

Abler-Engel American Legion Post 454 Sons of the American Legion Squadron at FDL Christian School. **SUBMITTED**

Sons of the American Legion Squadron Visit Schools

On Wednesday, April 23, the Abler-Engel American Legion Post 454 Sons of the American Legion Squadron out of Mount Calvary visited FDL Christian School, Trinity Lutheran School in Waucousta, and Trinity Lutheran in Kiel. These are three of nearly 25 schools that the squadron currently visit each year.

They target fifth-eighth graders to educate them on the history of the Flag, how to properly fold the Flag, and information on the Pledge of Allegiance.

Veterans from the post attend to answer questions the students may have. Every child receives a keychain at the end of the program. The squadron has single handedly created the curriculum and it has grown from a few local schools in the Mt. Calvary area to a 30-plus mile radius due to

requests by the schools and teachers.

“What a wonderful way to nurture patriotism in our youth and community,” commented an organizer.

Compeer Financial Awards Agricultural Scholarships Kewaskum student named

Compeer Financial has awarded 41 scholarships to graduating high school seniors from Wisconsin who are pursuing fields related to agriculture. Each student receives a \$1,500 educational scholarship from Compeer’s Fund for Rural America. Among those named is David Dorn of Kewaskum.

“Agriculture and other industries in rural areas offer amazing career opportunities for aspiring young people today, and Compeer is proud to help these students succeed,” said

Karen Schieler, manager of Corporate Giving at Compeer Financial. “Our vision is to create a world where agriculture and rural communities are dynamic, collaborative and thriving. These hard-working students are a testament to that vision and will help make it happen.”

Scholarship recipients were selected based on their academic achievement, essays and involvement in agriculture and community organizations.

Craig Sanborn Retires After Over a Decade of Dedicated Service to the Booster Club

COURTNEY DUREN
 JOURNALIST

After more than a decade of committed service, Craig Sanborn is retiring from the Kewaskum Booster Club, leaving behind a legacy of hard work, leadership, and community spirit.

Before the Booster Club, Sanborn’s involvement started with Holy Trinity Catholic School’s athletic programs starting in 2007 and going until 2012. That spring, he began volunteering with the Booster Club. One of the first projects he assisted with was helping to haul new shelters to the soccer fields near the intersection of Hwy 28 and Hwy 45.

In 2014, Sanborn had taken on key responsibilities, including machinery maintenance, outdoor stand product stocking, and LP tank refills. A year later, he stepped into leadership, first as Vice President in 2015, and then as President in 2016—a role he held through spring 2023 and again from spring 2024 to 2025.

During his presidency, Sanborn improved club operations by adjusting policies, simplifying the grilling area setup, and ensuring equipment remained functional. He served as the spokesperson for the Booster Club and proudly presented the Booster Club scholarship award each year.

One of his notable achievements was compiling a comprehensive record of all Booster Club donations dating back to the club’s founding in 1982. Since 1982 the Booster Club has provided over \$420,000 in donations. These include yearly scholarships to graduating seniors, funding for

The Human Condition And Its Many Variations

Dear Reader,

Remember the song “Just Dropped In (to see what condition my condition was in)” by Kenny Rogers and the First Edition? In today’s world, rare indeed is the person who enjoys what we might call perfect health. It seems that nearly everyone is managing some condition, whether it’s asthma, high blood pressure, cholesterol issues, diabetes, heart disease or one of countless other ailments. The human condition itself appears fraught with conditions, ranging from the mild to the severe.

We try our best—eating well, exercising, following doctors’ orders—but even with all our efforts, good health isn’t guaranteed. It can be elusive, slipping through our fingers no matter how tightly we try to hold on. And so, we adapt. We manage. We roll with the flow, accepting that our bodies, like our lives, are imperfect.

Perhaps it’s this imperfection that makes the human experience all the more poignant. Life is never entirely smooth, nor is health, but we endure and continue on, adjusting as we go. In a way, the conditions we face are just part of the larger condition we all share: being human.

Call this old school. Because that’s what it is. One of those back in the day deals. Though there wasn’t a heap of good in them. Leastwise for our parents. How much fun is going through more than 200 diapers a day to keep two infants’ bottoms dry? Enough to cause Mom to call up her own mother, begging for help.

Weren’t any disposables. Our family couldn’t afford them if they were available, on just Dad’s too small salary. So, fabric it was, cotton marginally thicker than cheese cloth. Fastened with huge safety pins that bore cute plastic heads. Cornstarch for the rash. Newborns wore an additional swath across the tummy; a band to keep their belly buttons in when they cried.

Feeding time had its own set of rituals. First, there was the effort required to keep the bot-

tlies (yes, they were glass, not plastic) clean. Fit into a rack inside a large, covered kettle called a sanitizer, the lot were boiled, along with nipples separately.

After weaned from Mom, cow’s milk was thinned with water to soothe a baby’s stomach. Heated to take the chill off, then squirted on the wrist to test the temperature. Formula hadn’t been invented yet. A dollop of Karo® dark syrup added to the mix to keep bowel movements regular.

Gradually, the toddler moved up to “solid” food. Actually, any of several boxed, dried flakes in flavors such as rice. Stir in a dash of milk and the result was a watery gruel that kept hungry little mouths fed for a longer span. Before moving up to jars of pureed fruits and vegetables.

Yep, we were Gerber babies, all eight of us. Perhaps not as cute as the one on the boxes and labels. But obviously loved and adored enough by our parents to wanna raise a whole passel of young’uns.

AI EDITORIAL POLICY FOR MULTI MEDIA CHANNELS

At Multi Media Channels (MMC), we are committed to delivering high-quality, accurate, and trustworthy content to our readers. As part of our ongoing efforts to innovate and improve our editorial processes, we have incorporated artificial intelligence (AI) tools into our workflow. This policy outlines our approach to using AI in content creation and the safeguards we have in place to ensure journalistic integrity.

Our AI Usage Principles

Our AI usage at MMC aligns with best practices in AI-assisted journalism and follows our

core principles of using cutting-edge communications technology to deliver hyper local content to our readership, through our print publications and digital media. We have our roots in our communities, and while AI is a tool—like computers or spell check—it cannot replace our journalists, with their experience, knowledge of and connections to their communities, and integrity.

LETTER TO THE EDITOR POLICY

450978

Letters to the Editor must include the writer’s full name, address, telephone number and other contact information (only your name and town will appear in print and online). Letters appear space allowed; our editorial

staff determines what content is published and there is no guarantee of publication.

- We will not accept a letter from an unidentified source.
- Letters should be no more than 250 words and may appear in our weekly print issue.
- Any or all stated facts must include the substantiating source.
- Letters may be edited by our staff for length, clarity and facts.
- The *Campbellsport News/Kewaskum Statesman* newspaper or website will only print letters that address a specific issue or article that may be of interest to the bulk of our readers.
- Submit letters to the Editor of the publication at: ccase@mmclocal.com, 106C S. Milwaukee St., PO Box 277, Theresa, WI 53091.
- Writers are limited to submitting two free Letters to the Editor per calendar year; letters in excess of that quantity must be submitted as a Paid Letter to the Editor. (See below)

We will not print letters that:

- Contain potentially libelous material. Libel is any malicious, unsubstantiated or untrue statement about someone that damages their reputation. Submissions must have facts to back up all claims.
- Support discrimination on any grounds. This includes, but is not limited to, discrimination based on age, ability,

gender, sexual orientation, religion or culture.

- Are vulgar, profane, obscene, derogatory or otherwise offensive.
- Make explicit or implied threats. This includes personal attacks, intimidation, bullying or threat of harm against a person or organization.
- Contain copyrighted material or that have been printed in another publication. All letters must be an original writing by the signer and exclusive to the *Campbellsport News/Kewaskum Statesman*.
- Identifies another person, unless that person has given their explicit consent. We assume that any person identified in a letter has consented to be mentioned in the letter.

Copyright and reprint permission

The writer of a Letter to the Editor maintains copyright of their letter. Any other individual or organization must seek permission from the writer if they wish to reprint a letter to the editor.

Political Letters to the Editor

All “Letters to the Editor” submitted as an endorsement for or opposing a political candidate, referendum or political agenda will carry the same guidelines as above; however, they will be charged \$100 for the first 200 words and an additional \$25 per additional 50 words. All political letters must be prepaid prior to printing. This includes any opinion trying to sway a vote. Political letters involving an upcoming race will not be published the week leading up to the election, to provide a fair opportunity for rebuttal. All paid letters to the editor will be clearly labeled as a “Paid Letter to the Editor”. Some submissions may be referred to our advertising department to be run as ads.

POLITICAL DISCOURSE

Government Mumbo Jumbo

MARY KRIEGER
CONTRIBUTOR

Confused by the many legal/political terms that you are hearing on the news and social media? You are not alone. A reader of this column recently asked if a simplified explanation of the terms related to immigration could be addressed, so here goes.

A visa is a permit issued by the United States allowing a person from a different country to enter the U.S. for a specific reason and time frame. Visas can be for either immigrants or nonimmigrants. There are several different types of non-immigrant visas for those wishing to come to the U.S. temporarily, which are identified by numbers and letters. Types include H-B1 visas which are issued to specialty occupations like physicians and H-3 visas for farm workers. There are also student visas for high school, university and seminary students.

Immigration visas are for those wishing to become residents. The different types of immigrant visas also are designated with letters and numbers and include IR1 and CR1 visas issued to immigrants who are married to a U.S. citizen and employer sponsored visas such as the priority workers E1 visa. Visa holders cannot vote in federal elections or obtain a U.S. driver’s license and can be deported for overstaying their visa, working without authorization or breaking the law. Some types of visa holder workers pay into social security and can claim benefits if they work long enough and meet all other criteria. (www.travel.state.gov)

A green card is also referred to as a Permanent Resident Card. It grants permanent resident status to an individual from another country giving them the right to live and work in the United States. A green card holder can apply for citizenship after meeting all requirements. To obtain a green card the person must have sponsorship by family members or an employer or be designated as a refugee. The cost for application is \$2,000.00-\$5,000.00. A green card holder is not a U.S. citizen and cannot vote in federal elections. They do pay into social security and if they meet all requirements can claim benefits. (www.uscis.gov)

Asylum may be awarded to immigrants who have a well-founded fear of persecution if they were to be returned to their home country, based on “race, religion, nationality, membership in a particular social group or political opinion.” (www.uscis.gov) The individual must apply in the U.S. and be interviewed by an asylum officer who decides if the individual meets the criteria. If the asylum is granted, the individual is protected by law from deportation, however, the application process can take months to years to complete. Once completed, the individual is awarded refugee status. Refugees cannot vote in federal elections but do pay into social security and can claim benefits if they meet all criteria.

A naturalized citizen is someone who was born in a foreign country and has been a green card holder for 3-5 years. They need to complete lengthy applications, demonstrate good moral character, pass an English and civics exam, be a minimum of 18 years old and pledge allegiance to the U.S. In 2024, 818,500 foreign born people became naturalized citizens. Naturalized citizens have all the rights and privileges of native-born U.S. citizens. (www.usa.gov)

According to the 14th amendment of the U.S. Constitution, anyone who is born on U.S. soil is automatically a U.S. citizen.

“All persons born or naturalized in the United States and subject to the jurisdiction thereof, are citizens of the United States and of the state wherein they reside. No state shall make or enforce any law which shall abridge the privilege or immunities of citizens of the United States; nor shall any states deprive any person of life, liberty or property, without due process of the law; nor

Lions Club Spring Dance Season Begins

A Mayville Lions Club Spring Dance season continues on Saturday, May 10, at the Mayville Park Pavilion from 1-5 p.m., featuring Mike Schneider. Cost is \$10 per person.

Mike Schneider is a six-time Polka Hall of Fame award winner, having been recognized for his music and promotional efforts by the Wisconsin and National Cleveland Style Polka Halls of Fame. Mike started playing the accordion when he was just six years old, following in his father's footsteps. In 1996 at the age of 16, he played his first official engagements with his band alongside his dad.

At this time, Mike carries on the polka traditions passed on by his biggest musical influences in Frankie Yankovic, Verne and Steve Meisner, and Roger Bright. Mike and his band are a popular fixture at dances, festivals, and especially Oktoberfest celebrations throughout the upper Midwest. They were featured alongside celebrity chef Bobby Flay on the Food Network, and have performed for events hosted by President Jimmy Carter's son, Chip, and J.C. from the band NSYNC.

During the summer months, Mike travels extensively with his Pint Size Polkas program, bringing the happy sounds of polka music to kids and families at libraries from coast-to-coast. How extensive? He's put on more than 1,700 shows in 30 states since the debut of Pint Size Polkas in 2008.

More information about the Mike Schneider

Mike Schneider

Band and his Pint Size Polkas program, including complete performance schedules for each, can be found at mikeschneiderband.com and pintsizepolkas.com.

The Dairy Month Dance will be held on June 16, featuring Gary's Ridgeland Dutchmen.

Band sponsors include Edward Jones, Mayville Ace Hardware, R.H. Equipment, Bernhard Plumbing, Mayville Tire Company, Fox Bros Piggly Wiggly, and RCI Engineering.

Additional information is available by calling George Schroeder at 920-298-8613.

Horicon Bank Donates \$15,000 to Environmental Causes

Horicon Bank has made a donation of \$15,000 to 15 different community causes, all dedicated to benefiting the environment.

Horicon Bank president Fred C. Schwertfeger says the contribution is made in honor of customers' response to the bank's recent eStatement campaign which encouraged choosing a greener option for monthly bank statements.

"As a company committed to sustainability, we are thrilled to see our customers embrace digital statements, reducing paper waste and contributing to a healthier planet," said Schwertfeger. "This initiative not only reflects our dedication to environmental stewardship but also highlights the collective effort of our community in making a positive impact."

The 15 community causes receiving donations were chosen by bank employees of each community. The causes range from conservation projects to educational programs on sustainability.

"Each organization plays a vital role in fostering a greener future, and we are honored to support their work with these donations," said Schwertfeger.

Organizations each receiving a \$1,000 donation include:

- City of Beaver Dam Tree Planting Project in local parks
- Fond du Lac Audubon Society
- Friends of Horicon Marsh
- Heckrodt Wetland Preserve
- Little Green Lake Protection and Rehabilitation District
- Marsh Haven Nature Center
- Milwaukee Parks Foundation
- Neosho Pond Association
- Ripon Parks and Recreation Department for planting trees in local parks
- River Edge Nature Center
- Roots and Branches, Inc.
- Tarrant Lake Preservation Committee
- Waukesha County Green Team
- Waukesha County Land Preserve
- Winnebago Audubon Society

"We extend our heartfelt thanks to our customers for their commitment to environmental responsibility and for helping us make a difference in our communities," said Schwertfeger.

Horicon Bank is a full-service community bank with nineteen locations in communities across Wisconsin.

DISCOURSE from page 2

deny any person within its jurisdiction the equal protection of the law." (www.constitution.congress.gov)

This amendment also states anyone in the United States, whether they be a citizen, immigrant or visitor from another country, is entitled to equal protection under the law. The phrase "due process" means that all people accused of a crime have the right to legal representation and a fair hearing before a judge. According to the Foundation for Individual Rights and Expression, due

process "ensures a level of fundamental fairness for the individual from government overreach. It ensures that the government does not act arbitrarily." (www.thefire.gov)

Our nation's government is complex and often confusing. Regardless of the government's complexity, the basic truths written into our Constitution are that all people are created equal and should not be deprived of life, liberty or property without due process of law. This is the foundation of our democracy.

Birding the Northern Unit's Hot Spots

FRIENDS OF THE KETTLE MORAINE

Travel to the Kettle Moraine State Forest - Northern Unit on Saturday, May 10, to bird the hot spots of the Kettle Moraine State Forest - Northern Unit from 8-11:30 a.m. Join Jackie Scharfenberg, retired forest naturalist, to search for returning summer residents, passing through migrants, and year-round winged wonders. More than 230 bird species have been identified in the Northern Unit. We will start our birding ex-

pedition at the Mauthe Lake Recreation Area (located at N1490 County Road GGG, Campbellsport - between County Road SS and County Road S near New Prospect) for a wide variety of birds and then carpool to the Jersey Flats to search for grassland birds. We will end the morning at the Parnell Trail to hunt for interior woodland species.

Come dressed for the weather and wear appropriate footwear for possible muddy spots on the trails. Remember to bring your favorite binoculars and bird field guide. This program is best for people over 10 years old. A valid Wisconsin State Park System vehicle admission sticker is required to park at the Mauthe Lake and Parnell Trail parking lots.

The Friends of the Kettle is the friends group for the Kettle Moraine State Forest - Northern Unit providing support for the recreation, resource management, and education efforts within the Northern Unit. For further information about this program or the Friends, please call or text 920-313-1566. Hope you can join us for this super spring adventure!

Adventure Passes

Who's ready for an exciting adventure? This summer, explore more places with the Campbellsport Public Library Adventure pass program. Simply use your library card to check out a pass at the library's front desk and embark on a journey to some of the most exciting destinations in Wisconsin. With passes available to eight wonderful places around Wisconsin you won't want to miss out. Passes will be available for check out beginning on Monday, May 5. To check out an adventure pass, you must have a library card in good standing and be at least 18-years-old. The person checking out the pass must be present at the time of use. Rules and policies vary per pass, and full policies can be viewed at the front desk of the library. Limit of one pass per family at a time. For more details regarding the passes and to discover where they can be used, please visit the library front desk.

Story Time

Preschool children ages 3-6 are invited to story hour on Wednesday at 10:30 a.m., Join Ms. Katey for stories, crafts and games! Enjoy learning and socializing with other children and families in the community.

- May 7 – Bugs – Discover the fascinating world of all things creepy crawly.
- May 14 – Bikes – Join us for Bike Day. Bring your bike or scooter and enjoy zooming around in our closed-off parking lot. Police Chief Andrea Dowland will be her to share important bike safety tips.
- May 21 – Picnic – Don't miss the final story hour of the spring, bring along your favorite picnic snacks and enjoy story hour outside.
- June 11 – Join us this summer for our Summer Reading Program! We will start our summer version of story hour on Wednesday, June 11, at 10 a.m.

Mix and Make Event

It's time to Mix and Make something awesome at the library! Join us for our last Mix and Make before summer programs start on Tuesday, May 13, at 3:45 p.m. We had such a blast at our last Shrinky-Dink day that we are doing it again. Come get creative and also enjoy a sweet ice cream treat while you craft. Mix and Make is open to school-age kids. Registration appreciated but not required.

Monday Movie of the Month

The Monday Movie of the Month for May 19, will be "The Unbreakable Boy" Starring Zachary Levi and Gavin Warran. A young autistic boy battles a rare disease that makes his bones extreme-

ly brittle, making every day tasks dangerous. But, instead of wallowing in self-pity and hiding away for fear of getting hurt, he lives his life as only he can. His positive outlook and special qualities bring joy and hope to others around him. His family and friends become inspired to live their lives to the fullest and dream without fear. The movie is 1-hour and 49-minutes-long and will show at 1 p.m. and 6 p.m. Please note our Monday movie will be held one week earlier than normal due to the Memorial Day holiday falling on the last Monday of the month.

Upcoming Programs

(More information to come soon)

- Week of June 2 – Summer reading sign up. Visit the library during open hours to sign up, grab your reading bag, or log and pick up a calendar highlighting all of our exciting summer events.
- Wednesday, June 4, at 1 p.m. will be "Science Heroes – Adventure of the Missing Color." Join Science Heroes on a mission to turn science into an adventure. Through hands-on experiments and fun interactive stories, we get kids excited about the science that's all around us as we celebrate the scientists who color our world with art! Kids of all ages are invited to this special program to kick off our Color Your World Summer Reading Program!
- June 16 – Family Fun Night. Join us for our annual night of fun! We will have our bake sale, brat fry, touch a truck, games, balloons, bouncy houses and more!

