through Labor Day. The hours vary during the off-season. Call 920-533-8612 for more information.

The Henry S. Reuss Ice Age Visitor Center is open seven days-a-week April through October from 8:30 a.m.-4 p.m. Mondays-Fridays and 9:30 a.m.-5 p.m. weekends. Winter hours go into effect November through March. The center is one-half mile west of Dundee on State Highway 67 and offers forest information, interpretative displays, and a 20-minute Ice Age film.

### Area Villages

Don't forget to visit the area villages and towns

that surround the Kettle Moraine Forest. They are all welcoming and helpful.

Campbellsport is on the west side of the forest. You can get to Campbellsport by taking Highway 67.

Kewaskum is on the southwestern side of the forest. You can get to Kewaskum by taking Highway 45 or Highway 28.

Dundee is within the forest on the western side. It is located along Highway 67. The Henry S. Reuss Ice Age Visitor Center is just outside of Dundee on Highway 67.

New Prospect is a small town located within the forest. You can get there by traveling along Highway SS. The horseriders camp is located in New Prospect.

Greenbush is near the northern portion of the forest. You can get to Greenbush by taking County Highway A.

Glenbeulah is also on

the northern corner of the forest. It can be found by taking County Highway A.

Plymouth is a short drive to the east of the forest. You can take Highway 67 to get to Plymouth.

Cascade is also a short drive to the east of the forest. You can get to

Cascade by taking Highway 28.

Fond du Lac is a short drive to the northwest. You can get to Fond du Lac by taking Highway 45 north.

West Bend is a short drive south of the forest. You can get to West Bend by taking Highway 45 south.

Severe storms ripped through the area on August 28, 2018, causing a lot of damage in the Kettle Moraine State Forest and the surrounding areas. The DNR has been working hard since the storms to clean up all the trees that were taken down by the tornados and severe winds.

A worker uses a chainsaw to try to remove some of the trees that had fallen down as a result of the severe storms that ripped through the area on August 28, 2018. These tornados and severe winds caused a lot of damage in the Kettle Moraine State Forest and the surrounding areas.

# August 2018 Storm Response And Recovery

By Adam Zirbel  
Department of Natural Resources Forester

On August 28, 2018, a potent line of severe thunderstorms, a derecho, moved through central Wisconsin spawning 19 tornadoes from Marquette County east through Sheboygan County. These included one EF2, thirteen EF1 tornadoes, and five EF0 tornadoes. Wind speeds ranged from 80 to 125 mph and additionally up to eleven inches of rain fell in some areas of this event.

In the days preceding the storm, the area received many rain storms that had already saturated the soils. After the storm's passing, people came upon a staggering amount of damage to trees, infrastructure, buildings, and agricultural lands.

There are countless stories of hard work, tireless hours, and heroism in response to this storm. This article focuses on the forestry response and planned recovery for the storm-affected forestlands totaling approximately 1,000 acres within the Kettle Moraine State Forest – Northern Unit.

In the immediate days following the August 28th storm, the Department of Natural Resources (DNR) began surveying the damage. To assess levels of damage, foresters drove passable roads and ordered an aerial reconnaissance flight using DNR planes typically used for wildfire detection and aerial surveys for wildlife populations. Foresters used Global Positions Systems (GPS) to locate the pockets of blowdown timber to develop plans for salvaging the doomed trees.

The nature and sever-

ity of the damage to trees varied site by site from individual trees uprooted, sheared, and/or snapped to areas that received damage to more than 50 percent of the live tree crown. Because of the heavy wind and rain-saturated soils, when one tree tipped into another, this resulted in a domino effect of trees uprooting. Hardwood (oak, maple, aspen) trees tended to uproot and sustain crown damage, while conifer (pine, spruce) trees mostly snapped or sheared in swaths in the high winds.

The goal of salvaging these damaged trees is to recover any value of the wood prior to them becoming unusable for forest products. Harvesting the downed timber creates growing space for establishing new, natural tree regeneration or generates a site conducive to follow-up tree planting. Large build-ups of dead/dying trees can become a risk for wildfire or a source for insect and disease outbreaks.

After determining that opening critical infrastructure was a forest priority, the DNR contracted with loggers who possess mechanical harvesting systems. They started by clearing Scenic Drive as well as the Bridle/Snowmobile Trail one mile north and approximately four miles south of Scenic Drive.

Following the trail and road opening, foresters began negotiating salvage timber sale contracts with the forest products/logging industry to begin the salvage of the damaged trees in the heaviest impacted areas (Scenic Drive, Ash Road, Pine Road, County Highway V, Highway 67 near Boy Scout Camp Road, and

Division Road South of County Highway F).

More than nine different contracts were established. The loggers generally paid a 30 to 40 percent reduced stumpage rate to harvest the damaged timber designated by DNR foresters; no timber was given away without compensation to the DNR.

As you can imagine, harvesting salvage timber is not easy work. Most of the modern mechanical harvesting systems are not designed to deal with horizontal trees, especially larger diameter hardwoods.

Because of this, harvest production slows down by an estimated 50 percent and then throw in wet and winter weather which slows it even more. This work continued to varying degrees through much of the fall of 2018 and to the end of March 2019.

Currently, DNR foresters are working another batch of salvage timber sale contracts to be bid out to the forest products industry later this summer. These cover more scattered pockets, outside of the heavily affected areas.

This spring the DNR contracted with hand tree planting crews to plant approximately 120,000 native tree seedlings including red oak, white oak, sugar maple, white pine, aspen, shagbark hickory, black cherry, and birch. These seedlings will enhance the species diversity and resiliency in these future stands.

By no means does this mark the end of the storm recovery efforts! There will be many more projects aimed at reforesting devastated stands of timber for at least the next two years.

# Ice Age Center Great Resource

By **Andrea Hansen Abler**

The Henry S. Reuss Ice Age Visitor Center is a great resource for anyone visiting the Kettle Moraine State Forest-Northern Unit. It is located just outside of Dundee on Highway 67.

Its purpose is to introduce and orient visitors to the forest about the area and the special features of the area. The glaciers that covered this area about 10,000 years ago left some unique terrain and features in this area.

The Kettle Moraine was created when the Green Bay Lobe of the glacier, on the west, collided with the Lake Michigan Lobe of the glacier, on the east, depositing sediment. The western glacier formed the Bay of Green Bay, Lake Winnebago and the Horicon Marsh while the eastern one formed Lake Michigan.

As the glaciers melted and moved, they left behind many different features like moraines,

kames, eskers, drumlins, and kettles. The Ice Age Visitor Center explains these features, how they were formed and gives examples of these features in the area.

"You can get a good idea of how the glaciers affected this area and the treasures it left," said Jackie Scharfenberg, DNR naturalist at the Ice Age Center. "A lot of groups come here as a jumping off point."

After visiting the center, you can then go out into the forest to see these different formations. Many trails can be found in the forest to get you to these features. A short trail is also accessible from the Ice Age Visitor Center.

Another feature of the center is the information you can receive about the forest activities. The center has maps of all the trails in the forest, campgrounds, information about Mauthe and Long Lakes and the campgrounds in the forest.

"We can provide infor-

mation about the forest and its multitude of things to do," Scharfenberg said.

The Henry S. Reuss Ice Age Visitor Center was opened in January of 1981 and dedicated in May of 1981. It was named after a Wisconsin congressman. The Zillmer Trail was also named after a Wisconsin congressman.

"They got some of the initial money passed (for the center and trails)," Scharfenberg said.

The center is open year-round. From April through October, it is open Monday-Friday from 8:30 a.m.-4 p.m. and on weekends from 9:30 a.m.-5 p.m. During the months from November through March, the hours will vary, so please call ahead at (920) 533-8322. About 25,000-30,000 people stop at the Ice Age Visitor Center every year.

Every week educational programs are held at the center. These programs teach young and old about the forest wildlife, vegetation and

The Ice Age Visitor Center is a great place to visit to learn more about the Kettle Moraine State Forest and how it was formed. You can also take part in educational programs, find a trail, and just enjoy the beauty of the forest from the center. Many of the educational programs held in the forest are hosted at the Ice Age Center.

photo by Andrea Hansen Abler

other fun nature-related things. Programs are generally free to the public, with some exceptions. A calendar of these educational programs can be found on pages 18-24.

The Henry S. Reuss Ice Age Visitor Center is a great place to start your visit to the Kettle Moraine State Forest-Northern Unit. It will help educate you about the forest and give you information about more opportunities in the forest.

Displays about the Kettle Moraine State Forest-Northern Unit and how it was formed can be found inside the Ice Age Visitor Center. The center is located on Highway 67 just outside of Dundee.

# Visitor Parks

## Kettle Moraine State Forest- Northern Unit

This 29,000-acre forest is a glacial panorama of rolling, wooded hills dotted with serene lakes. Year-round camping, nature programs and recreation for all seasons. Ice Age Visitor Center open daily (920) 533-8322. Forest Head- quarters, N1765 Cty Hwy G, Campbellsport, (262)626-2116.

### Firemen's Park

In 1939, the Campbellsport Fire Department purchased the first parcel of land that would become Campbellsport's first park.

The grounds include a baseball diamond, a nice playground for the children, a concession stand, shelter area and picnic area. Newly remodeled bathrooms can also be found in the park.

Every year, the park is home to the village's Fourth of July picnic. Festivities include music, games, food, waterfights and many other fun filled activities for all ages. The money raised during this event maintain the park and the fire and ambulance services in the area.

### Columbus Parc

This newer edition to Campbellsport was developed in 1991. The park was built on the site that used to house the Columbus School. This helped make up part of the name. The letters in the word parc stand for pleasure, activities, recreation and community. Thus Columbus Parc was named. A concession stand and shelter area was built in 1993. The Parc has three baseball diamonds, volleyball courts, basketball courts, and a children's area. Whispering Trails winds along the Milwau-

kee River and gives you some wonderful scenery to look at while you get some exercise.

### \*Dundee Sportsmen's Club Park

The Dundee Sportsmen's Club was formed in April of 1973. It consists of the club house, pavilion, bathrooms, brat stand, baseball diamond, volleyball court, playground equipment, and a mud pit for the annual hog wrestling.

The brat stand may be used by area clubs for fundraisers. The club house and pavilion can be rented for weddings and family activities. The club house can accommodate up to 200 people.

The park is located at N3019 Highway 67, Campbellsport. Please contact them by email at <http://www.dundeesportsmensclub.com/>.

### Kewaskum Kiwanis Community Park

Kiwanis Park is a 34 acre public park located at 1599 Brooklane Drive, Kewaskum.

Park amenities include basketball courts, tennis courts, a swimming pool, horseshoe pits, hiking trails, playgrounds, and ball diamonds with concession stand.

The swimming pool was upgraded last year with blow up items. Items added include a 10-foot water slide in the deep end of the pool, an obstacle course in the pond's medium depth area and a new floating raft and splash area for children in the pond's shallow end.

Life jackets will be on hand for swimmers to use. New shade umbrellas were also added around the pool for those who want to stay out of the sun.

Reservations can be

made for baseball diamonds, tennis courts and party shelter.

### Regner Park

Regner Community Park is a mecca for outdoor recreation. The natural landscape is interwoven with activity. Playgrounds, nature trails, open play area, swimming, tennis, soccer, softball, and baseball serve the many recreational interests within the community.

The Carl M. Kuss Memorial baseball field, grandstand, and concession facility is home to adult leagues and tournaments. Spectators are given the opportunity to spend an evening in the park, while enjoying the all-American game.

In summer, the beach, pond, and bathhouse bustle with activity. In winter, the area is transformed into a winter wonderland with ice-skating, hockey, and warming house.

Among woodlands, ponds, open grasslands, and scenic Silver Creek are the camp lodge, Centennial shelter, and pavilion, concessions, bandstand area, as well as numerous picnic groves. As rental facilities they cater to special events, family gatherings, and other group activities. Park entrances are located on North Main Street and Park Avenue.

Activities include, swimming, baseball diamond, two softball diamonds, three lighted tennis courts, five horseshoe courts, one soccer field, two play structures, fishing pond, nature trails, ice skating, six picnic groves and half basketball court. Located at 800 N Main St., West Bend.

This is the fishing pier at Long Lake, there is also one at Mauthe Lake. Many people come out here during the summer months to do some fishing.

## Pets Can Enjoy The Kettle Moraine At Suggested Areas

Staff at the Kettle Moraine State Forest-Northern Unit often receive questions asking whether pets are allowed in the area.

There are no designated swimming areas for dogs within the Kettle Moraine; however, it is recommended that pets be taken to Forest Lake. There is a quiet, uncrowded boat launch for access to the water at Forest Lake.

Following the shoreline to the left of the launch, humans and their canine friends will find a small area with a sandy bottom that works

for everyone to enjoy.

Another suggested location for dog owners is Butler Lake boat launch, which is near Long Lake. However, the conditions at Butler Lake are not quite as accommodating as they are at Forest Lake.

To reduce conflicts due to the sheer number of visitors to the Kettle Moraine, dogs must be under control at all times, and on a leash with few exceptions.

The only times that dogs may be off their leashes are for hunting purposes and for training at one of the two

designated training areas.

In addition, people may walk with their dogs off-leash through the woods, as long as they're outside of designated-use areas (trails, campgrounds, beaches etc.), and it's outside of the bird-nesting season. NOTE: From April 15-July 31, all dogs must be on-leash whether on or off-trail.

There is more information on the Kettle Moraine State Forest-Northern Unit web page. Questions can also be answered by calling 262-626-2116.

Many trails can be found in the Kettle Moraine State Forest-Northern Unit. They provide great recreational opportunities in this area.

# Lakes Of The Kettle Moraine

The Kettle Moraine State Forest-Northern Unit has more than a dozen lakes and ponds — mostly kettles, but also two impoundments of the Milwaukee River.

The Mauthe Lake and Long Lake recreation area entrance stations, when open, lend fishing equipment free of charge. Several private vendors within the forest sell bait and other fishing supplies.

The eight lakes range in size from 477 acres (Long Lake) to less than seven acres, accounting for a total of 786 acres.

The primary fish species in these lakes include largemouth bass, bluegill, crappies, and northern pike.

**Auburn Lake (Lake Fifteen)** — A medium-sized kettle lake, Auburn Lake provides a diverse fishery. A paved boat launch and trailer parking area are across from the Forest Headquarters entrance road. Access to launch is a narrow gravel road not suitable for large boat trailers. A local wake ordinance, posted at the landing, is in effect. State park vehicle admission sticker required.

Expect to catch: bluegills of average size; crappies - present, but generally not quality size; northern Pike -often found near outlet stream mouth and on north end across from boat landing; yellow bass - abundant, but small; and largemouth bass are present, some of quality size.

**Butler Lake** — Butler Lake is the smallest of the easily-accessible Kettle Moraine Lakes. It is a kettle lake with an emergent wetland fringe around most of the lake. The Ice Age Trail meanders through the Butler Lake area and there is a loop hiking trail system near the lake. Butler Lake is spring-fed and the water remains fairly cold and oxygenated.

There is a paved parking lot and gravel launch area for canoes or small rowboats. Gas motors are not allowed. A water pump is available near the parking lot. State park vehicle admission sticker required.

Expect to catch: bluegills that are small, but abundant; and largemouth bass that are present and average in size.

**Crooked Lake** — This medium-sized kettle lake has relatively clear water and a diverse aquatic plant community. Gravel access road and parking area are off of County Highway SS. Launch, suitable for canoes and small boats, is shallow and weedy.

Expect to catch: bluegills, which are common and average in size; yellow perch, which are common but small; crappies, population fluctuates widely with very good fishing some years; northern pike are present and average in size; and largemouth bass are present and of quality size.

**Forest Lake** — Forest Lake is a small kettle lake with a mostly-developed shoreline. A marked and fairly steep walk-in public access is off of County Highway GGG. The lake is only suitable for canoes, small rowboats or paddleboats. No motors are allowed.

Game fish, such as northern pike, walleyes, and bass, are catch and release only.

Expect to catch: bluegills, which are abundant, but small; crappies are present; northern pike, which are present for catch and release only; and largemouth bass are quality population for catch and release only.

**Kettle Moraine Lake (Round Lake)** — The second-largest lake in the Kettle Moraine area, Kettle Moraine Lake has relatively clear water. Many parts of the lake are weedy and shallow. There is no state forest access available, but the public can launch at NanSea's Tiki Bar on the east side. Obey the local wake ordinance posted at landing.

Expect to catch: bluegills, abundant, but few of quality size; yellow perch are present but generally

The beach at Mauthe Lake is always a popular spot during the summer months in the Kettle Moraine State Forest. Long Lake also has a beach for visitors to relax and swim.

photo by Andrea Hansen Abler

small; crappies are present and at times have quality size; northern pike, which has a large population for a lake this size, commonly found in the 17-inch to 21-inch size range; walleye is present with some quality size; largemouth bass, which are common and of quality size; and bullheads - bullhead fishing is the highlight of Kettle Moraine Lake in summer.

**Lake Seven** — This small, mostly undeveloped kettle lake has clear water and a diverse aquatic plant community. It is historically known as a tremendous bluegill lake.

No gas motors allowed. Fairly shallow gravel boat launch for canoes and small rowboats.

Expect to catch: bluegills, which are abundant and of average size; and largemouth bass, which are very abundant, but small in size.

**Long Lake** — Long Lake is a three-mile long impoundment of the East Branch of the Milwaukee River. The lake has relatively clear water and is stocked by DNR and the Long Lake Fishing Club. Heavy recreational use in the summer may make fishing difficult.

An accessible fishing pier and shoreline fishing opportunities are in the Long Lake Recreation Area.

It has a developed boat launch and parking for more than 20 vehicles and trailers. The boat launch fills on summer weekends. Obey the local wake ordinance posted at landing. State park vehicle admission sticker required.

