

Campbellsport Closes Schools For Two Weeks

By Andrea Hansen Abler

The Campbellsport School District had to close all of its schools for two weeks because of the impacts of the Coronavirus pandemic. Campbellsport Elementary, Eden Elementary,

Campbellsport Middle and Campbellsport High Schools are closed until Monday, Nov. 9.

All students will be learning virtually for the next two weeks.

The reason for this closure was because of staffing issues. Teachers

at all of the schools have either been out because they were diagnosed with COVID or were quarantining. As of Tuesday, 20 staff members were out.

Campbellsport Residents Learn Of Highway Y Reconstruction Plans

By Andrea Hansen Abler

Campbellsport residents learned about a proposed reconstruction project for Highway Y.

Fond du Lac County is planning to reconstruct the roadway from Highway 67 to the Milwaukee River, which is approximately 1,300 feet or a

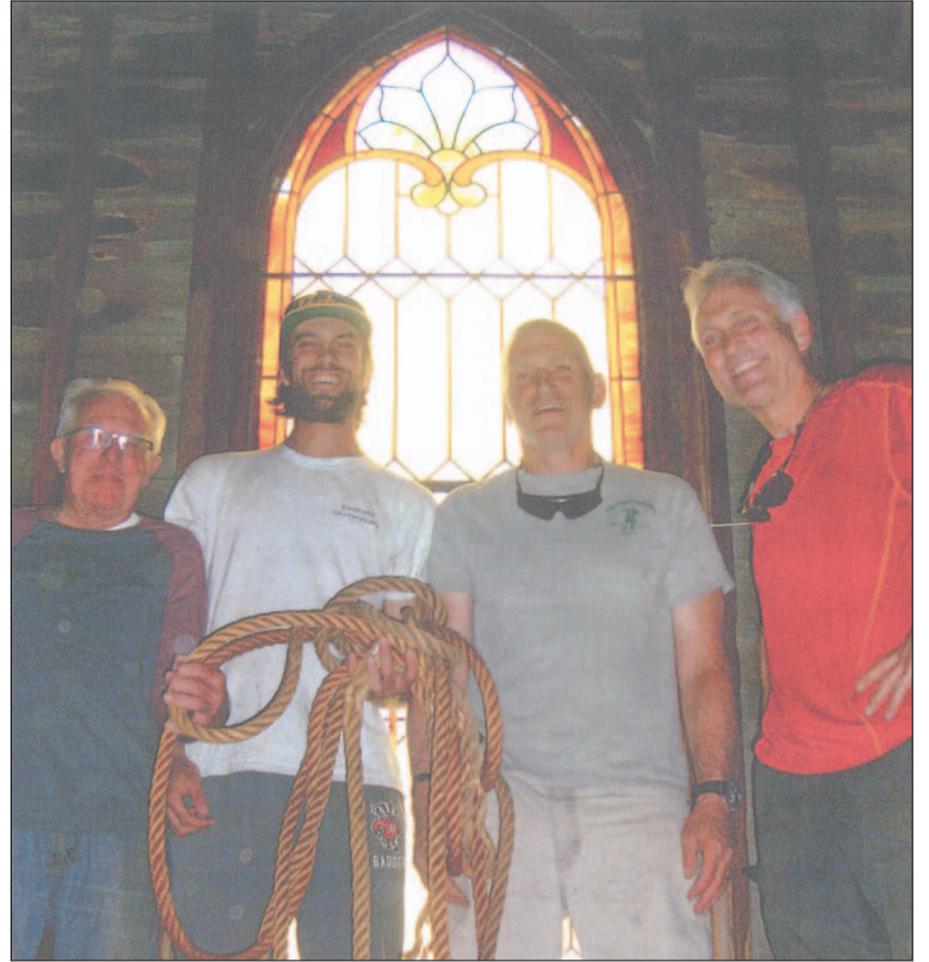

quarter mile. The project is planned for next year — 2021.

“I would expect this to be under construction all of next construction year,” said Joe DeYoung of MSA Professional Services.

The project will include replacement of sanitary sewer

mains/services, water mains/services, reconstruction of the roadway, new curb and gutter, sidewalk replacement and addition, construction of a retaining wall, and installation of storm sewer.

Highway Y Plans Continued on Page 10

St. Matthias Catholic Church, which dates back to 1861, recently got a new bell rope. Pictured are some of the people responsible for installing the new rope: (from left) chapel caretaker John Klahn, Connor McBride, Dr. Mike McBride and Dr. Tim McBride.

St. Matthias Catholic Church Gets New Bell Rope

By Anne Trautner

Sometimes a story happens, and I find myself connected to it.

This is one of those stories. It is a story of how a seemingly simple act of kindness can have a positive impact on someone you have never met. And how that

act of kindness connects us to one another.

It is a story of faith and hope. And love.

The Walk

The story started last May.

Dr. Mike McBride drove from his home in Milwaukee to the Kettle Moraine State Forest to

take his dog Finn for a walk. It was a therapeutic exercise to help Mike stay grounded after dealing with mental health issues in his job as a psychiatrist at the VA Medical Center in Milwaukee.

St. Matthias Church Continued on Page 8

Kannon Wernicke, Hudson McCarty and Hoyt Schrauth show off the scarecrow they created for a class project at Campbellsport Elementary School. They named it “Uncle Buck.” Their scarecrow and all the others created by fifth grade students are on display outside of the school right now.

Kewaskum School Tax Rate To Go Down 11 Percent

By Anne Trautner

Property owners in the Kewaskum School District will see their school tax rate go down 11 percent for the 2020-21

school year.

At a special school board meeting held on Monday, Oct. 26, the board unanimously approved a motion to adopt the 2020-2021

budget as presented for \$27,931,079. That is a 0.56 percent increase over last year's budget of \$27,775,608.

The four-year-old kindergarten through second grade students at Waucousta Lutheran Grade School were surprised on Friday Oct. 16, with some wooden horses to use during recess. Each student received their own horse to use. They were made and donated by Paul Wiltzius and Jodie Baumhardt, pictured above with the students.

-photo submitted

continued from front Kewaskum School Tax Rate To Go Down 11 Percent

The board also approved the 2020-2021 tax levy for all funds as presented for \$11,299,763. The total tax levy is a 6 percent decrease from the 2019-20 tax levy of \$12,035,373.

"Even though the budget is going up, the money is coming from the state and not from the local taxpayers. So that is why you are seeing an increase in the budget but a decrease in your tax rate and a decrease in the overall tax. It should be really great news for everybody who owns a house here," Kewaskum School District Administrator Jim Smasal said at Monday night's meeting.

The total membership of 1,801 is down from last year's total fulltime enrollment of 1,857, likely due at least in part to the pandemic, according to District Business Manager Julie Thoreson, who presented the budget at the meeting.

Smasal said at Monday's meeting that the decrease in the tax rate is due to equalization. This year the state considers Kewaskum to not be as wealthy as it had been in the past compared to other school districts in the state, according to Smasal.

"We were considered

much more wealthy in the past than we are now," Smasal said. "So we get more state aid."

Smasal said that the district is benefiting from past decisions.

"Some of the things that we did are now starting to come to fruition," Smasal said. "This district made a wise investment in its capital projects and its facilities, and it did it in a very cost effective way. You have invested in something."

In addition, the district kept spending down last year, according to Smasal.

"Last year when we saw trouble coming down the road, we kind of batted down the hatches, and we didn't spend a lot of money last year. And this is just a manifestation of that as well," Smasal said.

This year's budget will be tight, according to Smasal.

"We need every penny and more because we are spending a lot of money on COVID-related things," Smasal said. "We are going to have a tough time staying within our budget if things continue to get worse because we are spending a lot of money on things that we have never had to spend money on before."

Recently, Shepherd of the Hills Catholic School held a memorial service and balloon launch for alum Trent Schueffner. Schueffner was tragically killed in a hunting accident in 2018. Students, staff, and Schueffner's family and friends gathered to remember him on the second anniversary of his passing.

Letter To The Editor

Dear Editor,

How To Choose

After Jesus' resurrection the 11 apostles elected a replacement for Judas, who had been bribed by the priests to betray Jesus. Keeping with Jesus' precedent, it was necessary to retain 12 leaders of the new body of believers. Two candidates were nominated to fill Judas' position.

These nominees had both been with the disciples from the time Jesus had been baptized by John until His resurrection (see Acts 1:21-22). Those two had witnessed Jesus taking on the leaders of the synagogues; healing multitudes of every affliction and oppression who

came to Him; multiplying food; teaching people; demonstrating compassion; etc.

It was critically important that Judas' successor have first-hand knowledge of Jesus and His ways. The 11 apostles were then instructed to pray and ask God which one of the two candidates He would have become the 12th apostle. The key to the decision is that they asked God who He chose.

Likewise, in Acts 6 we find that the number of Jesus' followers had multiplied so much (into the thousands) that the apostles called a meeting of all the believers. No longer could the 12 apostles perform all the duties required to serve

the needs of the growing multitude, while still praying and teaching. Thus, they asked the believers to choose seven godly honorable men who were filled with the wisdom of Holy Spirit to be responsible for the day to day needs of the people who followed Jesus.

The point is we have a scriptural precedent on how to choose any elected leader, including the president. Have you asked God who is honorable and responsible to fill those positions up for the vote and will you vote according to God's directive to you?

Sincerely,
Darlene Stern
Kewaskum

Publisher's Letter

Vote. It's An Honor And A Duty

Dear Reader,

Voting in the United States to elect representative government is an honor, a privilege, and the duty of all Americans. In the 2016 US presidential election over 250 million Americans were eligible to vote. Sadly only 55 percent of them voted.

In the early 1800s, only white men with property had the right to vote. Only gradually has the franchise been extended to more Americans. Around 1830, all white men were allowed to vote whether they owned property or not. In 1870, the passage of the 15th Amendment to the Constitution gave African American men the right to vote.

In 1920 American women gained

voting rights with the passage of the 19th Amendment. The road to fairness by including all Americans with this right was a difficult one so that this privilege should be taken seriously.

The last presidential election in 2016 was decided by roughly 70,000 votes in a three swing states — Wisconsin, Michigan and Pennsylvania. It was the 13th closest election in presidential election history. Wisconsin

is a swing state again this election year, so believe that your vote matters and will count. Do the right thing on November 3rd or before and exercise your patriotic duty to vote.

Campus News

University of Wisconsin-Stout

Scholarships valued at more than \$870,000 were awarded to 394 University of Wisconsin-Stout students this academic year through the Stout University Foundation Inc.

Scholarship recipients from this area are Chris Zimdahl of Campbellsport, majoring in construction, John Carter Family Memorial Scholarship; Tim Pabich Scholarship; and Remington Ruplinger of West Bend, majoring in studio art, John Carter Family Memorial Scholarship; Kim Raenae Falk Endowed Scholarship; Patricia Partridge Memorial Endowed Scholarship.

The students received the awards during a fall virtual scholarship reception, which replaced the traditional on-campus event because of the COVID-19 pandemic.

Established in 1963, the Stout University Foundation Scholarship

Program has helped more than 10,486 students receive a college education. Through the financial support of alumni, parents, faculty and staff, and friends of the university, the program has awarded more than \$14.7 million over the years.

University of Iowa

Steven Ciha of West Bend is a member of the incoming undergraduate class at the University of Iowa that has topped previous records in achievement with a higher average high school grade-point average (GPA), at 3.78, than any previous class. The average high school GPA for the classes of 2023 and 2022 were 3.76 and 3.71, respectively.

Ciha is classified as an Undergraduate - First Year and a student in the College of Liberal Arts and Sciences.

"These newest Hawkeyes are going to bring so much to our

campus through their individual talents and perspectives, not to mention the incredible determination and tenacity they have demonstrated over these last months," says Kevin Kregel, interim executive vice president and provost. "We look forward to making sure they have the breadth and depth of opportunities they deserve and the support they need to achieve their academic goals."

The Class of 2024 is composed of 4,530 students, 456 fewer than last year. A decrease in enrollment was anticipated due to the COVID-19 pandemic.

Despite the challenges brought forth by the pandemic, Sarah Hansen, vice president for student life, says the Hawkeye spirit is strong and resilient.

"Just as we have overcome adversity in the past, we will overcome the considerable challenges we face with COVID-19. This year's

incoming class is as accomplished and diverse as ever, and I know that they will make their mark on the University of Iowa," she said. "The Class of 2024 has already shown their resiliency as their senior year in high school was disrupted. We are so grateful to have them here on campus, and I

look forward to working with our new students to continue our commitment to building a diverse, equitable, and inclusive campus community for all Hawkeyes."

Iowa State University

Iowa State University awarded degrees to 820 graduates this summer.

Students earning degrees have the opportunity to participate in fall or spring commencement ceremonies.

Kari Beine of Cedarburg earned a Bachelor of Science in chemical engineering and world languages and cultures. She graduated Magna Cum Laude.

Obituaries

Edna M. Steinert

Edna Mae Steinert (nee Lechner) age 94 passed away peacefully on Friday October 24, 2020 at Kettle Moraine Gardens in Kewaskum.

She was born on May 6, 1926 in Grand Rapids Michigan to Edward and Gladys Lechner (Crass) and raised in Phelps, Wisconsin. She attended Phelps Union Free high school. She married Clarence Herman "Stoney" Steinert on June 21, 1947. She was employed at the West Bend company and worked 19 years at Amity Leather. After retiring, she was a Home maker. She enjoyed playing bingo watching TV game shows and playing games with her friends after lunch at Kettle Moraine Gardens. She was a union member of AFL-CIO Local 915 and Trinity Lutheran Church in West Bend.

She will be deeply missed by her children Carl (Nancy) Steinert, Connie (Wayne) Wetzal, Susan (Craig) Mansmith, Calvin (Judy) Steinert, Stanley (Tracey) Steinert, Janet (Butch) Hafemann; 15 grandchildren, 30 great-grandchildren, seven great-great grandchil-

dren, her sister-in-law Margaret Lechner, brother-in-law Edward (Margaret) Steinert. She is further survived by many nieces, nephews, cousins, other very special relatives and many dear friends.

Edna was preceded in death by her parents; her husband, Clarence (Stoney); daughter and son-in-law Carol (Tom) Herman; great-grandson, Noah Wilson; her brother, Neal Lechner; brother and sister in-laws, Elmer Steinert, Wilbert (Dorothy) Steinert, Evelyn (Adam) Shecher and Norma (Walter) Meyer.

A private funeral service in honor of Edna will be held on Friday, October 30 at 6 p.m. at the Phillip Funeral Home Chapel (1420 W. Paradise Dr., West Bend) with Pastor David Schoob presiding.

Visitation with family and friends will also be held on Friday, October 30, from 4 p.m. until 5:45 p.m. Cremation will take place at Paradise Cremation Services of West Bend, followed by an interment of ashes at Fillmore Union cemetery on Saturday, October 31 at 11 a.m.

A special thank you to everyone at Kettle Moraine Gardens and Preceptor Home Health Hospice.

The Steinert Family would like to extend their appreciation in advance for memorials that are offered in lieu of flowers to either the Alzheimer's research center or to the American Cancer Society.

The Phillip Funeral Home of West Bend is assisting the family. (262) 338-2050 / www.phillipfuneral-home.com

A Free, Fair, And Secure Election

By Attorney General Josh Kaul

As attorney general, my priorities for this fall's election are to protect Wisconsin voters' right to vote safely and to ensure that every lawfully cast ballot is counted. And I want Wisconsinites to know that they can be confident that this election is free, fair, and secure and that the outcomes of the races on the ballot will reflect the will of the voters.

The Wisconsin Department of Justice (DOJ) is working with the Wisconsin Elections Commission and other agencies to make sure that you are safe when you cast your ballot. DOJ's Division of Criminal Investigation staffs the Wisconsin Statewide Intelligence Center (WSIC), which facilitates intelligence and information sharing with

federal, state, local, tribal, and campus law enforcement partners, along with fire service, emergency management, public health, military, and private sector agencies. WSIC is prepared to identify significant threats to Wisconsin elections, including any threats of election interference, foreign or domestic.