Library Seeking Trustee

The library has a trustee position open. This position is available to people who live within the Village of Campbellsport limits. This volunteer position fills a three-year term which ends on April 30, 2028.

The library board meets monthly on the second Wednesday at 6 p.m. The board's responsibilities include, but are not limited to, securing funding for the library, establishing the annual budget, approving monthly expenditures, overseeing donated funds, setting policies, ensuring the library facility is properly maintained and supervising the library director.

Additional volunteer time is expected from board members at a few additional large library events throughout the year. Individuals who would like more information, may contact Alison at the library.

Interested parties should send a letter of interest to Angel Rettler, Village of Campbellsport clerk-treasurer. The letter of interest can be mailed to P.O. Box 709, Campbellsport, WI 53010, or it can be emailed to angel.rettler@cpportvill.com. Please include your home address in your letter of interest. Letters should be sent by May 23.

Library Closed

The library will be closed on Monday, May 26, in observance of Memorial Day.

Library Hours

The library is open Monday-Friday, from 9 a.m.-6 p.m. It is closed on Saturday and Sunday.

Activities at the Kewaskum Public Library

1225 Fond du Lac Ave.
www.kewaskum.lib.wi.us
kewaskum@monarchlibraries.org
262-667-2930

May Mystery Kits

Help us clear out our craft closets! Kits for all ages will include a mystery craft. Will it be embroidery, diamond art, bookmarks or another surprise? Kits will be appropriate per age group, but who knows what it will include!

Preschool Storytimes

On Wednesday, at 10:30 a.m., join Youth Services Librarian Megan for songs, stories, and crafts.

- April 30 – Learn about Ladybugs
- May 7 – Wonderful Watermelon

LEGO Lab – Magical Treehouse

On Thursday, May 1, at 4 p.m., we are calling all LEGO enthusiasts to come and build with us at the library! We've got lots of LEGOS, all you need to bring is your creativity and imagination. Open to all ages. Please register in advance in-person, phone, email or online at kewaskum.events.mylibrary.digital/event?id=172167.

Maker Monday

To be held on May 5, at 3 p.m. Spring Inspiration Paint & Sip – What makes you think spring? Come ready for canvas painting and a little something to sip on. Of course, there will be snacks! Open to all children grades six and higher. No registration necessary.

StoryWalk – 'Planting a Rainbow' by Lois Ehlert

From May 5-17, take advantage of spring weather and go for a walk around the village! Village businesses will have pages from the story "Planting a Rainbow" displayed in their windows. Pick up a map at the library to get started beginning May 5.

First Tuesday Movie Matinee

On Tuesday, May 6, at 2 p.m., join us for a new-to-DVD film. Popcorn will be served. Movie is located on the lower level which is only accessible by stairs. Title and more information located on our website at kewaskum.lib.wi.us/first-tuesday-movie-matinee/.

Kewaskum Public Library's Seed Library Now Open!

How it Works:

- Take seed packets from our collection (up to three per person). Fill out a checkout form to let us know which seeds you took.
- Follow the directions on the envelope to plant the seeds in your garden. Watch them grow!
- If you need help, stop in the library for helpful tips and gardening books.
- Gather seeds from your favorite, healthiest plants and return them to the library for others to enjoy next season. Be sure to fill out the type of seed and date.

Library Hours

The library is open Monday-Wednesday, from 10 a.m.-8 p.m.; Thursday-Friday, from 10 a.m.-6 p.m.; and Saturday, from 10 a.m.-2 p.m.

Check It Out!

LORI KREIS, DIRECTOR
KEWASKUM PUBLIC LIBRARY

April showers bring May books! Come on in and check out all the new items we have for you this month!

We will start with a first novel featuring the difficulty and joy of being your own person. *Happiness Forever* by Adelaide Faith is a heartfelt novel. Sylvie is happy only when she's in therapy. This is because Sylvie is in love with her therapist; she thinks about her every second they're not together (roughly 167 hours and 10 minutes per week). When the therapist starts to prepare Sylvie for the end of treatment, she just has to be as brave as she can be! Another adult fiction debut is written by Aaron John Curtis. *Old School Indian* combines raucous humor with respect for ancestral traditions. This is a coming-of-middle-age novel about an Ahkwesáhsne man's reluctant return home and what it takes to heal.

Speak to Me of Home by Jeanine Cummins is a multigenerational family story that surveys the depths of the immigrant experience and

compassionately examines the push and pull between individual identity and ancestral ties. Wally Lamb's new release, *The River is Waiting*, is the story of a young father who, after an unbearable tragedy, reckons with the possibility of atonement for the unforgivable. Another debut novel, *The Original Daughter*, explores family bonds and in Singapore. Author Jemimah Wei brings us Genevieve, an only child before sister Arin is unexpectedly brought into her life. These sisters new to each other must navigate life and all the challenges a dysfunctional family brings. Look for more new releases by favorite authors Stephen King, Carley Fortune, Freida McFadden, Fredrik Backman and Christopher Moore.

In non-fiction, we will have an assortment of titles from various topics. *Melting Point: Family, Memory, and the Search for a Promised Land* is a family memoir about a long-lost plan to create a Jewish State in Texas. Rachel Cockerell visited many locations to bring us this well-researched about the author's ancestor who persuaded Russian Jews traveling on a ship to America in 1907 to settle in Galveston. *Apocalypse* is a non-fiction archaeological treat. It offers a new way of understanding human history, reframing it as a series of crises and cataclysms that we survived,

moments of choice in an evolution of humanity that has never been predetermined. Michelle Young's *The Art Spy* brings the reader into a rich history during World War II Paris. Rose Valland infiltrated Nazi leadership to save masterpieces from the French museums.

For the youngest readers, we listened to your requests and have a bunch of new Bluey books available for checkout. Look for more of your favorite or new authors in our new books display for May!

I CAMPBELLSPORT GLANCE BACKWARDS I

5 Years Ago

April 30, 2020

The Campbellsport Board of Education discussed high school graduation at their Monday, April 27, meeting. They made no decision on what to do with graduation. They will be surveying parents and seniors to see what they want to do. During the Monday, April 13 meeting, board members approved the hiring of Patrick O'Connor as the new Campbellsport High School principal.

Officials with Nacelle Solutions have announced that renewable natural gas (RNG) production is now underway at Clover Hill Dairy in Campbellsport.

Blenker Building Systems and Drexel Building Supply, headquartered in Campbellsport, have agreed in principle on a merger, which is expected to be finalized on April 30.

The newly announced Wisconsin Dairy Recovery Program – a partnership between Hunger Task Force, Dairy Farmers of Wisconsin and the Wisconsin Department of Agriculture, Trade and Consumer Protection – is in full swing. The first 2,480 gallons of fresh, whole milk were delivered to Hunger Task Force on Friday and has been distributed to area food pantries.

Moraine Park Technical College has named Kevin Piotrowski, of Kewaskum, as their 2020 Student of the Year.

The Wisconsin Department of Natural Resources will reopen 34 state parks and forests on Friday, May 1, at the direction of Gov. Evers with special conditions.

James G. "Jonesy" Korth, 71, of Kewaskum, passed away on April 27.

Leo H. Marquardt, 69, of Kewaskum, passed away on April 20.

May 6, 2010

This year's CHS Spring Play is a hilarious comedy entitled "Check Please: Take Three" by Jonathan Rand.

Members of Team Quattro of Leadership Fond du Lac, which is a program of the Fond du Lac Area Association of Commerce, constructed a kiosk in Eden Community Park last month. The kiosk was constructed by the sign for the Eisenbahn Trail that starts in Eden and ends in West Bend. The group also constructed some benches and signs along the trail from Eden to Campbellsport. They will have a dedication ceremony this Saturday, May 8 for the new items. This is all being dedicated in the memory of Kenneth V. Gellings.

Two Campbellsport High School students saw the culmination of their year-long project this past Sunday at the Project GRILL unveiling at Moraine Park Technical College. Senior Eric Seibel and junior Ben Kreis worked together all school year to build a jungle gym-themed grill. They were paired with area manufacturer BCI Burke Inc., which is a company known for quality playground equipment.

On Friday, April 16, the Campbellsport High School Forensics team traveled to Madison to compete at the state competition. Ten of the total 17 team entries qualified for state. The team came home with four perfect scores of 25 points. Earning the gold medals were prose readers – Rachel Sippel and Ellie Stoffel; playing acting group – Sam Pryor, Brian Narges, Amanda Fellion and Cody Galligan; and Super Hero group interp. – Austin McGrath, Jessica Sippel, and Abi Quackenboss.

Reid Hundertmark did what all golfers hope to accomplish in their lifetimes...a hole in one. He aced the 90-yard 14th hole at Badger Creek during conference play on Tuesday. This was the first hole in one in a conference meet since we went to the current meet format eight years ago.

A son, Ezekiel Daniel, was born on April 25 to Joshua and Kaila Stukenberg, Campbellsport.

School Sister of St. Francis Emmalin Recker (Dacia) passed away on April 28 at St. Joseph Convent, Campbellsport.

Audrey J. Peebles, 81, passed away on April 27.

This photo appeared in the May 6, 2010, edition of the Campbellsport News.

Jacob Schrauth was the winner of the Campbellsport Public Library's poetry contest. For the past three years, the library, along with the help of Jane Osypowski (presenting the prize), has been

holding an open mic night to celebrate national poetry month in April. This year it had the privilege of published author Allan E. Ansorge read from his work of fiction and selections of poetry.

FILE PHOTO

Eleanor Neckuty Herriges, 83, of West Bend, passed away on April 30.

Raymond M. Koepsell, 80, of Eden, passed away on April 29.

Gertrude L. Kaschner, 87, of Kewaskum, passed away on April 30.

Eleanore B. Verbanac, 79, of Aniwa, passed away May 2.

25 Years Ago

April 27, 2000

The Campbellsport School Board at the April 17 School Board meeting approved bids for material, equipment and construction. The bids had been opened at C.D. Smith on April 10 with Board members in attendance.

A Campbellsport School District request for \$600,000 from Fond du Lac County for a community swimming pool was voted down 24-12 by the County Board on Tuesday evening.

Aid Association of Lutherans (AAL) recently presented \$650 to Waucousta Lutheran School through the AAL Member Gift-Matching Program.

Mrs. Schubert's second grade class at Eden Elementary School has been studying the solar system to start the fourth quarter and will end the unit with a trip to Barlow Planetarium in Menasha.

The Campbellsport School District Board approved the Campbellsport 7 thru 12 grade renovated school building plan at last Monday evening's regularly scheduled board meeting. The plan is the second phase of the Construction Referendum which had recently passed in the amount of \$15,600,000. Phase one – the K-6 Grade School – is presently under construction on Hwy. W at the north village limits and carries a price tag of \$9,400,000.

On Tuesday, March 28, the Campbellsport School District held a K-8 Art and Science Fair in the school cafeteria. Students in grades K-8 had their artwork displayed for the public. There were plenty of activities on held for children and adults as well as a silent auction. The Campbellsport High School Art Club sponsored the event to raise money for their trip to New York City this summer.

Many awards were presented at the Campbellsport FFA Banquet on April 11. Mr. and Mrs. Jerry Immel received the Junior High Award for Service to Ag. Education Department. Mr. and Mrs. James Schneider were recognized for their outstanding service the FFA Chapters.

Kyle Salter of Eden and the Campbellsport FFA Chapter has recently been selected as a recipient of the DEKALB Agricultural Achievement Award.

Twenty-three music students from Campbellsport High School have advanced to the State Competition which will be held this Saturday, April 29th at the University of Wisconsin – Milwaukee. Five entries are going for the band, with eight entries competing in the chorus portion of the competition.

50 Years Ago

May 1, 1975

The newly elected officers of the Campbellsport

PTO are off to an early start in activities planned for their 1975-1976 term in office. The PTO will be sponsoring the 2nd Campbellsport Elementary School Bicycle Safety Program. This program is under the direction of Officer Robert Daul of the Fond du Lac County Police and Miss Mary Beth Leonard, a 1st grade teacher.

Thirteen Industrial Arts students, representing Campbellsport High School, were at UW-Platteville competing in Class B competition. Ribbon winners for individual placings included Pat Del Ponte, 1st Drafting; Nick Mueller, 1st Welding; Perry Polzean and Jim Weiland, 2nd Power; Geo. Gudex and Jeff Lindsley, 3rd Power. In team placements for a trophy award, the count was Drafting 1st, Power Analysis 1st, Welding 2nd, and Metal Machining 2nd.

Planning a new session, the Campbellsport Enrichment Program committee met last month to formulate ideas and plans for a new summer session. The program for all mental, physical and socially handicapped young people in the area will be held in the Scout Cabin at the village park.

The Flyway Concert Festival was held Saturday, April 26th at North Fond du Lac High School. The Campbellsport High School Band received a 1st Division rating in Class A. This is a highly coveted award because Campbellsport was the only high school out of four schools in Class A to receive a 1st Division rating. In the Sight-Reading Event, the Campbellsport Band also received a 1st Division Rating.

Mary Bebow has been awarded the U.W. Badger Dairy Club Scholarship for 1975-76.

Deborah Senn has been awarded the Moorman Company Scholarship for 1975-76.

The YMCA of Milwaukee is building a camp in the Kettle Moraine Forest. The land was purchased from a private party, but is surrounded by state land.

Mrs. Norman C. Schrauth, 63, passed away Sunday night.

75 Years Ago

May 4, 1950

The CHS Club returned from the Spring Music Festival at Ripon last Saturday with the following ratings. The Glee Club placed first in Class C, for the second consecutive year. As a result if the fine progress made in recent years, the Glee Club may enter the tournament in Class B next spring. Competing against 17 bands in Class C, the Band received a second in playing and a third in marching competition.

Ground was broken for the construction of a new Chrysler-Plymouth display room, garage and service station at the corner of North Fond du Lac Avenue and Highway 67. The building is being erected by Harvey Kippenhan who intends to move from his present location on the corner of Main Street and North Fond du Lac Avenue upon completion of the building.

A motion was passed Monday evening at the regular meeting of the village board designed with the offer of money to force the opening of Mill Street from Elm to Fond du Lac Ave. and County Trunk W from Sheboygan to Main St. A limit of twenty days was put into the motion for those concerned to accept, make counter proposals or be subject to condemnation proceedings.

Because many more older cars are on the highways today than prewar, unsafe operating condition is a growing factor in automobile accidents, Mr. C.P. Schill, a local automobile dealer and a member of the safety committee of the Janesville Zone Chevrolet Dealers Association pointed out today. The month of May has been chosen as National Car Safety Month.

David Leo Uelmen, son of Dr. and Mrs. Leo Uelmen, this week announced his candidacy for the post of Democratic Assemblyman for the second Fond du Lac county district.

A son was born on April 27 to Mr. and Mrs. Leo Bingen.

A daughter, Danita Dawn was born on April 28 to Mr. and Mrs. Raymond Butzke.

I KEWASKUM'S DAYS GONE BY I

5 Years Ago

April 30, 2020

Dan Zeman was not expecting much celebration for his 13th birthday on Saturday, April 25. After all, he could not have a large group of people over to his home because of Governor Tony Evers' "Safer At Home" order. So he was very surprised when a parade of police cars and fire trucks came past his house, with the sirens blasting and emergency personnel yelling out Happy Birthday.

On Friday, April 24, Kaitlyn Blank made history when she became the first Kewaskum Middle School student to ever participate in a Virtual State Solo and Ensemble Contest. Kaitlyn, who is an eighth grader at Kewaskum Middle School, performed a flute solo in the contest.

Last week, the Wisconsin 9/11 Memorial and Education Center received \$67,096.20 from Washington County when Josh Schoemann forewent his severance package when he went from being county administrator to county executive.

At a special Kewaskum Village Board meeting on Monday, April 27, the board voted 5-2 against rescinding local ordinances that enforce Emergency Order #28. The emergency order, which was issued on April 16, re-institutes the "Safer At Home" orders in Emergency Order #12 (with a few modifications) to be effective as of April 24, expiring on May 26.

Michele M. Berres, nee Moore, 63, of West Bend, passed away on Saturday, March 21; David R. "Dave" Ellefson, 55, of Kewaskum, passed away on April 22; James G. "Jonesy" Korth, 71, of Kewaskum, passed away on Monday, April 27; Topanga Lee Lawrenz, 10-day-old daughter of Joshua and Tanya Lawrenz, passed away on Thursday, April 9; Elton W. Ludwig, 95, of Kewaskum, passed away on April 23; Leo H. Marquardt, 69, of Kewaskum, passed away on Monday, April 20; Lawrence A. Zehren, 68, of Allenton, passed away on Saturday, April 25; Frederick W. "Fred" Zingsheim, 78, of Theresa, passed away on April 22.

15 Years Ago

April 29, 2010

Activity in Kewaskum's embattled tax incremental finance district remains dead after the Plan Commission on Tuesday recommended to deny one certified survey map due to lack of detail and only approve another if staff considerations are met. Longtime developer Gary Gavin, who submitted the two CSMs, was so frustrated he left the meeting in disgust before the second recommendation was made. He said he thought both would be approved and was "totally blindsided" by the commission's concerns. Gavin said he is done developing in Kewaskum.

Kewaskum High School will hold their Junior Prom themed "Masquerade Ball" on Saturday at Washington County Fair Park.

Kewaskum High School for the first time held the Every 15 Minutes program last Thursday and Friday, an educational effort that uses shock value to pound home the dangers of drinking and driving to both students and adults.

For the second year in a row, Gino Guidice of the Bonne Belle Motel, organized a clean-up of the Milwaukee River in Kewaskum, on behalf of the Kewaskum Area Chamber of Commerce. This year a total of 33 volunteers, up from 19 last year, spent three hours collecting garbage along the river. Groups included: Boy Scouts, Holy Trinity students, The Kewaskum Indians Wrestling Club, Kewaskum School students, supporting parents of these clubs and other Kewaskum citizens.

Kewaskum High School will be holding its first Relay For Life on Friday, June 4, at 6 p.m. through Saturday, June 5 at 6 a.m. The Relay starts off with an Opening Ceremony kickoff event to honor cancer survivors. A Luminaria Ceremony will remember all those who have been affected by cancer.

A daughter, Eleanor Judy, was born to Julie and

Wayne Circus is 'The Greatest Show on Earth'

This photo ran in the May 4, 2000, edition of the Kewaskum Statesman. The Wayne Elementary School Spring Concert, titled, "The Wayne Circus," which featured songs and costume highlighting animals and the circus life, was held recently. Students dressed as everything from elephants to clowns to zebra! **FILE PHOTO**

Jesse Korth of Kewaskum on April 14.

A son, Colin James, was born to Jim (Elvis) and Kim (Resch) Twohig of Campbellsport on April 4.

Harold H. 'Muggs' Manthei, 87, of the Town of Auburn, passed away on Saturday, April 24; Laura C. Hammes, 93, of Kewaskum, passed away on Friday, April 23; Sharon J. Eulert (nee Cypher) of Eulert Accounting in West Bend, passed away on Friday, April 23; Kathryn E. Degner (nee Baer), 89, of West Bend, passed away on Tuesday, April 20; Alan J. Hermans, 76, passed away on Friday, April 23.

25 Years Ago

May 4, 2000

The Village of Kewaskum Board met Monday, to discuss and review a request by David Gruber, part-owner of Wiseguys Tavern, and Robert Beisbier, owner of Kewaskum Frozen Foods, to divide the property known as the General Store Antique Mall to make a larger parking lot for both of their businesses.

The Kewaskum High School's Junior Prom will be held in Rose Hall at the high school on Saturday from 8 to 11:30 p.m. The community is invited to view the grand march at 9:15 p.m. This year's theme is Lost in a Dream.