Expect to catch: bluegills, which are six- to seven-inches common in summer, best fishing along mid-depth weedlines and in deeper water on vegetated mid-depth flats; crappies are present; walleyes are present with some of quality size; northern pike, which has a good population with some larger fish; largemouth bass, which are common in summer, and the lake has a very good population with a nice size structure of fish available; and bullheads, which are one of the most popular summer fish to catch, especially near boat launch area.

**Mauthe Lake** — Mauthe Lake is a 78-acre impoundment of the East Branch of the Milwaukee River and is entirely within the state forest boundaries.

Accessible fishing pier, trail to dam, and shoreline fishing opportunities are within the recreation area. Paved launch for canoes and small boats. No gas motors allowed; electric trolling motors are allowed.

State park vehicle admission sticker is required.

Expect to catch: bluegills, which are abundant, but small in size; crappies are occasionally the highlight of the fishery; largemouth bass are common and of quality size; and northern pike are available, some caught in the past have been in the 30-inch range.

Handicap-accessible fishing pier, trail to dam, and shoreline fishing opportunities within the recreation area. Paved launch for canoes and small boats.

## Boating

Rental boats are available from a private concessionaire under agreement with the state forest. Several private vendors within the forest sell fishing licenses, bait and other fishing supplies. For more information or current boat regulations, visit one of the forest offices or check out [dnr.wi.gov](http://dnr.wi.gov).

For information on boat registration, contact the DNR Call Center; 888-936-7463 or visit [gowild.wi.gov](http://gowild.wi.gov).

Lake Seven, Mauthe, Forest and Butler Lakes prohibit the use of gas-powered motors.

Other boating restrictions may apply. Check at landings for posted information regarding wake/no wake rules and whether or not a state park vehicle admission sticker is required.

All watercraft must be equipped with a wearable Coast Guard approved personal flotation device for each person on board. Consult the Wisconsin fishing and boating regulations before going fishing.

For more information or for boat regulations and registration forms, visit one of the forest offices.

## Swimming

The state forest has three swimming beaches, one at Mauthe Lake and two at Long Lake. Swimming areas are designated by marker buoys. Lifeguards are **not** provided.

Pets, soaps, food and beverages are prohibited in marked swim areas. Picnic tables, grills and toilets are available near the beaches. A carry in, carry out policy applies at these day-use areas.

Mauthe Lake and Long Lake Recreation Areas are open from 6 a.m. to 11 p.m. year round.

Mauthe Lake's beach area and Long Lake's south beach include playground equipment suitable for young children and a reservable picnic shelter.

Water quality is tested regularly from Memorial Day to Labor Day and any advisories will be posted at the beaches.

# Dundee Mill And Park

An interesting site to see while visiting the Kettle Moraine State Forests-Northern Unit is the Dundee Mill & Park. It is located in Dundee, near Highway 67 just down the road from the Ice Age Visitor Center.

The Dundee Mill & Park is owned by the

Town of Osceola. Restoration of the old mill began in 1990 when a group of volunteers had the goal of restoring an old mill. Their aim was to preserve a part of Wisconsin's heritage for future generations so they may learn about a time when life was with-

out modern technology. In 1996 the mill was declared a Town Historical Site and the Partners of the Dundee Mill and Park, Inc. was created by the town as non-profit, non-stock, tax exempt, corporation to maintain, restore, and preserve Dundee Mill

and Park. A group of volunteers had the goal of restoring an old mill, which had been declared a Town Historical Site. Their aim was to preserve a part of Wisconsin's heritage for future generations so they may learn about a time when life was with-

out modern technology. They have restored the turbine that was in the mill and by using the water in Long Lake (a renewable source) they produce electricity and pump it into the lines for Alliant Energy. This is a clean method of producing electricity as well as a great lesson for groups who tour the Mill.

The inside of the Mill is somewhat of a museum. Old artifacts hang from the beams and adorn the walls. An old "pot belly stove" provides warmth for the building. Those involved with the mill are also able to demonstrate the actual operation of the grain mill.

To date they have done many improvements to the building, including a new roof, gutters, siding, and windows. They have rebuilt the stone wall in the lower level of the Mill and the walls of the tail-race have also been restored. A water wheel and trough have been added.

The park provides two fishing ponds for children and handicap to enjoy the outdoors as well as practice their fishing skills. Fishing seminars are conducted yearly at no charge. The

Partners sponsor an Easter egg hunt every Spring and have a Christmas Love Light tree and ceremony every December.

An exciting time for the Partners of the Dundee Mill was in 2006 when the television show *Extreme Makeover: Home Edition* was in town to make over a home. The television show also took on the Dundee Mill as one of its projects. The family who received the makeover is very involved with the mill, so the television show also wanted to feature the mill.

The restored turbine was installed during taping of the show. They also helped ad display cases and other items to the inside of the mill.

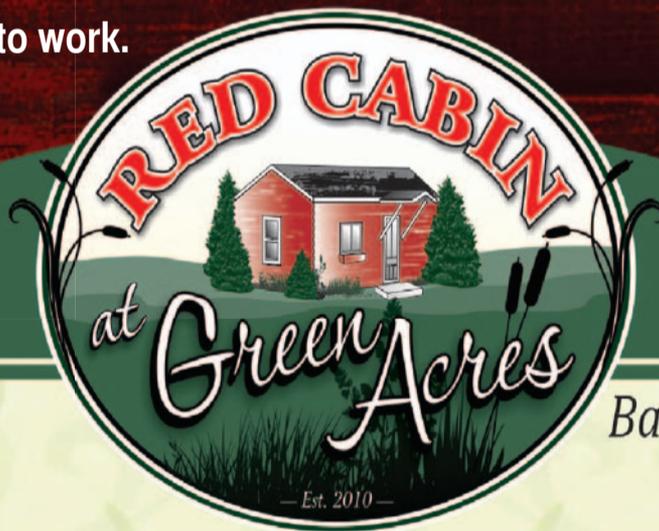

The Dundee Mill really is a gem of the Kettle Moraine area, so make sure to stop by and check it out while you are in the area. The Mill will be open for tours the third Sunday of every month during the summer. The park is always open to use. If you would like to tour the mill on a different day, send a message through the Mill's Facebook page to set up a private tour of the mill.

The Dundee Mill is an active mill that creates electricity for the power company and serves as a museum. It shows how the mill used to be run and people can see how the turbine still works and creates electricity. photo by Andrea Hansen Abler

# Friends Of The Kettle Moraine

The Friends of the Kettle Moraine is a non-profit organization dedicated to promoting a greater appreciation and enhancement of the Kettle Moraine State Forest-Northern Unit.

The group was created in the mid 1980s to inform and educate the public. The general goal was to develop a greater appreciation and environmental awareness of Wisconsin natural re-

sources. Specific goals were to enlist public involvement in the activities and future direction of the Forest and to provide financial assistance directly to the Kettle Moraine State Forest – Northern Unit for new programs and activities.

The first meeting of the Friends group, held in July 1984 at the Ice Age Center, was hosted by William Moorman of the DNR Bureau of

Parks and Recreation. Local press releases resulted in a large turnout of local citizens who were very receptive. The group elected Gus Christ, Byron Gessner, Jerry Ninnemann, William Stoffel, Irene O’Laughlin, Jerry Schanen, and John Zillmer as board members.

The Northern Unit of the Kettle Moraine State Forest is located 45 minutes north of Milwaukee.

The group’s mission is to aid in the understanding of the human and natural history of the forest, so that visitors can enjoy and appreciate the heritage of the Kettle Moraine area.

The Friends of the Kettle Moraine has more than 100 individual members and around 10 business members. They are always welcoming new memberships.

The group holds three or four meetings a year and a large year-end informational meeting that includes a meal. Representatives from the DNR are also in attendance at the year-end meeting. The group, along with the DNR, discuss any upcoming projects for the next year.

The Friends have volunteers called trail watchers, who also walk the many trails and relate any concerns or trouble spots back to the DNR. These trail watchers are a valuable resource for the DNR.

Visitors can explore 30,000 acres of rolling hills, lakes, forests, grasslands, and parks. There are many trails open all year round for your enjoyment. A great

place to start your outdoor adventure is at the Henry S. Reuss Ice Age Visitor Center. You may purchase a state park sticker and park merchandise from the center’s gift shop. Your purchase helps support the Friends of the Kettle Moraine Forest. The forest hosts approximately one million visitors a year.

The Friends of the Kettle Moraine inform people about the Northern Unit by volunteering at the Ice Age Visitor Center. They help publicize the unique recreational and educational opportunities available within the forest.

They assist with recruiting volunteers for special events and give input for the future direction of the forest. The group raises funds to provide financial assistance for educational programs, invasive species control, and special projects.

Some of the projects the Friends group has completed include the heated shelter at the Zillmer Trails, playground equipment at Mauthe Lake, wood sale sheds at both Mauthe and Long Lakes, prairie plantings near Long

Lake, and the butterfly garden at the Ice Age Visitor Center. The next big undertaking for the group will be raising the funds for new exhibits at the Ice Age Visitor Center.

The Friends of the Kettle Moraine provide a variety of events in the Northern Unit. Many of these events are held at the Ice Age Center. They sponsor a yearly Candlelight Ski in January and Earth Week Litter cleanup in April. They also provide a Halloween Hike in November at Long Lake. This is an educational hike for young children.

The Friends are continuing with many improvements in and around the Ice Age Center. They also have a Land Fund set up. This fund will help with the purchase of more private land in the Kettle Moraine Forest when the land becomes available.

For more information about the Friends of the Kettle Moraine, contact a Northern Unit staff member, write the Friends at P.O. Box 143, Campbellsport, WI 53010, or visit [www.fwsp.org/fotkm](http://www.fwsp.org/fotkm).

Many trails can be found in the Kettle Moraine State Forest-Northern Unit. They provide great recreational opportunities in this area. You walk or bike on these trails during the spring, summer and fall months.

## Visit Horicon Marsh

EDUCATION & VISITOR CENTER

---

**Visit for the day or spend the weekend at the Horicon Marsh!**

**AT THE EDUCATION CENTER**

- Tour the BRAND NEW Horicon Marsh Explorium!
- View the “Horicon Marsh Story” Movie
- Shop the Flyway Gift Shop
- Explore our Children’s Discovery Area
- Learn about the marsh by attending a fun program

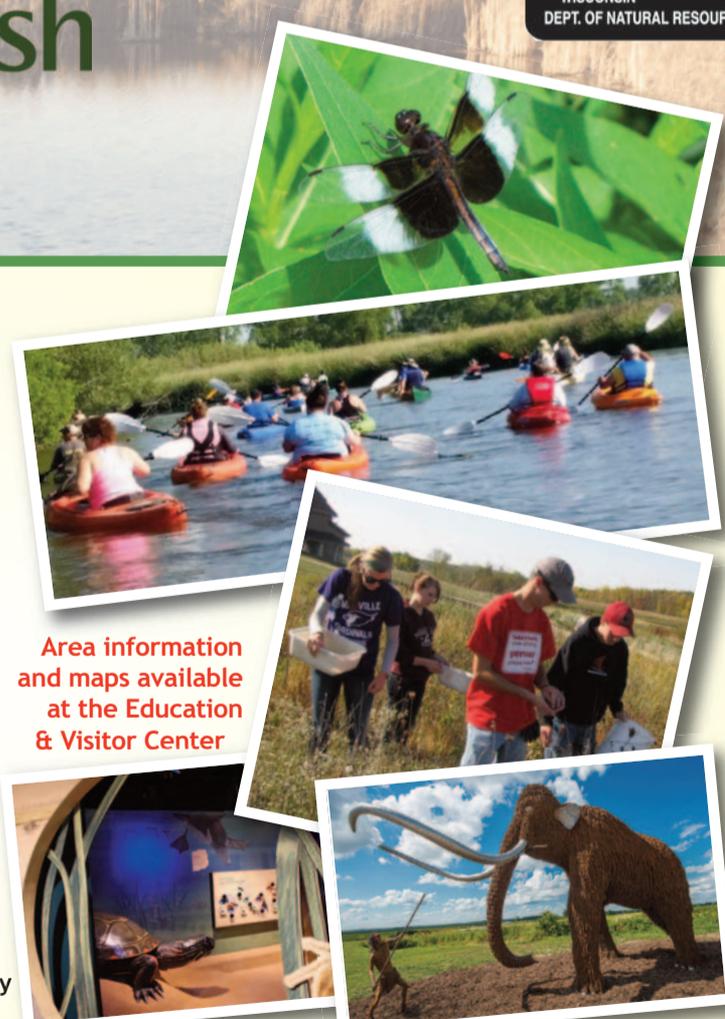

**STATE WILDLIFE AREA**

- Hike the Trails on the Horicon Marsh
- Experience Birding and Wildlife Photography
- Canoe or Kayak through the Marsh
- Go Fishing and Hunting on and around the Marsh
- Go Geocaching

*If you would like to bring a school group to visit the marsh, we can coordinate a program with you to supplement your class studies.*

For more information about activities and special events to go [www.horiconmarsh.org](http://www.horiconmarsh.org) or call (920) 387-7889 or (920) 387-7893 Monday through Friday

 Also see Friends of Horicon Marsh Education & Visitor Center on facebook

Area information and maps available at the Education & Visitor Center

# Trails In The Kettle Moraine

One of the great things about the Kettle Moraine State Forest-Northern Unit is the many trails that are available within the forest. You can walk, bike, picnic, ride horses and have a lot of fun on these trails.

The Kettle Moraine State Forest-Northern Unit has more than 132 miles of trails, varying in difficulty, length, and permitted uses. Steep climbs or descents are common. Parking lots are provided throughout the forest. All-terrain vehicles (ATVs) are not allowed at any time.

To see a full forest map with all of the trails highlighted, turn to page 2.

**Butler Lake Loop:** On Butler Lake Road, 1.5 miles east of the Long Lake Recreation Area, the Butler Lake Trail winds more than three miles through the 158-acre Butler Lake and Flynn's Spring State Natural Area.

A portion of the loop trail is shared with the Ice Age Trail. Interpretive displays are set at the base of the esker and overlook Butler Lake. A picnic table, grill and drinking water are at the trail head.

**Greenbush Loop System:** On Kettle Moraine Drive, 2.5 miles north of State Highway 67, the Greenbush Trail is a combination of four loop trails totaling nine miles. Hiking is not allowed on the mountain bike trails which are also located in this area for safety reasons.

In winter, the trails are groomed for cross-country skiing. Hiking is prohibited when snow is present. A heated picnic shelter, picnic tables, grill, drinking water and vault toilets are near the trailhead.

**New Fane Loop System:** On County Line Road, 1.5 miles east of Kettle Moraine Drive, the New Fane Trail is a series of four loops of moderately-challenging mountain bike trails totaling 5.5 miles, interwoven with four loops of hiking trails totaling 7.7 miles. A short connector trail allows access to the Ice Age Trail.

Hiking is not allowed on the bike trails, and biking is not allowed on the hiking trails. An open-air reservable shelter is located near the trail head, and drinking water and vault toilets are available year-round. Cross-country skiing arrives with snow. Hiking is prohibited when snow is present.

**Parnell Tower Loop:** On County Highway U, one-quarter mile west of County Highway A, the Parnell Tower Trail begins its 3.5-mile loop with a series of steps leading to the highest point of elevation in the forest. There a 60-foot observation tower rises above the treetops for a birds-eye view of the glacial landscape.

The trail follows the Ice Age Trail near a rustic backpack shelter. Picnic tables, grills, drinking water and vault toilets are adjacent to the trailhead.

**Tamarack Loop:** This trail is near the Forest Headquarters off of Highway County G, this two mile trail loops around Mauthe Lake. Pets are not allowed on this trail. Flush toilets are available year-round on the headquarter's side.

**Zillmer Loop System:** On County Highway SS, one-quarter mile west of County Highway G, the Zillmer

Trail Area consists of four loop trails for a total of 11 miles. The south trail head has picnic tables, grills and drinking water.

Visitors can also access the trail from the Ice Age Visitor Center. A rustic backpack shelter is along the trail.

In winter it is a groomed cross-country ski trail. Hiking is prohibited when snow is present. Closed to hunting with firearms, except during deer gun and spring turkey seasons.

**Lake to Lake Bike Trail:** This 6.5-mile limestone surfaced trail connects the Mauthe and Long Lake recreation areas and passes by the village of Dundee.

This gentle trail winds through hardwood forests, prairies, conifer plantations, and lowland swamps. The trail includes a boardwalk over low areas east of Dundee Mountain.

**Off-Road Bike Trails:** Off-road biking is only permitted on the Greenbush (nine miles) and New Fane (5.5 miles) loop trails. Normally these trails are opened in late April through No-

vember, depending on trail conditions.

It is highly recommended that you not ride while it is raining or within four to six hours after rain has stopped.

A trail pass is required for riders 16 years of age and older. See the current conditions page on the DNR website and/or call ahead to check trail conditions and to make sure trails are open.

**Bridle Trails:** Equestrians enjoy 41 miles of bridle trail which are traditionally open late April through mid November depending on trail conditions. The main bridle trail winds the linear length of the forest of 33 miles. Two loop trails, Crooked and Forest Lake, provide shorter routes totaling seven miles.

A trail pass is required for riders 16 and older. See the current conditions page on the DNR website and/or call ahead to check trail conditions and to make sure trails are open.

**Ice Age Trail:** About 31 miles of the Ice Age National Scenic Trail travels the length of the

forest. The moderate to difficult course follows sinuous eskers and tumbled moraines descending into bogs and deep kettles.

The Ice Age Trail is a National Scenic Trail located entirely within Wisconsin. The trail is also one of 42 designated Wisconsin State Trails, and the only one specifically designated as a "State Scenic Trail." From Interstate State Park on the Minnesota border to Potawatomi State Park on Lake Michigan, the Ice Age Trail winds for more than 1,000 miles, following the edge of the last continental glacier in Wisconsin.