Voter intimidation is a crime, and anybody who tries to engage in it should be prepared to be investigated and prose-

cuted and to spend time behind bars. Wisconsin law prohibits people from using or threatening force to compel someone to vote, to keep them from voting, or to influence their voting decision. Wisconsin law also prohibits anyone from using duress or fraud to impede or prevent someone from freely exercising their right to vote. The law not only prohibits individuals from taking any of these actions personally, but it also prohibits individuals from having a third party take these actions.

Voter intimidation can take many forms, and determining if any particular action is voter intimidation is dependent on the facts of the incident. Examples of voter intimidation could include:

- Brandishing or displaying firearms in an intimidating or threatening

manner in or near a polling place;

- Engaging in disorderly behavior in or near a polling place; or

- Preventing access to a polling place by making threats or engaging in intimidating behavior.

Additionally, it is illegal for private groups to conduct law enforcement or military activities under state and federal law.

If you witness or are subject to voter intimidation, alert an election official and call local law enforcement immediately. If you are being threatened with violence, call 911.

The Wisconsin Department of Justice is committed to helping keep voters safe at the polls and will fight for every lawfully cast ballot to be counted. Wisconsinites can trust that this election is free, fair, and secure.

IN MEMORY OF ELMER (BUTCH) GIESE 10/28/13

In life we loved you dearly, in death we do the same.

It broke our hearts to lose you, you did not go alone;

for part of us went with you, the day God called you home.

You left us peaceful memories, your love is still our guide;

and though we cannot see you, you are always at our side.

Our family chain is broken, and nothing seems the same;

but as God calls us one by one, the chain will link again

Your loving daughters, Cindy, Janice, Julie and families

DMV Explains Steps To Obtain An ID To Vote

Most Wisconsin voters already have some form of ID needed to vote, including a Wisconsin driver license or ID. There is no separate "voter ID" and a federally-compliant REAL ID card is not required for voting purposes.

The Wisconsin Elections Commission provides a list of acceptable options to bring to the polls on its website, bringit.wi.gov.

The Wisconsin Department of Transportation Division of Motor Vehicles (DMV) explains the steps for voters to get their first Wisconsin ID.

Voters should visit DMV's website, wisconsinidmv.gov/idcards, for information and a list of the documents that will be required. Certain documents, such as a birth certificate, proof of identity and Wisconsin residency, are necessary to obtain an official Wisconsin ID card.

Voters should bring the required documents to a DMV Customer Service Center to apply. If all documentation is

not readily available, the ID Petition Process (IDPP) can be used to obtain a receipt valid for voting while the remaining documents or verifications are obtained.

The receipt will be sent via overnight mail. The voter should bring any documentation available to the DMV and complete two forms (form MV3004, and form MV3012). DMV offers this IDPP service and ID card for voting purposes free of charge.

Voters will receive their identification card in the mail or a receipt

that is valid for voting purposes and can be used to show at the polls.

Anyone who doesn't have an ID to vote should begin the process now. DMV's toll-free voter ID hotline at (844) 588-1069 is available for questions on obtaining an ID to vote.

Questions regarding voter eligibility, poll locations, voter registration information or other election information can be directed to the Wisconsin Elections Commission.

Lila Desiderio, a third grade student from Shepherd of the Hills Catholic School, conducts research in religion class as part of a saint report project.

A Remembrance For Eileen (Weis) Klein Who Passed Away 20 Years Ago, On Nov. 4, 2000

Two decades have passed
In the blink of an eye,
Time marches on
And the days fly by.
Great/grandkids are growing
Some are in school and out of college,
Pursuing their dreams
Using all that knowledge.
Gone are the days
You've played down at their level,
To you all of them were angels
There wasn't one devil.
Your pictures on our walls
Keeps your presence near,
As we fondly recall memories
While holding back a tear.
Those events and places
Take us to a happier time,
Where there was no pain
And so many years were just fine.
You've lived a life
With your biggest fan at your side,
Dad, your soulmate
To whom your worries and dreams you'd
confide.
I'm proud to look back
In old photo albums, slides and frames,

Remembering "Out West" vacations
Laughter, love and games!
A kind, caring wife
A proud, cheering mother,
If I could pick amongst the millions
I'd still choose no other.
You've had courage and faith
In your 63 years,
Bearing the pains of cancer
More than the average person endures.
Your siblings knew you well
In your younger years of life,
Then, you married Dad
And took the responsibilities of a wife.
40 years of marriage
And 3 kids later,
(Thanks for the stories Dad
Of when you began to date her).
20 years gone, Mom
But still you enter into our dreams,
When we have close calls
Your presence is there it seems!
Thank you for looking over us
Just as a mother should always do,
Can't wait to see you again
To say, "I've never stopped missing you!"

Love, your daughter,
Sandy :-)

IT'S DAYLIGHT SAVINGS TIME!

Don't forget to turn your clocks back on November 1!

LOCAL TRICK OR TREAT HOURS

Saturday, Oct. 31:

Campbellsport:
2 - 4 p.m.

Eden:
3 - 5 p.m.

Kewaskum:
5 - 7 p.m.

Community Calendar

To be included in the Community Calendar, please submit your event prior to our 2 p.m. Monday deadline.

Every Monday & Wednesday — Washington County Clean Sweep Household Hazardous Waste Collection at Veolia Environmental Services, W124N9451 Boundary Rd., Menomonee Falls, 11 a.m.-6 p.m. Registration and \$20 fee required. To pay online and register, go to washcoparks.com.

Every Tuesday — Sheepshead five-handed, call-an-ace at the Kewaskum Labor Center, 7 p.m. Light lunch available. Starting November 10th.

Thursday, October 29 — Drive-thru free COVID-19 testing at the Fond du Lac County Fairgrounds in Fond du Lac, 11 a.m.-7 p.m., could close early if daily testing capacity is reached. No appointment needed, pre-register at register.covidconnect.wi.gov. For any Wisconsin resident over the age of five. Call 920-929-3085 with questions.

Thursday, October 29 — Big Brothers Big Sisters of Fond du Lac County annual Halloweenie 0.5K in downtown Fond du Lac, 5:30 p.m.

Thursday, October 29 — Warriors Haunted Asylum in Dotyville, 7 p.m.-10 p.m. Three floors of terror, indoor waiting. Blackout night with one glow stick to use per group.

Thursday, October 29 — Paranormal Tours 2020 Imprisoned Spirits Candlelight Paranormal Museum Tours of the Old Courthouse and Old Jailhouse at The Tower Heritage Center, West Bend, 7 p.m.

Friday, October 30 — Bob & Rocco Gun Show at the Washington County Fair Park, 3 p.m.-8 p.m.

An Upcoming Calendar of Events for the Northern Kettle Moraine State Forest...

***All Northern Kettle Moraine State Forest activities are canceled right now.**

For more information about the Northern Kettle Moraine State Forest or the upcoming naturalist programs, please contact the forest staff at the Ice Age Visitor Center at (920) 533-8322. The Henry S. Reuss Ice Age Visitor Center is located 1/2 mile west of Dundee off of Highway 67. The center is closed right now.

Local Governments Receive Almost \$130 Million In Quarterly Transportation Aid

Wisconsin communities this week received \$129,698,460 in transportation funding payments, the last quarterly payments for 2020.

For calendar year 2020, local governments received more than \$505 million in general transportation aids (GTA) financial assistance to support transportation related projects; a 10 percent increase over calendar year 2019 allocations.

"Fixing our roads and making sure folks can get from A to B or get products to market starts with ensuring our counties, towns, and municipalities have the resources they need to serve our communities and maintain our local roads," Governor Tony Evers said. "I'm proud we made funding for local roads a priority in our last budget, so Wisconsinites can stay connected and get to work, school, the doctor, or wherever they need to go safely."

Local government agencies are receiving the following general transportation aids: Fond du Lac County, \$718,479.03; Town of Ashford, \$41,594.67; Town of Auburn, \$29,374.47; Town of Byron, \$28,566.36; Town of Eden, \$25,734.69; Town of Forest, \$32,390.10; Town of Osceola, \$27,942.21; Village of Campbellsport \$21,426.83; Village of Eden, \$2,939.20; Village of Mt. Calvary, \$2,496.60; Village of St. Cloud, \$2,266.65; Washington County, \$603,686; Town of Addison, \$42,409.35; Town of Barton, \$30,399.39; Town of Farmington, \$42,783.84; Town of Kewaskum, \$24,998.85; Town of Wayne, \$35,652.69; and Village of Kewaskum, \$51,197.06.

The local assistance increase is part of more than \$465 million in new funding for transportation projects included in the 2019-2020 state

budget, the largest dedication of new, ongoing revenue to the transportation fund in a generation. In addition to the 10 percent GTA increase, the budget included \$320 million in new funding for the State Highway Rehabilitation program and provided \$90 million in one-time funding for the Local Roads Improvement Program-Supplement grant program.

"Our local roads are a crucial element of the state's transportation system," Craig Thompson, Wisconsin Transportation secretary-designee, said. "These roads represent the first mile of a farmer's shipment of crops, or the last mile of a family's vacation trip. That's why Wisconsin's entire transportation system depends on the condition of its local infrastructure."

The fourth quarter payments to Wisconsin's 1,922 villages, towns, cities, and counties included:

\$126,426,608.49 in General Transportation Aids

\$3,015,876.10 in Connecting Highway Aids to 117 eligible municipalities.

\$255,975.00 in Expressway Policing Aids to Milwaukee County

General Transportation Aids help cover the costs of constructing, maintaining, and operating roads and streets under local jurisdiction. Connecting Highway Aids reimburse municipalities for maintenance and traffic control of certain state highways within municipalities.

Quarterly payments for cities, towns and villages are sent the first Monday in January, April, July and October. County payments are made in three installments, with 25 percent of the total annual payment on the first Monday in January; 50 percent on the first Monday in July; and 25 percent on the first Monday in October.

***Please double-check any event you are thinking about attending to see if it has been canceled or rescheduled because of COVID-19 concerns.**

Early deadline for all newspaper items for the November 12th paper will be Friday, Nov. 6 at noon.

Campbellsport's Glance Backward

5 Years Ago October 29, 2015

A group of area residents has formed a group called STOMP and filed a complaint against the Town of Ashford Board of Appeals and Batzler Trucking, Inc. The complaint is alleging that the board of appeals did not follow is policy when granting a special use permit to Batzler Trucking. At this time, there are approximately 75 members in STOMP.

Members of the Campbellsport Athletic Association buried electrical wiring around one of the baseball diamonds at Columbus Parc on October 24. The wiring was being buried in preparation for the installation of lights along one of the diamonds.

A 26-year-old Lomira man was injured in a one-vehicle crash in the Town of Ashford on October 23. Failure to maintain control and alcohol are believed to be factors in the crash.

A barn in the Town of Forest was destroyed by fire on October 20. The barn on Glen Road in St. Cloud and its contents are considered total losses. No livestock was lost and no one was injured. The cause of the fire is under investigation.

After learning a routine from the members of the high school dance team, area youngsters performed the routine during halftime of the October 16 Campbellsport football game.

The cross country season came to an end for Campbellsport runners at the October 24 Cedar Grove/Belgium Sectional. Senior Levi Feucht ran in his final high school race. Freshman Kaitlynn Sabish beat her projected finish by 15 places.

The Campbellsport volleyball team is moving on to sectional play after upsetting Chilton in the regional final on October 24.

For the second time, Gary Curreri of Campbellsport recorded a hole-in-one. The most recent ace occurred October 10. Each time, the hole-in-one happened on the fourth hole in the blue nine.

Donald J. Schuh, 76, Campbellsport, passed away October 24. Ken-

neth L. Leitheiser, 74, West Bend, passed away October 23.

15 Years Ago November 3, 2005

The date for the 2006 budget hearing for the Village of Campbellsport will be held November 21. One of the budget items is \$20,000 for trees and tree maintenance. The village is applying for a grant, with the DNR reimbursing \$10,000 through a grant, but \$20,000 has to be spent first.

Ivy Manor, the community-based residential facility recently built in Campbellsport, is holding a series of open houses. Ivy Manor has 20 individual living quarters. The facility also features two suites for couples.

The Fond du Lac County Natural Beauty Council presented a Beautification Award to St. James Cemetery in South Eden. Accepting the award was George Baumhardt, who has spent 25 years volunteering his labor at the cemetery.

Sheila's Beauty Salon is the second business to take advantage of the CAB Program sponsored through the Campbellsport Area Chamber of Commerce. The program helps business owners enhance the facade of their buildings. Sheila's Beauty Salon met all the qualifications to receive the matching fund grant.

Sixth graders at Campbellsport Elementary School recently completed an extensive unit on the earth's crust. The studies included plate tectonics, land formation of landforms, earthquakes, volcanoes, and tsumanis.

Students enrolled in CAD as well as Materials and Processes I and 2 at Campbellsport High School have been experimenting with a new piece of equipment in the CHS shop. The CNC router has the capability to handle a 4x8 sheet of plywood.

The annual KMCSL Volleyball All-Star Game was played October 22 at Shepherd of the Hills in Eden. All-Stars from St. Matthew's were Brit-tany Dittloff, Michelle Bong and Angie Vis.

A daughter, Karsyn Lynn, was born October

21 to Scott and Jessica Buteyn, Campbellsport.

Janet M. Weber, 66, Kiel, passed away October 22.

25 Years Ago October 26, 1995

The CHS Girls Cross Country Team overcame poor weather conditions to win the Mayville Sectional last Saturday, and qualify for the State Meet as a team for the first time ever. The team consists of three juniors, four sophomores, and one freshman. Team members include Karen Feucht, Tabby Swaim, Kim Walloch, Chris Berner, Kelly Kleine, Sacha Latham, Amanda Kohlwey, Jill Schrauth, Erica Poch, Patty Krueger, Jodi Schladweiler, and Molly Tibbetts.

Campbellsport VFW Post #8339 will honor the World War II veterans on November 11. The open house will be held from 11 a.m. to 4 p.m. at the Campbellsport Community Center. The Post is seeking photos of veterans, newspaper articles, uniforms or any community contributions made during the war years.

The information superhighway will have a new on-ramp at Cascade on November 7 when GTE activates a state-of-the art digital telephone switching system to serve the "528" exchange.

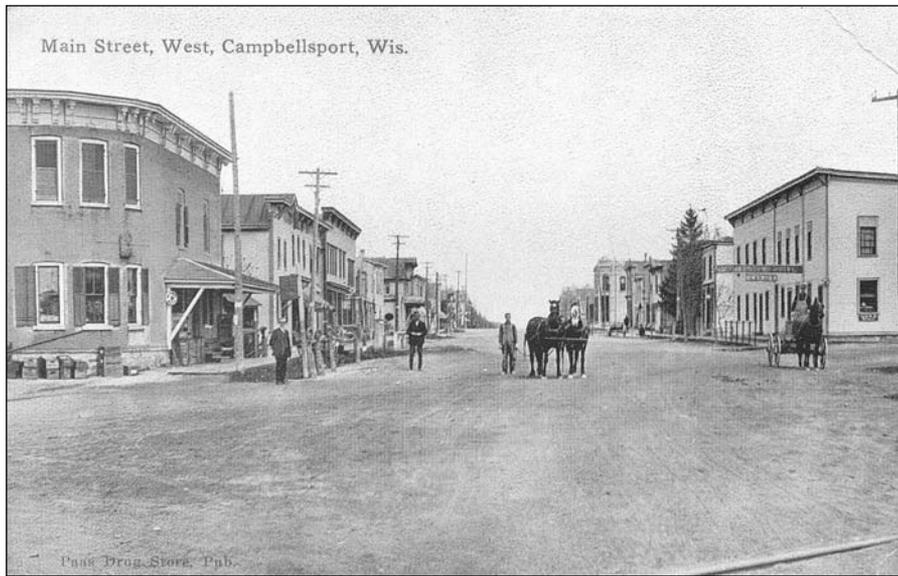

GTE customers in Campbellsport, Eden, Lomira and Theresa may now make "one-plus" direct-dialed calls using the long distance company of their choice, thanks to Equal Access.

Of the 48 members inducted to Marian College's Delta Epsilon Sigma National Scholastic Honor Society, three are from the area: Dolores Loehr from Campbellsport and Lori Entringer and Susan Mitchell from Mt. Calvary.