Kewaskum native Chad Harlow will appear in the cast of the award-winning Broadway classic, Show Boat, at the Madison Civic Center on Wednesday, May 17, 7:30 p.m. as part of the musical's national tour. A graduate of Kewaskum High School, Chad is the son of Joe and Judy Harlow of Kewaskum.

The Kewaskum Area Chamber of Commerce has prepared Welcome Bags for residents who are new or who have recently moved into the area. The Welcome Bags will be available after April 1, 2000, and will contain pertinent information, pens, key holders, coupons from area businesses and service organizations.

A daughter, Brooklyn Lee, was born to Jaelyn Lee Techtman and Cory James Henderson of Kewaskum on April 25.

On April 24, 2000, the Kiwanis Club of Kewaskum Club selected Kristina "Tina" Olewinski as their recipient for the Kewaskum High School Key Club Scholarship.

Kewaskum's Charlie Sparks won the discus event with a throw of 159'3" at Pewaukee. Charlie broke his own school record of 155'11" that he threw earlier this season.

Lester J. Heinecks of West Bend, 80, passed away on Thursday, April 27; Gertrude E. Mann, 79, formerly of Campbellsport, passed away on Sunday, April 30; Alan J. "Al" Weninger, 49, of Three Lakes and formerly of West Bend, passed away on Thursday, April 27; Marjorie C. Krcil, nee Meyer, 46, of West Bend, passed away on Tuesday, April 25.

50 Years Ago

May 2, 1975

Regal Ware, Inc. has announced that Julaine Bier and Ralph Butz are the 1975 recipients of the J. O. Reigle Scholarship Awards. The awards, in the amount of \$2,000, are offered yearly to the graduating class of Kewaskum High School and will provide each of the recipients with \$500 per year over a full four-year college program.

The Kewaskum Board of Education decided at its meeting Monday evening not to hold summer school this year, with the exception of the screening program and possibly classroom driver education. Behind-the-wheel will be offered. The uncertainty of the state budget situation relative to summer school was a major factor in the decision.

This year's FFA Banquet saw 350 persons in attendance last Thursday evening in the high school gym. The officers and members planned this and executed the entire event. The highlight of the banquet is, of course, the awards ceremony following dinner.

On Saturday, April 12, Kewaskum participated in a district solo and ensemble contest held at the high school in Germantown. The band and choir students did exceptionally well, receiving 34 first in class A, two not going to state, 44 seconds, and only 8 thirds.

75 Years Ago

April 28, 1950

The Salvation Army campaign for funds to carry on its program for another year is announced by the local rural service chairman, L. N. Peterson. An opportunity for all citizens in Kewaskum to contribute will be given through the mail appeal and also contributions may be left with Treasurer M. W. Rosenheimer at the Bank of Kewaskum. The funds subscribed will meet the budget of the local service group and also support the state-wide program of the Salvation Army in its many activities.

The Wisconsin Beagle club will hold its annual meeting and spring derby trial for young dogs in Kewaskum on Sunday, April 30, according to Joe Eberle, president. Officers will be elected for the coming year. The derby trials will be run in the area surrounding Kewaskum.

Sixty representatives of civic, farm, church, veterans and youth clubs from all parts of Washington County met Tuesday evening at the court house in West Bend to discuss the creation of a Washington County Health council. Tentative articles of organization were adopted, final approval, the election of officers and discussion of some community problems set for the next meeting on June 5.

Sylvester Marquardt, 29, of R. 3 Campbellsport, died at St. Agnes Hospital, Fond du Lac, at 8 a.m. Monday, April 24, from injuries received at 1:30 a.m. the same morning when his 1949 automobile went out of control on County Trunk W, about three-quarters of a mile north of Campbellsport, and crashed into two guard rails and a tree near the Charles Backus farm.

The local Kiwanis Club, Legion Post No. 384, and the Legion Auxiliary are again sponsoring a boy and a girl to be sent to Badger Boys' State and Badger Girls' State. The two young people, chosen from the junior class by the faculty on their qualities of scholastic ability, leadership, and dependability, are Myrtle Pierce and Edward Loomis. Alternates named, in case either candidate should be unable to go, are Irene Kaniess and Ferdinand Buchel.

A daughter was born to Mr. and Mrs. John Beadle of Kewaskum on Tuesday, April 18.

A son was born to Mr. and Mrs. Lawrence Krell of Kewaskum on Thursday, April 13.

Mrs. Elizabeth Brandt, 80, wife of the late George F. Brandt, who was chief of police in Kewaskum for many years, passed away on Saturday, April 22; Dr. A. C. Gilbert, of Watertown, 50, passed away on Saturday.

- ing the event can be found at maifest-germantown.org/.
- Saturday, May 17 – American Red Cross Blood Drive in Mount Calvary from 9 a.m. to 2 p.m., at the Mount Calvary Fire Station, 999 Fond du Lac St. Call 1-800-Red Cross (1-800-733-2767) to schedule an appointment, or schedule online at RedCrossBlood.org. All blood types are welcome. Walk-ins can be taken between scheduled appointments as available. Any questions? Please contact Joyce Mann, local coordinator, at 920-979-2008.
- Thursday, May 22 – Adult Ukulele Strum-a-long at the Campbellsport Library at 5:45 p.m., for any adults who are interested in learning to play the ukulele. No experience necessary! We will learn to play basic chords and strumming techniques and just have fun playing together. Bring \$10 for a donation to the library and your ukulele (or you can borrow one from the organizer for the evening). More information is available by calling or texting Joanne at 262-689-4157.

Washington County Golf Course Clubhouse Expansion

Community engagement workshop set for June 10

This month, the Washington County Board approved an expansion plan concept for the Washington County Golf Course (WCGC) as part of its Capital Improvement Planning. The project includes clubhouse remodeling and an addition to house golf simulators and will now head to a final design phase. The final scope of the project has not yet been finalized. WCGC will host a community engagement workshop on Tuesday, June 10, at 7 p.m., seeking feedback from its golf community on the plan. "Adding indoor simulators to our golf course will elevate player development programs, enhance club fittings, and offer simulator play rain or shine," said Craig Czerniejewski. WCGC PGA

Head Professional. "We have an industry-leading practice facility and short course, and additional indoor space is needed to provide a comprehensive golfing experience." WCGC has a fully funded long-term maintenance plan. A recommendation to include borrowing is based on financial best practices to sustain WCGC's cashflow and spread the cost appropriately over time. Last month, Washington County Golf Course was named a Top 50 public golf course in the U.S. again and announced a new partnership with Next 18 to use its premier recreational facility to support its objectives on Veterans and Mental Health.

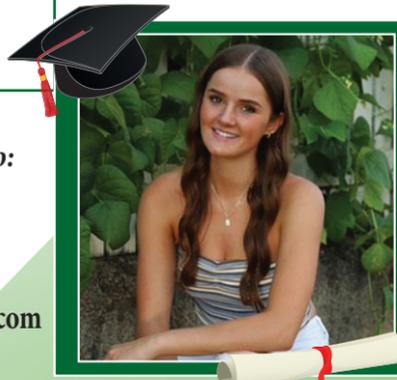

Put Your GRADUATE In The SPOTLIGHT

The Kewaskum Statesman will be publishing the Kewaskum High School Graduation pages. Parents, grandparents and friends will have the chance to pay special recognition to the graduates in their lives. Spotlights for Kewaskum High School graduates will be included on these pages.

Your message (20 words or less) and photo will be included in this section for **Only \$20⁰⁰** (Pre-Paid color ad)

Indians Perform Well During Week of Non-Conference Contests

KEWASKUM BASEBALL

Kewaskum (8-3) was able to bounce back after a long game Friday night and beat Homestead (2-8) by a score of 4-3 on Saturday afternoon. The Indians used all the possible ways to score their runs while only recording three hits in the game.

The first run for the Indians came on an error on a fly ball hit by Kingston Grisolono. Homestead answered with an RBI single in the top of the second inning to tie the game.

With two outs in the fifth inning, Liam Stoffel drew a walk and stole second base. As he was attempting to steal third base, Andrew Reichert struck out swinging but the ball bounced away from the catcher and Stoffel never slowed down scoring the second run of the game while Reichert was able to advance to second base. A fly ball by Grisolono ended the frame.

The sixth inning was a rollercoaster for Kewaskum as it started with a leadoff Highlander single followed by three consecutive errors to allow Homestead to take the lead 3-2 with no outs and runners on the corners. Relief pitcher Tyler Stray was able to get a line-drive double play followed by a pop out to end the threat. The Indians tied the game on a Sam Ciriacks RBI bunt single and scored the go-ahead run on a Homestead error. Stray set the Highlanders' three up and three down in the final frame to secure the victory.

Cooper Petermann started the game, allowing one earned run over five innings while scattering three hits, walking one and striking out five. Stray came in relief and threw two scoreless innings while striking out one.

Vs Campbellsport

The Kewaskum (7-3) versus Campbellsport (10-1) rivalry game lived up to the hype surrounding it as both teams had opportunities to score and win the game, but good defense and strong pitching resulted in the game being suspended after 10 innings due to darkness with the score remaining 5-5. Both teams are hopeful to finish the game at some point later on during the season.

The Cougars got on the board in the first on a Riley Kohlmann groundout scoring one run. The Indians were able to get it back when Kingston

Grisolono grounded into a double play scoring one run.

Grisolono later singled in the third inning bringing in two runs. However, an error and wild pitch allowed Campbellsport to tie the game in the next half inning.

An Austin Reichel single gave Kewaskum a 5-3 lead, but Campbellsport came right back in the sixth inning with a double by Kyler Bowe and a sacrifice fly by Jace Goebel.

The Indians had a chance with one out and a runner on third base in the bottom of the seventh but were unable to score and stranded the bases loaded.

Carter Unger started on the bump for the Indians going three-and-one-third innings, allowing three unearned runs, striking out five, and walking four. Cole Loser came in relief and threw five-and-two-thirds innings, allowing two runs on four hits while striking out nine and walking three. Tyler Stray threw a scoreless tenth inning, fanning one Cougar hitter.

Vs Random Lake

Kewaskum (7-3, 3-1) got out to a five-run lead in the second inning and held on for an 8-6 victory against Random Lake (9-1) on Monday. The Indians were up five going into the seventh inning, but a few miscues and timely hits by the Rams resulted in the tying run being on second base when Carter Unger came in and struck out the final batter to get the save.

The Indians got on the board in the second inning with RBI singles by Tyler Densow and Andrew Reichert while Everett Donath got an RBI while getting hit by a pitch.

A Sam Ciriacks RBI triple and Densow sacrifice fly added two more in the third inning.

The Indians looked for insurance runs in the sixth inning when Cooper Petermann ripped a double to the gap but eventually got thrown out at home plate trying to advance after a throw across the infield.

Kingston Grisolono got the win for the Indians, allowing five hits and two runs over four innings while striking out seven and walking two.

Campbellsport Baseball Splits Series Against Lomira

BEN PRIESGEN
JOURNALIST

On April 28, Campbellsport baseball lost 13-10 to Fond du Lac on a walkoff grand slam for Fond du Lac in the non-conference matchup.

Campbellsport (10-2) was able to score two runs in the second inning after getting the bases loaded against Fond du Lac (6-5) to take a 2-0 lead before the Cardinals tied the game up at two in the bottom of the second inning.

The Cougars were able to convert two different bases loaded situations in the third inning into three runs, highlighted by a Trent Schladweiler RBI double to take a 5-2 lead. Fond du Lac responded with two runs to make the score 5-4 in favor of Campbellsport.

Campbellsport got three singles from Branden Bothe, Cullen Reis, Zach Zimdahl to load the bases in the game again for the Cougars, which they converted into three runs thanks to a Hunter Cochran sac fly and Schladweiler hitting his second double to drive in two teammates to give the Cougars an 8-4 lead over the Cardinals.

Fond du Lac scored three more runs to keep pace with the Cougars in this high-scoring baseball game to make the score 8-7 with the visiting Cougars leading on the scoreboard.

The Cougars' bats started the fifth inning with a bang by Jace Goebel getting a single, which was followed by Brody Nolan blasting a two-run home run over the left field fence giving Campbellsport a boost in their lead to 10-7.

The Cardinals were trailing 10-9 with two outs on the seventh inning ledger but Fond du Lac had the bases loaded leading to a high leverage moment for the two teams with the game's final result hanging in the balance.

Fond du Lac got the final big moment in the game with a walk-off grand slam to give the Cardinals a 13-10 hard-fought win against the Cougars.

Trent Schladweiler paced the Cougars with three hits, which resulted in five runs batted in in the high-scoring game between the two teams.

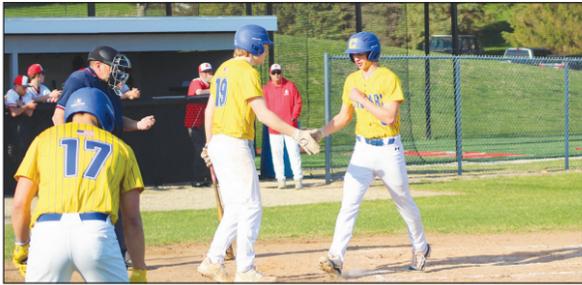

At Kewaskum

On April 25, Campbellsport's baseball game against Kewaskum was suspended going into the 11th inning, with the teams tied at five runs apiece due to darkness during the cool spring game.

Campbellsport (10-2) and Kewaskum (8-4) was a back-and-forth affair during the 10 innings of baseball covering three hours.

The Cougars took a 1-0 lead in the first inning when Kyler Bowe scored for Campbellsport before Kewaskum responded with a run in the bottom of the inning to tie the game at one.

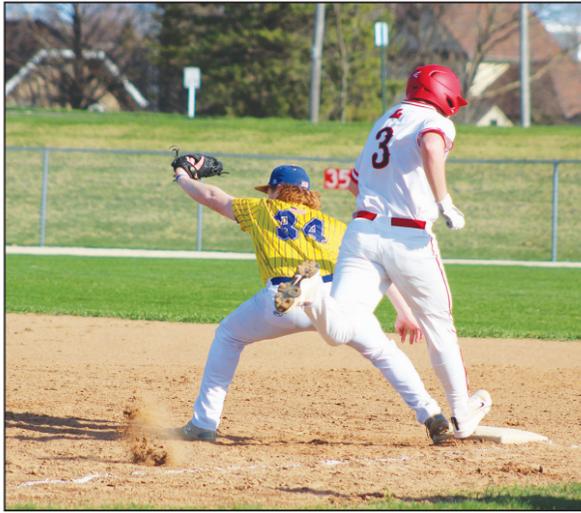

Kewaskum scored two runs in the bottom of the third inning to take a 3-1 lead, but the Cougars got

Riley Kohlmann gives Trent Schladweiler a high five as he crosses home plate against Lomira. **SAM NOLAN PHOTOS**

| <p>Thursday, April 24</p> | |

Gage Kohlmann stretches for the ball at first base to get an out.

the runs back in the top of the fourth inning with two runs of their own to tie up the game at 3-3.

The Indians took the lead back in the fifth inning with two runs to put the pressure back on the Cougars, where Campbellsport was up to the challenge by getting the two runs back on their side of the ledger with a Bowe RBI double and a Jace Goebel sac fly to bring the game back to a tie at five in the top of the sixth inning.

Pitching and defense from both teams was the highlight for both teams during the last four innings of the game before the two teams had their game stopped due to darkness.

The two teams aren't aware if and when the game will be resumed to finish their baseball non-conference matchup.

At Lomira

On April 24, Campbellsport baseball beat Lomira 12-1 in five innings to split the season series between the two good area baseball teams.

Campbellsport's (10-2, 5-1) offense got started with a Jace Goebel double to center field, which was followed by a Riley Kohlmann two-run RBI single with two outs to take a 2-0 lead over Lomira (8-4, 4-2) in the first inning.

The Cougars got the bases loaded, which they capitalized on to score five runs, highlighted by a Brody Nolan RBI single and an R. Kohlmann two-run RBI double to increase their lead to 7-0 in the second inning.

Campbellsport's hitters continued the potent swings of their bats with a single from Kyler Bowe and another double from Goebel to set up RBI singles from Nolan and Bothe to extend their lead to nine runs before two more Cougars crossed the plate with two outs to close the top of the third inning with an 11-0 lead on the scoreboard over the host Lions.

R. Kohlmann's fifth RBI of the game came with a single in the fourth inning to finish off the Cougars' scoring on the day to go home with a 12-1 win in five innings after Lomira scored their only run of the game in the fifth inning.

"We bounced back with a big win on Thursday night in Lomira," said Head Coach Jim Krug.

Braden Bothe was strong on the mound by shutting down the powerful Lions' offense to one run, and the Cougars' offense was explosive, paced by Riley Kohlmann's five runs batted in on three hits.

Vs Lomira

On April 22, Campbellsport baseball lost 8-2 to Lomira at home for their first defeat of the season. Lomira (8-4, 4-2) took an early 2-0 lead over Campbellsport (10-2, 5-1) in the first inning.

The Cougars responded with a two-run RBI single from Brody Nolan to tie the game at two runs in the third inning.

The Lions scored three runs in the top of the fourth inning to take a 5-2 lead over Campbellsport.

One defensive highlight for the Cougars was a leaping catch in left field by Hunter Cochran to limit the Lions from scoring in the fifth inning.

Lomira would add three more runs in the sixth inning to increase their lead to six runs to help the Lions secure the 8-2 conference win over the Cougars.

Campbellsport baseball traveled to Laconia on April 29 and hosts Laconia on May 1. Then, the Cougars travel to CWC on May 2, with all game times at 5 p.m.

CAMPBELLSPORT Sports

Campbellsport Softball has a Perfect Week with Three Conference Wins

McKenna Loehr rounds third base after hitting a two-run home run for the Cougars. **KATIE LAVERENZ PHOTOS**

BEN PRIESGEN
JOURNALIST

On April 28, Campbellsport softball beat NFDL 16-1 in four innings for their third consecutive Flyway Conference win.

Campbellsport (5-6, 3-4) trailed 1-0 to NFDL (2-5, 2-5) before the Cougars' offense took over the game by scoring four runs in the bottom of the first inning, highlighted by a two-run RBI double from Emma Muraski and an RBI single by Megan McCarty to take a 4-1 lead over the Orioles.

The Cougars tacked on two runs in the second inning to increase their lead to 6-1 before the Campbellsport bats really got going in the third inning starting with Muraski's second home run of the season to put the home team ahead 7-1.

M. McCarty hit a single before McKenna Loehr hit a two-run bomb over the left field fence to push the lead to 9-1 for the Cougars, and their offense wasn't done with their potent bats by scoring another two runs before Campbellsport loaded the bases for M. McCarty with two outs in the inning.

Campbellsport's M. McCarty delivered big in the key moment by clearing the bases with a grand slam to center field to explode the Cougars' lead at 15-1 after three innings over NFDL.

The Cougars finished off the Orioles in the fourth inning thanks to a Loehr double, then Ayla Garvey hit a double to drive Loehr in to give Campbellsport a 16-1 win in four innings with the Cougars scoring 15+ runs for the second game in a week.

Campbellsport's offense was led by three home runs from Emma Muraski, Megan McCarty, McKenna Loehr, and M. McCarty driving in five Cougars teammates for the impressive home conference win.

At WLA

On April 24, Campbellsport softball beat WLA 5-1 for their second conference win of the week.

Campbellsport (5-6, 3-4) got a 1-0 lead over WLA (1-7, 0-6) in the top of the second inning thanks to a run scored by Megan McCarty.

Peyton Hall started the Cougars' offense with a leadoff triple in the third inning and then was driven in by an Emma Batzler double to give Campbellsport a 2-0 lead over the Vikings.

The Cougars got a double from M. McCarty in the fourth inning, who came around to score during the inning to extend the Campbellsport lead to 3-0 on the road.