One of only eight National Scenic Trails, the Ice Age Trail is intended to be a premier hiking trail and conservation resource for silent sport and outdoor enthusiasts. The trail traverses some of Wisconsin's most scenic landscapes and helps tell the story of the last Ice Age by highlighting Wisconsin's unique glacial features.

The Ice Age Trail travels through 30 counties on state, federal, county and private lands, connecting dozens of com-

munities. There are hundreds of trailheads and access points located along the trail route. More than 600 miles of trail are open. The completed sections of the trail are connected by less-traveled roadways and other temporary routes.

**Moraine Nature Trail:** This 0.75 mile, easy nature-trail loop begins at the Ice Age Visitor Center. A self-guided booklet links to the numbered posts along the trail and identifies the common trees of the Kettle Moraine. Picnic tables are available at the trail head. Pets are not allowed on this trail.

**Summit Trail:** Accessed from the Long Lake Campgrounds (upper 900s loop), the Summit trail is a one-mile nature trail loop which scales Dundee Mountain. Glacial geology interpretive signs mark this challenging trail to the top of the highest kame in the forest, with panoramic views of the Campbell-sport drumlins and other ice age topography. Pets are not allowed on this trail.

**Eisenbahn Trail:** The Eisenbahn Trail, which opened in 2006, runs from West Bend, in Washington County, to the Fond du Lac County line in Eden. The trail is on an old railroad track. It is paved through West Bend and unpaved the rest of the way.

The trail has kiosks placed along the way. These serve as markers for information on the area. Trail users can also rest on benches placed by various service organizations.

\*Pets allowed on designated trails and must be on a leash (no longer than eight feet long).

Many trails can be found in the Kettle Moraine State Forest-Northern Unit. They provide great recreational opportunities in this area. You walk or bike on these trails during the spring, summer and fall months.

# Special Interest Areas in the Kettle Moraine

The Kettle Moraine State Forest has a lot to offer in its almost 30,000 acres. Approximately 800,000 people visit the forest each year.

The forest can thank the glaciers for its unique characteristics. This gives the forest some interesting areas that visitors should try to see while visiting the Kettle Moraine State Forest-Northern Unit.

Some of these areas include:

**Greenbush Kettle** — On Kettle Moraine Drive, one mile north of State Highway 67. This is an outstanding example of a glacial kettle hole. A scenic overlook, viewing deck and interpretive display is just a short walk from the parking lot.

**Haskell Noyes Memorial Woods** — On County Highway GGG just south of Highway SS. A historical marker greets visitors to this 67-acre State Natural Area. This area is designated as a Wisconsin Wildlife Viewing Area and is included in the national "Watchable Wildlife" program.

Haskell Noyes Memorial Woods is a classic example of southern dry-mesic forest dominated by sugar maple and red oak, with smaller amounts of basswood, white ash, bitternut hickory, and ironwood. The land was purchased in 1947 to prevent imminent logging. Haskell Noyes Memorial Woods is owned by the DNR and was designated a State Natural Area in 1952.

**Vista Trail Overlook** — At the Henry S. Reuss Ice Age Visitor Center. A short climb up some stairs and you arrive at a viewing platform overlooking a beautiful vista from which you can see drumlins, eskers and ground moraines.

The Visitor Center offers forest information, interpretive displays, and a 20-minute film explaining how the glaciers shaped most of Wisconsin's landscape. You can buy nature books, clothing, admission stickers, and trail passes there. Public programs are scheduled throughout the year and group programs on request.

**Jersey Flats Prairie** — On County Highway SS, a quarter-mile west of the village of New Prospect. This restored prairie is a glacial outwash plain. This area is designated as a Wisconsin Wildlife Viewing Area and is included in the national "Watchable Wildlife" program.

**Little Mud Lake** — On County Highway SS, one-half mile east of County Highway GGG. This site is a State Habitat Preservation Area and is vital for the long-term survival of the red-spotted, blue-spotted, spotted, and tiger salamanders that thrive here. A picnic table and grill are provided at the small parking lot.

**Dundee Kame (White Kame)** — On County Highway F, a quarter-mile east of Dundee. This conical moulin kame lies within a 468-acre State Natural Area. The kame is known throughout the world by geology students and is often pictured in geology textbooks because of its near perfect form.

**Kame Field** — Near the intersection of Highway V and Deer Road looking north. The mile-wide view of this spectacular kame field is breathtaking. Visitors can view and experience the rock and rubble and gravel "insides" of a kame up close.

**Spruce Lake Bog State Natural Area** — North of Dundee on Airport Road, one-half mile west of Vista Drive. This area is designated as a Wisconsin Wildlife Viewing Area and is included in the national "Watchable Wildlife" program. Visitors must stay on the boardwalk trail due to the fragile nature of the bog plants, the presence of poison sumac, and the unstable bog surface.

Spruce Lake Bog features an undisturbed shallow seepage bog lake situated in one of the many kettle holes characteristic of the interlobate glacial deposits scattered throughout the area. The 35-acre lake has moderately hard water with a pH of 7.5 and supports a dense, floating-leaved aquatic flora of water

shield and water lilies.

**Milwaukee River Tamarack Lowlands** — From the intersection of U.S. Highways 45 and State Highway 28 East in Kewaskum, go east on 28 1.9 miles, then south on Oak Drive 1.2 miles. The site lies about 0.1 mile west of the road.

The Milwaukee River Floodplain Forest features a bottomland hardwood forest with small upland islands located along the East Branch of the Milwaukee River. The site also contains dry-mesic forest and shrub-carr.

The well-structured floodplain forest is dominated by large silver maple and green ash with other lowland trees including hackberry, black ash, and burr oak. Just east of the river are small upland islands with sugar maple and beech. Several spring runs are also present.

**Butler Lake and Flynn's Spring** — East of Long Lake on Butler Lake Road, a seven-acre lake surrounded by sedge meadow. Butler Lake and Flynn's Spring

features a seven-acre shallow hard-bottom lake surrounded by sedge meadow. Previously, the site contained a tamarack hardwood swamp but a few years of high water levels has killed off most of the trees. Nearby Flynn's Spring is a small, spring brook flowing into the south end of Butler Lake.

Adjacent to the lake is Parnell Esker, a geologic feature known worldwide and used extensively for education. The esker is five to 35 feet in height and runs northeast southwest for about four miles. Of particular interest at this site is the presence of two rare species — the unicorn clubtail dragonfly (*Arigomphus villosipes*), and the swamp spreadwing (*Lestes vigilax*).

**Milwaukee River And Swamp** — This area is along the Milwaukee River north of Mauthe Lake and includes a large spring that feeds the river.

Milwaukee River and Swamp features an unusual combination of southern and northern

# Special Interest Areas in the Kettle Moraine

The Kettle Moraine State Forest has many lakes to utilize for boating, fishing, canoeing and swimming throughout the summer months.

wet-mesic forests situated along 0.75 mile of a slow, meandering warm water stream with accompanying shrubs zones and communities including lowland hardwood forest, conifer swamp, and a small bog lake.

The river bottom is mucky with sand and gravel and there are good populations of northern pike, black crappie, walleye, and several smaller forage species. Aquatic plants include water-lilies, water-milfoil, coon's-tail, waterweed, giant duckweed, water nymph, and

several pondweeds. One large spring, 1,000 feet long, feeds the river in the north portion of the site. Bordering the river is a dense shrub zone that changes abruptly to a yellow birch, white birch, American elm, black ash, and basswood lowland forest. East of the small lowland forest is a more dense conifer swamp of mainly white cedar but also tamarack and black spruce.

A small bog lake occurs in the eastern portion of the natural area.

**Spring Lake** — Southwest of New Prospect west of County Highway G, this clear, shallow lake has many fish. Various warblers nest in the area.

Spring Lake is a clear, alkaline lake surrounded by fen and northern wet forest with an unusual flora and fauna. Aquatic vegetation is sparse and consists of yellow water-lily, bladderworts, pondweeds, and chara. The shoreline is an undercut bog shelf under which fish find refuge. Northern pike, large mouth bass, perch, bullhead, and green sunfish

are found in spite of a maximum water depth of 1.5 feet.

**Crooked Lake Wetlands** — East of New Prospect on the north side of County Highway SS, this area includes three lakes and various kinds of woods and wetlands. It is home to many kinds of birds.

Crooked Lake Wetlands is a diverse complex of communities including northern wet forest, southern dry-mesic forest, southern sedge meadow, shrub-carr, open bog, and two shallow seepage lakes.

The 65-acre Crooked Lake is one of the larger natural lakes in the county and has a maximum depth of 34 feet. The inlet provides a spawning ground for northern pike while the outlet forms a small tributary of the East Branch of the Milwaukee River.

**Kettle Hole Woods** — Northeast of New Fane on County Highway S, then north on Forest View Road, this area has woods, shrubs, wildflowers, birds, and frogs.

Located in southeastern Wisconsin's glacial kettle topography is Kettle Hole Woods, an isolated hill forested with southern mesic and dry-mesic hardwoods. Ephemeral ponds are scattered throughout the site.

The mature forest features an excellent canopy of very large trees, primarily red oak and sugar maple with associated beech, basswood, white ash, white oak, and bitternut hickory. Most saplings are sugar maple and beech suggesting that the red oaks will eventually be replaced by other more mesophytic species.

**Kewaskum Maple-Oak Woods** — Southeast of Kewaskum via State Highway 28 and South Mill Road, two parcels with interesting wild plants and birds.

Kewaskum Maple-Oak Woods consists of two parcels separated by old field and pine plantation that contain southern dry-mesic and mesic forest dominated by sugar maple, red oak, white ash, and basswood with some beech. Located just east of the Milwaukee River, the southern tract is hilly with southern, eastern, and western exposures and contains a very rich herb layer.

The northern tract is flatter and generally lower, containing very large red oak, white oak, sugar maple, and black cherry. Both parcels have kettle depressions that hold water seasonally.

**Kettle Moraine Red Oaks** — The Ice Age Trail goes through this

area southeast of Greenbush. It has more than 100 kinds of trees, shrubs, and other plants.

Kettle Moraine Red Oaks is a mature second-growth southern dry-mesic forest which originated in 1889. Composed of red oak, basswood, sugar maple and white ash, it is one of the richest oak forests in the region and contains over 100 species of trees, shrubs, and herbs.

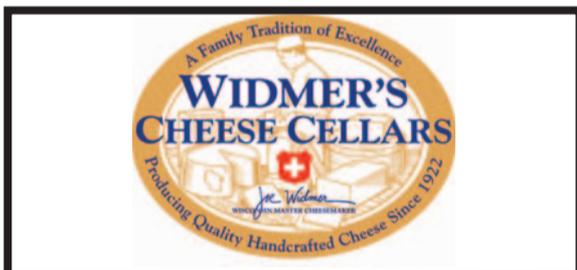

Other canopy species present include big-tooth aspen, white oak, black cherry, and shagbark hickory while the sub-canopy is composed of ironwood, sugar maple, basswood, and ash saplings. The forest is situated on the high interlobate moraine and contains several outstanding dry kettle holes, which provide some diversity in exposure.

**Johnson Hill Kame** — South of Highways 67 and U near Woodside and Shamrock roads, a cone-shaped hill formed by water pouring down through a hole in a melting glacier.

Johnson Hill Kame is a "moulin" kame, a conical hill of sand and gravel formed near the edge of the wasting glacial ice sheet by subglacial meltwater streams that poured downward through cylindrical holes in the glacier. The swirling motion of the debris-laden water reminded early French mountaineers of a moulin (mill in French).

Hundreds of spectacular glacial features can be found within the Kettle Moraine and the Northern Unit contains one of the best displays of moulin kames in the country. Surrounding the kame is both southern and northern dry-mesic forest. The southern slope is composed of red oak, big-tooth aspen, beech, ironwood, sugar maple, butternut hickory, basswood, white oak, and eastern hop-hornbeam.

The cooler north slope consists of basswood and sugar maple with beech, red oak, and eastern hop-hornbeam.

# For The Horseriders

The Northern Kettle Moraine Horse Trail Association (NKMHTA) was established in 2003 to provide area equestrians an opportunity to make an impact working with the Wisconsin Department of Natural Resources preserving, improving, and developing equestrian facilities in the Northern Kettle Moraine State Forest.

The Northern Kettle Moraine State Forest is dedicated to serving horseback riders and is known throughout Wisconsin as one of the most beautiful natural

areas.

Trails are designated for horseback riders but you may see some hikers. Vehicle passes are required and trail passes are required for all riders 16 years and older. Trails get muddy and slick when wet. Riders are urged to wait four to six hours after rain to ride.

### New Prospect Horseriders' Campground

The New Prospect horseriders' campground has 22 family campsites and three group sites. In the family

camping area, each site has a picnic table, fire ring and a 30-by-30-foot graveled area with picket posts and/or pipe corrals where horses are to be kept. The camp area has one drinking water source, an open air picnic shelter, vault toilet, covered stable with 24 box stalls, and manure pits.

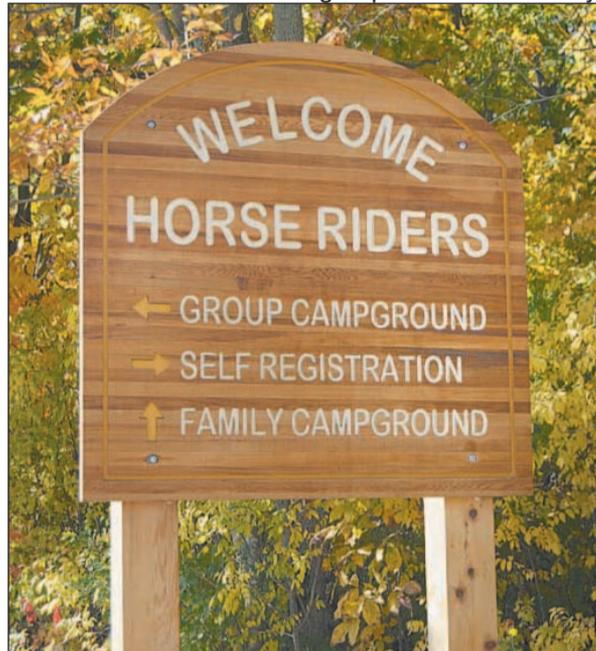

In the group camp area, each site has a drinking water source, fire ring, four picnic tables and a manure pit. Group sites A and C each have nine, 10-by-10-foot metal pipe corrals. Group Site B has two tether post areas and 12 pipe corrals. The group camp has a vault toilet. No more than 20 people may occupy a group site.

Campers are responsible to place all hay and manure in the manure pits which are located throughout the campground; wheel barrows and forks are provided. Horses are to be kept in designated areas to protect the green space of the campground.

The campground is centrally located in the state forest and provides easy access to the 33-mile bridle trail which traverses the length of

The horseriders camp in New Prospect is a popular place for all who like to camp and ride their horses along the trails in the Kettle Moraine State Forest. The Kettle Moraine has 41 miles of bridle trails for you to ride and enjoy the beauty of the forest. These trails are generally open from late April through November, depending on the conditions of the trails.

the forest. There also are two loop trails, the 2.5-mile Crooked Lake Loop and the four-mile Forest Lake Loop. All horse riders 16 years and older must have a state trail pass while using the designated bridle trails in the state forest.

The campground opens the first weekend in May and closes the last weekend in October.

### Bridle Trails

Equestrians can enjoy 41 miles of bridle trails which are traditionally open late April through mid November depending on trail conditions.

The main bridle trail winds the linear length of the forest for 33 miles. Two loop trails, Crooked and Forest Lake, provide shorter routes totaling more than seven miles.

Trails are rolling with a few steep hills, some rocky places, well-maintained and generally kept clear of debris.

Volunteers from the Northern Kettle Moraine Horse Trail Association, in cooperation with the state forest, partner working on projects and special events to enhance the horseback riding experience in the state forest.

For more information, go to the Northern Kettle Moraine Horse Trail Association's website at [www.nkmhta.org](http://www.nkmhta.org).

# Visit The Kettle Moraine Northern Unit

The Kettle Moraine State Forest – Northern Unit owes its unique landscape to glaciers of the Wisconsin Stage of the last Ice Age, which ended approximately 10,000 years ago.

## Geological History

Some 20,000 years ago, two lobes of a great ice sheet met along a line extending northeast from Richmond in Walworth County through the Oconomowoc Lake country to Kewaunee County. One lobe moved down what is now the Green Bay-Lake Winnebago area. Spreading under tremendous pressure, the two lobes met and in the encounter, large blocks of ice were broken off and buried in the glacial deposit or till. As the ice melted, “kettles” were formed, some only a few yards across, others 100 to 200 feet deep.

The ice moved under great pressure, changing shape rather than sliding across the face of the land. As it changed shape, large amounts of rock, gravel, sand and silt were picked up and carried along by the glacier. When the ice melted, this material was deposited, in some instances, across glacier-formed valleys. Some “kettles” were formed this way.

The Kettle Moraine is an area of varied topography — parallel, steep-sided ridges, conical hills and flat outwash plains, mostly composed of sand and gravel. Many of the conical hills are conspicuous. Holy Hill reaches an elevation of 1,361 feet above sea level and some 340 feet above the stream valley to the east. Sugar Loaf

or Pulford Peak (elevation 1,320 feet) is 320 feet above Pike Lake. Lapham Peak (elevation 1,233 feet), where there is a picnic area and observation tower, is 343 feet above Nagawicka Lake.

Similar detached sand and gravel conical hills, called kames, characterize the moraine throughout much of its extent. Some of these kames are cones formed beneath the glacier by surface streams which fell through holes in the ice. The undulating level-topped, narrow ridges called eskers were probably deposits in open cracks (crevasses) in the ice. In some areas the outwash terraces are pitted due to the melting of buried ice masses.