The Jaycee Wildcats beat Waupun 16-12 and Mayville 42-6.

Hailey Marie was born October 12 to Dave and Ann Zangl of Campbellsport.

Sister Ursula Vogl, 96, Campbellsport, passed away October 18. Aloius C. Sabish, 82, Campbellsport, passed away October 18. Leo Long, 70, Eden, passed away

This old postcard shows Main Street in Campbellsport looking to the west. The photo was probably taken in the late 1800s or early 1900s. The front of the card lists Paas Drug Store as the store that made and sold the card.

October 23.

50 Years Ago October 29, 1970

Campbellsport is continuing to build its cross country reputation by making the cutoff for the state championship to take place October 31. Glenn Stommel's disappointing third place finish in Regionals spurred his to the Sectional individual title, finishing in 12:33.

Grade school youngsters of the area are invited to attend the Lions Club annual Halloween party to be staged October 31.

Cougar Booster Club is sponsoring donkey basketball at the high school gym November 3. Eden Firemen and Long Lake Sportsman Club will battle it out in one exhibition and high school girls vs. faculty men in another contest.

Of the 28 candidates for student senators at Stevens Point State University, Donna Heldt of Campbellsport won reelection.

Alvin A. Seefeld, 70, Campbellsport, passed away October 25.

75 Years Ago November 1, 1945

A U.S. Army recruiting office will be open in the First State Bank building of Campbellsport on Wednesday. Sgt. John Bucsko, Jr., formerly instructor with the Army Airways Communications System at Scott Field, is in charge.

An open meeting will be held at Elmore Village Hall on November 7. Mrs. Charlotte Buslaff, home agent in Fond du Lac County, will demonstrate "desserts with little sugar" at the event.

Marvin Barnes, local Frigidaire dealer, announced he had received his first new postwar Frigidaire model and that refrigerators have now been released for sale to the public.

A baby boy was born October 26 to Mr. and Mrs. Leroy Bechler, Campbellsport. A son was born October 23 to Mr. and Mrs. Marvin Butzke, Campbellsport. Mr. and Mrs. Richard Hornburg of Waucousta welcomed a daughter on October 31. Mr. and Mrs. Erhardt Klug, Beechwood, welcomed a daughter on October 31.

Mrs. Magdalena Knickel, 80, passed away October 27.

100 Years Ago October 28, 1920

Pearson Brown Post No. 135, American Legion of this village, besides arranging for a big military ball on the evening of November 11 to fittingly observe Armistice Day, is planning on several special features to take place during the dance. Word was received from headquarters that the service medals which are to be distributed to ex-service men in this locality, will arrive in time for the big event and are arranging for their distribution that evening.

Supervisor Edw. Senn, who represented the village and local subscribers at the hearing of the Theresa Union Tele-

phone Company, for an increase in rates at the Campbellsport and Theresa exchanges, yesterday received a copy of the decision handed down by the Commission in which it grants the telephone company the increase petitioned for. The new rates is an increase of 100 and 150 percent over the old rates. Rates within the village from one-party business and residence up to four-party business and residence range from \$1.50 to \$2.50.

At the regular monthly and annual meeting of the Campbellsport Commercial Club held at the club room last Tuesday, officers were re-elected for the ensuing year. Included were President Leo A. Hoffmann, Vice President Herman J. Paas, Secretary Albert Schwant, Treasurer H. Johnstone Weld, Director-at-large Ed Senn.

An advertisement let readers know of democratic rallies. Leo P. Fox of Chilton, a candidate for member of Congress, and Attorney John P. McGalloway, will deliver addresses in Campbellsport on October 29. McGalloway and Attorney R. Duffy will speak in Eden on October 30.

An advertisement let readers know that Senator Irvine L. Lenroot of Superior, candidate for U.S. Senator will speak October 30 in Campbellsport.

LOCAL TRICK OR TREAT HOURS

Saturday, Oct. 31:

St. Matthias Church Gets New Bell Rope

Mike parked his car beside St. Matthias Catholic Chapel, located on Highway S near New Fane. When he returned

from his walk, he saw Marlene and John Klahn planting flowers in the church cemetery. Mike walked up to the

couple, said hello and introduced himself. He explained that he had grown up in Fond du Lac and had always admired the beautiful country church.

The Klahns asked Mike if he would like a tour of the church, which dates back to 1861. He happily said yes.

"They were so kind. They showed me the inside of the church and told me stories about the church," Mike said.

While in the church, Mike asked about a rope that was lying on the floor. The rope had been used to ring the church bell for over 140 years, and had just recently broken, the Klahns explained.

Mike informed the couple he would like to help fix the rope.

So the Klahns showed Mike the narrow passage that goes into the belfry. Mike looked up into the tight space. There were beams blocking the route to the top. It looked tricky, but Mike knew what to do.

He called his nephew Connor McBride.

"Connor lives in the area, and he is young and spry. And he has

courage," Mike explained, admitting that he was afraid to go up there alone.

So Connor came to the chapel and climbed into the belfry. Mike followed him up into the tower, and together they removed the old rope.

The New Rope

Two weeks later, Mike and Connor returned with a new rope.

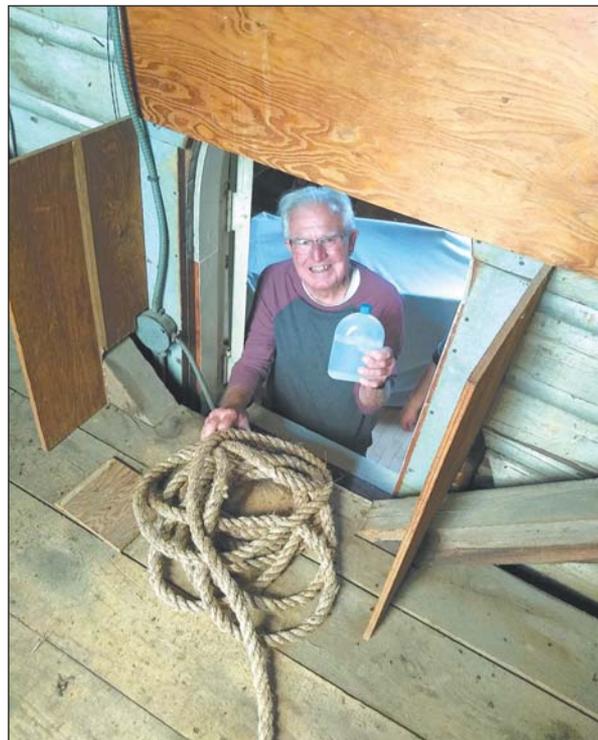

They invited other people as well. Mike's father, Fuller McBride, who is a retired doctor, and his fiancée, Joyce Funck, for the bell rope installation. Mike's wife, Christine, and Mike's brother, Dr. Tim McBride, also came to the big event. Marlene and John Klahn met the group at the chapel.

Before installing the new rope, Mike asked his dad, Joyce, Marlene and John if they could say a prayer over the rope.

"Collectively they have got probably almost 360 years of Catholic education and prayers in them, and they were able to muster up a prayer or two, which was really good," Mike said.

Once the new rope was blessed, Mike and Connor climbed into the belfry to tie the rope onto the bell. But they just couldn't get it tied right.

So Mike's brother Tim, who is a dentist, crawled

John Klahn holds holy water to bless the new bell rope at St. Matthias Catholic Chapel, located near New Fane.

photo submitted

Connor McBride (center) holds the old bell rope as he stands with John and Marlene Klahn in front of the historic St. Matthias Catholic Chapel.

photo submitted

up to help. He has two new hips, but he made the climb.

"He had the skill to tie the rope the way it needed to be tied," Mike said. "So it was a collective effort."

Afer the rope was properly installed, it was time to ring the bell.

Mike rang the bell first. He rang the bell for health throughout the world during this time of a pandemic.

Then Connor rang the bell for justice in the world.

Then it was Tim's turn. "We need more love in this world too," Tim said and rang the bell.

"So we rang that bell at St. Matthias for health, justice and love," Mike recalled.

Then the entire group enjoyed an outdoor picnic in the chapel's parking lot.

"We had a really nice little visit there. It made everybody feel good," Mike said.

Continued From... **St. Matthias Church Gets New Bell Rope**

My Connection

At the time, Mike and his family did not know my connection to the bell rope. I was at St. Matthias the day the rope broke.

We had a Mass at St. Matthias on Sunday, May 24, as my daughter's fiancée, Tommy Hartwick, was welcomed into the Catholic Church. Tommy originally was going to be confirmed at Holy Trinity Church in Kewaskum at the Easter Vigil Mass. However, because of the pandemic, no large gatherings were allowed and his sacraments were postponed.

We decided to have a small service at the historic St. Matthias Chapel in May instead.

It was beautiful....ex-

cept that when Fr. Jacob Strand went to ring the bell as the Mass was about to begin, he pulled on the rope and it broke. (We are not taking that as a bad sign!)

The Mass was celebrated that day at St. Matthias, and Tommy was fully received into the Catholic Church.

The Wedding

Because of the pandemic, my daughter's plans for her October 10 wedding changed several times. Ultimately, the couple decided to have a small wedding at St. Matthias Chapel.

It was a perfect day. The weather was warm and sunny. The fall colors were at their peak. The couple was sur-

rounded by family and friends.

And the bell rope had been fixed!

Lauren and Tommy Hartwick were married at St. Matthias Church on October 10. At the end of the wedding, the bell tolled!

Other Fixes

Mike said he had never before fixed a bell rope.

"This was my first time, but I certainly am open for business because I had so much fun. I thought maybe we should go around as a community service at this time and help other churches," he mused.

The rope wasn't the only thing that was fixed this summer at St. Matthias. After they had fixed the rope, the Klahns asked the McBrides if they could also fix a candleholder.

"Of course, Tim can because he is a fix-it kind of guy. Next thing you know, Tim is fixing one of the candle holders for the altar," Mike said.

It seemed like the natural thing for the McBrides to do. They had grown up attending St. Patrick's

Church in Fond du Lac.

"We were all altar boys up there in the 70s, and so there is a connection there," Mike said.

People have been coming forward to fix up St. Matthias since the first settlers arrived in the area. In 1861, the pioneers who had settled in the area from Germany used logs to build a small church that they named "St. Matthias."

"This church was built during the Civil War, and you can only imagine what life must have been like for our country at that time. It wasn't easy, and there was a lot of sadness and anxiety," Mike recently pointed out to me. "I see some parallels at where we are as a country now, not with a Civil War, but with lots of anxiety and stress. They survived that, and that's maybe part of what we need to draw on too. The community of people who settled in the area had tremendous resilience. They got through hard times, and we will too."

The church bell was purchased in 1883 and

was initially mounted to the frame of the building. A tower was added in 1888, and, along with the original rope, the bell was moved to its new home.

Over the years, people have continued to care for the building, and have added altars, pews, stained glass windows and statues. For nearly 160 years, the chapel has served as a place of prayer. In 1988, St. Matthias was placed on the National Register of Historical Places.

"The community is so fortunate to have this little church and the beautiful surroundings. The people here care about each other and they are so generous," Mike noted.

The Take-Away

Replacing the bell rope meant so much to the McBride family that Fuller created a booklet about the experience.

The booklet ends with a page titled "Is There A

Take-Away?"

"Coincidence that this happened? I don't think so. The connections and trajectories in each of our lives are way too complex that this 'happening' was just an accident," Fuller wrote. "Each one of us gave generously not even quite knowing where all this was going or of what use is such a fuss."

Fuller wrote that fixing the bell rope had several benefits: "We met and enjoyed family and new friends. We honored a glorious sunny June day. We honored a beautiful old church. We honored a spectacular corner of the world. We all had fun."

That wasn't all.

"The best part, not one of us was materially benefitted, but, wow, were we all spiritually enriched. Perhaps that is praying...really praying?" Fuller wrote.

And those prayers helped my family.

Campbellsport Residents Learn Of Highway Y Reconstruction Plans

The project will be taking place at the same time as the Highway 67 construction project next summer. This will mean a lot of headaches for Campbellsport residents and anyone wanting to pass through the town.

"Next year is going to be a fun year for Campbellsport," DeYoung said. "I know it's harder on you, but it is a benefit to get it done."

He explained that it is better to do the project next year for a number of reasons. The first would be the ability to hook into the storm sewers and other utilities while both streets are tore up.

Another benefit is to have all the construction done in one year and then have everything back to normal the next year. This avoids having streets closed two years in a row.

The final and biggest reason to do the project next year is the financing of it. The county and village worked together to secure a grant that will pay for most of the project.

"We received some funding for this," said Tom Janke, county highway commissioner.

DeYoung added, "I am very grateful you have

the chance to do this. The grant is huge. There might be some costs, but this is a win-win all the way around."

Janke explained that this was not a project that the county was looking to do at this time. It was on the list, but was not going to be looked at for quite a while. A survey the county and the grant put this project on the calendar.

"This really wasn't on the radar," DeYoung said. "It wasn't really planned for or on anyone's budget."

The sidewalk will only be placed on one side of the street. In this area, the roadway is pretty narrow. Police Chief Tom Dornbrook asked about a pedestrian crossing near Columbus Parc and a way to make that area safer for pedestrians.

"It is tight on room," DeYoung said. "We thought having that sidewalk on the west side is better. This is still preliminary, the safety of pedestrians at that corner is of concern to you I am hearing. In a perfect world, I would love to have sidewalk on both sides."

Janke assured Dornbrook and the others

that they will do what they can to make that area as safe as possible. The county and MSA Professional Services are still working on the plan for this project.

Dornbrook asked them to look at putting a crossing sign and light at that crosswalk. "You have a commitment we're going to look into it," DeYoung said.

This was the first meeting with the landowners along that roadway. The county, the village and MSA will be working with them in the next year to get everything ready to go for this project.

Fond du Lac County will be doing most of the work. Some of the items like the underground utilities will need to be bid out.

Because this project will be going on at the same time as the Highway 67 project, DeYoung and Janke suggested that anyone going to Columbus Parc access from the south. It will be an annoyance for the summer, but will be worth it when both projects are completed.

"Our goal is to get this done and built and hopefully everyone is happy," Janke said.

Officials planning the reconstruction of Highway Y in Campbellsport talk to a group of homeowners and residents about the project. A quarter-mile of Highway Y from Highway 67 to the Milwaukee River will be completely reconstructed next summer. Pictured are, from left, Joe DeYoung, MSA Professional Services; Ryan Sommer, Fond du Lac County highway engineer; Dan Emmer, MSA Professional Services; and Tom Janke, Fond du Lac County highway commissioner. photo by Andrea Hansen Abler

Campbellsport resident Rick Heisler looks at the plans for the Highway Y reconstruction project in the Village of Campbellsport. A quarter-mile of Highway Y from Highway 67 to the Milwaukee River will be completely reconstructed next summer. Heisler was in attendance at an informational meeting on behalf of the Campbellsport Athletic Association to see how this will affect Columbus Parc. photo by Andrea Hansen Abler

Campbellsport Closes Schools For Two Weeks

"Last week we had staffing issues at the middle school and elementary schools," Paul Amundson, district administrator, told the board of education at the Monday, Oct. 26, meeting. "We had eight staff members out at the middle school. We had seven out at CES and six out at EES. It just became hard to deliver a good education missing that many staff members."

"In the past, we would put classes together but you don't do that kind of stuff in a pandemic. It was just hard to do it. Some teachers were streaming

from home and teaching their classes, but you just run out of bodies. Return date is November 9th, which gives us a good 14 days. We hope that will help those numbers improve. This is a staffing situation."

The decision to put both elementary schools and the middle school into virtual learning was decided on Wednesday, Oct. 21. The decision for virtual learning at the high school was made late in the day this past Tuesday, Oct. 27.

Amundson explained at the school board meeting that all third

through fifth grade students were able to check out a Chrome book to take home for virtual learning. The students had spent some time this school year learning how to utilize virtual learning and the platform that will be used by the district.

"The IT department stepped up and did an excellent job," Amundson said. "Not only did we give out the Chrome books, but if they needed internet, we gave them a hot spot to use. We are opening up tech centers tomorrow for elementary and middle school students if they need to come in and work. They will be in the MS/HS cafeteria and the EES music room."