Campbellsport was able to add two runs scored by Shea Willacker and Ava Sabish when the Vikings misplayed a ball hit by Batzler to give the Cougars a 5-0 lead in the sixth inning.

WLA was able to score a run in the seventh inning before the Cougars secured the 5-1 victory for their second straight conference win.

Kewaskum Girls Soccer Goes Scoreless

KEWASKUM GIRLS SOCCER

The Kewaskum girls' varsity soccer team had a busy week last week.

They traveled to Kettle Moraine Lutheran on Tuesday, April 22.

Both teams came out hard, but the Chargers were able to score one in the first half to give them the advantage going into halftime.

The Indians had some good opportunities to score throughout the game, but struggled to connect the ball with the back of the net.

The Chargers were able to score another goal in the second half and walked away with a 2-0 victory over the Indians.

Despite the loss, Coach Luke Piwani was pleased with the defense's ability to limit quality looks for the Chargers and plans on continuing to work on possessing the ball from the defense through the midfield and up to the offense.

A key player in this game was senior Emily Melzer. Coach Piwani stated, "Emily was all over the field today. She helped shore up the defense when needed and provided a spark up top by getting behind the defense a couple of times. Her speed can really impact a game."

Play continued for the Indians at home on Thursday, April 24, against Shorewood.

The game was off to a quick start when Shorewood managed to score goals in the fourth and ninth minutes giving them a 2-0 advantage right off the bat.

The Indians battled hard to prevent Shorewood from scoring for the remainder of the half, but Shorewood was able to score their third goal shortly after the second

Sophomore midfielder Kaylee Flood traps the ball against Shorewood.

SUBMITTED

half began.

The final score was 3-0 in favor of Shorewood.

Coach Piwani commented on Shorewood's ability to possess the ball and emphasized that the Indians will work on finding ways to keep putting on pressure and playing team soccer.

He was pleased with the performance of junior defender Jadelyn Stoltzmann and commented, "Jadelyn had another good game at left defender. She has been solid all season and works to distribute the ball to her teammates from the back."

The week concluded with a cold game in Port Washington on Friday, April 25. According to Coach Piwani, the Indians came out a bit flat and their play in the first half was not what they wanted it to be.

Port Washington took advantage of this, and put three goals on the

board before halftime. The Indians came out with more intensity in the second half, but it wasn't enough, and Port was able to score one more time making the final score 4-0.

Coach Piwani stated, "Ruth Sadownikow and Kaylee Flood had nice games today. Their intensity really set the tone in the second half, and you could see it spread to the team. They helped provide a nice lift for us."

Throughout the game, the Indians were able to take eight shots on goal while Port Washington was limited to six. Coach Piwani is hopeful that the Indians' offense will begin to find ways to capitalize on their opportunities.

The girls played Monday night against Brown Deer. They will end the week with a home game against WLA at 6:45 p.m.

**BEN PRIESGEN
 JOURNALIST**

On April 25, Campbellsport boys' and girls' track teams competed at the Jerry Gosa Memorial Invitational at Kewaskum High School on a cold and wet evening.

The Cougars' girls' team finished in second place with 88 points, and the boys' team finished in third place with 112 points at the Invite.

The girls' team was led by a first place in the 200m by Brooke Flegner, a second-place finish in the 100m hurdles from Lydia Toshner, and a third-place finish by Kameron Rohlf in the 300m hurdles in the track events.

Sienna Hewitt's second-place finish in the pole vault and Flegner's third place finish in the long jump paced the Cougars in the girls' field events.

Aydryan Meilahn's first-place finish in the 200m and his second-place finish in the 400m combined with first-place finishes from Seamus Toshner in 300m hurdles and Logan Nolan in the 800m, plus a second place by Garrett Pickering and a third place from Caleb Siebauer in the 3200m paced the Campbellsport boys' team in the track events at the Invitational.

Campbellsport received a first-place finish from Emmett Gonnering to lead the Cougar boys in their field events.

Campbellsport Quad

On April 22, Campbellsport boys' and girls' track teams hosted the Flyway Conference Quad with Mayville, Springs, and NFDL.

The girls' team finished in first place with 92 points, and the boys' team finished in second place with 81 points during the Quad meet.

The Campbellsport girls' team was paced by first-place individual finishes by Capri Constantineau in the 400m, Kameron Rohlf in 100m hurdles, Lexi Diels in discus, Lydia Toshner in long jump,

Lydia Toshner (left) and Brooke Flegner (right) place third and fourth in the 100 meter dash with times of 13.06 and 13.52, respectively, at the Campbellsport Flyway Tri track meet.

Izzy Sperflage, Capri Constantineau, Nicole Gena, Lydia Toshner running the 400m. **SAM NOLAN PHOTOS**

Saddle Homuth in high jump, Sienna Hewitt in pole vault, and Brooke Flegner in long jump.

The Cougar boys were led by first-place individual finishes by Aidryan Meilahn in the 200m, Gavin Pickering in the 1600m, Logan Nolan in the 3200m, Seamus Toshner in 300m hurdles, Emmett Gonnering in shot put, and Amaedo Rodriguez in discus.

Campbellsport track traveled to WLA on April 29 and travels to Ripon on May 1 at 4 p.m.

Chloey Berres achieves a personal record in discus at the Campbellsport Flyway Tri track meet with a distance of 71'6".

Noah Bobb places second in triple jump at the Campbellsport Flyway Tri track meet on Tuesday, April 22. He achieved a season record with a length of 39' 8.25". **CLARICE CASE PHOTOS**

Kenneth Herrmann finishes the 100 meter dash with a time of 13.20, a personal record at the Campbellsport Flyway Tri track meet.

Ireland O'Laughlin-Posey achieves a personal record in long jump with a length of 12'0.5" at the Campbellsport Flyway Tri track meet.

Eva Pendowski running strong for Campbellsport. **SAM NOLAN PHOTOS**

CHS SOFTBALL *from page 11*

The Cougars were led by Peyton Hall's strong seven innings from the pitching circle, and the offense was led by four batters with two hits apiece, paced by Emma Batzler's three runs batted in the victory.

Vs Omro

On April 22, Campbellsport softball beat Omro 15-0 in three innings in their Flyway Conference matchup.

Campbellsport (5-6, 3-4) jumped out early with five runs in the first inning over Omro (0-11, 0-6) thanks to RBI singles from Emma Batzler and Ava Sabish, including RBI doubles by Olivia McCarty and Kaylie Jandre for a 5-0 lead.

The Cougars' offense was just getting started when they exploded for ten runs in the second inning, with nine runs coming after the Foxes got two outs on Campbellsport.

O. McCarty got things going with an RBI single, which was

followed by a Jandre RBI double and Josie Twohig RBI single to extend the lead to 8-0.

Campbellsport scored two runs on passed balls. Then the Cougars got two-run RBI singles from O. McCarty and McKenna Loehr to push their lead to 14-0 over the Foxes.

The Cougars scored their final run on another passed ball to increase their lead to 15-0 after two innings of play.

Campbellsport closed out Omro in three innings to send everyone home happy from the Cougars' crowd with a 15-0 win for their first conference victory on the season.

The Cougars were led by Olivia McCarty's two innings on the mound and three hits to drive in four teammates in the win.

Campbellsport softball hosted Mayville on April 29 and travels to Springs on May 1 at 5 p.m. The Cougars travel to Westby on May 3 at 10 a.m.

Legal Notices

City Legals 7710

**Board of Review
Town of Eden,
Fond du Lac County**

Notice is hereby given that the Board of Review for the Town of Eden, Fond du Lac County, Wisconsin, shall hold its first meeting on May 1st, 2025, from 3:00 pm-5:00 pm at the Eden Community Center, 104 Pine St., Eden, WI 53019.

Please be advised of the following requirements

City Legals 7710

to appear before the board of review and procedural requirements if appearing before the board:

1. No person will be allowed to appear before the board of review, to testify to the board by telephone, or to contest the amount of any assessment of real or personal property if the person has refused a reasonable written request by certified mail of the assessor to view the

City Legals 7710

property.

2. After the first meeting of the board of review and before the board's final adjournment, no person who is scheduled to appear before the board of review may contact or provide information to a member of the board about person's objection, except at a session of the board.

3. The board of review may not hear an objection to the amount or valuation of property unless, at least 48 hours before the boards; first scheduled meeting, the objector provides to the board's clerk written or oral notice of an intent to file an objection, except that upon a showing of good case and the submission of a

City Legals 7710

written objection, the board shall waive that requirement during the first 2 hours of the board's first scheduled meeting, and the board may waive that requirement up to the end of the 5th day of the sessions or up to the end of the final day of the session if the session is less than 5 days with proof of extraordinary circumstances for failure to meet the 48-hour notice requirement and failure to appear before the board of review during the first 2 hours of the first scheduled meeting.

4. Objections to the amount or valuations of property shall first be approved if made in writing and filed with the clerk of the board of review within

City Legals 7710

the first two hours of the board's first scheduled meeting, except that, upon day of the session or up to the end of the final session, if the session is less than 5 days. The board may require objections to the land or valuation of property to be submitted on forms approved by the Department of Revenue, and the board shall require that any forms include stated valuations of the property in question. Persons who own land and improvements to that land may object only to the aggregate valuation of that land and improvements to that land, but no person who owns land and improvements to that land may object only to the valuation of that land or only to valuation of improvements to that land. No person may be allowed in any action or proceedings to question the amount or valuation of property unless the written objection has been filed and that person in good faith presented evidence to the board in support of the objections and made full disclosure before the board before the board, under oath, of all of that person's property liable to assessment in the district and the value of that property. The requirement that objections be in writing may be waived by express action of the board.

5. When appearing before the board of review, the objecting person shall specify in writing the person's estimate of the value of the land and of improvements that are the subject of the person's objection and to specify the information that the person used to arrive at that estimate.

6. No person may appear before the board of review, testify to the board by telephone, or object to a valuation if that valuation was made by the assessor of the objector unless the person supplies the assessor with all the information about income and expenses, as specified using the income method of valuation, as specified in the assessor's manual under s. 73.03 (2a), Wis. Stats., that the assessor requests. The Town of Eden has an ordinance for the confidentiality of information about income and expenses that is provided to the assessor under this paragraph that provides exceptions for persons using information in the discharge of duties imposed by law or the duties of their officer or by order of a court. * The information that is provided under this paragraph, unless a court determined that it is inaccurate, is not subject to the right of inspection and copying under s. 19.35 (1), Wis stats.

7. The board shall hear upon oath, by telephone, all ill or disabled person who present to the board a

City Legals 7710

letter from a physician, surgeon, or osteopath that confirms their illness or disability No other persons may testify by telephone.

8. No person may appear before the board of review, testify to the board by telephone, or contest the amount of any assessment unless, at least 48 hours before the first meeting of the board or at least 48 hours before the objection is heard if the objection is allowed under s. 70.47 (3) (a), Wis stats., that person provides to the clerk of the board of review notice as to whether the person will ask for the removal of a member of the board of review and, if so, which member, and provides a reasonable estimate of the length of time the hearing will take.

Notice is hereby given this 1st day of May, 2025.

Respectfully Submitted,

Julie Schdrow
Clerk, Town of Eden
5/1 WNAXLP

NOTICE OF MEETING OF BOARD OF REVIEW FOR THE VILLAGE OF EDEN 2025

Notice is hereby given that the Board of Review for the Village of Eden, Fond du Lac County shall hold its first meeting on May 19, 2025. The time of this meeting is 6:00pm until 8 pm. The meeting will be held in the Village of Eden Office, 104 Pine Street, Eden, WI 53019.

Please be advised of the following requirements to appear before the Board of Review and procedural requirements if appearing before the Board:

No person shall be allowed to appear before the Board of Review to testify to the Board by telephone or to contest the amount of any assessment of real or personal property if the person has refused a reasonable written request by certified mail of the Assessor to view such property.

After the first meeting of the Board of Review and before the Board's final adjournment, no person who is scheduled to appear before the Board of Review may contact, or provide information to, a member of the board about the person's objections except at a session of the Board.

No person may appear before the Board of Review, testify to the Board by Telephone, or contest the amount of assessment unless, at least 48 hours before the first meeting of the Board or at least 48 hours before the objection is heard if the objection is allowed because the person has been granted a waiver of the 48 hours notice of an intent to file a written objection by appearing

**SECTION 00 11 13
ADVERTISEMENT TO BID
VILLAGE OF CAMPBELLSPORT
CAMPBELLSPORT, WISCONSIN
PHOSPHORUS REMOVAL AND FACILITY UPGRADES PROJECT
CONTRACT 1-2025**

The Village of Campbellsport (OWNER) is requesting Bids for the construction of the following Project:

Phosphorus Removal and Facility Upgrades Project
Contract 1-2025

Electronic Bids for the construction of the Project will be received by OWNER until Wednesday, May 28, 2025, at 10 A.M., local time. At that time the Bids received will be publicly downloaded and read aloud via teleconference. The login information for the teleconference is as follows: (309) 205-3325, Conference ID 925 2340 0298.

The Project includes the following Work: Installation of phosphorus removal pumps and chemical tank, structural modification to the Disinfection Building, re-roofing the Filter Building and Disinfection Building, painting the tertiary filter vessels and Filter Building basement walls, installation of buried chemical piping, modification of influent piping, replacement of electrical equipment and standby generator, and replacement of asphalt roadways and site grading.

Complete digital Project Bidding Documents are available at www.strand.com or at www.questcdn.com. Download the digital Bidding Documents for \$75 by inputting Quest project number 9648612 on the website's project search page. Please contact QuestCDN.com at (952) 233-1632 or info@questcdn.com for assistance with free membership registration, downloading, and working with this digital Project information.

For this Project, Bids will **ONLY** be received and accepted via the online electronic Bid service through QuestCDN.com. To access the electronic Bid Form, download the Project Documents and click the Online Bidding button.

The Issuing Office is Strand Associates, Inc.®, 910 West Wingra Drive, Madison, WI 53715.

All Bidders submitting a sealed Bid shall obtain the Bidding Documents from QuestCDN.com.

Bidders who submit a Bid must be a Plan Holder of record at the Issuing Office. Bids from Bidders who are not on the Plan Holders List may be returned as not being responsive.

The Bid must be accompanied by Bid security made payable to OWNER in an amount of 10% of the Bidder's maximum Bid price.

The Village of Campbellsport reserves the right to reject any or all Bids, to waive any technicality, and to accept any Bid which it deems advantageous. All Bids shall remain subject to acceptance for 85 days after the time set for receiving Bids.

Contract award shall be made based on the lowest responsive and responsible Bidder.

Any Contract or Contracts to be awarded are expected to be funded with assistance from the Wisconsin Department of Natural Resources Clean Water Fund Program and is subject to all applicable State and Federal laws and regulations. Disadvantaged Business Enterprises (DBEs), including Women's and Minority-owned businesses, are encouraged to submit Bids for this Project.

Bidders must demonstrate positive efforts to utilize DBEs. Failure to comply could result in disqualification of Bidder and termination of financial assistance or other sanctions. The successful Bidder will be required to conform to the wage requirements prescribed by the federal Davis-Bacon and Related Acts. All iron, steel, manufactured products, and construction materials shall also be produced in the United States and comply with the Build America, Buy America Act requirements. Bidders shall comply with President's Executive Order 11246, Equal Employment Opportunity as amended.

A pre-bid conference will be held at 10 a.m., local time, on Thursday, May 15, 2025, at the Campbellsport Wastewater Treatment Plant, 110 Columbus Parc Court, Campbellsport, WI 53010. Bidders are encouraged to attend and participate in the conference.

The Strand Associates, Inc.® project manager is Vernon C. Witthuhn, Jr., P.E. and can be contacted at Strand Associates, Inc.®, 910 West Wingra Drive, Madison, WI 53715, (608) 251-4843, regarding the Project.

For further requirements regarding Bid submittal, qualifications, procedures, and Contract Award, refer to the Instructions to Bidders that are included in the Bidding Documents.

AI POLICY from page 2

ment, not replace, human journalists. Our experienced editorial team remains at the core of all content creation and decision-making processes.

2. Transparency: We are committed to being open about our use of AI tools in content creation. When AI tools are used to analyze data or generate insights, we clearly attribute this in our reporting. Use of AI generated images are clearly attributed as such.

3. Accuracy and Fact-Checking: All AI-assisted content undergoes rigorous fact-checking and verification by our human editors before publication. AI-generated content is always cross-referenced with reliable, human-verified sources. We do not rely solely on AI-generated information without corroboration.

4. Bias Detection and Mitigation: Our editors are trained to identify and mitigate potential biases in AI-generated or assisted content, ensuring balanced and fair reporting.

5. Style and Voice Consistency: While AI may assist in drafting, we ensure that all published content maintains MMC's distinctive style and voice and the authenticity of the writer.

6. Continuous Learning: Our team stays informed about the latest developments in AI and journalism, regularly updating our practices to reflect industry best standards.

7. Clear Attribution: Ethical Content Generation: We do not use AI to create fictional quotes, sources, or events. All content is factual and derived from verifiable sources.

8. Quality Control: AI-assisted content goes through the same rigorous editorial process as traditionally created content, including multiple rounds of editing, verification, and fact-checking.

9. Ethical AI Use: We only employ AI tools that align with our ethical standards and journalistic values. We regularly review and update our AI usage to ensure it meets these criteria.

10. Data Privacy: We respect data privacy laws and ethical guidelines when using AI tools, ensuring that no personal or sensitive information is compromised.

Accountability and Feedback

We value our readers' trust and welcome feedback on our AI usage and content. If you have questions or concerns about our AI editorial practices, please contact our editorial team at info@mmclocal.com.

By responsibly integrating AI into our editorial process, MMC aims to enhance the quality, efficiency, and depth of our journalism while maintaining the highest standards of integrity and accountability.

This policy is subject to regular review and updates as AI technology and industry best practices evolve.

On May 13, 2020, a fire damaged the building, increasing its need for continued restoration.

The newly renovated Eden Old Town Hall was open for visitors on Friday and Saturday, April 25 & 26. **LEAH HENCKEL PHOTOS**

Most of the artifacts were saved from the fire and fill the historical space once again.

Battle to Save Haskell Noyes Woods

FRIENDS OF THE KETTLE MORAINE

Join the Friends of the Kettle Moraine in the battle against garlic mustard, an extremely aggressive invader, at the Haskell Noyes Woods State Natural Area. This State Natural Area protects a classic example of an old-growth sugar maple/red oak mesic forest, which was never heavily logged and supports a rich variety of spring flowers and diversity of ferns.

The ideal time to pull garlic mustard happens in May and early June when it's easy to identify while in bloom. Please join us on the following dates to help beat back this non-native, destructive invasive species. In case of severe weather, we will cancel that workday and provide an announcement at least two hours before the scheduled start time by calling 920-533-8939.

• Wednesdays, May 7, 14, 21, 28, and June 4 5:00-

7:00 p.m.

• Thursdays, May 8, 15, 22, 29, and June 5 4:30-7:00 p.m.

7:00 p.m.

• Saturdays, May 10, 17, 24, 31, and June 7 9:00 am-12:00 p.m.

Meet at the Haskell Noyes Woods parking lot off County Road GGG just south of County Road SS east of New Prospect. For anyone arriving later, directions to that day's work location will be posted at the parking lot. Remember to wear long sleeves, sunscreen, a hat, and garden gloves, and bring insect repellent and drinking water.

For more information, contact Connie Ramthun at connieramthun@gmail.com.

Come be part of the solution to preserve and protect an outstanding State Natural Area in the Kettle Moraine State Forest – Northern Unit!