The Kettle Moraine area rises to 300 or more feet above the lands to the east and west yet is not a continuous divide. Maximum thickness of the drift is not known because few wells reach bedrock. It is possible that the drift reaches a thickness of 500 feet in some places.

Limestone underlies much of the Kettle Moraine. This formation is 450 to 800 feet thick and dips gently eastward. Its western edge or escarpment extends from Washington Island to the Illinois line near Walworth. It lies 20 miles to the west of Kettle Moraine at Greenbush, is completely covered by the moraine in the Waukesha County area, and is eight miles east of the moraine at Elkhorn. Because of the cover of drift, there are few outcrops in the moraine.

Lakes, of several origins, add greatly to the attractiveness of the

Kettle Moraine. With the exception, of Pewaukee Lake, which lies in a preglacial valley blocked on the west and east by drift, all lakes in the Oconomowoc area occupy kettles. Long Lake, Big Cedar Lake and Elkhart Lake occupy preglacial valleys between morainic ridges. These valleys were probably occupied by ice blocks and escaped being filled by glacial drift.

## State Forest History

After the period of glaciation, most of the highland surface became forested with fine hardwood timber and the swampy or low areas with softwoods.

Before the 17th century, small bands of roving Indians inhabited the area. With exploration and development of the area during the 18th and 19th centuries by the white settlers, a great change took place.

Fifty percent or more of the land in the northern Kettle Moraine was cleared and turned into farms. Sixty to 70 percent of the land in the southern Kettle Moraine was farmed. A substantial proportion of the cleared land was sub-marginal.

Over the years plantings of conifers, such as white and red pine and spruce, have been made in all units of the forest. The pine and spruce will convert to northern hardwood species of maples, cherry, ash and basswood.

With the increase in Wisconsin's population, particularly in the southeastern 16 counties, the need for a large acreage devoted to public outdoor recreation and

forestry became evident as early as 1920.

In the 1920s, there were horrific floods in the city of Milwaukee and the city's population was rapidly growing. A group of foresighted people thought that if they could protect the headwaters of the Milwaukee River, this would help reduce the flooding in Milwaukee. They also wanted to provide a large tract of public land for Milwaukee's growing population.

After almost a decade, legislation along with funding became available for the creation of the Kettle Moraine State Forest. In 1936, the Conservation Congress (predecessor to the Department of Natural Resources) acquired 850 acres around Moon Lake (now Mauthe Lake) from the Milwaukee Chapter of the Izaak Walton League. This marked the start of the Northern Unit. Today, the Northern Unit encompasses nearly 30,000 acres within its 36,000 project boundary.

In the 1950s a lawyer from Milwaukee, Ray Zillmer, began a campaign to bring his dream of a National Park protecting the glacial features of Wisconsin to life. With the help of his friends, Congressman Henry S. Reuss and Senator Gaylord Nelson, his dream came to fruition with the creation of the Ice Age National Scientific Reserve and the Ice Age National Scenic Trail. On a sad note, Ray Zillmer died before he could see the creation of the reserve and the Ice Age Trail.

A 1964 Act of Congress established the Ice Age National Scien-

tific Reserve to “assure protection, preservation, and interpretation of the nationally significant values of Wisconsin continental glaciation... and other reminders of the ice age.” The reserve consists of nine units scattered throughout the state and the northern 20,000 of the Northern Unit is one of those reserves. Each reserve site protects a unique glacial feature. The Northern Unit contains some of the finest features of continental glaciation in the state and the world including the interlobate moraine, kame fields, eskers, dry and wet kettles and crevasse fills.

In 1980 the Ice Age Trail was designated as a National Scenic Trail and later as a State Scenic Trail. The trail follows the southern extent of the last glaciers in the state of Wisconsin and is the only National Scenic Trail that is found entirely in only one state. Today about sixty percent of the 1000 mile trail is now complete. The nucleus of the Ice Age National Scenic Trail was the 30-mile “Glacial Trail” that ran through the Northern Unit from north to south.

The Northern Unit's glacial features set the ground work for wide diversity of biological communities and the geographical position of the forest adds to this diversity. The Northern Unit is situated along the “tension zone” which runs in a diagonal path from near Eau Claire to northern Milwaukee. The tension zone marks where the northern forest meets the southern and eastern forest, and the prairies and oak savannahs of the south

and west.

A person traveling through the area will encounter such natural communities as northern red oak forests, eastern hardwoods with beech trees, cedar swamps, flood plain forests, kettle wetlands, remnant prairies and northern bogs. The Northern Unit also supports one of the largest intact forests in southeast Wisconsin. This wide array of communities leads to rich diversity of plant and animal life including many threatened and endangered species and species of special concern. Twelve areas within the forest have been set aside as State Natural Areas protecting ten biological communities that were not or slightly disturbed by European settlement and two outstanding geological landmarks.

Today, it takes a team of managers and forest staff to manage all the resources found in the Northern Unit from forestry to fisheries, wildlife, endangered resources and water resources. But, the number one management goal is providing outdoor recreational opportunities with minimal conflicts for the nearly 900,000 annual visitors to the forest. People come to the Northern Unit to participate in a plethora of outdoor pursuits including hiking, hunting, camping, picnicking, swimming, horseback riding, snowmobiling, snowshoeing, cross-country skiing, fishing (year-round), canoeing, boating, geocaching, backpacking, wildlife observing, off-road biking, dog training, spirit renewing, and learning.

# Kettle Moraine State Forest – Northern Unit Public Programs

**Saturday, May 11** — Cache In Trash Out Event at the Long Lake recreation area entrance station and the Mauthe Lake recreation area entrance station, 10 a.m.-4 p.m. Join forces with the Wisconsin Geocaching Association to search for caches and bring out trash and garlic mustard. Prizes will be awarded for the most pounds of trash and garlic mustard collected within the Kettle Moraine State Forest - Northern Unit. Bonus points given for each cache found. Register at one of the three locations and to pick up your bags and return to a location for a weigh in of the materials gathered. Please bring your own gloves.

**Saturday, May 11** — Get Outdoors! Go... Learn to Geocache at the Ice Age Visitor Center, 10 a.m.-11:30 a.m. Learn how to use a hand-held GPS device and compass, and how to read a topographic map. Then practice your new skills as you search for hidden treasures at selected geocache locations. This program is best for people over eight years old.

**Saturday, May 11** — Get Outdoors! Go... Cold Cache on the Ice Age National Scenic Trail at the Ice Age Visitor Center, 1p.m.-3 p.m. Step up your Geocaching skills by searching for Cold Caches, a type of Earth Cache, located along the Ice Age National Scenic Trail! Find out about this family-friendly activity and the associated awards program. This program is best for people over eight years old.

**Wednesday, May 15** — Ice Age Trail Trekkers meet at County Road U west of the Parnell Tower parking lot (located between County Road A and Hwy 67 near Parnell), 7 a.m.-8:30 a.m. Join for a refreshing 2.56-mile morning hike along the Ice Age National Scenic Trail between Highway 67 and County Road U. A shuttle will be available between the starting and finishing spot.

**Wednesday, May 15** — Cardio Kickboxing in the Forest at the Long Lake recreation area picnic shelter, 6 p.m.-7 p.m. Practice your boxing punches and martial arts kicks to an aerobic pace. This class will get your heart pumping and your mind working with fun and effective moves. For anyone over 10 years old.

**Friday, May 17** — Slow Poke Porcupines Nature Storytime at the Ice Age Visitor Center, 9:30 a.m.-10:30 a.m. Listen! Do you hear that mumbling? It's a slowpoke porcupine. You'll be surprised as we uncover the amazing facts about these forest dwellers. This hour of nature fun awaits three to six year olds with accompanying adults.

**Saturday, May 18** — Birding the Hot Spots of the Kettle Moraine State Forest Exploring Nature Program meet at the Mauthe Lake recreation area picnic shelter, 8 a.m.-11:30 a.m. More than 230 bird species have been identified in the Kettle Moraine State Forest - Northern Unit. Travel with the Forest Naturalist to search for all those late spring migrants at the birding hot spots of the Northern Unit. We will carpool from Mauthe Lake to the Jersey Flats and then to the Parnell Tower Trail. This program is best for people over 12 years old.

**Wednesday, May 22** — Ice Age Trail Trekkers meet at County Road U west of the Parnell Tower parking lot, 6 p.m.-7:30 p.m. Join for a lovely 2.56-mile evening hike along the Ice Age National Scenic Trail between Highway 67 and County Road U. A shuttle will be available between the starting and finishing spot.

**Friday, May 24** — Step into the Night Hike at the Zillmer Trails area, 8:30 p.m.-10 p.m. As the sun sets and the light fades from the sky, the day animals retire and a new group of animals awakens. Bring your bug spray and sense of adventure as we explore the darkness for nocturnal insects. This night hike is best for families/groups with children at least five years old.

**Saturday, May 25** — Extreme Saturday Morning at the picnic shelters at the Mauthe Lake recreation area and the Long Lake recreation area, 10 a.m.-11 a.m. Calling all youth to come explore the extremes of nature by participating in the Wisconsin Explorers program!

The program involves completing a required number of activities in one of three age appropriate books (ages three-five; ages six-eight; and ages nine and up) to earn a very cool patch. Get help from a naturalist who will work with youth on activities from one of the first four topic areas of the books.

**Saturday, May 25** — “Tree”mendous Trees Drop In at the Beach at the Mauthe Lake recreation area beach, 1 p.m.-4 p.m. Stop in to find out how the “tree”mendous trees touch almost all parts of our lives. Everyone is invited to drop in for a few minutes or more than an hour for some nature fun. Adults are encouraged to participate with their children.

**Saturday, May 25** — Lady’s Slippers and Bogs Summer Saturday Evening Event at the Ice Age Visitor Center, 6:30 p.m.-8 p.m. Unearth the secrets of a bog from its bouncing soils to its rare blooms with presenter Jackie Scharfenberg, forest naturalist. After a short presentation, we will carpool three miles to Spruce Lake to walk the boardwalk in search of lady’s slipper orchids and other bog treasures. This program is best for folks over eight years old. Sponsored by the Friends of the Kettle Moraine

**Sunday, May 26** — “Tree”mendous Trees Drop In at the Beach at the Long Lake recreation area south beach, 12 p.m.-3 p.m. Stop in to find out how the “tree”mendous trees touch almost all parts of our lives. Everyone is invited to drop in for a few minutes or more than an hour for some nature fun. Adults are encouraged to participate with their children.

**Saturday, June 1** — Extreme Saturday Morning at the picnic shelters at the Mauthe Lake recreation area and the Long Lake recreation area, 10 a.m.-11 a.m. Calling all youth to come explore the extremes of nature by participating in the Wisconsin Explorers program! The program involves completing a required number of activities in one of three age appropriate books (ages three-five; ages six-eight; and ages nine and up) to earn a very cool patch. Get help from a naturalist who will work with youth on activities from one of the first four topic areas of the books.

**Saturday, June 1** — Nature Sensations at the Long Lake recreation area south beach, 11:30 a.m.-12:30 p.m. for youth or 1 p.m.-2 p.m. for adults. Join us as we use all our senses to decipher the extremes of nature by participating in the Wisconsin Explorers program! This program involves completing a required number of engaging nature activities in one of three age appropriate books (ages three-five, ages six-eight, and ages nine and up) to earn a very cool patch. This hour of discovery is geared towards special needs youth with accompanying adults starting at 11:30 a.m. and for special needs adults with chaperones beginning at 1 p.m.

**Saturday, June 1** — Fish Fest at the Long Lake recreation area fishing pier, 12 p.m.-4 p.m. Let the fishing fun begin! Learn how to fish at the Learn to Fish Rodeo. Marvel at the unique adaptations of fish. Create your own fish print T-shirt or bandana. Find out ways to impede the spread of aquatic exotics. Even drop a line in the water to try to catch a fish or two. Fishing equipment provided. No fishing license or State Park System vehicle admission sticker required as it is Free Fun Weekend.

**Saturday, June 1** — Nature’s Cuisine: Wild Edibles Summer Saturday Evening Event at the Ice Age Visitor Center, 7 p.m.-8:30 p.m. If you know where to look, nature can provide a whole smorgasbord of food. Find out from forest naturalist Jackie Scharfenberg what plants are safe to eat and let your tastebuds decide which are “good” to eat. This program is most appropriate for people over the age of eight years old. Sponsored by the Friends of the Kettle Moraine

**Sunday, June 2** — Tour de Forest at the Long Lake Recreation Area Entrance Station, the Mauthe Lake Recreation Area Entrance Station and the Ice Age Visitor Center, 11 a.m.-4 p.m. Pick up your challenge sheet

at one of the three locations and then begin your Tour de Forest. Travel from New Fane to Greenbush and several sites in between solving puzzles, acquiring clues, and making memories. Prizes awarded for those teams which complete the Tour by 4 p.m. and a grand prize for the team that finishes the fastest.

**Wednesday, June 5** — Ice Age Trail Trekkers meet at County Road U west of the Parnell Tower parking lot, 7 a.m.-8:30 a.m. Come for an energizing 3.06-mile hike along the Ice Age National Scenic Trail between County Road U and County Road V. A shuttle will be available between the starting and finishing spot.

**Wednesday, June 5** — Sunset Yoga at the Mauthe Lake recreation area beach, 6 p.m.-7 p.m. Through this intro class, all levels will find benefit; beginners have an opportunity to absorb the new elements, and the more advanced have time to go deeper into a practice. Bring a yoga mat if you have one. An engaging experience for those over 10 years old.

**Friday, June 7** — Fish Tales Nature Storytime at the Ice Age Visitor Center, 9:30 a.m.-10:30 a.m. Swim on over for some fun-filled fish activities. We’ll even share a fish tale or two. This hour of nature fun awaits three to six year olds with accompanying adults.

**Friday, June 7** — Step into the Night Hike at the Long Lake recreation area picnic shelter, 8:30 p.m.-10 p.m. As the sun sets and the light fades from the sky, the day animals retire and a new group of animals awakens. Bring your bug spray and sense of adventure as we explore the darkness for nature’s night lights. This night hike is best for families/groups with children at least five years old.

**Saturday, June 8** — Extreme Saturday Morning at the picnic shelters at the Mauthe Lake recreation area and the Long Lake recreation area, 10 a.m.-11 a.m. Calling all youth to come explore the extremes of nature by participating in the Wisconsin Explorers program! The program involves completing a required number of activities in one of three age appropriate books (ages three-five; ages six-eight; and ages nine and up) to earn a very cool patch. Get help from a naturalist who will work with youth on activities from one of the first four topic areas of the books.

**Saturday, June 8** — Water Wonders Drop In at the Beach at the Long Lake recreation area south beach, 1 p.m.-4 p.m. Dive into the wonders of water. Become a scientist as you try several wild and wet experiments to discover the amazing properties of water. Figure out how plants and animals use these properties to survive. Everyone is invited to drop in for a few minutes or more than an hour for some nature fun. Adults are encouraged to participate with their children.

**Saturday, June 8** — Winged Mammals: Bats Summer Saturday Evening Event at the Ice Age Visitor Center, 7 p.m.-8:30 p.m. Bats are often shrouded in mystery and misunderstandings. Join Barbara and Ken Bowman, Bat Conservation of Wisconsin, as they unravel the mysteries and share fascinating facts about these night-time flying mammals and the hazards they face. You may get to meet a live bat up close. This program is best for people over eight years old.

**Sunday, June 9** — Water Wonders Drop In at the Beach at the Mauthe Lake recreation area beach, 12 p.m.-3 p.m. Dive into the wonders of water. Become a scientist as you try several wild and wet experiments to discover the amazing properties of water. Figure out how plants and animals use these properties to survive. Everyone is invited to drop in for a few minutes or more than an hour for some nature fun. Adults are encouraged to participate with their children.

**Wednesday, June 12** — Ice Age Trail Trekkers meet at County Road U west of the Parnell Tower parking lot, 6 p.m.-7 p.m. Come for a calming 3.06-mile evening hike along the Ice Age National Scenic Trail between County Road U and County Road V. A shuttle will be available between the starting and finishing spot.

# Kettle Moraine State Forest – Northern Unit Public Programs

**Thursday, June 13** — Become a Citizen Scientist Evening Exploration at the Ice Age Visitor Center, 7 p.m.-8:30 p.m. Volunteers are an integral part of the Department of Natural Resources' approach to monitoring hundreds of species and habitats throughout the state. Public involvement, through citizen-based monitoring programs, leads to high quality scientific data, offers rewarding and educational outdoor opportunities, and promotes information sharing and collaborations between the public and the DNR. Find out how you can get involved in one of the multitude of projects happening throughout the state. The presenter for the program will be Eva Lewandowski, citizen-based monitoring program coordinator. This program is most appropriate for people over the age of 12 years old.

**Saturday, June 15** — Extreme Saturday Morning at the picnic shelters at the Mauthe Lake recreation area and the Long Lake recreation area, 10 a.m.-11 a.m. Calling all youth to come explore the extremes of nature by participating in the Wisconsin Explorers program! The program involves completing a required number of activities in one of three age appropriate books (ages three-five; ages six-eight; and ages nine and up) to earn a very cool patch. Get help from a naturalist who will work with youth on activities from one of the first four topic areas of the books.

**Saturday, June 15** — Mid-day Meanderings at the Mauthe Lake recreation area entrance station, 11:30 a.m.-12:30 p.m. Traverse a portion of the Ice Age National Scenic Trail with a naturalist to learn about the flowers, trees, and geology of the Northern Unit. This program is best for adults and family with children older than five years old.

**Saturday, June 15** — Upscaled Treasures Drop In at the Beach at the Mauthe Lake recreation area beach, 1 p.m.-4 p.m. Create jewelry, trinkets, and toys from items that usually get thrown away. Everyone is invited to drop in for a few minutes or more than an hour for some nature fun. Adults are encouraged to participate with their children.