The tech centers will be open from noon until 7 p.m. Monday thru Friday. Social distancing will need to be maintained and masks are required. District employees will be supervising the tech centers. Space will be limited due to social distancing, so check to make sure there is space available.

"It's a different and new world," Amundson said. "We are learning how to navigate it."

COVID-19: When To Seek Emergency Care - Do Not Go To The ER For A COVID-19 Test

With COVID-19 testing demand increasing, many people are showing up to or calling emergency departments to get a test. Since the COVID-19 pandemic began, Fond du Lac County offers free community testing to individuals with minor symptoms. To schedule an appointment, call (844) 225-0147. Emergency departments are not set up as locations for community testing.

To help with increasing demand for testing needs, a second testing location has been added that will provide more convenient access to individuals in the Ripon and Waupun areas.

"Patients experiencing COVID-19 symptoms, as does 80 percent of patients with COVID, should call their primary care provider or the COVID-19 Clinic at (844) 225-0147," says Kim

Mueller, Fond du Lac County Health Officer. Patients will complete a screening on the phone before being directed to a testing location.

"Despite COVID-19, all the usual serious, acute and urgent injuries or illnesses we manage are still occurring and must be prioritized in the emergency department designed to handle them," according to Syed G. Mohiuddin, MD, medical director with Ripon Medical Center and Waupun Memorial Hospital Emergency Departments. "It's important that we reserve our resources for the critical needs our patients and their families are facing."

Ripon Medical Center, St. Agnes Hospital and Waupun Memorial Hospital want to ensure emergency care is available when needed. People do not need to visit the emergency depart-

ments unless an individual is experiencing severe symptoms. Even if people believe they're showing early symptoms of COVID-19, the emergency department is not a place to visit unless you feel an individual's symptoms are worsening and emergency medical attention is needed, such as trouble breathing.

"When you believe you have something and there's a lot of concern out there and fear, sometimes the place you turn to is the emergency department," says Dr. Mohiuddin. "While I definitely sympathize with the community, we have to reserve this level of care for individuals that are really sick and need care immediately."

To learn more, visit the Fond du Lac County COVID-19 page at www.fdlco.wi.gov.

CHS September Students Of The Month

Campbellsport High School is proud to announce their "Students of the Month" for the month of September. All high school students are eligible for this honor. Teachers make their selections based upon attitude, effort, character, interest and achievement as exhibited in the classroom and school community.

Administration, faculty, and staff are committed to developing future leaders in our community. We want to honor those who are striving each and every day to be those future leaders who demonstrate this by their positive actions and behaviors.

Samara Kreuser, Kylie Zehren, Hailey Rohlfs, and Emily Gatzke were selected as the CHS Students of the Month in September.

Kylie Zehren

attitude and continued motivation make her a delight to have in class.

"Even though she is tackling two of our most advanced science classes, she presses forth unwavering. She has shown superb management skills even through these unprecedented times." (Submitted by Mrs. Ballard and Mr. Lengyel.)

"This month the CTE department is happy to nominate Hailey Rohlfs as the September Student of the Month. Hailey is currently serving as the FFA president. She has done a great job over the past year leading the FFA chapter.

school year. Emily is a freshman in Spanish II this year and she has already proven herself to be a conscientious, hardworking student.

Emily Gatzke

"In fact, when I asked Ms. Schulze what she thought about Emily being nominated, she immediately replied with 'She was one of my hardest workers last year. Good Choice.'

"Every day that Emily is here, she walks in with a positive attitude and what I am sure is a smile underneath her mask. She always takes the time to say hello and check to see how things are going before class even starts. Emily just seems really happy to be here and wants to make the most of every day. Her attitude is contagious and just having her in my first period class gets my day off to a positive start (which I appreciate since I am not a morning person... just ask Mr. Ellenbecker!!)

"It isn't just Emily's bright personality that made me want to nominate her, it is also her work ethic. She has put forth her best effort on everything that we have done in class so far, she asks questions when she needs clarification, she makes corrections on her work, and is continually working hard to improve.

"I have a lot of students in Spanish this year that are doing well and are putting forth great effort, so it was hard to pick just one person, but Emily also came to mind because I had that was willing to correct me when I made

a mistake in one of my presentations on Google Classroom. I had been correcting students' practice and kept wondering why so many students were consistently missing this one verb which I knew I had given them in their notes. I even referred them to the slide where it could be found.

"It wasn't until I got a message from Emily that told me she had finished all her corrections and then directed me to

that same verb, letting me know that I had mislabeled it. She wanted me to know so that I could go back and fix it, not only for her, but for her classmates so that they wouldn't be confused. I am so glad that she pointed this out to me and I immediately thanked her and went in to fix the slide.

"I know that may not sound like a lot, but I imagine it could be difficult for a student to point out a mistake that was

made by a teacher, not knowing how she might react. So, thank you Emily, for helping me and your classmates out, but mostly, thank you for being such a positive, hard working person. You truly deserve this honor and we are very happy to have you in our Spanish classes!" (Submitted by Sra. Ellenbecker.)

Stay tuned for October's Students of the Month.

Fond du Lac County Health Alert: Very High COVID-19 Activity Levels

—Take Action To Stop The Spread

Fond du Lac County is currently experiencing very high levels of COVID-19 and significant spread in our community. On Friday alone, the health department received notification of approximately 240 cases. The county has seen a rapid increase in the number of daily new cases in past weeks, and the number of cases continue to accelerate upwards.

Due to the escalation in cases, case investigation and contact tracing efforts to effectively identify and control the spread of the virus have become increasingly strained. Public health has not consistently been able to notify positive cases and their close contacts in a timely manner. This severely limits efforts to contain the virus.

As of Monday, Oct. 26, the Fond du Lac County Health Department is prioritizing contacting positive cases who are:

- Age 65 and older;
- Children who are 18 years old and younger;
- All other individuals will be contacted as capacity allows.

If you test positive, we need you to do the following:

- Stay home and isolate for a minimum of 10 days after symptom onset. If you did not have symptoms and were tested, remain isolated for 10 days from the date of testing. For detailed instructions go to: <https://www.dhs.wisconsin.gov/publications/p02627.pdf>.
- You can return to

work or school on day 11 if meeting the criteria (free of fever and improvement in other symptoms for 24 hours).

- Notify your employer or school.

- Notify your close contacts and ask them to quarantine for 14 days from the last day of contact with you.

Employers, what you need to know:

- Due to the increases in cases, the process for contacting employment of positive cases will be changing. The health department will no longer be calling employers directly. A modified process was implemented.

- Since they are not contacting all positive cases during this time, they will not be providing verification of return to work dates.

- Please discuss the return to work date with your employee by using the isolation release flyers:

- Symptomatic
- Asymptomatic

In order to keep our businesses, schools, and economy open and keep our health care infrastructure intact, the health department is urging everyone to take immediate action now to slow the spread.

Act Now – Stop The Spread

Follow Phase 1 recommendations of the Safe Restart Plan:

- Physically distance at least six feet from people with whom you do not live.

- Wear a cloth face covering, unless unable to wear one for medical reasons.

- Wash your hands frequently with soap and water or use hand sanitizer with at least 60 percent alcohol.

- Stay home as much as possible, especially if you are sick. If symptomatic, get tested, and stay home while awaiting results.

- Cooperate with public health officials if you have tested positive or are a close contact.

- Businesses and community organizations use WEDC Guidelines. When possible encourage remote work opportunities to support physical distancing.

- Retail, Hospitality, Restaurants/Bars: To the extent possible, limit person-to-person contact and encourage curbside pick-up/delivery options. Require masking/face coverings of staff and customers. Limit capacity within non-essential businesses, bars, and restaurants, retail businesses and organizations to 25 percent. Follow Emergency Order #3.

- Community and Large Gatherings: Large gatherings are not recommended at this time such as weddings, golf outings, reunions, and celebrations that bring a large number of people together. sAvoid unnecessary activities and travel within the community that puts you in contact with others.

For more information, please visit the COVID-19 page at www.fdlco.wi.gov.

Samara Kreuser

"The Campbellsport High School English department would like to nominate Samara Kreuser as our student of the month for September. Samara stands out in her ability to be adaptable while maintaining a positive attitude.

"Despite experiencing technology issues, Samara was diligent in making sure to rewrite an essay from scratch so that it was turned in on time. Furthermore, Samara strives to learn from her mistakes and revise her work whenever possible. For these reasons and many others, Samara Kreuser is the CHS English department Student of the Month." (Submitted by Mrs. Krainer.)

"It is our pleasure to recognize Kylie Zehren as the science student of the Month for September! Kylie's winning

Hailey Rohlfs

"She does her best to include other students and get them involved. She takes on every challenge thrown at her happily.

"Academically, Hailey thrives. She works hard in every class and truly does her best. She is great to have in class and we are excited to see where she goes beyond high school. It has been fun watching her grow into a great young adult." (Submitted by Ms. Henke.)

"The Spanish department is excited to announce Emily Gatzke as our first Student of the Month for the 2020-2021

FEATURE BUSINESS OF THE WEEK

HH&J Aggregate Landscape Supply Inc.

Are you looking for decorative stone, mulch or topsoil for your garden or home projects this summer? HH&J Aggregate Landscape Supply Inc. offers 10-11 varieties of decorative stone, various enviro and hardwood mulches and rich topsoil that will bring your garden or home project to life.

HH&J started spring of 2018 as a spin off company to compliment the aggregate business of Batzler Trucking Inc. which has been around for 35+ years. The hope for Jacob Batzler and his children, Harrison and Halley Batzler, is to attract the public, landscape contractors and existing customers to the new products that we now carry.

Stop down and see what we have to offer! Hours of operation are Monday -Friday 8 a.m.-5 p.m. and Saturdays 8 a.m.-2 p.m. We are located at W4623 Hwy 67, Campbellsport or a mile and half from the Golf Course of Camelot.

Call 920-269-7098

or visit www.batzlertrucking.com today!

ARE YOU FEATURED?

The next Business & Service change deadline is December 21, 2020
Call Kathy today to set-up or up-date your feature!

Dinovember Is Coming To The Campbellsport Public Library

The Campbellsport Public Library invites everyone in the community to join them in the world of imagination where dinosaurs come out to play!

There are several dinosaurs that live at the library who often get into a lot of trouble at night when the librarians go home for the night. Somehow these rascals

got loose and are causing all kinds of trouble around Campbellsport.

Follow the library on Facebook or Instagram to see what adventures these dinos go on while that are traveling through the town of Campbellsport. If your business or your home would like a visit from these dinosaurs so you can participate in the fun

please give the library a call.

The library Facebook page will also feature dinosaur jokes and serious facts throughout the month of November. If you have a joke or an interesting dino tidbit that you would like to share, email director@campbellsportlibrary.org. Remember to stop in at the library to pick up some dinosaur books to read to yourself or as a family during the month of No-

vember.

Elementary age children are welcome to stop by the library throughout the month of November to pick up a new take-home dinosaur themed craft each week. These free make at home projects come with instructions and all the supplies needed to make the dinosaur-themed item. Families may need to supply crayons, scissors, glue, or other basic

crafting supplies to complete the crafts.

It is not too late to join the dinosaur themed reading challenge program. This self-paced contest is open to kids ages two to 18. A reading log can be picked up at the library or download from the library's website. If you have any questions about the contest or if you need reading suggestions or book bundles, please contact the library.

The library is able to host these fun dinosaur themed activities and offer new dinosaur books for younger readers because of a generous donation from the Campbellsport Jaycees.

Like the library on Facebook or go to

www.campbellsportlibrary.org for more information about the library. If you have any questions about any library program or service, please call (920) 533-8534 or email director@campbellsportlibrary.org.

The Campbellsport Public Library is located at 220 North Helena Street, Campbellsport.

Through the rest of 2020, the library will be open Monday through Friday from 9:30 a.m. until 5:30 p.m. and closed Saturday and Sunday. Please check the website for up-to-date information about any new COVID-19 related changes to the library's open status.

Library Happenings

ACTIVITIES AT THE CAMPBELLSPORT LIBRARY

The Campbellsport Public Library, 220 N. Helena St. in Campbellsport, is offering the following programs. For more information, contact the library at director@campbellsportlibrary.org or call 920-533-8534.

Open for browsing and computer use: The library building is **OPEN** to the public, Monday through Friday 9:30 am until 5:30 pm. Visitors must check their temperature before entering the building and everyone must wear a mask. Computer users must make an appointment to use a computer station. Please keep your visit as short as possible. Stay safe everyone!

Reading is GIGANTIC!

Children ages 3 - 17 join us in a lighthearted reading competition.

A reading log can be picked up at the Library or download one from our website starting October 1st. If you have any questions about the contest or if you need reading suggestions or book bundles, please contact the Library.

Fall Take Home Crafts

Tweens and adults are welcome to stop by the Library starting October 15th to pick up all the supplies to make an original Autumn Leaf Mason Jar Candle Holder. All the supplies and detailed directions are given to create a safe to light fall themed candle that can be used year after year. A low temp hot glue gun is needed to complete the project. If you do not have this tool you can borrow one from the Library.

These free take home craft projects are limited and will be handed out on a first-come-first basis to people who personally come to the Library to pick up the project. We cannot hold projects for patrons. Call (920) 533- 8534 with questions.

ACTIVITIES AT THE KEWASKUM LIBRARY

The Kewaskum Public Library, 206 1st St. in Kewaskum, is offering the following programs. For more information, contact the library at kewaskum@monarchlibraries.org or call 262-626-4312.

Storywalk® throughout October

Pick up a handout of participating businesses at the library and follow the story of Leaf Man walking through town. Participating businesses will display pages of the story. Complete the handout and turn it in for a special bookmark!

Recipe Club in a Bag

Adults, Pick up a brand new craft kit featuring a special ingredient, information about this ingredient and 3 recipes. Post a picture of your completed recipe on our Facebook page. October's ingredient is **Cardamom**.

Teen Digital Escape Room

Click on the link from the teen programming page on our website to escape to the World of Hogwarts and celebrate Halloween.

October Craft Kits

Stop in during the month of October for all new monthly craft kits.

Teens: Scratch Art

STEAM: Amusement Park Challenge

Storytimes

Join Miss Kim on Facebook Live Wednesdays at 10:30 am or view the video anytime during the week after. Craft kits available to pick up during the week of each story times.

November 4: no storytime

November 11: All Around Town

November 18: Tiger Tales

Book Bundles Now At The Library!

Check out a themed bundle of 4 - 6 books on display throughout the library! Each bundle is for a specific age group / reading level from the young readers to adults. If you have a theme idea, let us know and we can create a bundle for you to check out.

Check It Out!

A Column By Kewaskum Librarian Lori Kreis

November is a great month for many things. Thanksgiving, usually the first snowfall of the season, my mother's birthday and Picture Book Month all fall during this month. Celebrating Picture Book month is a new concept that came about in 2011 when several children's authors and illustrators decided to share their love of picture books and spread the word of their importance in the formation of lifelong literacy in all readers.

Why are picture books so important? Initially, they are an introduction to reading and setting a course for school-readiness. Reading these are a social activity and bond people together. Parents and children, teachers and students, siblings alike all share in a common interest when they read together. Picture books foster creativity with inspirational illustrations. Some of my favorites to enjoy do not have many words, compelling children to tell their own story based on the pictures.

Picture books also teach difficult or abstract concepts in a way that children can comprehend. Topics such as the arrival of a new sibling, potty training, divorce, or death have been covered in picture books to help young readers understand the world they live in.

The first picture books can be traced to the 12th Century in Japanese scroll writings that combined words and pictures for young people. Pictorial storytelling was important during DaVinci's time who stated it was necessary to draw and describe. It was not until the 19th century

when the value of picture books was well-recognized. Randolph Caldecott, yes, the one who the medal is named for, is heralded as the creator of the modern picture book.