CITY WIDE RUMMAGE SALES

Celebrate the Arts at Campbellsport

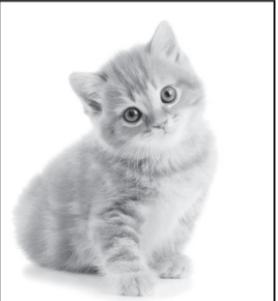

CHS ART CLUB

The Campbellsport High School Art Club invites the community to its annual Art Show, held from 6-8 p.m. on Friday, May 2, and Wednesday, May 7. The event will be held in the library and down the high school art hallway, with entrance by the middle school gym.

This exciting event kicks off on May 2 with an opening ceremony, highlighting the impressive work of our senior art students: Anna Batzler, Katelyn Bertrum, Samuel Ellenbecker, Liam Petersen, Sadie Sippel, Katie Waddle, and Amarea Williams.

The show concludes on May 7 with a closing ceremony and National Art Honor Society (NAHS) induction. This year, we are proud to welcome two outstanding artists into NAHS: Sadie Sippel and Alyssa Downham.

All high school art students will have work on display, showcasing a wide variety of talent across grade levels. Guests can also look forward to an evening filled with incredible artwork, live music, food, raffle baskets, and the opportunity to purchase student-made art.

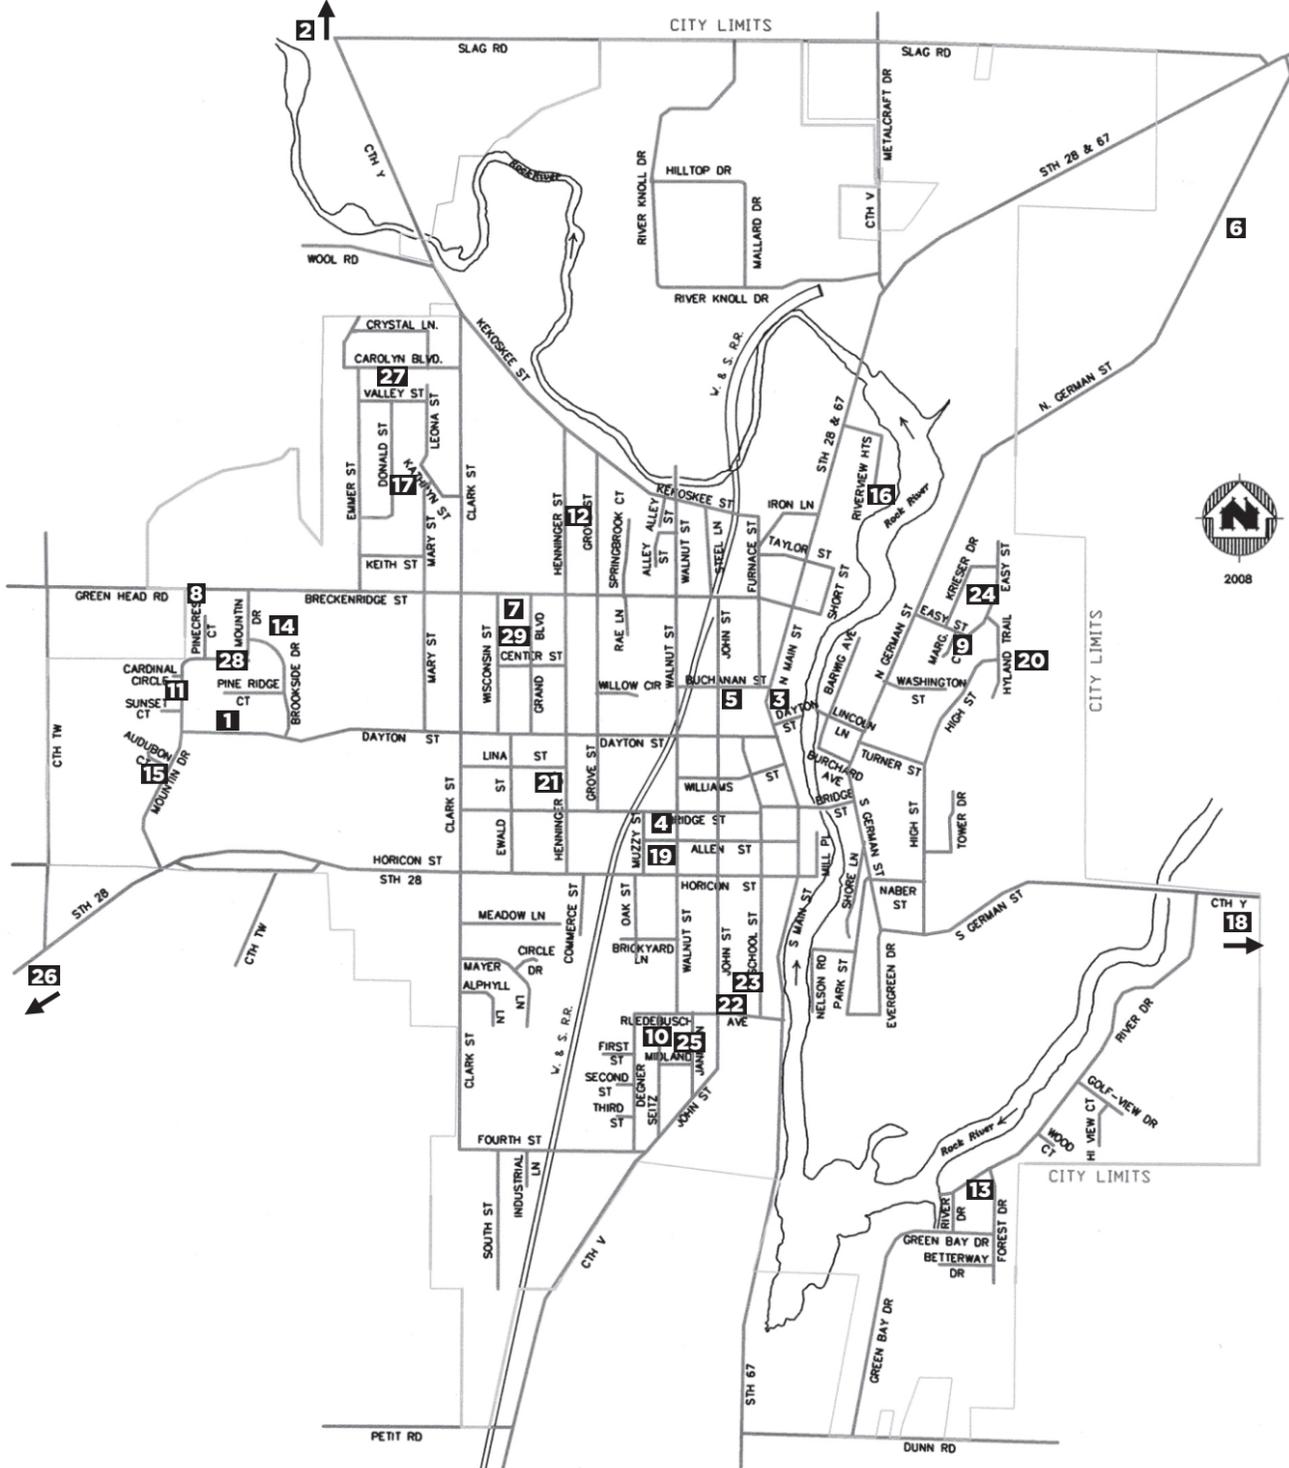

You know how some things are just so hard to resist? We've got some of them in the classifieds.

AN OUTDOORSMAN'S JOURNAL

The Lure of the Bear

This is how Mark Walters likes to leave a bait. Basically, it is rain, raccoon, crow, wolf, porcupine and squirrel proof. **MARK WALTERS PHOTOS**

MARK WALTERS
COLUMNIST

Hello friends,

I have been writing this column since I was 27 and as many of you probably know, one animal that I really enjoy pursuing is the black bear. When I started writing this column back in '89, I hand-wrote it every Friday early evening from high up in a jackpine over a bait pile for bear. No gun, just a tube of Ritz, two bottles of Labatts, a pen and paper. It was kind of a crazy feeling when I had bear at the bait and had to get down, but never a problem.

This fall, my bear hunting partner Doug Cibulka and I both got tags for Zone C and on April 15, Doug and I started the job of running baits in Juneau and Wood Counties in a vast forest and swamp that covers more land than some counties in Wisconsin cover. This week I am going to write about how I feel a good bait setup is run.

Tuesday, April 15
High 58, Low 34

Not only do I have a Wisconsin bear tag, but today, I found out that I have a Montana elk and deer hunting license. Our oldest bait is 15 years old, and we call it Selina's Bait because my daughter Selina killed a black bear over it. Baiting for black bear in my orbit is an adventure, first and foremost; it takes time, good health, money and the ability to handle setbacks. From the time that I pull out of my driveway to my return, I will drive 46 miles, of which half of it is on gravel roads, and now on day 10, I can already see that my 2017 GMC Sierra looks like a bear baiter's truck. Dust, used cooking oil, and five-gallon buckets both empty and full have replaced what used to be a "pretty" truck. No worries, the baiting season ends in mid-October, and I can clean it up then.

Stumps, as in hollow, are the key tool, and each stump, as in bait site, will have one stump that can hold up to at least five gallons of bait, as in granola, cookies and peanut butter. Each stump will have a cover for the top and bottom, which in my case, is a 3-to-4-inch slice of an oak log. The cover is as important as your bait. Without a proper cover, mice, porcupines, raccoons, ravens, wolves and rain will either ruin your bait or consume it before your quarry can get to it.

Doug and I hike in up to a half mile and when we start our season we make sure that we have heavy logs up to eight feet long that we put over the top of each stump to fully secure it so that wolves do

If you want to become good at bear hunting over bait, it takes time, money and the ability to adapt.

not clean out our bait, once you get wolves, they are very hard to get rid of. Everything about bear baiting for us is physical and by mid-May includes at first black flies, then mosquitoes then deer flies.

I put a heavily sprayed "bug spray" hanky inside of my hat and down my back, it really works. Some people think this is crazy but I put a raunchy MGW t-shirt at each site and that lets the bear know who I am and my thought pattern is that they associate zero stress from my smell.

When I pick a site to put a bait, obviously I have to feel that there are bear there and no hunters, just importantly I want it to have a tree for hunting in that is downwind, in other words, east or north of the bait. East and north winds are the least common winds, and you do not want to be hunting down wind of your stump.

Why do I run baits for five full months? I do this because I have too much money and free time, and I love to see my truck look beat to heck. No, I run bear baits because I love nature; I enjoy the physical challenge and mental, but since I am already a bit nuts the mental part is met. I feel that running baits the hard way, like Doug and I do, is probably the best way possible to realistically understand the seasons, every critter and insect possible, and most importantly, what you yourself can handle.

I also would like to add that the myth that hunting over bait is killing bears that are stupid and just there to eat donuts! Walk in our shoes for 165 days and then figure that an early acorn drop, nocturnal bear or an animal that busts you when you are climbing out of your tree at dark and "the stupid donut eater theory" is for city slickers that do not know an acorn from a walnut.

On September 3, Wisconsin's bear season opens, if I am still alive as well as Doug Cibulka, we will both be in the best shape we could possibly be in, both of us will be sitting in tree's with very high hopes, neither of us will be upset if we do not get a black bear and it will be "Bear Camp Time."

Live large; Some day you're going to be in a coffin or a can!

Sunset

This uncovered stump is loaded with granola, cookies and about a pound of peanut butter.

About The Forest

The Kettle Moraine State Forest – Northern Unit owes its unique landscape to glaciers of the Wisconsin Stage of the last Ice Age, which ended approximately 10,000 years ago.

Geological History

Some 20,000 years ago, two lobes of a great ice sheet met along a line extending northeast from Richmond in Walworth County through the Oconomowoc Lake country to Kewaunee County. One lobe moved down what is now the Green Bay-Lake Winnebago area.

Spreading under tremendous pressure, the two lobes met and in the encounter, large blocks of ice were broken off and buried in the glacial deposit or till. As the ice melted, “kettles” were formed, some only a few yards across, others 100 to 200 feet deep.

The ice moved under great pressure, changing shape rather than sliding across the face of the land. As it changed shape, large amounts of rock, gravel, sand and silt were picked up and carried along by the glacier. When the ice melted, this material was deposited, in some instances, across glacier-formed valleys. Some “kettles” were formed this way.

The Kettle Moraine is an area of varied topography — parallel, steep-sided ridges, conical hills and flat outwash plains, mostly composed of sand and gravel. Many of the conical hills are conspicuous. Holy Hill reaches an elevation of 1,361 feet above sea level and some 340 feet above the stream valley to the east. Sugar Loaf or Pulford Peak (elevation 1,320 feet) is 320 feet above Pike Lake. Lapham Peak (elevation 1,233 feet), where there is a picnic area and observation tower, is 343 feet above Nagawicka Lake.

Similar detached sand and gravel conical hills, called kames, characterize the moraine throughout much of its extent. Some of these kames are cones formed beneath the glacier by surface streams which fell through holes in the ice. The undulating level-topped, narrow ridges called eskers were probably deposits in open cracks (crevasses) in the ice. In some areas the outwash terraces are pitted due to the melting of buried ice masses.

The Kettle Moraine area rises to 300 or more feet above the lands to the east and west yet is not a continuous divide. Maximum thickness of the drift is not known because few wells reach bedrock. It is possible that the drift reaches a thickness of 500 feet in some places.

Limestone underlies much of the Kettle Moraine. This formation is 450 to 800 feet thick and dips gently eastward. Its western edge or escarpment extends from Washington Island to the Illinois line near Walworth. It lies 20 miles to the west of Kettle Moraine at Greenbush, is completely covered by the moraine in the Waukesha County area, and is eight miles east of the moraine at Elkhorn. Because of the cover of drift, there are few outcrops in the moraine.

Lakes, of several origins, add greatly to the attractiveness of the Kettle Moraine. With the exception, of Pewaukee Lake, which lies in a preglacial valley blocked on the west and east by drift, all lakes in the Oconomowoc area occupy kettles. Long Lake, Big Cedar Lake and Elkhart Lake occupy preglacial val-

A pair of sandhill cranes spotted at Mauthe Lake.

leys between morainic ridges. These valleys were probably occupied by ice blocks and escaped being filled by glacial drift.

State Forest History

After the period of glaciation, most of the highland surface became forested with fine hardwood timber and the swampy or low areas with softwoods.

Before the 17th century, small bands of roving Indians inhabited the area. With exploration and development of the area during the 18th and 19th centuries by the white settlers, a great change took place.

Fifty percent or more of the land in the Northern Kettle Moraine was cleared and turned into farms. Sixty to 70 per cent of the land in the Southern Kettle Moraine was farmed. A substantial proportion of the cleared land was submarginal.

Over the years, plantings of conifers, such as white and red pine and spruce, have taken place in all units of the forest. The pine and spruce will convert to northern hardwood species of maples, cherry, ash and basswood.

With the increase in Wisconsin's population, particularly in the southeastern 16 counties, the need for a large acreage devoted to public outdoor recreation and forestry became evident as early as 1920.

In the 1920s, there were horrific floods in the City of Milwaukee and the city's population was rapidly growing. A group of foresighted people thought that if they could protect the headwaters of the Milwaukee River, this would help reduce the flooding in Milwaukee. They also wanted to provide a large tract of public land for Milwaukee's growing population.

After almost a decade, legislation along with funding became available for the creation of the Kettle Moraine State Forest. In 1936, the Conservation Congress (predecessor to the Department of Natural Resources) acquired 850 acres around Moon Lake (now Mauthe Lake) from the Milwaukee Chapter of the Izaak Walton League. This marked the start of the Northern Unit. Today, the Northern Unit encompasses nearly 30,000 acres within

its 36,000 project boundary.

In the 1950s a lawyer from Milwaukee, Ray Zillmer, began a campaign to bring his dream of a National Park protecting the glacial features of Wisconsin to life. With the help of his friends, Congressman Henry S. Reuss and Senator Gaylord Nelson, his dream came to fruition with the creation of the Ice Age National Scientific Reserve and the Ice Age National Scenic Trail. Ray Zillmer died before he could see the creation of the reserve and the Ice Age Trail, but he was honored with the naming of Zillmer Trail.

A 1964 Act of Congress established the Ice Age National Scientific Reserve to “assure protection, preservation, and interpretation of the nationally significant values of Wisconsin continental glaciation... and other reminders of the ice age.” The reserve consists of nine units scattered throughout the state and the northern 20,000 of the Northern Unit is one of those reserves. Each reserve site protects a unique glacial feature. The Northern Unit contains some of the finest features of continental glaciation in the state and the world including the interlobate moraine, kame fields, eskers, dry and wet kettles and crevasse fills.

In 1980 the Ice Age Trail was des-

ignated as a National Scenic Trail and later as a State Scenic Trail. The trail follows the southern extent of the last glaciers in the state of Wisconsin and is the only National Scenic Trail that is found entirely in only one state. Today about sixty percent of the 1000 mile trail is now complete. The nucleus of the Ice Age National Scenic Trail was the 30-mile “Glacial Trail” that ran through the Northern Unit from north to south.

The Northern Unit's glacial features set the ground work for wide diversity of biological communities and the geographical position of the forest adds to this diversity. The Northern Unit is situated along the “tension zone” which runs in a diagonal path from near Eau Claire to northern Milwaukee. The tension zone marks where the northern forest meets the southern and eastern forest, and the prairies and oak savannahs of the south and west.

A person traveling through the area will encounter such natural communities as northern red oak forests, eastern hardwoods with beech trees, cedar swamps, flood plain forests, kettle wetlands, remnant prairies and northern bogs. The Northern Unit also supports one of the largest intact forests in southeast Wisconsin. This wide array of communities leads to rich diversity of plant and animal life including many threatened and endangered species and species of special concern. Twelve areas within the forest have been set aside as State Natural Areas protecting ten biological communities that were not or slightly disturbed by European settlement and two outstanding geological landmarks.

Today, it takes a team of managers and forest staff to manage all the resources found in the Northern Unit from forestry to fisheries, wildlife, endangered resources and water resources. But, the number one management goal is providing outdoor recreational opportunities with minimal conflicts for the nearly 900,000 annual visitors to the forest. People come to the Northern Unit to participate in a plethora of outdoor pursuits including hiking, hunting, camping, picnicking, swimming, horseback riding, snowmobiling, snowshoeing, cross-country skiing, fishing (year-round), canoeing, boating, geocaching, backpacking, wildlife observing, off-road biking, dog training, spirit renewing and learning.

Closed Thursday

Kettle Moraine State Forest – Northern Unit Upcoming Public Programs

Thursday, May 8 - Lizard Mound Work Day, 10 a.m.-2 p.m. Help clear invasive woody vegetation along the trails so that native plants and flowers can thrive while the mounds' integrity is preserved. Activities will include brush cutting and hauling; no experience is necessary. Be sure to bring water, bug repellent, sturdy shoes and gloves. Tools will be provided as necessary. Poison ivy may be present. Meet at the parking lot at the start time or check in with staff along the trail during the event (2121 County Highway A, West Bend). A Wisconsin state park and forest vehicle admission pass is required.

Friday, May 9 - Nature Craft: Beautiful Butterflies, 9:30-10:30 a.m. I spy a chrysalis and wings of beautiful shining colors. Come and learn about the amazing life cycle of butterflies. This event is recommended for children ages 3-6, but all are welcome. All children must be accompanied by an adult. Meet at the Ice Age Center (N2875 Hwy 67, Campbellsport, a half mile west of Dundee) around 9:25 a.m. so the program can start at 9:30 a.m. The craft will also be available to be made on Saturday, May 10.

Friday, May 16 - Learn To Knot Tie, 11 a.m.-1 p.m. It's a bow-line... no it's a clove hitch... no it's a barrel hitch! Join us for an introduction to tying knots that come in handy while recreating in the outdoors! We will be meeting at the Ice Age Visitor Center auditorium. This event is open to all ages, no experience necessary.