**Saturday, June 15** — Archaeology and Native American Heritage of Southeast Wisconsin Summer Saturday Evening Event at the Ice Age Visitor Center, 7 p.m.-8:30 p.m. Gary Henschel will usher listeners back 10,000 years when indigenous people used hand-hewed tools to live off the land and water in the area that is now called the Sheboygan Marsh. Learn about sacred burial rites, and view artifacts and tools unearthed during archaeological digs on the Henschel Homestead farm. This program is most appropriate for people over eight years old. Sponsored by the Friends of the Kettle Moraine

**Sunday, June 16** — Upscaled Treasures Drop In at the Beach at the Long Lake recreation area south beach, 12 p.m.-3 p.m. Create jewelry, trinkets, and toys from items that usually get thrown away. Everyone is invited to drop in for a few minutes or more than an hour for some nature fun. Adults are encouraged to participate with their children.

**Wednesday, June 19** — Ice Age Trekkers meet at the Ice Age Trail intersection with Division Road south of the Shelter 3 parking lot, 7 p.m.-8:30 a.m. Join us for a brisk 3.43-mile morning hike between County Road V and Division Road. A shuttle will be available between the starting and finishing spot.

**Wednesday, June 19** — Trail Run Zillmer at the Zillmer Trail area, 6 p.m.-7 p.m. Join an experienced trail-runner for a run on the two-mile Green Loop. Proper warm-up and cool-down exercises demonstrated. For anyone over 10 years old.

**Friday, June 21** — When I Grow Up Nature Storytime at the Ice Age Visitor Center, 9:30 a.m.-10:30 a.m. We know what babies look like when they grow up. But what do goslings, fawns, and polliwogs become when they grow up? Join us as we uncover the answer to that question and more. This hour of nature fun awaits three to six year olds with accompanying adults.

**Saturday, June 22** — Extreme Saturday Morning at the picnic shelters at the Mauthe Lake recreation area and the Long Lake recreation area, 10 a.m.-11 a.m. Calling all youth to come explore the extremes of nature by participating in the Wisconsin Explorers program! The program involves completing a required number of activities in one of three age appropriate books (ages three-five; ages six-eight; and ages nine and up) to earn a very cool patch. Get help from a naturalist who will work with youth on activities from one of the first four topic areas of the books.

**Saturday, June 22** — Alien Attack Drop In at the Beach at the Long Lake Recreation Area South Beach, 1 p.m.-4 p.m. We're being invaded not by outer space aliens, but by alien plants and animals. Uncover what foreign species are taking over our native communities and what can be done to help control their spread. You will have a chance to make several unique crafts including a smashed-plant bandanna. Bring your own bandanna or purchase one that day for a small fee. Everyone is invited to drop in for a few minutes or more than an hour for some nature fun. Adults are encouraged to participate with their children.

**Saturday, June 22** — Get Outdoors! Go... Twilight Paddle at the Mauthe Lake recreation area boat launch sponsored by Friends of the Kettle Moraine, 6:30 p.m.-8:30 p.m. Join us for an evening canoe trip around Mauthe Lake and up the Milwaukee River. As we paddle, we will keep our eyes and ears open for evening birds and other wildlife. Basic canoe skills will be covered. No experience is necessary. In the event of threatening weather, the program will be canceled. This program is most appropriate for people over eight years old. To register, (920) 533-8322 by June 21. Jackie Scharfenberg, forest naturalist, will be the presenter.

**Sunday, June 23** — Alien Attack Drop In at the Beach at the Mauthe Lake Recreation Area Beach, 12 p.m.-3 p.m. We're being invaded not by outer space

Fishing in the Kettle Moraine State Forest is a popular activity for everyone. Many lakes in the area are great for fishing along with the fishing piers that are available at many of the lakes.

photo by Andrea Hansen Abler

aliens, but by alien plants and animals. Uncover what foreign species are taking over our native communities and what can be done to help control their spread. You will have a chance to make several unique crafts including a smashed-plant bandanna. Bring your own bandanna or purchase one that day for a small fee. Everyone is invited to drop in for a few minutes or more than an hour for some nature fun. Adults are encouraged to participate with their children.

**Wednesday, June 26** — Ice Age Trekkers meet at the Ice Age Trail intersection with Division Road south of the Shelter 3 parking lot, 6 p.m.-7:30 p.m. Join us for a casual 3.43-mile evening hike between County Road V and Division Road. A shuttle will be available between the starting and finishing spot.

**Thursday, June 27** — Canoe Adventure An Evening Exploration at the Mauthe Lake recreation area boat launch, 6:30 p.m.-8:30 p.m. Venture with us by canoe around Mauthe Lake and along the Milwaukee River. Get a close look at the natural communities within and surrounding the lake and river including some of the wildlife. Basic canoe skills will be covered. No experience is necessary. In the event of threatening weather, the program will be canceled. This adventure is for people over the age of 12 years. To register, call (920) 533-8322 by June 26.

**Saturday, June 29** — Extreme Saturday Morning at the picnic shelters at the Mauthe Lake recreation area and the Long Lake recreation area, 10 a.m.-11 a.m. Calling all youth to come explore the extremes of nature by participating in the Wisconsin Explorers program! The program involves completing a required number of activities in one of three age appropriate books (ages three-five; ages six-eight; and ages nine and up) to earn a very cool patch. Get help from a naturalist who will work with youth on activities from one of the first four topic areas of the books.

Memorial Day - Labor Day 10:30 am to 9 pm; Spring & Fall 11 am to 7 pm

N3059 State Road 67, Campbellsport (downtown Dundee) • (920) 533-5046

# Kettle Moraine State Forest – Northern Unit Public Programs

**Saturday, June 29** — Ssssnakes Drop In at the Beach at the Long Lake recreation area south beach, 1 p.m.-4 p.m. Slithering across the ground with their tongues flicking, snakes arouse our curiosity or sometimes our fears. Uncover some truly astonishing facts about these legless reptiles and the habitats where they live to gain an appreciation of their role in nature. Everyone is invited to drop in for a few minutes or more than an hour for some nature fun. Adults are encouraged to participate with their children.

**Saturday, June 29** — S'more Contest and Smokey Bear's 75th Birthday Bash at the Mauthe Lake recreation area picnic shelter, 6:30 p.m.-8 p.m. Let your imagination run wild and create your most unique and delicious s'more to honor Smokey Bear's 75th Birthday. A panel of judges will award prizes to the best s'mores of the evening during the family concert intermission. Official contest rules available by June 1 at a Forest office or on the Friends of the Kettle Moraine website. A campfire will be blazing for folks to make their own tasty treats. In the case of inclement weather, the contest will move to the Ice Age Visitor Center. Sponsored by Friends of the Kettle Moraine.

**Saturday, June 29** — An Evening of John Denver Music with Brett Hall Summer Saturday Evening Event at the Mauthe Lake recreation area picnic shelter, 7 p.m.-8:30 p.m. Take a step back in musical time to enjoy the unforgettable songs of John Denver performed by Brett Hall. This is an outside concert, so remember to bring your blankets and lawn chairs. In the event of inclement weather, the concert will be held at the Ice Age Visitor Center (located off Hwy 67 half mile west of Dundee). This program is great for all ages from preschoolers through grandparents. Sponsored by the Friends of the Kettle Moraine.

**Sunday, June 30** — Ssssnakes Drop In at the Beach at the Mauthe Lake recreation area beach, 12 p.m.-3 p.m. Slithering across the ground with their tongues flicking, snakes arouse our curiosity or sometimes our fears. Uncover some truly astonishing facts about these legless reptiles and the habitats where they live to gain an appreciation of their role in nature. Everyone is invited to drop in for a few minutes or more than an hour for some nature fun. Adults are encouraged to participate with their children.

**Wednesday, July 3** — Ice Age Trail Trekkers meet at the Mauthe Lake recreation area entrance station, 7 a.m.-8:30 a.m. Come for a stimulating 3.3-mile morning hike between Division Road and County Road GGG. A shuttle will be available between the starting and finishing spots.

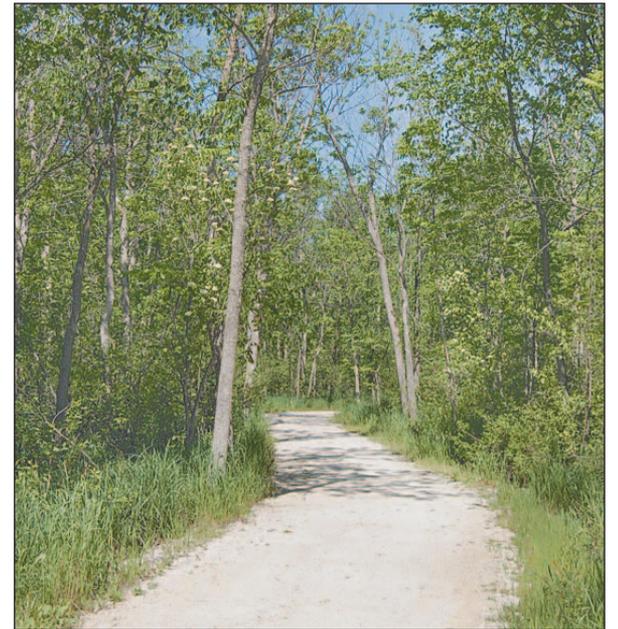

**Wednesday, July 3** — Yoga on the Trail at the Zillmer Trail area, 6 p.m.-7 p.m. Through this intro class, all levels will find benefit; beginners+ have an opportunity to absorb the new elements, and the more advanced have time to go deeper into a practice. An engaging experience for those over 10 years old.

**Friday, July 5** — Twinkle, Twinkle Little Bug Nature Storytime at the Ice Age Visitor Center, 9:30 a.m.-10:30 a.m. Look out your window on a summer evening and you may see twinkling lights floating around your yard. It may seem like magic, but they're fireflies! Find out how fireflies glow and why they do it. This hour of nature fun awaits three to six year olds with accompanying adults.

**Friday, July 5** — Step into the Night Hike at the Mauthe Lake recreation area picnic shelter, 8:30 p.m.-10 p.m. As the sun sets and the light fades from the sky, the day animals retire and a new group of animals awakens. Bring your bug spray and sense of adventure as we explore the night sky for bats. This night hike is best for families/groups with children at least five years old.

**Saturday, July 6** — Extreme Saturday Morning at the picnic shelters at the Mauthe Lake recreation area and the Long Lake recreation area, 10 a.m.-11 a.m. Calling all youth to come explore the extremes of nature by participating in the Wisconsin Explorers program! The program involves completing a required number of activities in one of three age appropriate books (ages three-five; ages six-eight; and ages nine and up) to earn a very cool patch. Get help from a naturalist who will work with youth on activities from one of the first four topic areas of the books.

**Saturday, July 6** — Nature Sensations at the Long Lake recreation area south beach, 11:30 a.m.-12:30 p.m. for youth or 1 p.m.-2 p.m. for adults. Join us as

This is one of the many trails that can be found in the Kettle Moraine State Forest. You can walk or bike on the hundreds of miles of trails.

# Kettle Moraine State Forest – Northern Unit Public Programs

**Saturday, July 6** — All About Ruby-throated Hummingbirds Summer Saturday Evening Event at the Ice Age Visitor Center, 7 p.m.-8:30 p.m. Ruby-throated hummingbirds flit through Wisconsin's summer. Via incredible images, discover their astonishing adaptations for surviving from nest building to defending territories. Learn how they are banded and what has been uncovered about these feisty flying jewels. Micky O'Connor, avian curator at Milwaukee County Zoo along with Larry and Emily Scheunemann will be the presenters. This program is most appropriate for people over the age of eight years old.

**Sunday, July 7** — Birds of Prey Drop In at the Beach at the Mauthe Lake recreation area beach, 12 p.m.-3 p.m. We marvel at hawks, owls, eagles, and falcons soaring overhead. Find out what adaptations make these birds such efficient sky hunters. Everyone is invited to drop in for a few minutes or more than an hour for some nature fun. Adults are encouraged to participate with their children.

**Wednesday, July 10** — Ice Age Trail Trekkers meet at Mauthe Lake recreation area entrance station (located south of County Road SS near New Prospect), 6 p.m.-7:30 p.m. Come for an unwinding 3.3-mile evening hike between Division Road and County Road GGG. A shuttle will be available between the starting and finishing spots.

**Thursday, July 11** — Snapshot Wisconsin Evening Exploration at the Ice Age Visitor Center, 6:30 p.m.-8 p.m. Snapshot Wisconsin is a volunteer-based wildlife monitoring project utilizing a statewide network of trail cameras. Christine Anhalt-Depies, Department of Natural Resources research scientist, will be the presenter. The project recently launched statewide and wants you to get involved by hosting a trail camera or identify photos. Find out what the project has already revealed about our state's wildlife. This program is most appropriate for people over the age of 12 years old.

**Saturday, July 13** — Extreme Saturday Morning at the picnic shelters at the Mauthe Lake recreation area and the Long Lake recreation area, 10 a.m.-11 a.m. Calling all youth to come explore the extremes of nature by participating in the Wisconsin Explorers program! The program involves completing a required number of activities in one of three age appropriate

books (ages three-five; ages six-eight; and ages nine and up) to earn a very cool patch. Get help from a naturalist who will work with youth on activities from one of the first four topic areas of the books.

**Saturday, July 13** — Nature Recyclers Drop In at the Beach at the Mauthe Lake recreation area beach, 1 p.m.-4 p.m. Nature has been recycling for millions of years. Uncover what organisms help recycle all the dead stuff of nature. It's sure to be a creepy crawly experience! Everyone is invited to drop in for a few minutes or more than an hour for some nature fun. Adults are encouraged to participate with their children.

**Saturday, July 13** — Sky Hunting Raptors Summer Saturday Evening Event at the Ice Age Visitor Center, 7 p.m.-8:30 p.m. Jeannie Lord, owner of Pine View Wildlife Rehabilitation Center, and several live birds of prey will share insights into the world of these amazing sky hunters. She will explain their unique adaptations, habitat needs, and threats to their survival. This program is most appropriate for people over the age of eight years old.

**Sunday, July 14** — Nature Recyclers Drop In at the Beach at the Long Lake recreation area south beach, 12 p.m.-3 p.m. Nature has been recycling for millions of years. Uncover what organisms help recycle all the dead stuff of nature. It's sure to be a creepy crawly experience! Everyone is invited to drop in for a few minutes or more than an hour for some nature fun. Adults are encouraged to participate with their children.

**Wednesday, July 17** — Ice Age Trail Trekkers meet at the County Road S/Shelter 2 parking area, 7 a.m.-8:30 a.m. Join us for an invigorating 2.13-mile morning hike between County Road GGG and County Road S. A shuttle will be available between the starting and finishing spots.

**Wednesday, July 17** — Family Boot Camp at the Long Lake recreation area south beach, 6 p.m.-7 p.m. Bring the kids, co-workers, and friends for a workout of sports drills, light weights, jump rope, circuits, and interval training. For anyone over 10 years old and of any fitness level.

**Friday, July 19** — Rainy Day Rainbows Nature Storytime at the Ice Age Visitor Center, 9:30 a.m.-10:30

a.m. Have you ever seen a rainbow and wondered how it got there? We'll learn the colors of the rainbow and reveal how nature creates this beautiful arch of color. This hour of nature fun awaits three to six year olds with accompanying adults.

**Saturday, July 20** — Extreme Saturday Morning at the picnic shelters at the Mauthe Lake recreation area and the Long Lake recreation area, 10 a.m.-11 a.m. Calling all youth to come explore the extremes of nature by participating in the Wisconsin Explorers program! The program involves completing a required number of activities in one of three age appropriate books (ages three-five; ages six-eight; and ages nine and up) to earn a very cool patch. Get help from a naturalist who will work with youth on activities from one of the first four topic areas of the books.

**Saturday, July 20** — Mid-day Meanderings at the Zillmer Trails, 11:30 a.m.-12:30 p.m. Traverse a loop trail of the Zillmer trail with a naturalist to learn about the flowers, trees, and geology of the Northern Unit. This program is best for adults and family with children older than five years old.

**Saturday, July 20** — "Tree"mendous Trees Drop In at the Beach at the Mauthe Lake recreation area beach, 1 p.m.-4 p.m. Stop in to find out how the "tree"mendous trees touch almost all parts of our lives. Everyone is invited to drop in for a few minutes or more than an hour for some nature fun. Adults are encouraged to participate with their children.

**Saturday, July 20** — Whooo's Awake? Owl Prowl Summer Saturday Evening Event at the Mauthe Lake recreation area picnic shelter, 8 p.m.-9:30 p.m. Find out what owls call Wisconsin home and their preferred habitats. Then head out in the night to call and listen for resident owls of the Northern Unit. This program is most appropriate for people over the age of eight years old. Sponsored by the Friends of the Kettle Moraine.

**Sunday, July 21** — "Tree"mendous Trees Drop In at the Beach at the Long Lake recreation area south beach, 12 p.m.-3 p.m. Stop in to find out how the "tree"mendous trees touch almost all parts of our lives. Everyone is invited to drop in for a few minutes or more than an hour for some nature fun. Adults are encouraged to participate with their children.

Restaurant-Tiki Bar \* Inflatable Waterpark \* Overnight Rentals \* Public Beach \* Banquet Hall \* Watersports

# Kettle Moraine State Forest – Northern Unit Public Programs

**Wednesday, July 24** — Ice Age Trail Trekkers meet at County Road S/Shelter 2 parking area, 6 p.m.-7:30 p.m. Join us for an unwinding 2.13-mile evening hike between County Road GGG and County Road S. A shuttle will be available between the starting and finishing spots.