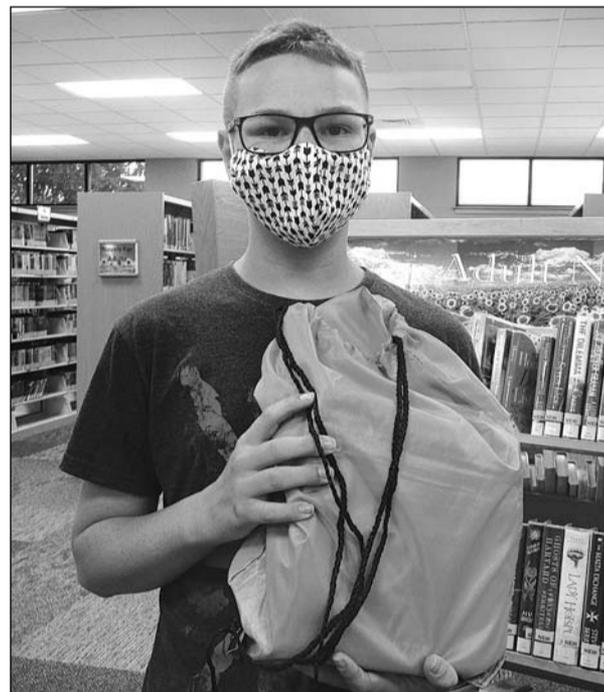

Here are a few more fun facts about picture books. There are usually 32 pages in a picture book. *The Tale of Peter the Rabbit* was rejected 6 times so Beatrix Potter self-published it until it became popular. Then it was taken over by a publishing company and sold over 45 million copies. Dr. Seuss wagered his publisher \$50 that he could write a book using 50 words or less. He won, after creating *Green Eggs and Ham* which contains exactly 50 words.

Do you recall your favorite picture book as a child? I asked my mother if she knew mine and she said that we all loved Winnie-the-Pooh. I do remember reading *Now We Are Six* over and over to my little sister. I think one of my favorites was *Chicken Soup with Rice*. As for my children, my daughter loved all books, and I don't know if she had a preference, but my son adored *The Monster at the End of This Book*. *Too Many Carrots* was my granddaughter's choice read when I read to her over last weekend.

When you stop in the library during November, check out our picture book display of staff favorites and maybe you will see yours there. Be sure to pick one up to share with your favorite young reader.

Hope to see you soon.

Village Of Kewaskum To Consider New Facilities Agreements

By Anne Trautner

The Village of Kewaskum may soon be responsible for maintaining parts of Reigle Family Park, something that up until now has been the responsibility of the Kewaskum Youth Soccer Organization (KYSO) and the Kewaskum Athletic Association (KAA).

At the October 19 Village Board meeting, Trustee Jim Wright presented two draft memos that the Parks and Recreation Committee created. One outlined the Kewaskum Athletic Association regarding the development and maintenance of Kiwanis Community Park, and the other was with the Kewaskum Youth Soccer Organization (KYSO) regarding development and maintenance of Reigle Family Park.

The memos were not on the agenda for action at last week's meeting. Village Administrator Matt Heiser said he wanted to bring the board up to date with the development of the memos.

The Park and Recreation Committee met with representatives of the KYSO in September and discussed the future of Reigle Family Park and the organization's role in maintaining the park.

"Their request was to be treated like KAA is treated in Kiwanis [Park]; that the village would maintain some things and they would be responsible for their athletic fields. The committee at the time directed me to move forward with some sort of a memo, which I envision being very simple. This is just a draft for your consideration," Heiser said at last week's village board meeting.

The drafts had not been given to the athletic organizations.

"We currently do not have a formal agreement with KAA. We have kind of a historical relationship with them," Heiser said.

Trustee Richard Laubach questioned why a change was needed at Reigle Family Park.

"I thought they (KYSO and KAA) were going to maintain it all the time," Laubach said at last week's meeting.

"The original agreement does state that with the KAA and KYSO," Board President Kevin Scheunemann said. "However, that relationship between the two organizations severed because the KAA did not pursue baseball fields in that park."

"That is not the village's fault," Laubach said. "That still doesn't make us liable to cut the grass and maintain everything there."

"It doesn't mandate us or make us liable, but I personally feel that it might be the correct thing to do from a village standpoint," Scheunemann said. "One of the things we have to consider is equal treatment of the organizations between parks at some point."

"Do we need an agreement like this for the historical society as well?" Village Trustee Dave Spenner asked.

"I think everybody should be treated the same," Laubach said.

"Maybe this Mighty River Project, if it is going to go into a maintenance thing, would be another group that should have an agreement," Spenner said.

Spenner requested that the agreements include language to the effect that before any modifications are made to the infrastructure that

a particular group is maintaining, some sort of review at the board level should be required.

"My last question is that in exchange for all the contributions that these organizations are doing, is there a way that we can give them preference for scheduling over other groups?" Spenner asked.

Heiser said he would check into it.

Scheunemann said that he would like to see the memos on the November 2 village board meeting agenda for ratification.

"I think we need to revise that agreement on Reigle Park before any of this stuff gets signed because the old agreement is not working any more," Spenner said. "So as much as I would like to move this forward quickly, Mr. President, I think there are a number of details that have to get ironed out."

"Why don't we have the Park and Recreation [Committee] incorporate some of these thoughts back into the agreement and vet it again and bring it to the board when they are comfortable? I would like to get it done by January 1," Scheunemann said.

The Park and Recreation Committee is scheduled to meet on October 30 to revise the agreements.

Gov. Evers, WEDC, PSC Announce Six Communities Selected For Broadband Connectors Pilot Program

Gov. Tony Evers, together with the state Public Service Commission (PSC) and the Wisconsin Economic Development Corporation (WEDC), announced six communities were selected for the new Broadband Connectors Pilot program cohort.

"As families, business owners, and communities across the state continue to face the challenges of the COVID-19 pandemic, the need for affordable, accessible high-speed broadband is perhaps more important now than ever," said Gov. Evers. "This joint program will provide critical support and resources to help local communities get connected."

The joint pilot program will help provide technical assistance to help these communities apply for federal, state, and private-sector broadband expansion funds.

"Such a tremendous response demonstrates that there is a strong desire to apply for state and federal broadband funding, but the challenge for many communities is a lack of

resources to participate," said Rebecca Cameron Valcq, chairperson of the PSC. "This pilot program shows promise to push through that barrier, allowing communities to take steps to connect their residents more quickly."

The selected communities include:

- Fond du Lac County
- Lac du Flambeau Band of Lake Superior Chippewa Indians
- Ho-Chunk Nation
- School District of Owen-Withee
- Town of Cross
- St Croix County

"Throughout the listening sessions of the Governor's Blue Ribbon Commission on Rural Prosperity this summer, residents came with one consistent message: they need broadband to stay connected for jobs, education, and healthcare," said WEDC secretary and CEO Missy Hughes. "This pilot program will provide us with important lessons on how we can better use existing resources to fill in the gaps in coverage and reach more communities."

WEDC has identified broadband as one of the three key opportunities to help Wisconsin businesses recover from the pandemic. The COVID-19 pandemic has illuminated significant gaps in broadband coverage in Wisconsin's rural communities, making e-learning, telecommuting, telehealth and online sales difficult or impossible in many parts of the state. Navigating broadband expansion can be challenging, and local capacity is often stretched thin, especially now as communities grapple with the impacts of the COVID-19 pandemic. As a result, a flood of 96 applications were received from local governments from across the state requesting to participate in the pilot.

Applications to participate in the pilot were accepted September 21-30. Local governments, tribal governments, and school districts were eligible to apply. Pilot program participants were selected based on the following criteria: the community

has taken some initial steps toward broadband expansion; diverse community partners have committed to working together on broadband expansion; the community has a clear vision for the technical assistance they are seeking; and the community seeks to expand broadband in an underserved or unserved area.

The pilot program is intended to help WEDC and PSC to better understand what communities' broadband technical assistance needs are. Drawing on the expertise of both WEDC and PSC staff, the best practices developed from the pilot program will be incorporated into a Wisconsin Broadband Playbook for communities.

Through participation in the pilot cohort, WEDC and PSC is intent to increase communities' readiness to apply for state, federal, or private broadband opportunities, and provide them with a roadmap for continuing its work to expand broadband after the pilot ends.

O'Neil-Trautner Engagement

William and Mary O'Neil of Orland Park, Illinois, are happy to announce the engagement of their daughter, Lauren Elizabeth O'Neil, to Nicholas Aaron Trautner, son of David and Anne Trautner of Kewaskum.

Lauren is a 2014 graduate of Marist High School in Chicago. In 2018, she graduated from Illinois State University with a Bachelor of Science degree in Communication Sciences and Disorders. She will graduate with her Doctor of Audiology degree from the University of Wisconsin-Madison in May 2022.

Nick is a 2014 graduate of Badger High School in Lake Geneva. In 2017, he earned a Bachelor of Arts degree in History and Anthropology from the University of Wisconsin-Madison. He received his Masters in Library and Information Studies from UW-Madison in 2019. He is a data governance analyst at Net-net in Madison.

Nick proposed to Lauren on September 19 in Madison while on a walk at Picnic Point. They are planning a May 22, 2021, wedding at St. Paul's Catholic Student Center in Madison.

Busting Mask Myths One Question At A Time

Wearing a mask has proven to be one of the best means of protection society has against COVID-19, but with so much misinformation out there, how can the public separate fact from fiction?

UW Health and University of Wisconsin School of Medicine and Public Health experts are here to tackle some of those burning questions. For example:

Myth: Does wearing a mask cause someone to breathe in unsafe levels of carbon dioxide?

Fact: No, face coverings like medical masks, cloth face coverings, neck gators and hand-made masks are designed to be breathed through. In addition, medical professionals have been wearing masks for years — even more so during the pandemic — and there has been no evidence to suggest that carbon dioxide is a problem, according to Jeff Pothof, MD, chief quality officer at UW Health.

Myth: Since the Centers for Disease Control say that cloth masks won't protect someone from breathing air pollutants, like the recent wildfire smoke in the western United States, then it cannot protect against COVID-19.

Fact: No, these are not comparable circumstances, according to Ajay Sethi, PhD, master of public health program faculty director and associate professor of population health sciences, UW School of Medicine and Public Health.

The air in the western United States became so polluted from the wildfires that residents must wear N95 respira-

tor masks to protect from breathing in smoke, ash and particulates which are much smaller than the droplets that COVID-19 are carried in. The N95 mask protects wearers against air pollution and airborne illnesses like COVID-19.

A cloth mask has a different purpose, Sethi said. When someone with COVID-19 breathes out air, most of the coronavirus is in the respiratory droplets that are produced when talking, coughing, sneezing or singing. Since many people with COVID-19 are unaware they have it, the opportunity for spreading the coronavirus to others is significantly less when everyone in proximity of each other wear cloth masks, he said.

UW Health and the School of Medicine and Public Health urge the public to stay safe by following these key guidelines:

- Practice physical distancing by staying at least six feet away from people who do not live in your household.

- Wear a face mask if you plan to be around people who do not live in your household.

- Stay home whenever possible. Limit outings to essential needs such as groceries, exercise, medication, healthcare visits or essential work.

- If you have any symptoms (e.g., fever, cough, sore throat) stay home, physically distance and call your provider about getting tested.

- Do not attend large gatherings.

- Wash your hands frequently with soap and water for at least 20 seconds.

Managing COVID Fatigue Is Crucial To Our Health And Wellbeing During Pandemic

Compounded stress and exhaustion from worrying about the coronavirus is leading to "COVID Fatigue," a shorthand way of talking about an overall sense of exhaustion based on the combination of challenges people are facing during the pandemic.

As a result, health care providers are seeing an increase in people who are feeling defeated, burned out and engaging in risky behaviors that can increase the spread of the coronavirus. Patients are also reporting higher levels of depression, anxiety, and alcohol and drug dependency as the pandemic persists. As a result, the next challenge is to flatten the mental health curve.

UW Health psychologist Shilagh Mirgain says that once a person recognizes that they are experiencing the symptoms of COVID Fatigue, there are a number of helpful tips and behavioral changes that they can do to benefit their mental health by better managing the uncertainty of these times. The following are the four main areas of COVID Fatigue and some coping mechanisms for each one:

- Change fatigue and uncertainty burnout

- Radical acceptance that life will continue to be difficult for a while.

- Find the silver lining.

- Look for activities new and old that continue to fulfill you.

- Depleted surge capacity:

- "Take 5" mindfulness practice to recharge.

- Expect less from yourself — cut yourself some slack and give yourself some grace.

- Zoom burnout

- 20-20-20 rule (For every 20 minutes you are looking at a screen, look away from the screen and focus on a spot 20 feet away for 20 seconds).

- Consider getting blue light blocking glasses.

- Use transitions well (getting up and walking for two minutes every hour can help reverse the negative health effects from prolonged sitting. Also consider other formats for meetings, such as a telephone call or shorter meeting where you do some of the work by e-mail).

- Choose to move: make physical activity a priority.

- "Doom scrolling," or staying glued to electronic devices to find out information on the disasters and stressors that face our country.

- Limit how much social media you are exposed to.

- Be mindful of the type of news you are consuming.

Vitamin D: A Secret Defense Against COVID-19?

Vitamin D, sometimes known as the "sunshine vitamin," is in the limelight for its possible effect on COVID-19. Several vitamin D studies have encouraging results, but it is too early to definitively say that it can help prevent or fight the virus.

Vitamin D is historically known for supporting bone health, cell growth and the immune system. One of our primary sources is the sun, as UV rays can trigger vitamin D synthesis in the body. Questions about its benefits have even surrounded pandemics before.

"During the Spanish Flu outbreak in 1918, patients who were in an enclosed tent without sunshine fared worse than those who were able to spend regular time outside," says SSM Health Infectious Disease physician Dr. Amanda Carlson. "Obviously, the research then was observational and conclusive evidence was lacking."

Now, as the world puts COVID-19 under the microscope, researchers are again turning to vitamin D. One study out of Boston University found that patients who had sufficient vitamin D levels were less likely to have severe COVID-19 complications and were 51-percent less likely to die, compared to patients who had lower vitamin D levels. Another study found that adequate levels of vitamin D may actually decrease your risk of being infected by COVID-19 in

the first place.

However, just like with the Spanish Flu, this research is again observational.

"These are very important studies because we don't have a COVID-19 cure and continue to learn a lot about how to treat the virus," says Dr. Carlson.

"However, they've come with some scrutiny because higher levels of vitamin D are often seen in younger populations. Younger people tend to be healthier in general, which might allow their bodies to better fight COVID-19. We need a randomized study that would match variables between two groups to be able to say that vitamin D does in fact have a connection."

In the meantime, should you start taking vitamin D supplements regularly?

"Vitamin D deficiency is very common, so many primary care providers already ask patients to take daily pills, especially during seasons when they aren't exposed to very much sunlight," says Dr. Carlson. "So if you start a regiment, you'll receive all the proven benefits and any COVID-19 defense could be an added bonus."

Vitamin D supplements are easy to find, as they are sold over the counter. Dr. Carlson adds that before taking any supplement, you should talk to your primary care provider about usage and dosage recommendations.

Ian Peters shows off the scarecrow he created for a fifth grade project at Campbellsport Elementary School. He named it "Tin Man." Peters' scarecrow and all the others created by fifth grade students are on display outside of the school right now.

Wisconsin 4-H Creates Excitement For The New Program Year

Youth in Washington County can get excited as the Wisconsin 4-H Program launches the new Wisconsin 4-H Movement.

4-H empowers young people with the skills to lead for a lifetime. It is a research-based experience that includes youth and adult partnerships, hands-on learning, and meaningful leadership opportunities.

The Wisconsin 4-H program is committed to providing youth development opportunities and promoting positive change for all young people in Wisconsin. The 4-H Movement defines the values of the Wisconsin 4-H program and helps bring together it's mission and vision.

The Wisconsin 4-H values:

•**Being Yourself:** Find and share your authentic sparks and interests.

•**Belonging Together:** Recognize, understand, respect and appreciate each other.

•**Building Connections:** Grow positive relationships with peers and adults.

•**Discovering Skills:** Develop skills through hands-on learning to help you succeed and thrive.

•**Exploring New Op-**

portunities: Open the door to new experiences, projects, and places.

•**Giving Back To Your Community:** Make meaningful contributions through community service and leadership.

"Now more than ever, it's important for our youth to build strong relationships and develop skills that will help them as they enter into adulthood," said Wisconsin 4-H Program Manager Dondieneita Fleary-Simmons.