Saturday, May 24 - Learn to Backpack, 11 a.m.-1 p.m. New to traversing on the open trail? Join us for helpful tips and tricks on backpack-

ing before heading out to hike the Ice Age National Scenic Trail to a nearby reservable backpack shelter. This hike is a moderately challenging 3 miles out and back with grass tread. Meet at the Mauthe Lake Recreation Area (N1490 Co Rd GGG, Campbellsport) pet picnic and bike trail parking lot. We recommend bringing water, insect repellent, sturdy hiking shoes and a hiking pole. The program will be canceled if extreme weather or unsafe trail conditions arise. A vehicle admission pass is required. Please call 262-339-6514 or email Kenneth.Costa@wisconsin.gov to sign up.

Friday, June 6 - Campfire with the Staff, 5-6:30 p.m. Join the park rangers at Mauthe Lake Recreation Area Shelter for a family-friendly campfire and ask them what it's like to be a ranger! Enjoy s'more making and family activities. A vehicle admission pass is required.

Friday, June 13 - Nature Craft: Chickadees, 9:30-10:30 a.m. Little fluff balls of black and white that are full of energy, come and be amazed at the lives these tiny birds live. This event is recommended for children ages 3-6, but all are welcome. All children must be accompanied by an adult. Meet at the Ice Age Center around 9:25 a.m. so the program can start at 9:30 a.m. The craft will also be available to be made on Saturday, June 14.

Saturday, June 21 - Lizard Mound Walk, 12-2 p.m. Join the natural resource educator on the longest day of the year to tour the cultural landscape of Lizard Mound. It is one of the most well-preserved Native American effigy mound sites in the

nation with 28 conical, linear and effigy mounds. Hear a brief history of the site and its people while traversing through the sacred grounds and learning the significance of each mound shape. This hike is about 1 mile on level grass and crushed rock tread. Consider bringing water and insect repellent. Well water and a portable restroom are available onsite. Poison ivy is prevalent, so consider long pants and closed-toe shoes. Preregistration is required. Call 920-533-8322 to register. Limit 12. The program will be canceled if extreme weather or unsafe trail conditions arise. A vehicle admission pass is required.

Friday, July 11 - Nature Craft: Fish Tales, 9:30-10:30 a.m. Splish and splash with fun-filled fish activities. We will share some Fish Tales. This event is recommended for children ages 3-6, but all are welcome. All children must be accompanied by an adult. Meet at the Ice Age Center around 9:25 a.m. so the program can start at 9:30 a.m. The craft will also be available to be made on Saturday, July 12.

Friday, July 18 - Learn to Fish, 1-4 p.m. Join us at the Long Lake fishing pier (N3450 Division Rd, Cascade) to learn the basics of fishing before casting a line! All equipment is provided for use during the program; open and closed reel fishing poles and tackle. Loaner equipment is available for borrowing after the program! Anglers 16 years or older must have a valid fishing license to participate. Anglers under 16 do not need a fishing license. This event is open to all abilities and ages, no experience necessary. The program will be can-

celed if extreme weather or unsafe conditions arise. A vehicle admission pass is required for parking.

Saturday, July 19 - Learn to Fish, 1-4 p.m. Join us for at Mauthe Lake to learn the basics of fishing before casting a line from shore! All equipment is provided for use during the program; open and closed reel fishing poles and tackle. Loaner equipment is available for borrowing after the program! Anglers 16 years or older must have a valid fishing license to participate. Anglers under 16 do not need a fishing license. This event is open to all abilities and ages, no experience necessary. The program will be canceled if extreme weather or unsafe conditions arise. A vehicle admission pass is required for parking.

Saturday, July 26 - Learn to Backpack, 11 a.m.-1 p.m. Come join our natural resource educator as they provide some tips and tricks to the wonderful activity of backpacking! We will then traverse to one of the backpack shelters located nearby. We will meet at the Zillmer Shelter Building (W833 County Rd. SS, Campbellsport) located at Zillmer trails. We recommend bringing water, insect repellent, sturdy hiking shoes and a hiking pole. The program will be canceled if extreme weather or unsafe trail conditions arise. A vehicle admission pass is required. Please call or email the contact listed below to sign up.

Friday, August 8 - Nature Craft: Evergreens, 9:30-10:30 a.m. Come and meet the tree that is forever green as we learn about these mag-

Camping

Benson's Century Camping Resort, Inc.

250 sites with water and electric, separate tenting areas, seasonal sites, and overnight sites. Services offered include limited groceries, LP gas, two dump stations, two shower buildings, wood for sale.

For recreation, the grounds offer a swimming beach, two playgrounds, horseshoe pits, volleyball court, recreation hall, game room, lake boat launch, and fishing. Boats and canoes available to rent.

For more information, go to their website at bensonscampground.com or call 920-533-8597 or 920-533-8150. They are located at N3845 State Road 67, Campbellsport.

Mr. Ed's Campground

Over 500 feet of lake frontage. Offers 100 seasonal-only sites on three levels with full hookups including 30- and 50-amp electric, water, sewer, limited accessibility for people with disabilities, call for specifics.

These scenic campgrounds offer a swimming beach, horseshoes, basketball, nature trails, boat launch, fishing, camper get togethers, private docking and launching for campers only.

For more information, go to their website at mredscampground.com or call 920-533-4342. They are located at N3554 Highway 67, Campbellsport.

Hoef's Resort and Campground

125 seasonal sites and 55 campsites with four different grassy and wooded areas including lakefront sites and the most popular and unique sites on a peninsula. Some sites with water and electric (20-, 30- and 50-amp service); some tent sites with no electric hook-up.

On-site services include WI-FI hotspot, laundry facilities, showers, firewood and bait for sale, concession stand, and bar. There is a swimming beach, playground area, horseshoes, basketball, recreation hall, trails, and lake boat launch. Rental items include six housekeeping cottages (some on waterfront), boats, paddle boats and canoes.

Call 262-626-2221 for reservations or go to hoefresort.com for more information. They are located at W9070 Crooked Lake Drive, Cascade.

Breezy Hill Campground

Breezy Hill offers more than 170 total sites, 70 with full hookups (30/50 amp), 47 seasonal sites, 53 water/electric hookups, 40 pull through sites, separate tenting areas, and eight cabins. Amenities include heated pool, hot tub, general store, pavillion and arcade, basketball, tetherball, volleyball, playground, jumping pillow, walking trail, swimming pond and beach, weekend movies, wagon rides, themed weekends, catch and release fishing pond, laundry facility, dishwashing station with hot/cold water, and campsite-wide WiFi.

Breezy Hill Campground is a family oriented campground near Eden. Owners, Jon and Jennifer Wiltzius, offer fun activities for campers of all ages.

For rent, there are eight camping cabins, one rental unit, bikes and paddle boats. Bring your own linens.

Breezy Hill also offers a full-service overnight horse boarding facility. Hay, water, large stalls, pasture and paddocks are available.

Call 920-477-2300 or visit breezyhillcamp.com for more information. They are located at N4177 Cearns Lane, (off County Road B in Eden) Fond du Lac.

Mauthe Lake Campground

The campgrounds at Mauthe Lake have 135 sites, including 51 electrical sites. There is one shower building with flush toilets and several vault toilets throughout the campground. Campsites accessible to people with disabilities are available.

The beach area has playground equipment and concessions are available daily during the summer months. A sanitary dump station and recycling/garbage station are provided for registered campers.

Firewood is available 24 hours a day, seven days a week from a vending trailer. Don't move firewood! Due to the potential of carrying harmful tree pests and diseases, Wisconsin has restrictions for moving firewood.

Mauthe Lake is open for camping year round. For more information call 262-626-4305. Reservations may be made online at wisconsin.goingtocamp.com. For reservation questions, contact Wisconsin State Park System Reservations at 1-888-947-2757.

Long Lake Campground

The campgrounds at Long Lake provide 200 sites, flush and vault toilets, and showers. Campsites are available for campers with disabilities. A sanitary dump station and recycling/garbage station are provided for registered campers.

Firewood is available 24 hours a day, seven days a week from a vending trailer. Don't move firewood! Due to the potential of carrying harmful tree pests and diseases, Wisconsin has restrictions for moving firewood.

Long Lake Campground is open for camping the first weekend in May through mid-October.

For more information call 920-533-8612.

Reservations may be made online at wisconsin.goingtocamp.com.

For reservation questions, contact Wisconsin State Park System Reservations at 1-888-947-2757.

Greenbush Group Campground

The Greenbush Group Campground offers nine outdoor sites which accommodate groups up to 40 individuals. Only tent camping is allowed on the actual campsite. Sites are near the Greenbush Trails, where campers can enjoy hiking or off-road biking.

An enclosed shelter building, drinking water, and vault toilets are available nearby.

There are no shower facilities in the campground. Greenbush group campground is open for camping April through November. It is located at

N5854 Kettle Moraine Dr., Glenbeulah. Reservations may be made online at wisconsin.goingtocamp.com.

For reservation questions, contact Wisconsin State Park System Reservations at 1-888-947-2757.

Backpack Shelters

Five backpack shelters are available year-round for rustic camping along the 31 miles of the Ice Age National Scenic Trail. One backpack shelter is available from April 1 through November at the Zillmer Trail area.

Each site offers a roofed trail shelter, fire ring, and pit toilet. Drinking water is available less than a mile from each site.

These sites are not accessible by vehicle. All camping equipment must be backpacked in and all refuse packed out. A camping permit is required and you must camp at a design-

nated shelter campsite.

Only one reservation (camping party) is allowed per site per night. Reservations are limited to 10 persons per site and are limited to one night per

site. Another site may be reserved for a second night and a third night at a third site.

You must call 888-947-2757, to make backpack shelter reservations. Backpack shelter reservations cannot be made online. Reservations are required for all backpack sites.

If all the backpack sites are reserved for a weekend night on your hiking trip, consider staying one night at the Mauthe Lake campground.

New Prospect Horse Riders Campground

The New Prospect Horserider's Campground has 22 family campsites with 20/30/50 amp electric service and three group sites. Campers must be accompanied by a horse to stay at the campground.

In the family camping area, each site has a picnic table, fire ring and a 30-by-30-foot graveled area with picket posts and/or pipe corrals where horses are to be kept. The camp area has one drinking water source, an open air picnic shelter, vault toilet, a covered stable with 24 box stalls and manure pits. There is no shower facility in the campground.

In the group camp area, each site has a drinking water source, fire ring, four picnic tables and a manure pit. Group sites A and C each have nine,

10-by-10-foot metal pipe corrals. Group Site B has two tether post areas and 12 pipe corrals. The group

camp has a vault toilet. No more than 20

people may occupy a group site.

Campers are responsible to place all hay and manure in the manure pits which are located throughout the campground; wheelbarrows and forks are provided. Horses are to be kept in designated areas to protect the green space of the campground.

The campground is centrally located in the state forest and provides easy access to the 33-mile bridle trail which traverses the length of the forest. There also are two loop trails, the 2.5-mile Crooked Lake Loop and the four-mile Forest Lake Loop. All horse riders 16 years and older must have a state trail pass while using the designated bridle trails in the state forest.

The campground opens the first weekend in May and closes the last weekend in October.

For more information go to nk-mhta.org/horseriders-campground. N1765 Highway G, Campbellsport.

Lake Lenwood Beach and Campground
130 total sites, 130 water/electric hookups, 10 pull through sites, dump station, pay showers, off-site storage, credit cards accepted.

There are trailer and tent sites encircling the lake, some set back and some on the lakeshore. Available are sites with 20, 30 and 50 amp electric, water and sewer hook-ups. Free Wi-Fi at your site. Also available is cable hook-up for seasonal and long-term campers.

Recreation, swimming beach, playground, kiddie beach with slide. Fishing boats, paddle boats, hydro-

June is Dairy Month!

The Fond du Lac County Dairy Breakfast is June 22

Join the celebration of National Dairy Month with a morning of delicious food and farm fun at the 36th Annual Breakfast on the Farm, hosted by Envision Greater Fond du Lac's Agri-Business Council. This year's event will take place on Sunday, June 22, 2025, from 8:00 a.m. to 12:00 p.m. at Pollack Dairy, LLC in Van Dyne.

Guests will enjoy a hearty, farm-fresh breakfast while experiencing firsthand the sights, sounds, and spirit of Wisconsin agriculture. This family-friendly event is a fantastic opportunity to connect with local farmers, learn about where your food comes from, and celebrate Fond du Lac County's deep-rooted agricultural heritage.

Pollack Dairy, LLC is home to 650 Holstein cows and manages 1,000 acres of crops—a true example of a modern farm-to-fork operation. Attendees will get a behind-the-scenes look at life on the farm and the hard work that goes into producing high-quality dairy and crops.

More event details, including the breakfast menu and activities, will

be shared soon. For now, save the date and get ready to celebrate the best of Wisconsin agriculture!

The Washington County Dairy Breakfast is June 14

A beloved community tradition returns with a fresh approach! The 37th Annual Washington County Breakfast on the Farm is set for Saturday, June 14, 2025, and promises a unique blend of delicious food and hands-on farm fun.

This year's event will feature two locations, offering a full morning of experiences for the whole family. The breakfast portion will be served at the Washington County Fairgrounds, during the Classic Green Reunion—a special gathering for John Deere enthusiasts and collectors. From all-you-can-eat pancakes to scrambled eggs, sausage, and cheese, guests can enjoy a hearty farm-style breakfast in a lively and nostalgic atmosphere.

After breakfast, shuttle buses will take attendees to Maple Woods Dairy Farm, located just west of the fairgrounds at 3121 Pleasant Valley Road, West Bend. This year's host

farm is owned and operated by Brian and Elizabeth Peters and their family. Maple Woods Dairy milks around 55 cows and manages a few hundred acres, with plans to grow pumpkins in 2025.

Whether you're a long-time attendee or a first-timer, this year's Breakfast on the Farm is the perfect way to kick off summer and celebrate Washington County's vibrant dairy industry.

Can't Miss: Campbellsport Firemen's Picnic & Parade

If you're looking for a fun way to spend the Fourth of July holiday in the Kettle Moraine area, make sure to visit the scenic Village of Campbellsport, just west of the forest.

The Campbellsport Fire Department's (CFD) annual picnic and parade, held July 3-4, is a long-standing tradition that draws in visitors from the village and surrounding communities. This two-day celebration offers a perfect mix of excitement, community spir-

it, and time-honored festivities. Enjoy fireworks, live music, delicious food, and a vibrant parade—just a few of the traditions that have been passed down through the generations. The CFD picnic is over a century in the making and promises an unforgettable experience for all ages.

The event lineup includes thrilling fire department waterfights, children's waterfights, carnival games, rides for kids, and plenty of food

and refreshments to keep everyone energized.

The festivities kick off on July 3 with the children's waterfights. Teams of three to four kids compete to see who can move a barrel the

farthest—expect plenty of splashing, laughter, and fun. Following that, area fire departments showcase their skills in the adult waterfights, competing for the title of top department.

The Dundee Corn Roast

Each year, the Northern Kettle Moraine Crooked Trails Snowmobile Club hosts the popular Dundee Corn Roast at the Dundee Sportsmen's Park, taking place on the second Saturday of August. This year's event will be held on August 9, 2025.

One of the highlights of the event is the free sweet corn on the cob, served starting at 12:30 p.m. until it's gone. The corn is always a crowd favorite, and at the unbeatable price of free, there's no reason not to enjoy it all day long!

In addition to the corn, the event features a variety of food and refreshments available from 11 a.m. to 4 p.m. Raffles will be held from 11 a.m. to 6 p.m., offering plenty of chances to win great prizes. From 2 to 6 p.m., enjoy live music with the "Tribute to Country Legends" per-

formance, bringing classic tunes to the event.

The Crooked Trails Snowmobile Club uses the proceeds from the corn roast to help maintain and groom the snowmobile trails in the area and around the forest, ensuring a great experience for riders during the winter season.

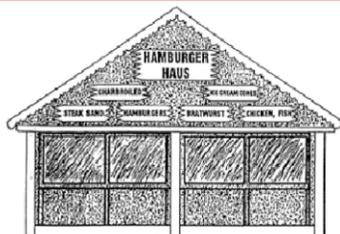

As the event draws closer, be sure to visit the club's website (nkcrookedtrails.com) and Facebook page for updates and more details.

The Dundee Sportsmen's Park Pavilion is located on Highway 67, just across from the Dundee gas station.

This free, family-friendly event is open to everyone—so why not come out, enjoy the day, and support the trails that help make snowmobiling in Dundee so special?

Can't Miss: Eden Firemen's Picnic & Parade

July is County Fair Time

The Fond du Lac County Fair is July 16-20, 2025

The 173rd annual Fond du Lac County Fair is set to take place from July 16-20, 2025, at the Fond du Lac County Fairgrounds. Established in 1852, this five-day event continues to be a highlight of the summer, drawing over 30,000 visitors each year. The fair showcases a variety of agricultural and educational events, including livestock shows and 4-H youth competitions. These activities offer attendees insights into farming practices and the opportunity to support local youth as they present their projects.

The fair also features numerous other competitions, including baking contests, art displays, and more, allowing community members to showcase their talents.

A variety of carnival rides and games provide fun for all ages, making it a perfect destination for families. Fairgoers can indulge in a wide array of food options from local vendors, offering everything from classic fair treats to regional specialties. Each evening, the grandstand hosts performances by both national and local artists. Notable acts for the 2025 fair include Dylan Scott performing on Thursday, July 17, at 8 p.m. and Bret Michaels performing on Friday, July 18 at 8 p.m. Admission to the fair is free, making it an affordable outing for individuals and families alike. Parking is available for \$10 per carload.

For more detailed information and updates on events, schedules, and ticketing, please visit the official Fond du Lac County Fair website at fonddulacountyfair.com.

The Washington County Fair is July 22-27, 2025

The 2025 Washington County Fair is scheduled to take place from July 22-July 27, 2025, at Washington County Fair Park in West Bend. Celebrating its 167th edition, this six-day event is the largest in the county, drawing over 85,000 visitors annually.

From 4-H youth exhibits to blue-ribbon cattle, the fair celebrates Washington County's farming roots. Don't miss the chance to walk through the barns, watch live judging, and meet the farmers behind Wisconsin's agricultural heart. The midway brings thrills for all ages! The carnival is packed with games, rides, lights, and fun from open to close. Local vendors and classic food trucks will be lining the fairgrounds serving up sweet and savory treats all week. Explore local talent with competitive exhibits in baking, photography, quilting, floral design, woodworking, and more. Whether you're a creator or a spectator, these showcases are full of inspiration.

Get ready for big-name acts lighting up the West Bend nights! The 2025 lineup features Foreigner on Friday, July 25 and Russell Dickerson on Saturday, July 26 at 8 p.m. All performances take place at the Silver Lining Amphitheater, and tickets are expected to sell fast.

Admission to the fair has not been determined at the time of print of this publication.

For more detailed information and updates on events, schedules, and ticketing, please visit the official Fond du Lac County Fair website at wcfairpark.com.

The annual Eden Firemen's Picnic and Parade will take place August 1-3.

If you are in the area at this time, do not miss this weekend-long event!

All activities are held at Eden Firemen's Park, and the picnic is free to attend.

Everything begins on Friday night with a fish fry. Members of the Eden Fire Department cook and serve a traditional Wisconsin Fish Fry. If you aren't from the state, you should come early and try this cuisine that has made Wisconsin famous.

To round out Friday night, an area band will entertain those at the event.

On Saturday, carnival rides and food are available all day. The main events kick-off later in the afternoon, when a kids' pedal tractor pull and musical entertainment bookend the Saturday festivities.