**Thursday, July 25** — Urban Wild Canine Project Evening Exploration at the Ice Age Visitor Center, 7 p.m.-8:30 p.m. Learn what a UW-Madison research project has discovered about the relationships between red foxes and coyotes in an urban area. Plus, Dr. David Drake, extension wildlife specialist/professor at UW-Madison, will share information on the methods used to catch, radio collar, and track these animals. This program is most appropriate for people over the age of 12 years old.

**Saturday, July 27** — Get Outdoors! Go... Learn to Kayak at te Mauthe Lake recreation area boat launch, 9:30 a.m.-12 p.m. OR 1 p.m.-3:30 p.m. This is the perfect program for people who have never kayaked and would like to learn. Join experienced instructors to learn the tricks and fun of flat water kayaking. We will kayak around Mauthe Lake and up the Milwaukee River. No experience is necessary. The program is for people at least 10 years old. In the event of threatening weather, the program will be rescheduled. To register, call (920) 533-8322 by July 25. A \$25 deposit must be paid at registration, which will be refunded at the workshop.

**Saturday, July 27** — Extreme Saturday Morning at the picnic shelters at the Mauthe Lake recreation area and the Long Lake recreation area, 10 a.m.-11 a.m. Calling all youth to come explore the extremes of nature by participating in the Wisconsin Explorers program! The program involves completing a required number of activities in one of three age appropriate books (ages three-five; ages six-eight; and ages nine and up) to earn a very cool patch. Get help from a naturalist who will work with youth on activities from one of the first four topic areas of the books.

**Saturday, July 27** — Get Outdoors! Go... Learn Outdoor Cooking at the Mauthe Lake recreation Area Beach, 1 p.m.-4 p.m. Brush up on your outdoor cooking skills or learn a new technique. The naturalists will be baking cakes, toasting pudgy pies, and whipping up some other tasty treats. You'll be surprised at how easy cooking in the outdoors can be. We'll also cover fire building/safety. Everyone is invited to drop in for a few minutes or more than an hour for some nature fun. Adults are encouraged to participate with their children.

**Saturday, July 27** — Our Native Pollinators Summer Saturday Evening Event at the Ice Age Visitor Center, 6:30 p.m.-8 p.m. Native pollinators from bees to butterflies are an amazingly diverse and vital group of organisms. Join Thelma Heidel-Baker, insect conservation specialist, as she covers pollinator biology and what

that means for protecting these insects. Hear about the issues surrounding pollinators as well as ways you can create habitat for them in your own backyard. Learn a bit more about some special Wisconsin pollinators that need our help, like the endangered rusty patched bumble bee. This program is most appropriate for people over the age of eight years old. Sponsored by the Friends of the Kettle Moraine.

**Sunday, July 28** — Get Outdoors! Go... Learn Outdoor Cooking at the Long Lake recreation area north beach, 12 p.m.-3 p.m. Brush up on your outdoor cooking skills or learn a new technique. The naturalists will be baking cakes, toasting pudgy pies, and whipping up some other tasty treats. You'll be surprised at how easy cooking in the outdoors can be. We'll also cover fire building/safety. Everyone is invited to drop in for a few minutes or more than an hour for some nature fun. Adults are encouraged to participate with their children.

**Friday, August 2** — Beautiful Butterflies Nature Storytime at the Ice Age Visitor Center, 9:30 a.m.-10:30 a.m. You are invited to join our play as we act out the fascinating life cycle of butterflies. Afterwards, we'll head outside in search of these beautiful insects. This hour of nature fun awaits three to six year olds with accompanying adults.

**Friday, August 2** — Step into the Night Hike at the Long Lake recreation area picnic shelter, 8 p.m.-9:30 p.m. As the sun sets and the light fades from the sky, the day animals retire and a new group of animals awakens. Bring your bug spray and sense of adventure as we explore the darkness for night lights. This night hike is best for families/groups with children at least five years old.

**Saturday, August 3** — Extreme Saturday Morning at the picnic shelters at the Mauthe Lake recreation area and the Long Lake recreation area, 10 a.m.-11 a.m. Calling all youth to come explore the extremes of nature by participating in the Wisconsin Explorers program! The program involves completing a required number of activities in one of three age appropriate books (ages three-five; ages six-eight; and ages nine and up) to earn a very cool patch. Get help from a naturalist who will work with youth on activities from one of the first four topic areas of the books.

Learning to canoe is one of the many educational programs offered through the Department of Natural Resources in the Kettle Moraine State Forest. photo by Andrea Hansen Abler

**Saturday, August 3** — Nature Sensations at the Long Lake recreation area south beach, 11:30 a.m.-12:30 p.m. for youth or 1 p.m.-2 p.m. for adults. Join us as we use all our senses to decipher the extremes of nature by participating in the Wisconsin Explorers program! This program involves completing a required number of engaging nature activities in one of three age appropriate books (ages three-five, ages six-eight, and ages nine and up) to earn a very cool patch. This hour of discovery is geared towards special needs youth with accompanying adults starting at 11:30 a.m. and for special needs adults with chaperones beginning at 1 p.m.

**Saturday, August 3** — Amazing Amphibians and Radical Reptiles Drop In at the Beach at the Mauthe Lake recreation area beach, 1 p.m.-4 p.m. Many snakes, turtles, frogs, toads, and salamanders make Wisconsin their homes. Meet several of these marvelous creatures up close and learn about their unique adaptations. Everyone is invited to drop in for a few minutes or more than an hour. Adults are encouraged to participate with their children.

**Saturday, August 3** — Duo Lives of Amphibians Summer Saturday Evening Event at the Ice Age Visitor Center, 7 p.m.-8:30 p.m. Wisconsin amphibians are a truly remarkable group of animals splitting their lives between the water and the land. Discover the intriguing life cycle of frogs, toads, and salamanders and what hazards they face. You will have an opportunity to meet many live animals. This program is most appropriate for people over eight years old. Sponsored by the Friends of the Kettle Moraine. Randy Hetzel, naturalist, will be the presenter.

**Sunday, August 4** — Learn to Fish Rodeo at the Mauthe Lake recreation area fishing pier, 12 p.m.-3 p.m. Let the fishing fun begin! The rodeo includes Backyard Bass Casting, Fill the Tackle Box, Fishing Regulations Quiz, Avoiding Hazards, Knots Tie-up, What's that Fish? and Baiting your Hook. After completing the rodeo, experienced anglers on the fishing pier will help hone your newly acquired skills. Special surprises and prizes await all who participate. Bring your own gear or fishing gear will be provided for those who need it. People 16 years old and older need a fishing license to fish.

**Wednesday, August 7** — Ice Age Trail Trekkers meet at County Road S/Shelter 2 parking area, 7 a.m.-8:30 a.m. Come for an energizing 2.94-mile morning hike between County Road S and Kettle Moraine Drive. A shuttle will be available between the starting and finishing spots.

**Wednesday, August 7** — Sunset Yoga at the Mauthe Lake Recreation Area Beach, 6 p.m.-7 p.m. Through this intro class, all levels will find benefit; beginners have an opportunity to absorb the new elements, and the more advanced have time to go deeper into a practice. Bring a yoga mat if you have one. An engaging experience for those over 10 years old.

**Thursday, August 8** — Prairie Remnants of the Past Evening Exploration at the Greenbush Kettle parking lot, 6:30 p.m.-8 p.m. The vast majority of southern Wisconsin was once covered by prairies and oak savannahs. Today less than one percent of these original ecosystems still exist. Experience a piece of Wisconsin's past and gain an understanding of plants and animals of these treeless communities. This exploration is for people over the age of 12 years. Jackie Scharfenberg, forest naturalist, will be the presenter.

**Saturday, August 10** — Extreme Saturday Morning at the picnic shelters at the Mauthe Lake recreation area and the Long Lake recreation area, 10 a.m.-11 a.m. Calling all youth to come explore the extremes of nature by participating in the Wisconsin Explorers program! The program involves completing a required number of activities in one of three age appropriate books (ages three-five; ages six-eight; and ages nine and up) to earn a very cool patch. Get help from a naturalist who will work with youth on activities from one of the first four topic areas of the books.

# Kettle Moraine State Forest – Northern Unit Public Programs

**Saturday, August 10** — Nature Recyclers Drop In at the Beach at the Long Lake recreation area south beach, 1 p.m.-4 p.m. Nature has been recycling for millions of years. Uncover what organisms help recycle all the dead stuff of nature. It's sure to be a creepy crawly experience! Everyone is invited to drop in for a few minutes or more than an hour for some nature fun. Adults are encouraged to participate with their children.

**Saturday, August 10** — Whoopers and Sandhills: Wisconsin's Cranes Summer Saturday Evening Event at the Ice Age Visitor Center, 6:30 p.m.-8 p.m. Whooping and sandhill cranes both call Wisconsin home. The whooping crane is one the most endangered cranes of the world while sandhills the most abundant. Join the International Crane Foundation staff to learn about their fascinating life histories and specific habitat requirements, how people can help them to survive, and how they compare to the other 13 crane species found throughout the world. This program is most appropriate for people over the age of eight years old. Sponsored by the Friends of the Kettle Moraine.

**Sunday, August 11** — Nature Recyclers Drop In at the Beach at the Mauthe Lake recreation area beach, 12 p.m.-3 p.m. Nature has been recycling for millions of years. Uncover what organisms help recycle all the dead stuff of nature. It's sure to be a creepy crawly experience! Everyone is invited to drop in for a few minutes or more than an hour for some nature fun. Adults are encouraged to participate with their children.

**Wednesday, August 14** — Ice Age Trail Trekkers meet at County Road S/Shelter 2 parking area (located southwest of County Road GGG near New Fane), 6 p.m.-7:30 p.m. Come for a refreshing 2.94-mile evening hike between County Road S and Kettle Moraine Drive. A shuttle will be available between the starting and finishing spots.

**Friday, August 16** — Turtle Magic Nature Storytime at the Ice Age Visitor Center, 9:30 a.m.-10:30 a.m. Now you see them, now you don't! Turtles have a lot of tricks up their shells. Come uncover their amazing adaptations for yourself. This hour of nature fun awaits three to six year olds with accompanying adults.

**Saturday, August 17** — Extreme Saturday Morning

at the picnic shelters at the Mauthe Lake recreation area and the Long Lake recreation area, 10 a.m.-11 a.m. Calling all youth to come explore the extremes of nature by participating in the Wisconsin Explorers program! The program involves completing a required number of activities in one of three age appropriate books (ages three-five; ages six-eight; and ages nine and up) to earn a very cool patch. Get help from a naturalist who will work with youth on activities from one of the first four topic areas of the books.

**Saturday, August 17** — Mid-day Meanderings at the Summit Nature Trail at Long Lake recreation area (located off Division Road north of County Road F near Dundee), 11:30 a.m.-12:30 p.m. Climb the Summit Nature Trail with a naturalist to learn about the flowers, trees, and geology of the Northern Unit. This program is best for adults and family with children older than five years old.

**Saturday, August 17** — Get Outdoors! Go... Learn Archery at the Mauthe Lake recreation area, 1 p.m.-4 p.m. What do Robin Hood, Katniss Everdeen, and Hawkeye have in common? Bows and arrows! Try your hand at shooting a bow and arrow and acquire the basic skills of archery. Everyone is invited to drop in for a few minutes or more than an hour. Adults are encouraged to participate with their children. Rain date: Sunday, August 18, 12 p.m.-3 p.m.

**Saturday, August 17** — Milkweed, Monarchs, and Mexico Summer Saturday Evening Event at the Ice Age Visitor Center, 6:30 p.m.-8 p.m. Find out the connection between monarch butterflies, milkweeds, and Mexico. Discover ways you can help these magnificent butterflies survive. This program is most appropriate for people over the age of eight years old. Sponsored by the Friends of the Kettle Moraine.

**Sunday, August 18** — Water Wonders Drop In at the Beach at the Long Lake recreation area south beach, 12 p.m.-3 p.m. Dive into the wonders of water. Become a scientist as you try several wild and wet experiments to discover the amazing properties of water. Figure out how plants and animals use these properties to survive. Everyone is invited to drop in for a few minutes or more than an hour for some nature fun. Adults are encouraged to participate with their children.

**Wednesday, August 21** — Ice Age Trail Trekkers meet at Ice Age Trail Hwy 28 parking lot (located off Highway 28 west of Kettle Moraine Drive near Kewaskum), 7 a.m.-8:30 a.m. Join us for a brisk 2.79-mile morning hike between Kettle Moraine Drive and Hwy 28. A shuttle will be available between the starting and finishing spots.

**Wednesday, August 21** — Cardio Kickboxing in the Forest at the Long Lake recreation area picnic shelter, 6 p.m.-7 p.m. Practice your boxing punches and martial arts kicks to an aerobic pace. This class will get your heart pumping and your mind working with fun and effective moves. For anyone over 10 years old.

**Thursday, August 22** — Shocking Fish Tales Evening Exploration at the Mauthe Lake recreation area picnic shelter, 6:30 p.m.-8 p.m. Find out the status of the Northern Unit's fish populations and about the tools, from boom and backpack shockers to fyke nets and fish tags, that fishery biologists use in their jobs. Come see first-hand how these tools are used to assess a lake's fish diversity and health. Addie Dutton, Department of Natural Resources fisheries biologist, will be the presenter. This exploration is for people over the age of 12 years.

**Saturday, August 24** — Extreme Saturday Morning at the picnic shelters at the Mauthe Lake recreation area and the Long Lake recreation area, 10 a.m.-11 a.m. Calling all youth to come explore the extremes of nature by participating in the Wisconsin Explorers program! The program involves completing a required number of activities in one of three age appropriate books (ages three-five; ages six-eight; and ages nine and up) to earn a very cool patch. Get help from a naturalist who will work with youth on activities from one of the first four topic areas of the books.

**Saturday, August 24** — Ssssnakes Drop In at the Beach at the Long Lake recreation area south beach, 1 p.m.-4 p.m. Slithering across the ground with their tongues flicking, snakes arouse our curiosity or sometimes our fears. Uncover some truly astonishing facts about these legless reptiles and the habitats where they live to gain an appreciation of their role in nature. Everyone is invited to drop in for a few minutes or more than an hour for some nature fun. Adults are encouraged to participate with their children.

- Weekday Manager Specials

# Kettle Moraine State Forest – Northern Unit Public Programs

**Saturday, August 24** — Tom Pease Family Concert at the Mauthe Lake recreation area picnic shelter, 6:30 p.m.-8:15 p.m. Tom Pease is a one-of-a-kind performer for all ages. He is sure to get your toes tapping, your mouth singing, and your funny bone laughing. This is an outdoor concert, so remember to bring your blankets and lawn chairs. In the event of inclement weather, the concert will be held at the Ice Age Visitor Center (located off Highway 67 half mile west of Dundee). This evening of music is for all ages.

**Sunday, August 25** — Ssssnakes Drop In at the Beach at the Mauthe Lake recreation area beach, 12 p.m.-3 p.m. Slithering across the ground with their tongues flicking, snakes arouse our curiosity or sometimes our fears. Uncover some truly astonishing facts about these legless reptiles and the habitats where they live to gain an appreciation of their role in nature. Everyone is invited to drop in for a few minutes or more than an hour for some nature fun. Adults are encouraged to participate with their children.

**Wednesday, August 28** — Ice Age Trail Trekkers meet at Ice Age Trail Highway 28 parking lot (located off Highway 28 west of Kettle Moraine Drive near Kewaskum), 6 p.m.-7:30 p.m. Join us for a revitalizing 2.79-mile evening hike between Kettle Moraine Drive and Highway 28. A shuttle will be available between the starting and finishing spots.

**Friday, August 30** — Step into the Night Hike at Zillmer Trails, 8 p.m.-9:30 p.m. As the sun sets and the light fades from the sky, the day animals retire and a new group of animals awakens. Bring your bug spray and sense of adventure as we explore the darkness for nocturnal insects. This night hike is best for families/groups with children at least five years old.

**Saturday, August 31** — Extreme Saturday Morning at the picnic shelters at the Mauthe Lake recreation area and the Long Lake recreation area, 10 a.m.-11 a.m. Calling all youth to come explore the extremes of nature by participating in the Wisconsin Explorers program! The program involves completing a required number of activities in one of three age appropriate books (ages three-five; ages six-eight; and ages nine and up) to earn a very cool patch. Get help from a naturalist who will work with youth on activities from one of the first four topic areas of the books.

**Saturday, August 31** — Birds of Prey Drop In at the Beach at the Mauthe Lake recreation area beach, 1 p.m.-4 p.m. We marvel at hawks, owls, eagles, and falcons soaring overhead. Find out what adaptations make these birds such efficient sky hunters. Everyone is invited to drop in for a few minutes or more than an hour for some nature fun. Adults are encouraged to participate with their children.

**Saturday, August 31** — The Universe from Your Backyard Summer Saturday Evening Event at the Ice Age Visitor Center, 7:30 p.m.-8:30 p.m. The universe contains so much more than the naked eye can see, but celestial journeys are possible even from your own backyard. Learn about what's "out there" and how you can see it for yourself without spending a fortune. Jeff Setzer, member of Northern Cross Foundation, will be the presenter. This program is best for anyone more than eight years old. Sponsored by the Friends of the Kettle Moraine.

**Saturday, August 31** — Summer Star Gazing Summer Saturday Evening Event at the Ice Age Visitor

Center, 8:45 p.m.-11 p.m. Look through a telescope or binoculars to bring into focus the wonders of the night sky. With the help of experienced night sky observers from the Northern Cross Science Foundation, spy distant planets, dumb-bell nebulas, globular clusters, and so much more. The program will be held only if the skies are clear. This program is best for anyone more than eight years old. Drop in any time and stay as long as you like. Sponsored by the Friends of the Kettle Moraine.

**Sunday, September 1** — Birds of Prey Drop In at the Beach at the Long Lake recreation area south beach, 12 p.m.-3 p.m. We marvel at hawks, owls, eagles, and falcons soaring overhead. Find out what adaptations make these birds such efficient sky hunters. Everyone is invited to drop in for a few minutes or more than an hour for some nature fun. Adults are encouraged to participate with their children.