Washington County 4-H values youth and adult partnerships.

Amy Mangan-Fischer, Washington County 4-H program educator, said, "Our adult volunteers and youth work together to create fun and meaningful experiences for our members."

"4-H has allowed me to learn so many new skills. The community I found in my club, county and state has been welcoming and supportive. I am grateful for how 4-H has prepared me for the next steps in my life," said graduating 4-H member Elizabeth Rhinehart.

Learn more about the 4-H program and join today. New to 4-H? Visit <https://washington.extension.wisc.edu/4-h-youth-development/>.

Michelle Steffen logged into the Campbellsport Public Library's online summer reading program to record some of her summer reading and was lucky enough to win a prize for her efforts.

Roots And Branches Names New Executive Director

Roots and Branches has named Amy Johnson as its new executive director.

Johnson has almost 40 years experience in fundraising, marketing, communications, event planning and working with volunteers. She was previously at Cedar Community as their director of philanthropy and administrative lead for independent living where she retired last December after 10 years with the organization.

Johnson has been active in the local community volunteering for United Way of Washington County, the West Bend Chamber of Commerce and the former Tempo Washington

County. In 2014 she received the Chamber's Volunteer of the Year award.

"We are pleased that we were able to 'draft' Amy out of retirement to accept this position," said Sharon Scott, president of Roots and Branches.

"The decision to accept was an easy one. I love what Roots and Branches does for West Bend and you couldn't ask for a more hard-working and committed board of directors and volunteers," Johnson said.

Celebrating its 30th anniversary, Roots and Branches, formerly the West Bend Beautification Committee, is a non-profit organization positively impacting the natural environment of West Bend through year-round programs that include a clean-up campaign, Arbor Day program, Mayor's residential and business beautification awards, Adopt-a-Plot program to provide beautiful gardens in downtown West Bend and monthly education seminars.

As Deer Activity Increases, Drivers Need To Slow Down, Be Alert

The Wisconsin Department of Transportation (WisDOT), State Patrol and partner law enforcement agencies are reminding motorists to be alert for the potential of deer darting across roadways during upcoming weeks. Deer/vehicle crashes typically peak during the October and November "rutting" period when bucks pursue potential mates.

"The best strategy to protect yourself and minimize the chance of hitting a deer is to buckle up, slow down and watch the road ahead carefully," said David Pabst, director of WisDOT's Bureau of Transportation Safety. "Deer can be seen any time of day, but they're especially active around dusk and dawn."

Last year in Wisconsin, there were 18,414 reported deer/vehicle crashes that resulted in injuries to 556 motorists and nine fatalities (six were motorcyclists).

Counties with higher traffic volumes and deer populations tend to record the most crashes. A county-by-county breakdown indicates Dane County had the most reported deer/vehicle crashes in Wisconsin last year with 859, followed by Waukesha County with 823 and Washington County with 758.

To avoid deer crashes and motorist injuries, WisDOT offers the following tips:

•Slow down, eliminate distractions, and make sure all vehicle occupants are buckled up.

•If you see one deer cross in front of you, watch for more. One long blast from your vehicle's horn may frighten the deer away.

•If a collision with a deer is unavoidable, brake firmly and stay in your lane. Avoid sudden swerving which can result in a loss of vehicle control and a more seri-

ous crash.

If you hit a deer:

•Get your vehicle safely off the road if possible and call law enforcement. Be prepared to describe your specific location.

•It's generally safest to stay buckled-up inside your vehicle. Walking along a highway is always dangerous as you could be struck by another vehicle.

•Don't attempt to move an injured deer.

The increase in deer activity this time of year also results in more car-killed-deer along Wisconsin roadways. WisDOT works with private vendors, county highway departments and law enforcement to handle deer carcass removal along numbered highways (the state highway system). Counties are responsible for removing deer carcasses along county highways. Municipalities handle deer carcass removal along local roads.

To report car-killed-deer:

•Deer carcasses on the active, traveled portion of a highway represent an urgent safety hazard and should be reported by calling 911;

•If the carcass is off the traveled portion of the roadway, contact the appropriate county sheriff's department using the agency's non-emergency phone number;

•To facilitate the efficient and prompt removal of a deer carcass, provide specific location information such as proximity to a mile post, intersecting highway, exit or mailbox number.

Drivers are reminded to move over or slow down when approaching stopped emergency responders, tow trucks and highway maintenance vehicles — including crews removing deer carcasses. More information on the Car-Killed-Deer program can be found on the WisDOT website.

Chayse Hall and Sydney Brandt show off the scarecrow they created for a fifth grade project at Campbellsport Elementary School. They named it "Dirk." Their scarecrow and all the others created by fifth grade students are on display outside of the school right now.

Bug Tussel Looking For Help In Towns of Auburn And Eden

By Andrea Hansen Abler

Bug Tussel Wireless, LLC, is partnering with Fond du Lac County to apply for the Wisconsin PSC Broadband Grant FY21 Program to gain a broadband tower in New Fane (Town of Auburn) and in the Town of Eden.

"We are looking for letters of support as well as potential land owners with eight to 10-plus acres to place the tower if the grant were to be accepted," said Jessica Williams, executive project manager with Bug Tussel Wireless.

Williams will be presenting this information at the Town of Auburn's monthly meeting on Monday, Nov. 9, at 7 p.m. Bill Steiner and Jay Wendt of Bug Tussel will be at the Town of Eden's monthly meeting that same night and time. Town residents are welcome to partake in either meeting and find out more about this grant.

Bug Tussel is looking for help from all Town of Auburn and Town of Eden residents. They need help in filing for this grant.

Anyone who is interested is asked to write a letter of support for the addition of these towers.

The comments in these letters will be used in the application to show why the Town of Auburn and the Town of Eden need these towers.

"This is a new opportunity to get access," Williams said. "We welcome all letters of support."

If anyone needs help with their letter, Williams has a template for anyone to use. Just contact Williams by email at Jessica.williams@bugtusselwireless.com or call her at 920-501-2417.

"The grant applications are due by December 1, 2020," she said. "I would like to have the letters of support by Friday Nov. 20, 2020. I have templates for those interested and it is highly encouraged to include letter heads to reflect that business, organization, department, etc."

The other item Bug Tussel is looking for in this area is a landowner who would be interested in putting the tower on their land. This would require at least eight acres of land, possibly up to 10 or more acres.

Bug Tussel is looking for land near New Fane in the Town of Auburn and land in the Town of Eden. Any landowner interested should contact

Williams. She will then work with the property owner to see if it would be appropriate for one of these towers.

"There's a lot of pieces to it in regards to the location of the towers," Williams said.

Bug Tussel has put other towers up in the area already through these grants. For this next round of grants, these two townships showed a definite need for better internet service.

"Our hope is to get them on the second docket for these grants," Williams said. "We have found that those two areas are in need."

The PSC has set aside \$24 million for this round of grants. Bug Tussel and Fond du Lac County hope that the area townships are able to receive some of this funding.

Once they find out if a grant has been awarded for these two towers, Williams estimated it would take about six to 12 months to erect the towers. "Our goal is within a year of receiving the grant," she said.

Anyone who has questions can either attend one of the town meetings on November 9th or contact Williams.

Violet Schommer and Annika Foster show off the scarecrow they created for a class project at Campbellsport Elementary School. They named it "Tracey Lettuce." Their scarecrow and all the others created by fifth grade students are on display outside of the school right now.

2020-21 KEWASKUM YOUTH BASKETBALL REGISTRATION

Kewaskum Youth Basketball (KYB) is a non-profit organization that provides local kids with the opportunity to experience the fun of competitive basketball while improving their basketball skills and learning life skills such as teamwork, sportsmanship, commitment and responsibility. Participation is open to kids in grades 3-6 who reside in the Kewaskum School District. KYB is the only youth basketball organization that works with Kewaskum's High School Varsity Basketball Coaches to ensure the philosophies and skills required at the High School level are being taught.

COVID INFORMATION:

The health and safety of our kids, families and coaches is our top priority. In the interest of all involved, KYB will be implementing COVID protocols for practices and games.

REGISTRATION FEES:

4th - 6th\$80 each

3rd\$30 each

Sibling Discount (Additional 4th - 6th graders)\$60 each

MAIL-IN REGISTRATION:

KYB, PO Box 406, Kewaskum, WI 53040

Forms are available on Facebook and at www.kybhoops.com

- Scholarships available, contact a KYB Board member for more information. All inquiries will be kept confidential.
 - We are planning on starting practices the week of November 9th.
 - Due to COVID KYB will NOT be participating in the Junior Milwaukee Bucks program. We hope to re-engage for the 2021-2022 Bucks season.
 - Kids will likely NOT be able to play at halftimes of varsity games, or be ball boy/girl for varsity.
- If you have any questions please contact Kory Dogs at 262-853-3912 or kdogs10@frontier.com

Employees of US Cellular stopped by the Campbellsport Public Library to drop off bags and information for the packets that the library handed out to retirees in place of their annual Focus After 50 Fair. The packets contained information from 18 contributors about a variety of topics that are of interest to about to retire or retired individuals. The bags went fast.

Early deadline for all newspaper items for the November 12th paper will be Friday, Nov. 6 at noon.

Heroes Of The Holyland

Alois (Al) Mand

By Judy Keifenheim
Eldest Daughter

Born January 3, 1919, Alois (Al) Mand grew up on a farm near Silica with his five brothers and four sisters.

Two of his sisters are still alive (as of Armed Forces Day May 16th, 2020). Gen Kopplin, who lives in Watertown, and Ginny Schneider, who lives between St. Peter and Silica, not far from where the family farm was located.

Upon completion of his eighth-grade education at St. Peter's Parochial School, he worked on the family farm until his enlistment into the United States Army on October 5, 1940. Patriotism ran in the family, as four of his brothers and three of his brothers-in-law also answered their country's call to duty.

Dad lived through the "Good, the Bad, and the Ugly: The Roaring Twenties," "The Great Depression," and, of course, "World War II."

The following is a copy of his citation for

earning the "Distinguished Service Cross."

Distinguished Service Cross Is Awarded To Sergeant Alois J. Mand, Malone, WI, For Heroic Deed On Okinawa

"Alois J. Mand, a member of the Legion of Valor, was presented the Distinguished Service Cross for extraordinary heroism in action against the enemy on April 30, 1945, at Okinawa. His citations read as follows:

"While an assault platoon was preparing to advance, the enemy launched a desperate

counterattack, the brunt of which fell upon the attached machine gun section, of which Sergeant Mand was a squad leader. During the action the section leader was killed, a gunner and assistant gunner were wounded and one of the machine guns was put out of action by enemy fire. The rifle platoon leader and a majority of his riflemen also became casualties.

"Sergeant Mand, although himself unaided, he attempted to place effective fire on the enemy with the one remaining machine gun, but was denied its use by murderous enemy mortar, machine gun, and rifle fire. The Japs tried to destroy his machine gun infiltrating the position by Sergeant Mand, through his alert action, killed the eight enemy infiltrators with carbine fire. After firing all of his carbine ammunition, Sergeant Mand recovered a B.A.R. from a wounded comrade and fought the enemy until the B.A.R. jammed. "Suddenly an enemy

Al Mand smiles while standing by the medals and honors he received for his service in the Army during World War II.

-photo submitted

light machine gun opened up from a position 50 yards to the front of his position. Sergeant Mand then reorganized the remainder of the section and with the few remaining riflemen continued to hold off the foe while the wounded were being evacuated and until a support platoon arrived to help secure the hill. This outstanding display of individual courage and devotion to duty on the part of Sergeant Mand was in a large part instrumental in stopping a strong enemy counterattack. His valor and determination reflect enduring credit upon himself and the military service.

"Alois was born January 3, 1919, in Fond du Lac County, Wisconsin. Enlisted in the Army on October 5, 1940. Basic training at Fort Bragg, North Carolina. Overseas Duty Sgt. in Co. F, 17th Regt. 7th Inf. Division. Aleutian Islands — May 11, 1943, D Day, H Hr., Attu. August 15, 1943 — Kiska. Next target — January 1, 1944 — Marshall Islands, Kwajalein — D Day, H Hr., Carlson (enubuj) and some adjacent Islands. October 20, 1944 — D Day, H Hr. Leyte in the Philippines. On all these Islands we stayed and fought until the battles were won. April 1, 1945 — D Day, H Hr. Okinawa. Wounded May 6, 1945, and spent the next 10 months in various Army Hospitals recovering from wounds.

Discharged from service March 19, 1946. Medals awarded include: Distinguished Service Cross, Purple Heart with oak leaf cluster for wounds received on Okinawa, Bronze Star Medal for exemplary conduct in ground combat against the armed enemy on Attu in May of 1943, American Campaign Medal, Asiatic Pacific Campaign Medal with four bronze stars and one arrowhead, Presidential Unit

Citation with oak leaf cluster Philippine Liberation Medal and ribbon with one bronze service star, Combat Infantryman's Badge, World War II Victory Medal, Good Conduct Medal and the American Defense Medal."

Our Dad was a highly decorated World War II hero. As stated in the citation that was issued regarding his actions in Okinawa, he was largely instrumental in stopping a strong enemy counter-attack.

One thing I remember hearing was that on one occasion he had offered his foxhole to a fellow soldier who unfortunately died in that foxhole. As one can imagine, that is something that always haunted him.

He was seriously injured that day, and suffered from some of those injuries for the rest of his life — but he never complained. He rarely talked about his Army experience. In fact, the only people he did talk about it with were fellow veterans.

I do recall him being very grateful for all of God's blessings. I also remember him telling

me that "there are always others who aren't as fortunate as we are." Dad loved his country and was proud to have served in the United States Army.

After serving his country, he met and married my mom, Lydia. They had four sons and three daughters together, and were further blessed with 13 grandchildren.

He owned and operated Mand Excavating for 40 years. He worked hard his entire life but always had time for us whenever we needed anything. He also spent many hours volunteering at the Wisconsin Veterans Home at King, and eventually was successful in convincing Mom to move up there. That's where they enjoyed their so called "Golden Years."

My brothers and sisters and I are so proud of him. Dad never thought of himself as a hero, but he was a hero to us. We are grateful for him being featured as a "Hero of the Holyland." We miss him dearly and wish he could still be with us and here for this honor.

A Memorial Dedication of a statue of SP4 Leo Meyer and Bruce, his British trained Labrador Retriever, was held in Johnsburg on Saturday, Oct. 3. Leo's sister Rosie is pictured along with her brother David along with guest speaker Frank Merritt of Easton, PA, near the statue after it was unveiled.

Kewaskum Girls Cross Country Team Headed To State

The Kewaskum High School girls cross country team is the sectional champion.

The Kewaskum girls team will compete in the state meet in Colby on Saturday, Oct. 31.

The Kewaskum High School boys cross country team has one runner headed to the state meet as well. Isaiah Lubner (junior) will represent Kewaskum at state after he placed third in sectionals on October 23 at Kettle Moraine Lutheran in Jackson with a time of 17:25.5.

After competing in the sub sectional on October 20 at Kiel, the girls team qualified to run at state with the following times at the WIAA Division 2 Sectional held on October 23 at Kettle Moraine Lutheran in Jackson:

- Abigail Gerhartz (freshman): third place, 20:24.8
- Andrea Butz (senior): seventh place, 21:05.9
- Alyssa Butz (senior): eighth place, 21:29.8
- Avalon Olla (freshman): ninth place, 21:36.1
- Allison Heipp (freshman): 17th place, 22:40.8
- Tierney Herman (junior): 19th place, 22:56.2 (alternate)
- Josey Curtes (sophomore): 21st place, 23:01.8 (alternate)

Abigail Gerhartz races on October 23 to lead the Kewaskum High School cross country team to the state tournament.

Golf Coaches Association Honors Local Players

The Golf Coaches Association of Wisconsin (GCAW) is pleased to announce that the following members of Kewaskum/Campbellsport High Schools are Academic All-State honorees for the recently concluded 2020 girls golf season: Kendra Hewitt, Anna Piittmann and Shelby Falk.