Sunday kicks off at noon with the annual parade. Many area organizations, businesses, bands and groups participate in this parade, and the sidewalks are packed early with onlookers, locals and visitors. If you want a good vantage point, come early and bring a few lawn chairs to claim your space!

Musical entertainment will be available all afternoon. Bingo is always played on Sunday afternoon.

All weekend, the fire department will be serving food and refreshments. Don't miss the pies cooked every year by the women of the fire association auxiliary.

All live music is free to enjoy.

Make sure you stop in Eden this weekend for all the fun and entertainment. This is sure to be a great weekend for everyone in the family.

For more information about the event, check out the fire department's Facebook page.

Discover Two Local Golf Courses in the Kettle Moraine

For golf enthusiasts looking to enjoy a round or two, there are two excellent courses that cater to golfers of all skill levels and offer stunning natural backdrops.

Auburn Bluffs Golf Course - Campbellsport

Located just outside Campbellsport, Auburn Bluffs Golf Course offers a unique and scenic golfing experience in the heart of the Kettle Moraine area. This nine-hole course is known for its rolling hills and picturesque views, making it both a challenging and enjoyable experience for players of all ages and abilities. The hilly terrain provides a good workout for walkers, but for those seeking a more relaxed round, carts are available. With its blend of natural beauty and carefully designed holes, Auburn Bluffs offers a peaceful escape and a chance to connect with nature while perfecting your game. The course is situated in the Town of Auburn, just outside the Village of Campbellsport, at N2019 North River Road.

Hon-E-Kor Golf Course - Kewaskum

A short drive from Milwaukee, Hon-E-Kor Golf Course in Kewaskum is a challenging and picturesque 18-hole course that tests

both your accuracy and strategy. Featuring a mix of fairways, water hazards, and sand traps, this course offers golfers a well-rounded challenge in a tranquil, natural setting. Whether you're looking to improve your game or simply enjoy a leisurely round, Hon-E-Kor's welcoming atmosphere and exceptional service provide the perfect environment for golfers of all levels. Located at 1141 Riverview Drive in the Village of Kewaskum, the course offers a relaxing yet rewarding experience, ideal for both locals and visitors alike.

Whether you're a seasoned pro or a casual golfer, these two local courses offer something for everyone—stunning views, a friendly atmosphere, and a chance to enjoy the great outdoors.

Ice Age Visitor Center Step into the Past

The Henry S. Reuss Ice Age Visitor Center is a must-stop for anyone visiting the Kettle Moraine State Forest-Northern Unit. It is located just outside of Dundee on Highway 67.

Its purpose is to introduce and orient visitors to the forest about the area and the special features of the area. The glaciers that covered this area roughly 10,000 years ago left some unique terrain and features in this area.

The Kettle Moraine was created when the Green Bay Lobe of the glacier, on the west, collided with the Lake Michigan Lobe of the glacier, on the east.

As the glaciers melted and moved, they left behind many different features like moraines, kames, eskers, drumlins and kettles. The Ice Age Visitor Center explains these features, how they were formed and gives examples of these features in the area.

"You can get a good idea of how the glaciers affected this area and the treasures it left," said Jackie Scharfenberg, a recently retired DNR naturalist at the Ice Age Center. "A lot of groups come here as a jumping off point."

View exhibits to learn about the frozen history of Wisconsin and the gifts of the glacier. There is a great view of the landscape from the nature center and a naturalist is available to answer your questions.

After visiting the center, you can

The Ice Age Visitor Center is a great place to visit to learn more about the Kettle Moraine State Forest and how it was formed. You can also take part in educational programs, find a trail, and just enjoy the beauty of the forest from the center. Many of the educational programs held in the forest are hosted at the Ice Age Center.

then go out into the forest to see these different formations. Many trails can be found in the forest to get you to these features. A shorter trail is also accessible from the Ice Age Visitor Center.

Another feature of the center is the information you can receive about the forest activities. The center has maps of all the trails in the forest, campgrounds, information about Mauthe and Long Lakes and the campgrounds in the forest. Beyond the woods, you can also find tourism information on local restaurants and

municipalities.

"We can provide information about the forest and its multitude of things to do," Scharfenberg said.

The Henry S. Reuss Ice Age Visitor Center was opened in January of 1981 and dedicated in May of 1981. It was named after a Wisconsin congressman. The Zillmer Trail, one of the forest's more extensive network of walking trails, was also named after a Wisconsin congressman.

"They got some of the initial money passed [for the center and trails]," Scharfenberg said.

The center is open year-round.

During the summer, it is open Wednesday-Friday from 8:30 a.m.-4:30 p.m. and on weekends from 9:30 a.m.-4:30 p.m.

About 25,000-30,000 people stop at the Ice Age Visitor Center every year. Educational programs are held at the center every week. These programs teach young and old about the forest wildlife, vegetation and other fun nature-related things. Programs are generally free to the public, with some exceptions.

Throughout the year, the forest naturalists present a wide array of fun-filled educational programs. The programs are held at the Ice Age Visitor Center, Mauthe Lake Recreation Area, Long Lake Recreation Area or at other spots within the forest. There are programs for all interests and age levels.

The Henry S. Reuss Ice Age Visitor Center is a great place to start your visit to the Kettle Moraine State Forest-Northern Unit. It will help educate you about the forest and give you information about more opportunities in the forest.

A gift shop offering books, clothing and other souvenirs can be visited. The gift shop is operated by the Friends of Kettle Moraine - Northern Unit. All proceeds support the forest.

The Center is located at N2875 Hwy 67 Campbellsport, WI 53010. Call ahead at 920-533-8322 for more information on the day's events.

For The Horseriders

The Northern Kettle Moraine Horse Trail Association (NKMHTA) was established in 2003 to provide area equestrians an opportunity to make an impact working with the Wisconsin Department of Natural Resources preserving, improving, and developing equestrian facilities in the Northern Kettle Moraine State Forest.

The Northern Kettle Moraine State Forest is dedicated to serving horseback riders and is known throughout Wisconsin as one of the most beautiful natural areas.

Trails are designated for horseback riders but you may see some hikers. Vehicle passes are required and trail passes are required for all riders 16 years and older. Trails get muddy and slick when wet. Riders are urged to wait four to six hours after rain to ride.

New Prospect Horseriders' Campground

The New Prospect horseriders' campground has 22 family campsites with 20/30/50 amp electric service and three group sites.

In the family camping area, each site has a picnic table, fire ring and a 30-by-30-foot graveled area with picket posts and/or pipe corrals where horses are to be kept. The camp area has one drinking water source, an

open air picnic shelter, vault toilet, covered stable with 24 box stalls and manure pits. There is no shower facility in the campground.

In the group camp area, each site has a drinking water source, fire ring, four picnic tables and a manure pit. Group sites A and C each have nine, 10-by-10-foot metal pipe corrals. Group Site B has two tether post areas and 12 pipe corrals. The group camp has a vault toilet. No more than 20 people may occupy a group site.

Campers are responsible to place all hay and manure in the manure pits which are located throughout the campground; wheel barrows and forks are provided. Horses are to be

kept in designated areas to protect the green space of the campground.

The campground installed a new horse wash station for campers to utilize beginning spring 2025, thanks to support from the Northern Kettle Moraine Horse Trail Association.

The campground is centrally located in the state forest and provides easy access to the 33-mile bridle trail which traverses the length of the forest. There also are two loop trails, the 2.5-mile Crooked Lake Loop and the four-mile Forest Lake Loop. All horse riders 16 years and older must have a state trail pass while using the designated bridle trails in the state forest.

The campground opens the first

weekend in May and closes the last weekend in October.

Bridle Trails

Equestrians can enjoy 41 miles of bridle trails which are traditionally open late April through mid November depending on trail conditions. A state trail pass is required for all riders age 16 and over on these trails

The main bridle trail winds the linear length of the forest for 33 miles. Two loop trails, Crooked and Forest Lake, provide shorter routes totaling more than seven miles.

There is a new 15-mile bridle loop through the Mauthe Lake area that will be available to riders this spring thanks to support from the Northern Kettle Moraine Horse Trail Association.

Trails are rolling with a few steep hills, some rocky places, well-maintained and generally kept clear of debris.

Volunteers from the Northern Kettle Moraine Horse Trail Association, in cooperation with the state forest, partner together to work on projects and special events to enhance the horseback riding experience in the state forest.

For more information, go to the Northern Kettle Moraine Horse Trail Association's website at nkmhta.org.

The Kettle Moraine, Where Natural History Comes Alive

The Northern Kettle Moraine Forest area and the surrounding communities are great spots to stop for anyone looking for a Wisconsin experience.

Boasting some of the most unique and stunning physical features in the state, the local villages and towns also feature fantastic opportunities for leisure, entertainment and food.

Known officially as the Kettle Moraine State Forest-Northern Unit, this area can thank ancient glaciers for its one-of-a-kind characteristics.

The northern unit of the forest is only a portion of what is sometimes called the Kettle Range. This range was created when the Green Bay Lobe of the glacier on the west, collided with the Lake Michigan Lobe of the glacier on the east, depositing sediment. The western glacier formed the Bay of Green Bay, Lake Winnebago and the Horicon Marsh while the eastern one formed Lake Michigan.

This area contains very hilly terrain and glacial landforms, such as kettles, kames and eskers. The forest is divided into two large and three small units, which are spread across roughly 100 miles.

The Kettle Moraine State Forest-Northern Unit consists of an area covering the western part of Sheboygan County, the southeastern part of Fond du Lac County and the northern portion of Washington County. It includes more than 29,000 acres. The forest itself was established in 1937 to help preserve this unique area and its features.

The forest is managed for multiple

uses, including recreation management, sustainable forest products, water quality and soil protection, terrestrial and aquatic wildlife, native biological diversity, and aesthetics.

The forest headquarters is located near the Village of Campbellsport. Features of the Northern Unit are the Greenbush Recreation Area, with a group camping area and hiking trails; Parnell Observation Tower; the Long Lake Recreation Area, with a campground, a beach and boat launch; Henry S. Reuss Ice Age Visitor Center; and the Mauthe Lake Recreation Area, with a campground, a beach and boat launch.

About 145 miles of trails can be found in the northern unit. These trails are used for biking, hiking, horseback riding, cross country skiing and snowmobiling.

Other facilities in the area include 336 family campsites with modern facilities, nine group campsites, six backpack shelters, a horse riders campground, three swimming beaches, six boat launches and an observation tower.

It is estimated that approximately 800,000 people visit the forest every year.

You will definitely be able to find something fun to do in the Kettle Moraine State Forest-Northern Unit. There is something for everyone.

To find out more information, go to the DNR website at www.dnr.state.wi.us. You can also call the forest headquarters at 262-626-2116 or call the Ice Age Visitor Center at 920-533-8322.

The forest is open from 6 a.m.-11

p.m. daily The forest headquarters is located on Highway G and is open 8 a.m.-4:30 p.m. Monday-Friday.

The Mauthe Lake recreation area entrance station is open from 10 a.m.-7 p.m. Saturdays-Thursdays and 10 a.m. to 9 p.m. on Fridays from Memorial Day through Labor Day. These hours will vary during the off-season. Call 262-626-4305 for more information.

The Long Lake Recreation area entrance station is open from 10 a.m.-7 p.m. Saturdays-Thursdays and 10 a.m. to 9 p.m. on Fridays from Memorial Day through Labor Day. The hours vary during the off-season. Call 920-533-8612 for more information.

The Henry S. Reuss Ice Age Visitor Center is open seven days-a-week April through October from 8:30 a.m.-4 p.m. Mondays-Fridays and 9:30 a.m.-5 p.m. weekends. Winter hours vary and run from November through March. The center is one-half mile west of Dundee on State Highway 67 and offers forest information, interpretative displays, and a 20-minute Ice Age film.

Area Villages, Towns & Cities

Don't forget to visit the area villages and towns that surround the Kettle Moraine Forest. They are all welcoming and helpful.

- The Village of Campbellsport is on the west side of the forest. You can get to Campbellsport by taking Highway 67. Enjoy the quaint downtown or bike on the Edelweiss Trail that runs through town.
- The Village of Kewaskum is on

the southwestern side of the forest. You can get to Kewaskum by taking Highway 45 or Highway 28. Enjoy one of the village's many restaurants and taverns or take a picnic down the scenic Milwaukee River, which flows through the east side of the village.

- Dundee is within the forest on the western side. It is located along Highway 67. The Henry S. Reuss Ice Age Visitor Center is just outside of Dundee on Highway 67.

- New Prospect is a small town located within the forest. You can get there by traveling along Highway SS. The horseriders camp is located in New Prospect.

- Greenbush is near the northern portion of the forest. You can get to Greenbush by taking County Highway A.

- Glenbeulah is also on the northern corner of the forest. It can be found by taking County Highway A.

- The City of Plymouth is a short drive to the east of the forest. You can take Highway 67 to get to Plymouth.

- Cascade is also a short drive to the east of the forest. You can get to Cascade by taking Highway 28.

- The Village of Eden is a short drive to the northwest. You can get to Fond du Lac by taking Highway 45 north.

- The City of Fond du Lac is a short drive to the northwest. You can get to Fond du Lac by taking Highway 45 north.

- The City of West Bend is a short drive south of the forest. You can get to West Bend by taking Highway 45 south.

Lakes of the Kettle Moraine

The Kettle Moraine State Forest-Northern Unit has more than one dozen lakes and ponds; mostly kettles, but also two impoundments of the Milwaukee River.

The eight lakes listed below range in size from 477 acres (Long Lake) to less than seven acres, accounting for a total of 786 acres.

A state park vehicle admission sticker is required at some boat landings.

Anglers of any age may check out basic fishing equipment free of charge at the Mauthe Lake and Long Lake recreation areas entrance stations (when open). Several private vendors within the forest sell licenses, bait and other fishing supplies.

There are several self-serve kiosks and local outfitters for boat, canoe and kayak rental. Go to dnr.wisconsin.gov/topic/parks/kmn/recreation/water for more information.

The primary fish species in these lakes include largemouth bass, bluegill, crappies and northern pike, but smallmouth bass, perch, walleye and muskellunge have also been caught. Mauthe Lake and Long Lake recreation areas have fishing piers that are accessible to people who are mobility-impaired.

Auburn Lake (Lake Fifteen) — A medium-sized kettle lake, Auburn Lake provides a diverse fishery. A paved boat launch and trailer parking area are across from the Forest Headquarters entrance road. Access to launch is a narrow gravel road not suitable for large boat trailers. A local wake ordinance, posted at the landing, is in effect. State park vehicle admission sticker required.

Expect to catch: bluegills of average size; crappies - present, but generally not quality size; northern Pike - often found near outlet stream mouth and on north end across from boat landing; yellow bass - abundant, but small; and largemouth bass are present, some of quality size.

Butler Lake — Butler Lake is the smallest of the easily-accessible Kettle Moraine Lakes. It is a kettle lake with an emergent wetland fringe around most of the lake. The Ice Age Trail meanders through the Butler Lake area and there is a loop hiking trail system near the lake. Butler Lake is spring-fed and the water remains fairly cold and oxygenated.

There is a paved parking lot and

Fishing is a very popular activity on the lakes in the Kettle Moraine State Forest. People go out on their boats or fish off the piers in the area.

gravel launch area for canoes or small rowboats. Gas motors are not allowed. A water pump is available near the parking lot. State park vehicle admission sticker required.

Expect to catch: bluegills - small, but abundant; and largemouth bass - present and average in size.

Crooked Lake — This medium-sized kettle lake has relatively clear water and a diverse aquatic plant community. A gravel access road, boat launch and parking area are off of County Highway SS. The launch, suitable for canoes and small boats, is shallow and weedy.

Expect to catch: bluegills - common and average in size; yellow perch - common but small; crappies - population fluctuates widely with very good fishing some years; northern pike - present and average in size; and largemouth bass - present and of quality size.

Forest Lake — Forest Lake is a small kettle lake with a mostly-developed shoreline. A marked and fairly steep walk-in public access is off of County Highway GGG. The lake is only suitable for canoes, small rowboats or paddleboats. No motors are allowed.

Game fish, such as northern pike, walleyes, and bass, are catch and release only.

Expect to catch: bluegills - abundant, but small; crappies - present; northern pike - present, catch and release only; and largemouth bass - quality population, catch and release only.

Kettle Moraine Lake (Round Lake) — The second-largest lake in the area, Kettle Moraine Lake has relatively clear water. Many parts of the lake are weedy and shallow. There is no state forest access available, but the public can launch at Tiki Beach

Resort on the east side. Obey the local wake ordinance posted at landing.

Expect to catch: bluegills - abundant, but few of quality size; yellow perch - present but generally small; crappies - present, quality size at times; northern pike - large population for a lake this size, commonly found in the 17-inch to 21-inch size range; walleye - present, some of quality size; largemouth bass - common and of quality size; and bullheads - bullhead fishing is the highlight of Kettle Moraine Lake in summer.

Lake Seven — This small, mostly undeveloped kettle lake has clear water and a diverse aquatic plant community. It is historically known as a tremendous bluegill lake. No gas motors allowed. Fairly shallow gravel boat launch for canoes and small rowboats.

Expect to catch: bluegills - abundant and of average size; largemouth bass - very abundant, but small in size; crappie; perch.

Long Lake — Long Lake is a three-mile long impoundment of the East Branch of the Milwaukee River. The lake has relatively clear water and is stocked by the DNR and the Long Lake Fishing Club. Heavy recreational use in the summer may make fishing difficult.

An accessible fishing pier and shoreline fishing opportunities are found in the Long Lake Recreation Area.

It has a developed boat launch and parking for more than 20 vehicles and trailers. The boat launch fills on summer weekends. Obey the local wake ordinance posted at landing. State park vehicle admission sticker required.

There is a new public boat launch at Long Lake Recreation Area that will be available for use beginning spring 2025.

Expect to catch: bluegills - six- to seven-inches common in summer, best fishing along mid-depth weed lines and in deeper water on vegetated mid-depth flats; crappies - present; walleyes - present with some of quality size; northern pike - good population with some larger fish; largemouth bass - common in summer, the lake has a very good population with a nice size structure of fish available; and bullheads - one of the most popular summer fish to catch, especially near boat launch area.

Mauthe Lake — Mauthe Lake is a 78-acre impoundment of the East Branch of the Milwaukee River and is entirely within the state forest boundaries.

Accessible fishing pier, trail to

dam, and shoreline fishing opportunities are within the recreation area. Paved launch for canoes and small boats. No gas motors allowed; electric trolling motors are allowed.

State park vehicle admission sticker is required.

Expect to catch: bluegills - abundant, but small; crappies - occasionally the highlight of the fishery; largemouth bass - common and of quality size; and northern pike - although not a large lake, some pike in the 30-inch range are caught.

Boating

Rental boats are available from a private concessionaire under agreement with the state forest. Several private vendors within the forest sell fishing licenses, bait and other fishing supplies. For more information or current boat regulations, visit one of the forest offices or check out dnr.wi.gov.

For information on boat registration, contact the DNR Call Center; 888-936-7463 or visit gowild.wi.gov.

Lake Seven, Mauthe, Forest and Butler Lakes prohibit the use of gas-powered motors.

Other boating restrictions may apply. Check at landings for posted information regarding wake/no wake rules and whether or not a state park vehicle admission sticker is required.

All watercraft must be equipped with a wearable Coast Guard approved personal flotation device for each person on board. Consult the Wisconsin fishing and boating regulations before going fishing.

For more information or for boat regulations and registration forms, visit one of the forest offices or the DNR website.

Swimming

The state forest has three swimming beaches, one at Mauthe Lake and two at Long Lake. Swimming areas are designated by marker buoys. Lifeguards are not provided.

Pets, soaps, food and beverages are prohibited in marked swim areas. Picnic tables, grills and toilets are available near the beaches. A carry in, carry out policy applies at these day-use areas.