**Wednesday, September 4** — Ice Age Trail Trekkers meet at Ice Age Trail/Shelter 1 parking lot (located off County Road H on the north side of the road east of Milwaukee River near Kewaskum), 7 a.m.-8:30 a.m. Come for a stimulating 1.95-mile morning hike between Highway 28 and County Road H. A shuttle will be available between the starting and finishing spots.

**Wednesday, September 4** — Yoga on the Trail at the Ice Age Visitor Center, 6 p.m.-7 p.m. Through this intro class, all levels will find benefit; beginners have an opportunity to absorb the new elements, and the more advanced have time to go deeper into a practice. Bring a yoga mat if you have one. An engaging experience for those over 10 years old.

**Friday, September 6** — The Chirping Choir Nature Storytime at the Ice Age Visitor Center, 9:30 a.m.-10:30 a.m. Who are the members of this evening choir? Listen and learn about crickets and their noisy relatives. This hour of nature fun awaits three to six year olds with accompanying adults.

**Saturday, September 7** — Eight Legs and Silk Exploring Nature Program at the Ice Age Visitor Center, 10 a.m.-11:30 a.m. Spiders are found in almost every environment on earth. Untangle cool facts about these silk spinners. This program is best for families/groups with children between the ages of six and 12 years.

# Campgrounds In And Around The Kettle Moraine Forest

**Benson's Century Camping Resort, Inc.**  
250 sites with water and electric, separate tenting areas, seasonal sites, and overnight sites. Services offered include limited groceries, LP gas, two dump stations, two shower buildings, wood for sale.

For recreation, the grounds offer a swimming beach, two playgrounds, horseshoe pits, volleyball court, recreation hall, game room, lake boat launch, and fishing. Boats and canoes available to rent.

For more information, go to their website at [bensonscampground.com](http://bensonscampground.com) or call 920-533-8597 or 920-533-8150. N3845 State Road 67, Campbellsport.

**Mr. Ed's Campground**

Over 500 feet of lake frontage. Offers 100 seasonal-only sites on three levels with full hookups including 30- and 50-amp electric, water, sewer, limited accessibility for people with disabilities, call for specifics.

These scenic campgrounds offer a swimming beach, horseshoes, basketball, nature trails, boat launch, fishing, camper get togethers, private docking and launching for campers only.

Call to reserve the beautiful cabin on the lake. For more information, go to their website at [www.mredscampground.com](http://www.mredscampground.com) or call 920-533-4342. N3554 Highway 67, Campbellsport.

**Hoeft's Resort and Campground**

135 seasonal sites and 70 campsites with four different grassy and wooded areas including lakefront sites and the most popular and unique sites on a peninsula. Some sites with water and electric (20-, 30- and 50-amp service); some tent sites with no electric hook-up.

On-site services include WI-FI hotspot, laundry facilities, firewood for sale, concession stand, bar, camp store with limited groceries, credit card accepted. There is a swimming beach, playground area, horseshoes, basketball, recreation hall, trails, lake boat launch, and fishing bait. Rental items include six housekeeping cottages (some on wa-

terfront), boats, paddle boats and canoes. Call 262-626-2221 for reservations or go to [www.hoeftsresort.com](http://www.hoeftsresort.com) for more information. W9070 Crooked Lake Drive, Cascade.

**Breezy Hill Campground**

Breezy Hill offers 85 sites, 15 with full hookups (30/50 amp), 70 with water and electric (30/50 amp), 35 pull throughs, separate tenting areas, and eight cabins. Amenities include heated pool, hot tub, general store, pavillion and arcade, basketball, tetherball, volleyball, playground, two jumping pillows, weekend movies, wagon rides, themed weekends, catch and release fishing pond, laundry facility, dishwashing station with hot/cold water, and campsite-wide WIFI.

Breezy Hill Campground is a family oriented campground near Eden. Owners, Jon and Jennifer Wiltzius, offer fun activities for campers of all ages.

For rent, there are eight camping cabins, one rental unit, bikes and paddle boats. Bring your own linens.

Breezy Hill also offers a full-service overnight horse boarding facility. Hay, water, large stalls, pasture and paddocks are available.

Call 920-477-2300 or visit [www.breezyhillcamp.com](http://www.breezyhillcamp.com) for more information. N4177 Cearns Lane, (off County Road B in Eden) Fond du Lac.

**Mauthe Lake Campground**

The campgrounds at Mauthe Lake have 135 sites, including 51 electrical sites. There is one shower building with flush toilets and several vault toilets. Campsites accessible to people with disabilities are available.

The beach area features playground equipment and concessions available for food, camping supplies, and watercraft rental. A private concessionaire provides firewood when the entrance station is open. A sanitary dump station and recycling/garbage station are provided for registered campers.

An authentic Native American plains teepee is available for rent. Enjoy the unique opportunity to camp in a canvas repro-

duction of a Native American plains teepee from mid-May through September.

The teepee is 16 feet in diameter and supported by 25-foot-long wooden lodge poles. Four cots are provided. If you have more than four members in your camping party, there is room on the site to accommodate an additional tent if desired.

No smoking, fuels, flames or equipment such as stoves, gas lanterns, heaters or candles are allowed inside of the teepee. Pets are not allowed. Do not spray insect repellent inside or near the teepee. This is a non-electric "tent only" site. No wheeled campers are permitted.

Mauthe Lake is open for camping year round. For more information call 262-626-4305.

Reservations may be made up to 11 months in advance either online or by calling toll-free 888-947-2757, TTY 800-274-7275. N1490 County Rd GGG, Campbellsport.

**Long Lake Campground**

The campgrounds at Long Lake provide 200 sites, flush and vault toilets, and showers. A private concessionaire provides firewood when the entrance station is open. Campsites are available for campers with disabilities. A sanitary dump station and recycling/garbage station are provided for registered campers.

Long Lake Campground is open for camping the first weekend in May through mid-October.

For more information call 920-533-8612.

Reservations may be made up to 11 months in advance either online or by calling toll-free 888-947-2757, TTY 800-274-7275. N3450 Division Rd, Cascade.

**Greenbush Group Campground**

The Greenbush Group Campground offers nine outdoor sites which accommodate groups up to 40 individuals. Only tent camping is allowed on the actual campsite. Sites are near the Greenbush Trails, where campers can enjoy hiking or off-road biking.

An enclosed shelter

**MAUTHE LAKE CAMPGROUND TEEPEE**

building, drinking water, and vault toilets are available nearby.

Reservations are required and can be made up to 11 months in advance either online or by calling toll-free 888-947-2757, TTY 800-274-7275. Discounted camping rates are available for resident chartered non-profit youth groups.

Greenbush group campground is open for camping April through November. N5854 Kettle Moraine Dr., Glenbeulah.

**Backpack Shelters**

Five backpack shelters are available year-round for rustic camping along the 31 miles of the Ice Age National Scenic Trail. One backpack shelter is available from April 1 through November at the Zillmer Trail area.

Each site offers a roofed trail shelter, fire ring, and pit toilet. Drinking water is available less than a mile from each site.

These sites are not accessible by vehicle. All camping equipment must be backpacked in and all refuse packed out. A camping permit is required and you must camp at a designated shelter campsite.

One reservation (camping party) is allowed per site per night. Reservations are limited to 10 persons per site and are limited to one night per site. Another site may be reserved for a second night and a third night at a third site.

To reserve a backpack site, call Reserve America at 888-947-2757, TTY 800-274-7275. Shelters cannot be reserved online.

If you do not have a reservation, you must stop in at either the Forest Headquarters, Ice Age Visitor Center or Mauthe/Long Lake entrance stations (when open) to obtain a camp-

ing permit. Site availability is limited for spring and fall weekends and reservations are recommended. A reservation is required for stays longer than two nights along the trail.

If all the backpack sites are reserved for a weekend night on your hiking trip, consider staying one night at the Mauthe Lake campground.

**New Prospect Horse Riders Campground**

The New Prospect Horse Riders Campground has 22 family campsites with 20/30/50 amp electric service and three group sites. Campers must be accompanied by a horse to stay at the campground.

In the family camping area, each site has a picnic table, fire ring and a 30-by-30-foot graveled area with picket posts and/or pipe corrals where horses are to be kept. The camp area has one drinking water source, an open air picnic shelter, vault toilet, covered stable with 24 box stalls and manure pits.

In the group camp area, each site has a drinking water source, fire ring, four picnic tables and a manure pit. Group sites A and C each have nine, 10-by-10-foot metal pipe corrals. Group Site B has two tether post areas and 12 pipe corrals. The group camp has a vault toilet. No more than 20 people may occupy a group site.

Campers are responsible to place all hay and manure in the manure pits which are located throughout the campground; wheel barrows and forks are provided. Horses are to be kept in designated areas to protect the green space of the campground.

The campground is centrally located in the state forest and provides easy access to the 33-mile bridle trail which traverses the length of the forest. There also are two loop trails, the 2.5-mile Crooked Lake Loop and the four-mile Forest Lake Loop. All horse riders 16 years and older must have a state trail pass while using the designated bridle trails in the state forest.

The campground opens the first weekend in May and closes the last weekend in October.

For more information call 262-626-2116. N1765 Highway G, Campbellsport.

**Lake Lenwood Beach and Campground**

130 total sites, 130 water/electric hookups, 10 pull throughs, dump station, pay showers, off-site storage, credit cards accepted.

Recreation, swimming beach, playground, kiddie beach with slide.

7053 Lenwood Dr, West Bend, 262-334-1335, [www.lakelenwood.com](http://www.lakelenwood.com).

**Lazy Days Campground**

79 acres for summer fun and recreation, 313 extra large sites in 3 different grassy or wooded areas.

Spring fed lake for great swimming and great fishing - bass, northern, crappie and perch waiting to be lured onto your hook.

Live bait and tackle available. Amenities include, grocery store, beach, volleyball, park area, arcade, mini golf, firewood, ice, LP gas, bike rental, laundromat, shower building, boat rentals and trailer rentals. We are a pet friendly campground!

1475 Lakeview Road West Bend, 262-675-6511 or email [lzd@charter.net](mailto:lzd@charter.net).

**Timber Trail Campground**

Timber Trail contains spacious campsites providing unusual privacy beneath a canopy of maple and beechwood trees. We are geared toward family camping with an emphasis on fun, 120 acres of fun. The picturesque hiking trails are included as part of the Kettle Moraine Ice Age Trail.

Amenities: whirlpool and heated swimming pool, recreation building with a fireplace, snack bar and ice, hot showers, bottled gas, playground, dumping station, firewood for sale, laundry and groceries, big screen tv and video games, ping pong and pool tables, basketball and tennis courts, ball field and sand volleyball, hiking and fishing, and horse-shoes.

# Area's History Comes Alive At Local Museum In Kewaskum

A little piece of local history sits right next to the scenic Milwaukee River on Parkview Drive in Kewaskum, just waiting to be seen.

Actually, there are many pieces of history in the collection that the Kewaskum Historical Society has built up.

The society's museum has the only milk can washer in the state and an authentic log house next door that takes you back to life in the 1840s.

The museum features numerous historic artifacts. It houses the original post office window that was located in Kewaskum, as well as an original doctor's chair that dates back over 100 years ago.

There is information about early farms and steam engines. There are items from a country school and a general store. An old printing press is on display. And numerous historic photographs can be viewed.

"It's a lot of everything," said Dan Schmidt, founder of the Historical Society and vice president.

"I think it's something we need to save. Otherwise our children and grandchildren aren't going to know how things were," he said. "If you want to know where you're going in the future, you have to know where you went in the past," stated Schmidt.

Schmidt said items come from society members, people in the surrounding area and from across the country. Someone in California may have grandparents who pass away who had ties to Kewaskum, and will send photos or other remnants of past generations.

Sometimes, modern technology and the kindness of local businesses

pitch in. The milk can washing machine came from the Beechwood Cheese Factory after it was ordered to stop using cans and go to bulk. The factory sold the washer for scrap and then found out the Historical Society was interested. The Heise family promptly bought it back from the scrap dealer and donated it.

The museum opened in 1976, year of the country's bicentennial, and quickly received a unique honor. The society became affiliated with the Wisconsin Historical Society and received a certificate of commendations the same year the museum opened. Normally, affiliation for three years is the standard before commendations are given.

The log house opened in 1982, the culmination of a three-year project. It was donated by the Reysen family, who planned on tearing it down before building a new home on the family farm. Marshal Reysen and his son, Randy, are active society members and have both served as president.

The society hosts several events to take people back to a simpler time. In February, members visit fourth-grade students in Kewaskum as part of Lumberjack Days. Area youth also learn about the village's history as part of the Kewaskum School District's summer school program.

The society's signature event marks the closing of the museum and log cabin for winter. Each year on the Sunday after Labor Day, Early Farm Days packs in 60-80 exhibitors showing off old equipment and machinery

along the Milwaukee River. Antique steam engines, gas engines, cars, trucks, threshers, sawed lumber and processed grain can be taken in firsthand. In addition, the event includes refreshments and horse-drawn wagon rides and small, farm animals to pet.

While you are visiting the Kettle Moraine Forest, take a drive to Kewaskum to check out the museum. Before you leave, also stop at the Coffee Corner, which features different traveling exhibits from the Kewaskum Historical Society throughout the year.

The Kewaskum Historical Society Museum is open on Sundays during the summer between Memorial Day and Labor Day, from 1 to 4 p.m.

The Kewaskum fireworks on July 3rd are always a great show. photo by Anne Trautner

## Boltonville Rain Days

Boltonville.

The celebration will include:

### Carnival

A carnival with rides, games, food, music and beer will be held through the weekend.

The Boltonville Volunteer Fire Department's 102nd annual Boltonville Rain Days celebration will be held Friday, May 24, through Sunday, May 26.

The event will feature entertainment all weekend on the fire department's grounds, located at 9336 Bolton Drive in

## Independence Day Celebration In Kewaskum

Fireworks will be held at dusk on Wednesday, July 3, at River Hill Park, located between Parkview Drive and Riverview Drive in the Village of Kewaskum. The rain date is July 4.

People can begin laying down blankets at the park to reserve their spots for the fireworks at 6 a.m. on July 1.

On July 3, music will be performed at 7 p.m. in the large shelter on top of the hill. The band will play again after the fireworks display, until about mid-

night.

Food and beverages will be served at the park, beginning at 5:30 p.m. Hamburgers and beer are among the offerings. Proceeds benefit the Kewaskum Firefighters Association.

In addition, the Kiwanis Club will sell popcorn and ice cream.

No carry-ins are allowed, and sparklers are prohibited.

Traffic will be directed for about an hour after the fireworks ends.

# Area Fairs Provide Lots Of Entertainment

If you are visiting the Kettle Moraine State Forest Area this summer and are looking for some fun family entertainment, check out one of the nearby county fairs. The state forest borders three counties that all host fairs in the summer months.

Each one offers games, rides, food and refreshments, animals and lots of other family-friendly activities. Area youth exhibit their animals and projects for judging.

The area fairs will be held:

**Fond du Lac County Fair** — The Fond du Lac County Fair will be held July 17-21. It is held at the fairgrounds in Fond du Lac, just 16 miles north of Campbellsport at 17th Street & Martin Avenue, Fond du Lac.

This year, the fair will host headliners

Classic Legends Rock Tour on July 19 and Brett Young on July 20. The popular Tractor and Truck Pull will take place on July 17. Watch professional Bull Riding and Barrel Racing on July 18. The demolition derby is scheduled for July 21.

For more information on this fair, go to [www.fonddulaccounty-fair.com](http://www.fonddulaccounty-fair.com).

**Washington County Fair** — The Washington County Fair will be held July 23-28. It is held at the Washington County Fair Park in West Bend, just 20 miles south of Campbellsport at 3000 Pleasant Valley Road (Hwy PV), West Bend.

The Washington County Fair will feature headliners Dylan Scott, featuring Mitchell Tenpenny and Travis Denning on July 25, Stone Temple Pilots on July 26, and Billy Cur-

ington with Nora Collins on July 27. It will also feature the always popular tractor and truck pulls, horse pulls and fireworks. July 24 is Military Day.

For more information, go to [www.wcfairpark.com](http://www.wcfairpark.com).

**Sheboygan County Fair** — The Sheboygan County Fair will be held Labor Day weekend. It is held at the fair park in Plymouth, just 20 miles east of Campbellsport at 229 Fairview Dr., Plymouth.

The Sheboygan County Fair will feature a farm tractor pull, bull riding & barrel racing, a demolition derby, IRA Sprint Car and PDTR 360 Sprint racing and Badger State Tractor Pulls.

To find more information and the names of the headliners, go to [www.shebcofair.com](http://www.shebcofair.com).

Area fairs provide some great family entertainment in the summer months

## Party On The Pavement

Party On The Pavement will be held in downtown Kewaskum on Tuesday, June 25, from 10 a.m. until 11 p.m.

Held in the municipal parking lot on Main Street, the Party on the Pavement festival features continuous live music and family activities.

The day will feature vendors and crafts, as well as plenty of games and children's activities.

A wide range of food and beverages will be available, from pork sandwiches, "Bang Bang Shrimp" and hot dogs to cotton candy, popcorn and beer.

This outdoor event is sponsored by the Kewaskum Area Chamber of Commerce.

Party on the Pavement in Kewaskum is always a fun event. It will take place on Tuesday, June 25 this summer.

## Washington County Breakfast On The Farm To Be Held At Highland Dairy In Kewaskum

Breakfast on the Farm will be held at Highland Dairy, LLC, 1207 Highland Drive in Kewaskum, on Saturday, June 8.

This will be Washington County's 32nd annual Breakfast on the Farm. Highland Dairy, LLC, is owned and operated by Mike, Linda and Corey Enright.