Students are nominated by GCAW member coaches if they meet the following criteria:

- A cumulative grade point average of at least 3.25
- Participation in at least 75 percent of their team's varsity matches
- Are in grades 10-12.

The students athletes who are honored serve as a great example to others, proving that academic and athletic successes are not mutually exclusive.

The coaches association is proud to an-

nounce that 330 girls from 81 high schools have been honored this year for maintaining high academic standards in the classroom while competing in varsity golf. In fact, the average cumulative GPA of this year's honorees is an exceptional 3.842.

The GCAW was formed by high school golf coaches in 1986 to help build Wisconsin's reputation for developing quality junior players by promoting golf in our schools and communities. Besides honoring both boys and girls who succeed as student athletes, the association also selects an annual All-State team for boys and girls based on their playing ability. An academic 'Team' award honoring high school teams with the highest cumulative GPA will be announced in March, 2021.

CHS Cross Country Completes Season

The Campbellsport High School cross country team competed in the Kiel Sub-Sectional on Tuesday, Oct. 20.

On advice from their medical experts, WIAA created the sub-sectionals to reduce the size of the meets while still allowing teams to compete and advance to a State Meet competition. Each sub-sectional had eight or nine teams. The teams were split into two races about two hours apart. The two races were then blended together and the top two teams and top five individuals who were not part of the qualifying teams advanced to Sectionals.

The Cougar boys completed their season with a fifth place finish in the Kiel Sectional. Kiel (35) and Kewaskum (76) advanced to the Kettle Moraine Sectional, which was held on Friday, Oct. 23. KML (87) was third followed by Cedar Grove-Belgium (91), Campbellsport (107), Oostburg (140), Sheboygan Falls (199), and Lomira (207).

The Cougars' Skyler Fryman missed qualifying for Sectionals by just one place. The junior finished in 11th place with a time of 18:01, just 15 seconds behind the last individual spot held by KML's Austin Knoeck.

Senior Joe Krahn closed out his career with a strong run. Krahn finished in 19th place with an 18:31. Nathan Seefeld and Jerid Waddle took 21st and 22nd place. The junior runners were just seconds apart with times of 18:47 and 18:52.

First year runners Isaac Timm and Ostin Blanchard finished in 34th and 35th place. Timm, a freshman, had a time of 19:49. Blanchard, who is a sophomore, crossed the line in 19:50. Junior Cameron Guell completed his first season of cross country. Guell had a time of 20:13 and finished in 39th place out of 55 runners.

Only two points separated the top two varsity girls' teams. With 47 points, Kewaskum edged Oostburg (49) for first place. Both teams advanced to the Sectional Meet on Friday. Kiel (71) finished third, Cedar Grove-Belgium (80) fourth, KML (106) fifth, Lomira (142) sixth, and Campbellsport (242) seventh. Sheboygan Falls did not have a complete team.

The Cougar runners had some of their best times of the season. Morgan Yahr led the team with a career best 23:09. The junior runner finished in 30th place. Senior Sara Scannell closed out her career with a season best 23:50. Scannell took 37th place.

Macy Pawlowski and Elli Scannell both crossed the finish line in 25:17. Pawlowski's season best time was good for 46th place while Elli was awarded 47th place. Running a season best 27:30, Alayna Meilahn finished 48th. Hannah Thelen had a season best time of 27:51 to finish in 49th. Emily Reigle took 50th place in a career best time of 27:59.

Andrea Butz races for Kewaskum High School on October 23 in the WIAA Division 2 Sectional held on at Kettle Moraine Lutheran in Jackson.

High Women's Series: 470 Michelle Goeman, 447 Paula Krueger, 393 Michelle Abel.

Kewaskum Volleyball Ends Season In Second Round Of Regionals

The Kewaskum High School volleyball team ended its season last week in the Division 2 Regionals, winning the first round against Sheboygan Falls on October 20, but falling to Kettle Moraine Lutheran in the second round on October 22.

Kettle Moraine Lutheran Match

Kewaskum High School 10-10 (5-3) fell to Kettle Moraine Lutheran in the second round of Division 2 Regionals on October 22, 17-25, 25-27, 14-25.

"KML is a tough team and we knew it going in. Our serving was very aggressive and we kept them off balance and out of system for a lot of the match. Unfortunately, when you walk into the gym against a number one seed, you have to stay focused and ready on every touch and we just lost our rhythm too many times. We gave them a great job of defending our attack and we will have to grow from this loss," said Kewaskum varsity volleyball coach Laine Leitzke.

Sheboygan Falls Match

Kewaskum defeated Sheboygan Falls in the first round of Division 2 Regionals on Tuesday, Oct. 20, 25-17, 25-13, 25-17.

"Sheboygan Falls was a tough opponent. They had a very good blocker and libero. Their serve receive was very strong and we had to be very solid in our attacking of their serve receive and defense. Their front row setter #5 was very effective at the net," Leitzke said. "Our outsides did a good job controlling the game. Henk and Rochon were very effective and changed their shots from ball to ball. Our defense did a great job making sure that we were in system a lot."

Tom's Quality Millwork, located in Ashford, Wisconsin, is family-owned and operated. In 1978 Tom Fleischman decided to open his own part-time business out of a small workshop in the back of his home. By 1985, Tom needed to construct a warehouse across the street, and in 1986 he added his second manufacturing facility. Today, Tom's Quality Millwork covers 230,000 sq. ft. of manufacturing space and proudly employs 120 people. Tom's Quality Millwork is also proudly distributing products throughout the United States, Canada, and other Various Countries around the world.

Our company was founded on the premise that quality construction materials and principles should be the standard. Service afterwards has always been a part of our tradition and continues to this day. We have the right people, the right products and the right services.

We offer quality service from sales to delivery and experience in jobs of any size. We are able to meet the needs of all types of projects. Our desire to be a superior presence in this business has won our reputation of quality and dependability. And, you can't beat our Low Prices. Choose us for your project and let our ability, service and competitive prices meet your building needs.

We only sell to distributors.

Kewaskum Youth Soccer Results

Kewaskum U8 Kewaskum Coyotes 3 Opponent 2

The Coyotes played tough in the cold this weekend. We had our first loss of the season 2-3. Bentley and Easton scored goals. Everyone did a good job!

Thank you Joey and Easton for helping our team out this weekend!

Kewaskum U8 Kewaskum Wolves

The U8 Wolves howled their way to victory this past weekend!

Isaac Honeyager and Veronica Goetzing both did a fantastic job moving up on defense. Athena Perondi and Aubrey Long showed off their speed and endurance by working hard at wings. Connor Yapp and Josie Whitfield had some great throw ins and goal kicks. Dawson Scheel scored the lone goal of the game right before the whistle blew.

The Wolves played well as a team and kept a positive attitude throughout the entire game.

October 17 Kewaskum U14 Kewaskum Cyclones 5 Hartford Orioles 0

On a beautiful summer-like day at Reigle Park, the U14 Cyclones continued their winning streak by besting the Hartford Orioles, 5-0.

Carissa Thierfelder got things going with a goal at the 5 minute mark. Ruby Gerhartz scored twice in the half, first on an assist by Caitlin Finger and again on a nice pass from Ayla Stuh.

In the second half, Brooklyn Grisolono found the goal. Elizabeth Erdmann

added another goal on an assist by Finger, who had a great passing game. A score in the final minutes by Mara Butschlick sealed the game.

October 24 Kewaskum U14 Kewaskum Cyclones 7 Hustisford 0

Another cold game in Hustisford meant another win for the U14 Cyclones (7-0).

The Cyclones started the scoring on a goal by Caitlin Finger. Midway through the half, Hustisford evened the score. Finger answered with another goal quickly followed by a score from Brooklyn Grisolono on an assist by Maddie Marquardt. Hustisford hit the final goal of the half, bringing the score to 3-2.

The Cyclones displayed superb ball control in the second half and did not allow Hustisford to get a shot on the goal. A goal by Madison Legate on an assist by Finger made the final score 4-2. Solid defense by Cora Jaeger and Ava Schiller and tough play by all contributed to the win!

Kewaskum U12 Kewaskum Fire 8 Slinger Ravens 2

The U12 Kewaskum Fire was victorious over the Slinger Ravens 8-2 on Saturday, October 24.

Leviathan Whitfield and Carter Unger each knocked in a pair of goals. Caden Jaeger, Dana Jacobson, Emma Muraski, and Landon Scheel also added goals for the Fire. Kenley Yapp made her debut at goalie with a save!

Kewaskum U12 Kewaskum Phoenix 9

Hurricanes 0

Another big scoring game for Annika Kreuser (4 goals) along with a hat trick from Addy Butschlick were aided by the strong offensive pressure from Delia McHenry and TSION Gerhartz, who also notched a goal.

Kewaskum U7 Kewaskum Sharks 10 Hustisford Thunder 4

Benson Stahl started off the game by slamming a ball into the net within the first few seconds of the game. Logan Watzlawick followed up with 2 great goals, leaving the Sharks in the lead 3-0 at the end of the 1st quarter.

Hustisford amped up their game and fought back hard. They scored two goals on the Sharks in the second quarter, but Logan Watzlawick, Harper Kenworthy, and Maisie Beres each connected with the back of the net keeping the Sharks in the lead 6-2 at the half.

Harper Kenworthy kept up her fancy footwork, brought the ball down the field, and scored with a great assist from Parker Hug. Parker Hug then scored a goal on his own. Logan Watzlawick then scored his fourth goal of the game. Hustisford was able to tap one in right at the end of the 3rd quarter.

Up next, Alexis Stater kicked a great shot, scoring her first goal of the season! Hustisford was able to get one more shot on goal, leaving the score 10-4, with another Shark victory.

The Sharks played a great game and worked hard passing, blocking, and controlling the ball. Awesome teamwork!

Coach P's Corner

Josie's On A Vacation Far Away

When I first got a cell phone and I figured out how to get certain songs for a ringtone, I had a tough decision to make, what is one of my favorite songs that I want to hear every time my phone rings? I have hundreds of favorite songs but the one I went with was a song called "Your Love" by The Outfield. Every time I hear that song with my family, they go "dad, your phone's ringing."

The Outfield was a band from the mid 1980s that was number one on my list to see in concert. Well, that dream will never happen because the lead singer, Tony Lewis, died last week at the age of 62. The Outfield didn't play a lot of live shows in Wisconsin during their career and it saddens me that I will never get the chance to hear my ringtone or any of their great songs in concert.

The death of Tony Lewis comes on the

heels of another one of my favorite musicians who passed away recently — Eddie Van Halen. The band Van Halen is probably on my Mount Rushmore of favorite groups and I'd consider myself a die-hard fan. Eddie wasn't the lead singer of the band but he definitely was the face of Van Halen. Considered one of the greatest guitarist of all-time, Eddie could blow the roof off an arena with his great sound.

I got a chance to see Van Halen live at two shows, once at Rock USA in Oshkosh and one of my all-time favorite concerts at the Bradley Center in Milwaukee. The Milwaukee show was incredible because my son and I upgraded our seats from the 400 level to the 15th row!

Parker and I both had such a blast that night singing and doing our best Eddie Van Halen air guitar impressions. Parker was a 16-

year-old sophomore at the time, my wife was not happy that I took our son to a concert on a school night. The next morning he had to tell his mother about the great show while he was slipping into his new Van Halen concert t-shirt. There's nothing like the bond you develop when your kids like the same music you listened to at that age.

In honor of the legendary musician I ranked my top 10 Van Halen songs, not an easy task because I like about 50 of their songs.

10. When It's Love
9. You Really Got Me
8. And the Cradle Will Rock
7. Dreams
6. Ain't Talkin' Bout Love
5. Panama
4. Runnin' With the Devil
3. Jump
2. Jamie's Cryin'
1. Dance the Night Away

Kewaskum High School Football Team Has Tough Conference Opener

Kewaskum gridders dropped the East Central Conference opener to Port Washington 21-35 on Friday night. Kewaskum's offensive attack was led by senior Michael Daniel, who passed for 193 yards and one touchdown, while also rushing for 94 yards and another touchdown. On the receiving end of Daniel's passes were junior Ben Butler (three recs, 83 yds, one TD), senior Mason Droese (five recs, 45 yards), junior Damaryeon Taylor (three recs, 45 yards), and senior Carson Thull (one rec, two yards).

The Indians' ground game was aided by the return of senior Ben Leister, along with seniors Trenton Riekkoff, Jon Steger, Sam Amerling and Tucker Schmidt amongst the Ke-

waskum offensive line. Senior Kannon Muckerheide (five car. 22 yds), sophomore Hunter Loser (eight car. 12 yds, one TD) and junior Reegan Marx (one car. one yard) all tallied rushing attempts against the Pirates. The Indians outgained Port Washington 321 yards to 314 yards.

On the defensive side of the ball, junior linebacker Matt Blank led the team with 17 tackles. He was helped by senior Kyle Elbe (10 tackles) and junior Brady Bastian (six tackles), who also contributed one quarterback sack.

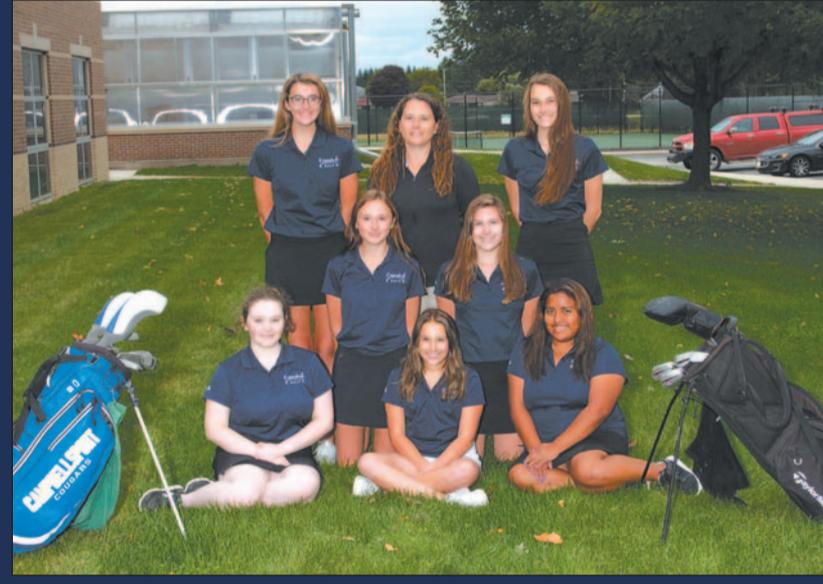

The Indians return to action on Friday as they travel to Kettle Moraine Lutheran.

Kewaskum Gridiron Youth Football Plays Against Grafton Gladiators

A study conducted by the Department of Orthopedics & Rehabilitation at the University of Wisconsin School of Medicine and Public Health concluded participation in high school sports in Wisconsin has not led to an increase in COVID-19 infections among high school student-athletes.

The COVID-19 in Wisconsin High School Athletics study conducted by Dr. Andrew Watson and his research team reveals the case and incidence rate of a

statewide sampling, which represented 30,000 student-athletes, are actually lower than those reported by the Wisconsin Department of Health Services for those 14-17 years of age.

In addition, the survey found that no sport had a statistically higher incidence rate than that of teenagers during the same period of time. Furthermore, only one case — or 0.5 percent of the reported cases — was attributed to transmission during sports

activities.

Another finding of the study confirms existing literature regarding the severity of COVID-19 in children. There were no cases reported that resulted in hospitalization or death.

An encouraging and significant aspect of the study's conclusion highlights the efforts of member schools to follow the prescribed guidelines developed by the WIAA's Sports Medical Advisory Committee. All schools responding to the study reported hav-

ing a formal plan in place to mitigate the spread of COVID-19, and most indicated they used a broad range of procedures to reduce risk of exposure and infection.

Along with the study's findings, the research team acknowledges the risk of COVID-19 will vary in different areas and across age groups. They encourage expanded and replicated research in other populations to greater assess risk of COVID-19 among youth athletes and provide a more complete picture of COVID-19 transmission during sports participation.

The WIAA, as defined by its Constitution, is a voluntary, unincorporated, and nonprofit organization. The membership oversees interscholastic athletic programs for 514 senior high schools and 48 junior high/middle level schools in its membership. For more information, please contact the Department of Orthopedics & Rehabilitation at the University of Wisconsin School of Medicine and Public Health at: contact@ortho.wisc.edu.