The event will feature all-you-can-eat pancakes from 6:30 to 11:30 a.m. Breakfast will be served rain or shine.

Tickets are \$7 at the door; advance tickets are \$6 (no refunds). Children 3 and younger can eat for free.

The breakfast includes: all-you-can-eat pancakes, plus a serving of scrambled eggs with ham, applesauce, cheese, sausage, milk and coffee.

Chocolate or straw-

berry ice cream sundaes and root beer floats are available for \$1 each.

Attendees will be able to see this third-generation family farm that strives to produce natural, high-quality milk and high-quality beef for the dairy and beef industry. The robotic farm features a new free-stall barn, milking center, pump room, robot rooms, six DeLaval VMS, DeLaval cow brushes, Hetwin feed pusher and automated litter alley scrapers.

In addition to the breakfast, activities will include: wagon ride to the farm, barn tours, petting zoo, pedal tractor pull, live music, Roden Barnyard Adventures, antique tractors and much more.

Breakfast on the Farm is sponsored by the Washington County Dairy Promotion Com-

mittee. Tickets are available at the following locations:

-Allenton- Farmers Inc. and Romie's Service, Inc.

-Germantown- First Bank Financial Centre.

-Hartford- WTKM Radio

-Jackson- Scheunemann TV & Appliance.

-Kewaskum- Kewaskum Frozen Food and R Store.

-Newburg- State Bank of Newburg.

-Slinger- Associated Bank.

-West Bend- UW-Extension Office, Washington County Fair Park and West Bend Sausage Plus.

For more information, visit [www.washington-countydairy.com](http://www.washington-countydairy.com) or call Mike Strupp at 262-644-0015 or Bernie Wolf at 262-689-8553.

**FAST HOT TAKE-OUT OR DELIVERY**

## Eden Firemen's Picnic And Parade

The annual Eden Firemen's Picnic and Parade will take place August 2nd-4th. If you are in the area at this time, this would be a great event to attend. All activities are held at Eden Firemen's Park.

Everything begins on Friday night with a fish fry. Members of the Eden Fire Department cook and serve a traditional Wisconsin Fish Fry. It is sure to be a real treat.

To round out Friday night, an area band will entertain those at the event.

On Saturday, carnival rides and food are available all day. The main events kick-off later in the afternoon. A kids' pedal tractor pull will be held.

Musical entertainment will end the Saturday festivities.

Sunday kicks off at noon with the annual parade. Many area organizations, businesses, bands and groups participate in this parade.

Musical entertainment will be available all afternoon. Bingo is always played on Sunday afternoon during the picnic.

All weekend, the fire department will be serving food and refreshments. Don't miss the pies cooked every year by the women of the fire association auxiliary.

Also, all weekend, rides and games will be provided for the young and old.

Admission to all the bands is free.

Make sure you stop in Eden this weekend for all the fun and entertainment. This is sure to be a great weekend for everyone in the family.

Tony Fleischman puts his seasoned ribs on the grill early in the day at last year's Main Street Mania in Campbellsport. Fleischman was one of the contestants in the annual barbecue contest that is part of Main Street Mania.

photo by Andrea Hansen Abler

## Main Street Mania Coming To Campbellsport

The Campbellsport Chamber of Commerce hosts a Main Street Mania event every year in August. This year it will be held on Thursday, Aug. 8.

It will be held on the west end of Main Street between Fond du Lac Avenue and Railroad Street. It runs from 10 a.m.-10 p.m. You will be able to check out a number of different vendors for various items, listen to great music, check out some barbecue geniuses, sample some

delicious local food, play some great games and much, much more.

There will be entertainment most of the day.

A highlight of the day is always the barbecue contest. Many area grill masters will be on site cooking their favorite barbecue recipes for the competition. This is sure to be a mouth-watering event. You may even be able to sample some of the entries.

Food and refreshments will be available

throughout the day from Chamber businesses. Make sure you try some of their delicious food.

Games for children will be set up at the event. Food and refreshments will also be available all day.

It will be a great day with lots of fun and events for the whole family. Stop down on West Main Street in Campbellsport on Thursday, Aug. 8, to check it out.

Members of the Campbellsport High School band march in the Eden Parade last year. The Eden Fire Department hosts their annual picnic and parade the first weekend in August every year.

# Campbellsport Firemen's Picnic And Parade

If you are looking for something fun to do while you are in the Kettle Moraine area over the Fourth of July holiday, take the drive to Campbellsport. The Campbellsport Fire Department's (CFD) annual picnic and parade is celebrated on July 3rd and 4th. Fireworks, food, music, and a large parade are just a few of the traditions passed down from generation to generation.

Some of the events will include fire department waterfights, children's waterfights, bands, games for the kids, food and refreshments.

The events will kick-off on July 3rd at 2:30 p.m. with the children's waterfights. Teams of three to four children will compete against each other to see who can move the barrel the farthest. They will definitely get wet, but they always love every minute of it.

The adult waterfights will follow. Area fire departments will test their skills to see which department will come out on top.

End the night listening to a popular Wisconsin band and watching a great fireworks display. Every year the fire department hosts a good band that will keep

everyone entertained all night.

This year they have moved the fireworks display to July 3rd. They will start at 10 p.m.

The festivities will be just as exciting on the Fourth of July.

Events will start at 8 a.m. with the annual Cougar Dash. This is a 5K run/walk sponsored by the Cougar Booster Club. Runners and walkers will start and end the race at Firemen's Park. A kids half-mile run will begin at 9:15 a.m.

A car show is held at the park during the picnic on the Fourth. It starts at 10 a.m.

The July 4th parade begins at noon and marches down Main Street.

More musical entertainment will take place in the park throughout the day. Polka music and rock and roll will be heard from the different stages.

Both days will be a great time to bring your family as there will be many events for children. There will also be inflatable games and rides for children of all ages.

For a complete event listing or for more information on all the events, go to fire department's Facebook page.

These area youngsters were having a great time at the Washington County Fair last year.

## Corn Roast In Dundee

Every year the Northern Kettle Moraine Crooked Trails Snowmobile Club hosts a Corn Roast at the Dundee Sportsmen's Park. This year it is being held on Saturday, Aug. 10.

Free sweet corn on the cob is available starting at 12:30 p.m. and will be available until it is gone. The corn tastes great every year!

Kids games and activities are available from 11 a.m.-3 p.m. Food and refreshments are available from 11 a.m.-7 p.m. Live music will be pro-

vided from 11 a.m.-7 p.m. The club uses the profits of the event to keep the trails in the area and around the forest well-groomed during the snowmobiling season.

You can locate the Dundee Sportmen's Park Pavilion on Highway 67 across from the Exxon gas station in Dundee. Just follow the large yellow signs in the area. Since everyone is welcome at this free event, why not come and enjoy the day while supporting the trails in and around Dundee.

The Campbellsport Fire Department hosts a parade at every year on the Fourth of July at noon. It leads to the park where the picnic is held on July 3rd and 4th.

## FDL Breakfast On The Farm To Be Held At Loehr Farms

Celebrate Wisconsin Agriculture and join the Envision Greater Fond du Lac Agri-Business Council's at Breakfast on the Farm!

Loehr Farms, LLC, of the Armstrong/Dotyville area will host this year's Breakfast on Sunday, June 23, from 8 a.m. until noon. The address is W1851 Mushroom

Road, Eden.

The Loehr family invites you to get a first-hand look at a working dairy farm. Educational displays will help breakfast goers learn as they tour the farm.

The Alliant Energy Kiddie Pedal Tractor Pull will again be a highlight of the event. Animal exhibits and antique trac-

tors will also be on display.

As always a delicious breakfast of eggs with ham and cheese and all of the fixings will be served.

For more information regarding the Breakfast on the Farm, please contact Envision Greater Fond du Lac at 920-921-9500.

## Empire Threshing Association's Annual Thresheree August 24

The Empire Threshing Association is hosting its annual Thresheree on Saturday, Aug. 24. It will take place on the John Wettstein farm, six miles east of Eden on County B, from 10 a.m.-7 p.m. No admission is charged for this event.

Many different activities will be held throughout the day. You can also walk around and look at the different displays.

You will be able to see old-time steam threshing, cutting, plowing, baling, chopping and silo filling. There will also be antique tractors, garden tractors, equipment and engines on display.

The day begins with threshing using a 1906 Case steam engine at 11 a.m. Then they will begin corn binding and silo filling with Farmall

tractors.

Baling straw with John Deere and Case wire-tie balers are usually next on the schedule.

The kids can get involved by participating in the annual kids pedal pull at 12:30 p.m. They will use pedal tractors to pull a weight as far as they can. Awards will be given out to the top performers in the different weight classes.

The action will continue with some horse plowing. You can see how the area farmers did the plowing before they had tractors. At this time, they will also be chopping corn with a vintage GEHL self-propelled chopper.

The action will continue with plowing using a steam engine and plowing with tractors. Many different models of

tractors and plows will be used for this event.

There will be plenty of events going on throughout the day to watch and learn about some farming history.

You can treat yourself to food and refreshments, sponsored by the Campbellsport FFA Alumni.

All day, tractors, equipment and garden tractors will be on display. Blacksmith demonstrations will also be held during the afternoon along with engine displays.

Music will entertain from 3 p.m.-7 p.m.

So, make sure you come out to rural Eden for the Empire Threshing Association's annual Thresheree.

In case of inclement weather, the rain date will be Sunday, Aug. 25.

# Music In The Park

Music In The Park will be held at River Hill Park, located between Parkview Drive and Riverview Drive in the Village of Kewaskum.

The free concerts will be held from 6:30 to 8:30 p.m., on most Tuesdays throughout the summer. Concessions stands open at 5:30 p.m.

Here is this year's lineup:

**June 18-** Kewaskum

Big Band, performing swing and big band music.

**July 9-** Whiskey-Belles, performing vintage country and original music.

**July 16-** Big Cedar Bluegrass, performing bluegrass and gospel music.

**July 23-** The Verdict, performing classic rock.

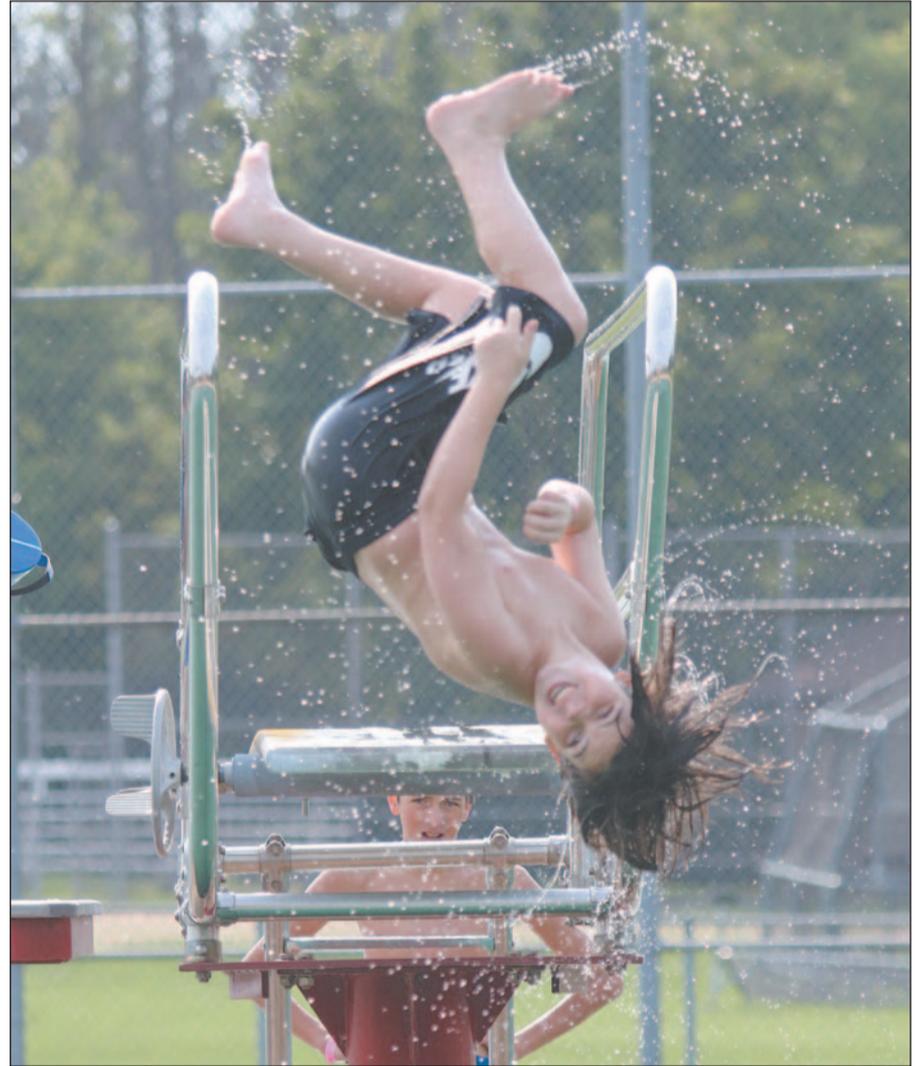

**July 30-** Goodtime Dutchmen, performing polka music.

**Aug. 13-** Pat McCurdy, performing pop swing-along and comedy.

**Aug. 20-** The Sun-rays, performing eclectic oldies.

Each week, the Kewaskum Fire Fighters Association will serve burgers, brats, beer, soda and more.

Music In The Park is presented by the Kewaskum Area Arts Council.

Kiwanis Park in Kewaskum has a great swimming pool for young and old to utilize throughout the summer months.

photo by Anne Trautner

The Kewaskum American Legion hosts a Memorial Day parade and program every year. It will be held on Monday, May 27, with the parade at 9:30 a.m.

# Take A Lake Break

By Mark Sesing  
Friends of the Kettle  
Moraine Board Mem-  
ber

Take a walk just about anywhere in the Kettle Moraine State Forest - Northern Unit and you'll find water. You might hear it before you see it. You might even smell it (in a good way!) before you see it.

Lakes and streams, fens and marshes, springs and bogs lure you into the Northern Unit's aquatic world. The forest hosts the headwaters of the Milwaukee River where the water runs anew before it journeys southward into Lake Michigan. Kettle Moraine lakes are distinctive.

Formed by the forces of the post glacial period, their clustered organization and publicly owned shore lands offer access at a remarkable level. With limited urban development and farm runoff, the lakes remain relatively healthy. That's all good news!

Here's a quick run-down of the Northern Unit's "lake breaks."

Long Lake during summer weekends can get pretty busy for all things aquatic. This 423-acre lake is your best choice for motor boating and tubing. Long has two family friendly beaches, and a handicapped accessible fishing pier. This good water quality lake measures 47 feet at maximum depth.

For a more serene water experience go early or late in the day to fit into the "no wake" period (6 p.m. until 10 a.m.) for canoeing, fishing, or birding. Mosey about the roads and trails for a dry day trip. Explore the shallow flats along the east shore where pike and bass like to hang out with the great blue herons. Wear polarized sun glasses to cut through the surface glare.

Crooked Lake includes a wonderful backwater area (northwest corner) for wildlife viewing via canoe or kayak. At 94 acres,

Crooked offers a public boat landing (south side), good fishing, and a nice stretch of public shoreline. Motors can be used, but with its relatively small area, it is not great for power boats. The maximum depth reaches 32 feet of this good water quality lake. "No wake" hours are 4 p.m. to 11 a.m., making it the best time slot for quiet sports like kayaking and fishing.

Mauthe Lake is extra special! Leave your motor in the garage, drag out the Old Town, and shoot up the East Branch of the Milwaukee River for a curvy route toward New Prospect.

The state owns 100 percent of the shoreline. This kettle lake dips to a maximum depth of about 23 feet and the lake surface area covers 70 acres. The campground lies adjacent to the northeast shoreline. Take a walk along the Tamarack Nature Trail that encircles the lake. Fish from the shore, the spillway dam, or the accessible pier. Come camp, grill, splash, and crash!

Lake Seven is named in honor of its location within section 7, Township of Scott, Sheboygan County. Only the north shore houses moderate development, with the rest in public ownership.

Lake Seven "feels" kettle-like due to its small size (26 acres) and steep shore banks, but depth maxes out at only 25 feet. Many years back it was a kettle of carp. Carp (aka bottom feeders) destroyed the water quality and aquatic habitat

by stirring up lake sediments. Subsequent rehabilitation restored the fishery and water quality.

Then there's Butler Lake, a sweet spot if there ever was one. A friendly access ramp for motor-less watercraft welcomes you as you cut through an esker. The trail on top of the esker gives you a great overlook of this kettle lake and takes you by the hand and walks you closer to the last Ice Age. More than a couple of trails criss-cross the 3.1-mile Butler Lake hiking loop, so take good notes.

Forest and Auburn Lakes provide public access (carry in at Forest, a ramp at Auburn) with moderate shoreline development. The clear water in Forest offers deep observations of the resident aquatic life. Underwater plants reflect a background of green and serve up their finned residents for a visual show.

Again, wear polarized sun glasses. It makes a difference in what you see. Auburn receives Lake 15 Creek, a class B trout stream.

Cedar, Little Mud, Kellings, Spruce Lake Bog, Spring, and Buttermilk Lakes (all relatively small) remain mostly wild with limited access. Scoot along the available trails and remember a bag lunch and binoculars. Birders are seldom disappointed. Locate these small jewels on the Forest map.

This link shows the lakes and streams in the Northern Unit: <https://www.google.com/maps/search/lakes+of+the+northern+kettle+moraine/@43.6346403,-88.2604279,11.92z>.

Many people love to spend time on the water boating in the Kettle Moraine State Forest. This group was taking a relaxing ride on their pontoon boat.

photo by Andrea Hansen Abler

Fishing is a very popular activity on the lakes in the Kettle Moraine State Forest. People go out on their boats, like above, or fish off the piers in the area.