The Piitt Stop

By Jason Piittman, KHS Athletic Director

An Important Part Of The Community

I hope that those who read this column realize how lucky we are to live in Kewaskum or the general area, at this time. I look at the facilities we have in our Village and school district and the opportunities it gives our youth, and I am amazed.

Shortly after I moved here, the Kewaskum School District passed a referendum that led to major improvements at Farmington Elementary School and i4Learning Community School (the school formerly known as Wayne Elementary). For me, that started a slow progression over the past 20-plus years to where we are today.

The Doc Mitchell Athletic Complex was improved. The track was rubberized. The community made improvements in the ball fields at Kiwanis Park. The Gridiron, which started shortly before I arrived, became a staple of the community. Youth sports organizations in soccer, basket-

ball, and wrestling joined the Kewaskum Athletic Association offerings baseball and softball. The KAA has since branched out into volleyball and flag football.

Facility development continued to come along. A new soccer field was built next to the Kewaskum Clinic, providing a field that was not in the flood plain east of the high school. The Fitness Center was added to the high school at the same time the theatre was built.

In just the past few years, the school district approved another referendum, which really put our community's facilities over the top. The new Kewaskum Middle School is a far cry from the old building that housed KMS. The high school renovations really brought it into the 21st Century.

We added an artificial turf field at Doc Mitchell — with the addition of a video board. We built new softball and baseball

fields with artificial infields. The field event areas for track & field were improved. The tennis courts were recently completed, making them among the best around. We fixed drainage issues in the flood plain east of the high school, so that area is now much more usable — for school activities as well as community/youth sports groups.

The icing on the cake, to me, has been the addition of Reigle Park. It is so wonderful to see youth soccer already able to use the facility. It saves wear and tear on the fields at Kiwanis Park and provides a beautiful setting for our community, with its pond and trails in addition to the soccer fields.

We truly are fortunate to be living here at this time. My hat is off to all of the leaders who helped make all of these improvements happen. It helps our community grow its reputation and provide a great place to raise families.

Mason Droese runs the ball for Kewaskum High School in a home game against Port Washington on Friday, Oct. 23.

NOTICE OF REFERENDUM TOWN OF ASHFORD, FOND DU LAC COUNTY

November 3, 2020

NOTICE IS HEREBY GIVEN that an election to be held in the Town of Ashford on Tuesday, November 3, 2020, the following proposed Resolution of the Town of Ashford Town Board will be submitted to a vote of the people:

The Town Board of the Town of Ashford, Fond du Lac County, Wisconsin, does hereby ordain as follows:

That, pursuant to s. 60.30(1e)(a), Wis. Stat., the office of town clerk shall be filled by appointment of a majority of the members-elect of the town board.

The term of office for the appointed position shall be set by the town board, but may not exceed 3 years, s. 60.30(1e)(c), Wis. Stat. The appointed officer may be re-appointed for additional terms, subject to town board approval. However, removal by the town board during a given term of office may only be for cause as defined under s. 17.001, Wis. Stat. & s. 60.30(1e)(f), Wis. Stat.

This ordinance is subject to approval by the town electors in a referendum, which is hereby called by the Town Board to be held on November 3, 2020. The referendum questions shall be:

"Shall the person holding the office of Clerk in the Town of Ashford be appointed by the town board?"

The salary of the appointed position shall be set by the town board and may not be reduced during the term of office.

The question will appear on the ballot as follows:

"Shall the person holding the office of Clerk in the Town of Ashford be appointed by the Town Board?"

EXPLANATION

The effect of a "yes" vote means that the Town Clerk position will be converted into a Town Board appointed office in the Town of Ashford.

Done in the Town of Ashford
on the 29th day of October, 2020

Notice of General Election and Sample Ballots

NOVEMBER 3, 2020

OFFICE OF THE WASHINGTON COUNTY CLERK
TO THE VOTERS OF WASHINGTON COUNTY:

Notice is hereby given of a general election to be held in Washington County, on November 3, 2020, at which the officers named below shall be chosen. The names of the candidates for each office to be voted for, whose nominations have been certified to or filed in this office, are given under the title of the office and under the appropriate party or other designation, each in its proper column, together with the questions submitted to a vote, in the sample ballot below.

INFORMATION TO VOTERS

Upon entering the polling place, a voter shall state his or her name and address, show an acceptable form of photo identification and sign the poll book before being permitted to vote. **If a voter does not have acceptable photo identification, the voter may obtain a free photo ID for voting from the Division of Motor Vehicles.** If a voter is not registered to vote, a voter may register to vote at the polling place serving his or her residence if the voter provides proof of residence. Where ballots are distributed to voters, the initials of two inspectors must appear on the ballot. Upon being permitted to vote, the voter shall retire alone to a voting booth or machine and cast his or her ballot except that a voter who is a parent or guardian may be accompanied by the voter's minor child or minor ward. An election official may inform the voter of the proper manner for casting a vote, but the official may not in any manner advise or indicate a particular voting choice.

Voting for President and Vice President

A vote for candidates for President and Vice President is a vote for the presidential electors of those candidates. A write-in vote for President and Vice President must designate the name of a presidential candidate. A write-in vote for a candidate for President only will be counted. A write-in vote for a candidate for Vice President only will not be counted.

Where Optical Scan Voting is Used

The voter shall fill in the oval next to the name of the candidate of his or her choice for each office for which he or she intends to vote. To vote for a person whose name does not appear on the ballot, the voter shall write in the name of the person of his or her choice in the space provided for a write-in vote and fill in the oval next to the write-in line. When voting for President and Vice President, the voter shall fill in the oval next to the set of candidates (ticket) for president and vice president for whom he or she intends to vote. To vote for a Presidential ticket that does not appear on the ballot, the voter shall write in the names of persons of his or her choice in the spaces provided and fill in the oval next to the write-in lines. On referendum questions, the voter shall fill in the oval next to "yes" if in favor of the question, or the voter shall fill in the oval next to "no" if opposed to the question.

When using an *electronic ballot marking device* ("Automark," "Express Vote," "Clear Access" or "ImageCast Evolution-ICE") to mark an optical scan ballot, the voter shall touch the screen at the name of the candidate of his or her choice for each office for which he or she intends to vote. To vote for a person whose name does not appear on the ballot, the voter shall type in the name of the person of his or her choice in the space provided for a write-in vote. When voting for President and Vice President, the voter shall touch the screen at the set of candidates (ticket) for president and vice president for whom he or she intends to vote. To vote for a Presidential ticket that does not appear on the ballot, the voter shall type in the names of persons of his or her choice in the spaces provided. On referendum questions, the voter shall touch the screen at "yes" if in favor of the question, or the voter shall touch the screen at "no" if opposed to the question.

The vote should not be cast in any other manner. Not more than five minutes' time shall be allowed inside a voting booth. Sample ballots or other materials to assist the voter in marking his or her ballot may be taken into the booth and copied. The sample ballot shall not be shown to anyone so as to reveal how the ballot is marked.

Spoiled Ballots

If a voter spoils a **optical scan** ballot, he or she shall return it to an election official who shall issue another ballot in its place, but not more than three ballots shall be issued to any one voter. If the ballot has not been initialed by two inspectors or is defective in any other way, the voter shall return it to the election official who shall issue a proper ballot in its place.

After Voting the Ballot

After an official **optical scan** ballot is marked, it shall be inserted in the security sleeve so the marks do not show. The voter shall then insert the ballot in the voting device and discard the sleeve, or deliver the ballot to an inspector for deposit. If a central count system is used, the voter shall insert the ballot in the ballot box and discard the sleeve, or deliver the ballot to an inspector for deposit. The voter shall leave the polling place promptly.

A voter may select an individual to assist in casting his or her vote if the voter declares to the presiding official that he or she is unable to read, has difficulty reading, writing, or understanding English, or that due to disability is unable to cast his or her ballot. The selected individual rendering assistance may not be the voter's employer or an agent of that employer or an officer or agent of a labor organization which represents the voter.

The following is a sample of the official ballot:

<p>Washington County - NOVEMBER 3, 2020 (ALL RACES ARE VOTE FOR ONE) FEDERAL President and Vice President Joseph R. Biden / Kamala D. Harris (Democratic) Donald J. Trump / Michael R. PUBLIC NOTICES

NOTICE OF GENERAL ELECTION AND REFERENDUM (TOWN OF ASHFORD) AND SAMPLE BALLOTS NOVEMBER 3, 2020

OFFICE OF THE FOND DU LAC COUNTY CLERK TO THE VOTERS OF FOND DU LAC COUNTY:

Notice is hereby given of a General Election to be held in Fond du Lac County on the 3rd day of November 2020, at which the officers named below shall be chosen. The names of the candidates for each office to be voted for, whose nominations have been certified to or filed in this office, are given under the title of the office, under the appropriate party or other designation, each in its proper column, together with the questions submitted to a vote (Town of Ashford) in the sample ballot below.

INFORMATION TO VOTERS

Upon entering the polling place, a voter shall state his or her name and address, show an acceptable form of photo identification and sign the poll book before being permitted to vote. **If a voter does not have acceptable photo identification, the voter may obtain a free photo ID for voting from the Division of Motor Vehicles.** If a voter is not registered to vote, a voter may register to vote at the polling place serving his or her residence if the voter provides proof of residence. Where ballots are distributed to voters, the initials of two inspectors must appear on the ballot. Upon being permitted to vote, the voter shall retire alone to a voting booth and cast his or her ballot except that a voter who is a parent or guardian may be accompanied by the voter's minor child or minor ward. An election official may inform the voter of the proper manner for casting a vote, but the official may not in any manner advise or indicate a particular voting choice.

Voting for President and Vice President

A vote for candidates for President and Vice President is a vote for the presidential electors of those candidates. A write-in vote for President and Vice President must designate the name of a presidential candidate. A write-in vote for a candidate for President only will be counted. A write-in vote for a candidate for Vice President only will not be counted.

Where Optical Scan Voting is Used

The voter shall fill in the oval next to the name of the candidate of his or her choice for each office for which he or she intends to vote. To vote for a person whose name does not appear on the ballot, the voter shall write in the name of the person of his or her choice in the space provided for a write-in vote and fill in the oval next to the write-in line.

When voting for President and Vice President, the voter shall fill in the oval next to the set of candidates (ticket) for president and vice president for whom he or she intends to vote. To vote for a Presidential ticket that does not appear on the ballot, the voter shall write in the names of persons of his or her choice in the spaces provided and fill in the oval next to the write-in lines. On referendum questions, the voter shall fill in the oval next to "yes" if in favor of the question, or the voter shall fill in the oval next to "no" if opposed to the question.

The vote should not be cast in any other manner. Not more than five minutes' time shall be allowed inside a voting booth. Sample ballots or other materials to assist the voter in marking his or her ballot may be taken into the booth and copied. The sample ballot shall not be shown to anyone so as to reveal how the ballot is marked.

Spoiled Ballots

If a voter spoils an optical scan ballot, he or she shall return it to an election official who shall issue another ballot in its place, but not more than three ballots shall be issued to any one voter. If the ballot has not been initialed by two inspectors or is defective in any other way, the voter shall return it to the election official, who shall issue a proper ballot in its place.

After Voting the Ballot

After an official optical scan ballot is marked, the voter shall leave the booth and insert the ballot in the voting device.

The voter shall leave the polling place promptly.

A voter may select an individual to assist in casting his or her vote if the voter declares to the presiding official that he or she is unable to read, has difficulty reading, writing, or understanding English, or that due to disability is unable to cast his or her ballot. The selected individual rendering assistance may not be the voter's employer or an agent of that employer or an officer or agent of a labor organization which represents the voter.

The following is a sample of the official ballot:

Lisa Freiberg
Fond du Lac County Clerk

Location of Polling Places and Names of Municipal Clerks:

- Town of Ashford - Town Hall, N1410 Rolling Drive, Campbellsport – Tracy Flasch, Clerk

City of West Bend PUBLIC WORKS Operations Superintendent

The City of West Bend is accepting applications for a full-time Public Works Operations Superintendent at our Department of Public Works.

Under limited supervision, will be responsible for providing supervisory direction, management, organization and control as well as economically direct assigned employees and assets. The person in this position shall exercise independent judgment and discretion, and demonstrate strong ethical, professional, and service-oriented leadership. This person must possess and use excellent communication skills to set goals for the department and the employees of the Public Works Department.

Some key responsibilities include but not limited to; oversee all aspects of street maintenance, traffic signal maintenance, winter snow removal operations, maintenance of storm sewer system, and sanitation operations. Willing to train municipal operations procedures, strongly encourage qualified candidates to apply. Class A CDL required or must be able to obtain. Starting salary range of \$57,720- \$65,000.

Applications will be accepted until the position is filled. An application is required and a complete job description is available at our website www.ci.west-bend.wi.us or at:

UW Health Offers Halloween Safety Recommendations

Halloween is one of the most exciting nights of the year for kids and adults alike, but UW Health wants the community to know this year's celebrations must look very different than previous years because of COVID-19.

This year, UW Health experts recommend no large gatherings, including in-person parties, and no traditional door-to-door trick or treating.

Instead, hold virtual gatherings, such as virtual costume contests or virtual Halloween movie watch parties. Celebrate with members of your household with holiday games, movies, baking or crafts.

For those celebrating Halloween at home, officials at the American Family Children's Hospital safety center offer the following tips on costumes and activities:

•Be mindful of Halloween masks. Costume masks are not a replacement for protective face coverings, and a full-face

Halloween mask can obstruct a child's vision.

•Choose non-toxic face paint and make-up to ensure kids do not experience any adverse skin or breathing side effects from harsh chemicals.

•Facemasks to protect from COVID-19 should not be decorated with paint or magic markers as they can be toxic.

•When selecting a costume, make sure it is the right size to prevent trips and falls, whether around the house or outside.

•Use glow sticks to light jack-o-lanterns instead of candles. This will help prevent burns from open flames.

•Keep decorations away from open flames, light bulbs and heaters. Paper decorations and things like cornstalks can catch fire easily. Make sure smoke alarms are working correctly and review your fire escape plan with your family in case there is a fire.

As Halloween Celebrations Shift In Response To COVID-19, NFPA Urges Caution When Decorating With Candles And Electrical Lighting

As families find creative ways to celebrate Halloween in response to COVID-19, the National Fire Protection Association (NFPA) urges everyone to keep fire safety in mind, particularly when decorating with candles and electrical lighting.

"Because typical Halloween activities like trick-or-treating may be curtailed or even canceled in some communities, we suspect an even bigger focus on Halloween decorating in and around homes this year," said Lorraine Carli, NFPA's vice president of Outreach and Advocacy. "We urge everyone to carefully consider fire safety to

ensure that celebrations remain festively spooky, not hazardous."

According to NFPA, candles are among the leading causes of U.S. home fires. NFPA's latest U.S. Home Candle Fires report shows that an annual average of 7,610 home fires are started by candles, resulting in 81 deaths, 677 injuries and \$278 million in direct property damage. In addition, an average of 770 home fires started when decorations ignited. These fires caused an average of two civilian deaths, 20 civilian injuries, and \$11.1 million in direct property damage per year.

NFPA offers these re-

mindings to make sure everyone's Halloween celebrations don't go from "boo" to "boo-hoo:"

•Use a battery-operated candle or glow stick in jack-o-lanterns.

•Dried flowers, cornstalks, and crepe paper catch fire easily. Keep all decorations away from open flames and other heat sources like light bulbs and heaters.

•When using electrical lighting to decorate your home, make sure it is used in accordance with the manufacturer's instructions. Some lights are only for indoor or outdoor use, but not both.

•Use clips, not nails, to hang lights so the cords do not get damaged.

•Remember to keep exits clear of decorations so nothing blocks escape routes. Make sure all smoke alarms are working.

For families still planning to attend Halloween parties or go trick-or-treating:

•When choosing costumes, stay away from long trailing fabric that could come in contact with open flames or other heat sources.

•Teach children to stay away from open flames, including jack-o-lanterns with candles in them.

•Provide children with flashlights to carry for lighting or glow sticks as part of their costumes.