Mauthe Lake and Long Lake Recreation Areas are open from 6 a.m. to 11 p.m. year round.

Mauthe Lake's beach area and Long Lake's south beach include playground equipment suitable for young children and a reservable picnic shelter.

Water quality is tested regularly from Memorial Day to Labor Day and any advisories will be posted at the beaches.

Friends Of The Kettle Moraine

The Friends of the Kettle Moraine is a non-profit organization dedicated to promoting a greater appreciation and enhancement of the Kettle Moraine State Forest-Northern Unit.

The group was created in the mid 1980s to inform and educate the public. The general goal was to develop a greater appreciation and environmental awareness of Wisconsin natural resources. Specific goals were to enlist public involvement in the activities and future direction of the Forest and to provide financial assistance directly to the Kettle Moraine State Forest - Northern Unit for new programs and activities.

The first meeting of the Friends group, held in July 1984 at the Ice Age Center, was hosted by William Moorman of the DNR Bureau of Parks and Recreation. Local press releases resulted in a large turnout of local citizens who were very receptive. The group elected Gus Christ, Byron Gessner, Jerry Ninnemann, William Stoffel, Irene O'Laughlin, Jerry Schanen, and John Zillmer as the first group of board members.

The Northern Unit of the Kettle Moraine State Forest is located 45 minutes north of Milwaukee. The group's mission is to aid in the understanding of the human and natural history of the forest, so that visitors can enjoy and appreciate the heritage of the Kettle Moraine area.

The Friends of the Kettle Moraine has more than 100 individual members and around 10 business members. They are always welcoming new memberships.

The group holds three or four meetings a year and a large year-end informational meeting that includes a meal. Representatives from the DNR are also in attendance at the year-end meeting. The group, along with the DNR, discuss any upcoming projects for the next year.

The Friends have volunteers called trail watchers, who also walk the many trails and relate any concerns or trouble spots back to the DNR. These trail watchers are a valuable resource for the DNR.

Visitors can explore 30,000 acres of rolling hills, lakes, forests, grasslands, and parks. There are many trails open all year round for your enjoyment. A great place to start your outdoor adventure is at the Henry S. Reuss Ice Age Visitor Center. You may purchase a state park sticker and park merchandise from the center's gift shop. Your purchase helps support the Friends of the Kettle Moraine Forest. The forest hosts approximately one million visitors a year.

The Friends of the Kettle Moraine inform people about the Northern Unit by volunteering at the Ice Age Visitor Center. They help publicize the unique recreational and educational opportunities available within the forest.

They assist with recruiting volunteers for special events and give input for the future direction of the forest. The group raises funds to provide financial assistance for educational programs, invasive species control, and special projects.

Some of the projects the Friends group has completed include the heated shelter at the Zillmer Trails, playground equipment at Mauthe Lake, wood sale sheds at both Mauthe and Long Lakes, prairie plantings near Long Lake, and the butterfly garden at the Ice Age Visitor Center. There will be a new accessible bottle filler drinking fountain at the Ice Age Visitor Center in early summer 2025 thanks to the Friends and the Knowles-Nelson Stewardship Program. The next big undertaking for the group will be raising the funds for new exhibits at the Ice Age Visitor Center.

The Friends of the Kettle Moraine provide a variety of events in the Northern Unit. Many of these events are held at the Ice Age Center. They sponsor a yearly Candlelight Ski in January and Earth Week Litter cleanup in April. They also provide a Halloween Hike in November at Long Lake. This is an educational hike for young children.

The Friends are continuing with many improvements in and around the Ice Age Center. They also have a Land Fund set up. This fund will help with the purchase of more private land in the Kettle Moraine Forest when the land becomes available.

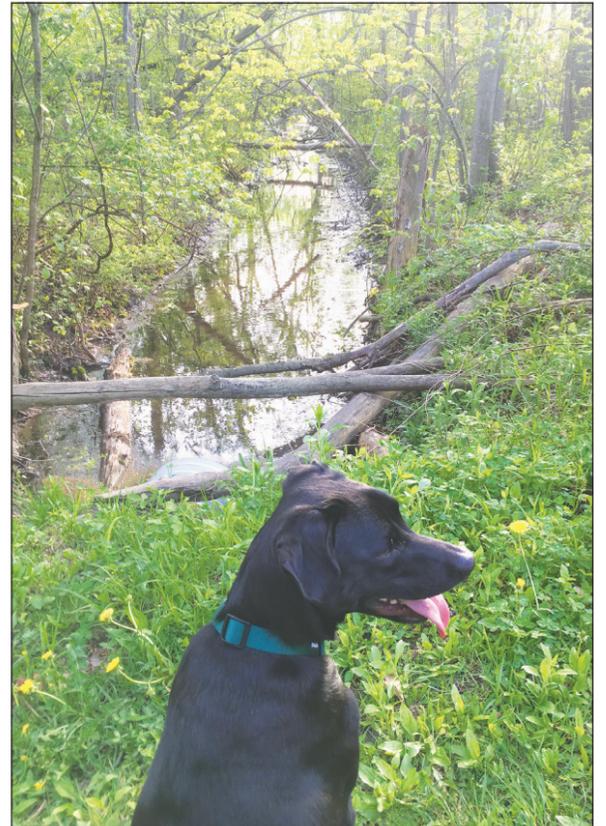

For more information about the Friends of the Kettle Moraine, contact a Northern Unit staff member, write the Friends at P.O. Box 143, Campbellsport, WI 53010, or visit www.fwsp.org/fotkm.

Pets Can Enjoy The Kettle Moraine At Suggested Areas

Staff at the Kettle Moraine State Forest-Northern Unit often receive questions asking whether pets are allowed in the area.

Pets are permitted in all campgrounds, most trails, roads and outlying areas. Mauthe Lake and Long Lake Recreational Areas provide designated pet picnic areas for pet owners. Buildings, picnic, beach areas, playgrounds, marked "nature" trails and cross-country ski trails are off limits to pets, except disability service animals. Pets must be on a leash no longer than eight feet, under control and attended at all times, unless in a designated area that allows pets to be off-leash.

The forest has two areas designated as dog training areas. Dog training means teaching a dog to retrieve, point, flush and/or track game for the hunting or dog trail competition. The wet dog training area, on Division Road just south of County Highway F, is recommended for water skills training; while the dry dog training area, on County Highway U just east of County Highway A, should be used for developing upland bird skills. Consult Wisconsin dog training and trialing or contact forest headquarters to determine if a permit is required for the type of training you plan to do.

Kewaskum's Independence Day Celebration

Fireworks will be held at dusk on Thursday, July 3, at River Hill Park, located between Parkview Drive and Riverview Drive in the Village of Kewaskum.

The rain date is July 4.

The village allows folks to lay down blankets and tarps to reserve viewing spots as early as 6 a.m. on July 1, so if you have the ability to plan ahead, you better! The hill and most of the best viewing positions will be snatched-up before the July 3 festival.

On July 3, live music begins at 7 p.m. in the large shelter on top of the hill. The band will play again after the fireworks display until roughly midnight.

Food and beverage is served at the park beginning at 5:30 p.m. Hamburgers and beer are among the offerings, as well as soda, lemonade, brats and hot dogs and more.

Proceeds benefit the Kewaskum Firefighters Association.

No carry-ins are allowed, and sparklers are prohibited.

Traffic will be directed for about an hour after the fireworks ends, please park and travel safely!

Special Interest Areas In The Kettle Moraine

The Kettle Moraine State Forest has a lot to offer in its almost 30,000 acres. Approximately 800,000 people visit the forest each year.

The forest can thank the glaciers for its unique characteristics. Wisconsin lent its name to the most recent series of glacial advances and retreats: the Wisconsin Glaciation that lasted from about 100,000 to 10,000 years ago. Massive lobes of ice (up to two miles thick) collided here, causing tremendous pressure, friction and buckling of the land surface. As the glacier retreated, moraines, drumlins, kames and eskers were formed. Many lakes, bogs, wetlands and potholes are also a direct result of glacial activity.

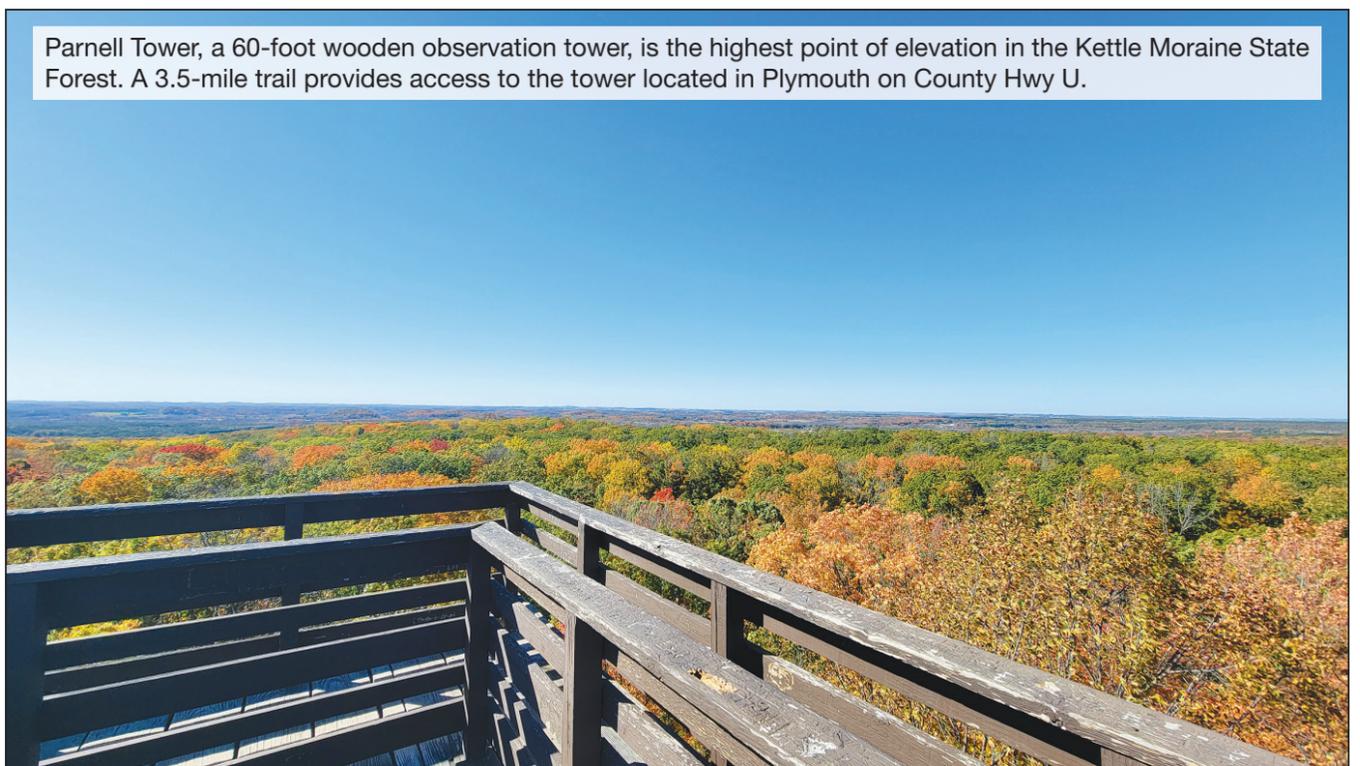

Explore and enjoy the many state natural areas and geological landmarks on and near the Kettle Moraine Scenic Drive. These features listed from north to south along the drive, include:

Haskell Noyes Memorial Woods — On County Highway GGG just south of Highway SS. A historical marker greets visitors to this 67-acre State Natural Area. This area is designated as a Wisconsin Wildlife Viewing Area and is included in the national "Watchable Wildlife" program.

Haskell Noyes Memorial Woods is a classic example of southern dry-mesic forest dominated by sugar maple and red oak, with smaller amounts of basswood, white ash, bitternut hickory, and ironwood. The site lies on an interlobate moraine formed between the Green Bay and Lake Michigan lobes of the Wisconsin stage of glaciation with numerous kames, kettles, and ridges.

The forest was never clearcut or heavily harvested during the logging era of the 19th century leaving red oaks that established during the 1860s and 1870s. And unlike other forests, fire has not occurred on these moist soils for the past several hundred years.

The forest understory is open, with few shrubs but a rich spring flora and diversity of ferns. Plants include maidenhair, fragile, cinnamon and lady ferns, hepaticas, clustered black snakeroot, large flowered trillium, red trillium, may-apple, large-leaved shinleaf, large-leaved bellwort, and wild geranium. A small area to the north is composed of swamp hardwoods and tamaracks. A high percentage of gravel is found in the soils and steep slopes are thus

Parnell Tower, a 60-foot wooden observation tower, is the highest point of elevation in the Kettle Moraine State Forest. A 3.5-mile trail provides access to the tower located in Plymouth on County Hwy U.

prone to erosion.

The land was purchased in 1947 to prevent imminent logging. Haskell Noyes Memorial Woods is owned by the DNR and was designated a State Natural Area in 1952.

Milwaukee River Tamarack Lowlands & Dundee Kame — On County Highway F, a quarter mile east of Dundee. The kame is known throughout the world by geology students and is often pictured in geology textbooks because of its near perfect form.

Milwaukee River Tamarack Lowlands and Dundee Kame features a large wetland complex occupying both sides of the river with southern hardwood swamp, northern wet-mesic forest, northern wet forest, southern sedge meadow, shrub-carr, and a warm, slow, hard water stream. Several small kames, irregularly shaped mounds of sand, gravel and till, are present within the natural area boundary.

Also protected within the state forest proper is Dundee Kame, a conical shaped hill rising 250 feet above the surrounding landscape. The kame is known as a moulin kame, actually a pile of glacial till left behind when a glacial stream loses its gradient and velocity and then deposits the till into a pile.

This natural area is important for the protection of an extensive watershed and for its value as wildlife habitat. Many animal species of concern are found here. Milwaukee River

Tamarack Lowlands and Dundee Kame is owned by the DNR and was designated a State Natural Area in 1992.

Spruce Lake Bog State Natural Area — North of Dundee on Airport Road, one-half mile west of Vista Drive. Spruce Lake Bog features an undisturbed shallow seepage bog lake situated in one of the many kettle holes characteristic of the interlobate glacial deposits scattered throughout the area.

The 35-acre lake has moderately hard water with a pH of 7.5 and supports a dense, floating-leaved aquatic flora of water shield and water lilies. The site is particularly rich in plants more characteristic of northern Wisconsin sphagnum bogs and greatly resembles them in appearance.

Black spruce, which is common in the swamp forest, is near its southern range limit in Wisconsin. Distinct vegetation zones encircle the lake with a floating sedge mat of cotton grass, three-fruited sedge, royal fern, pitcher plant, round-leaved sundew, moccasin flower, wintergreen, and small cranberry grading into a bog forest of tamarack and black spruce.

An outer zone of swamp hardwoods includes tamarack, black ash, red maple, yellow birch, and white cedar and contains species more commonly associated with northern coniferous forests including three-leaved gold-thread, American starflower, partridgeberry, common winterberry, and yellow blue-bead lily.

The diversity of shrubs on the sedge mat and in the forest is indicative of the area's high quality. Species include speckled alder, black chokeberry, willow, round-leaved and red-osier dogwood, Labrador-tea, bog birch, leather-leaf, bog-rosemary, poison sumac, mountain holly, meadowsweet, huckleberry, cranberry, and blueberry.

Several bird species with northern affinities nest here, including northern waterthrush, Nashville warbler, Canada warbler, and white-throated sparrow.

Spruce Lake Bog has been designated a national natural landmark by the US Park Service. Spruce Lake Bog is owned by the DNR and was designated a State Natural Area in 1968.

Butler Lake and Flynn's Spring — East of Long Lake on Butler Lake Road. Butler Lake and Flynn's Spring features a seven-acre shallow hard-bottom lake surrounded by sedge meadow.

Previously, the site contained a tamarack hardwood swamp but a few years of high water levels has killed off most of the trees. Although the groundlayer has also been flooded, the aquatic vegetation and geologic features are still intact.

Nearby Flynn's Spring is a small, spring brook flowing into the south end of Butler Lake. Chara covers the marl-bottomed Butler Lake while the dominant submerged aquatic species is Illinois pondweed.

Emergents include white water-lily, bull-head pond-lily, and hard-stem bulrush. A small zone of sedges and bulrushes on the north end is the only open wetland. Older tamaracks, which formerly surrounded the lake, have died but the species is reproducing well along the northwestern and southern shores.

Adjacent to the lake is Parnell Esker, a geologic feature known worldwide and used extensively for education. The esker is five to 35 feet in height and runs northeast southwest for about four miles. The lake and wetlands provide habitat for some uncommon invertebrates.

Butler Lake and Flynn's Spring is owned by the DNR and was designated in 1992.

Milwaukee River And Swamp — This area is along the Milwaukee River north of Mauthe Lake.

Milwaukee River and Swamp features an unusual combination of southern and northern wet-mesic forests situated along 0.75 mile of a slow, meandering warm water stream with accompanying shrubs zones and communities including lowland hardwood forest, conifer swamp, and a small bog lake.

The river bottom is mucky with sand and gravel and there are good populations of northern pike, black crappie, walleye, and several smaller forage species. Aquatic plants include water-lilies, water-milfoil, coon's-tail, waterweed, giant duckweed, water nymph, and several pondweeds.

One large spring, 1,000 feet long, feeds the river in the north portion of the site. Bordering the river is a dense shrub zone that changes abruptly to a yellow birch, white birch, American elm, black ash, and basswood lowland forest.

East of the small lowland forest is a more dense conifer swamp of mainly white cedar but also tamarack and black spruce. A good representative understory is present. A small bog

920.533.8338

lake occurs in the eastern portion of the natural area.

Milwaukee River and Swamp is owned by the DNR and was designated a State Natural Area in 1971.

Spring Lake – Southwest of New Prospect west of County Highway G.

Spring Lake is a clear, alkaline lake surrounded by fen and northern wet forest with an unusual flora and fauna. Aquatic vegetation is sparse and consists of yellow waterlily, bladderworts, pondweeds, and chara.

The shoreline is an undercut bog shelf under which fish find refuge. Northern pike, large mouth bass, perch, bullhead, and green sunfish are found in spite of a maximum water depth of 1.5 feet.

An open mat of vegetation dominated by narrow-leaved cat-tails and bulrushes surrounds the lake, and many sedges and forbs characteristic of both acid bogs and calcareous fens occur together. The narrow mat gives way to a tamarack forest on the east; to the south the swamp forest is composed of elm, red maple, yellow birch, and tamarack.

Along the northwestern shore is a shrubby region of bog birch, willows, dogwood, and elder. Poison sumac is abundant throughout the site. Breeding bird surveys have shown an abundance of warbler species including blue-winged, golden-winged, black and white, Nashville, mourning, and yellow.

Spring Lake is owned by the DNR and was designated a State Natural Area in 1971.

Crooked Lake Wetlands – East of New Prospect on the north side of County Highway SS.

Crooked Lake Wetlands is a diverse complex of communities including northern wet forest, southern dry-mesic forest, southern sedge meadow, shrub-carr, open bog, and two shallow seepage lakes.

The 65-acre Crooked Lake is one of the larger natural lakes in the county and has a maximum depth of 34 feet. The inlet provides a spawning ground for northern pike while the outlet forms a small tributary of the East Branch of the Milwaukee River.

On the west side of Crooked Lake is a shrub-carr of diverse composition and structure. White meadow-sweet and bog birch are dominant with openings of blue-joint grass, tussock sedge, and long-bracted tussock sedge. Red-osier dogwood and willows dominate some areas while speckled alder, common winterberry, nannyberry, and poison sumac characterize others.

The herbaceous layer is equally diverse with royal fern, marsh fern, meadow-rue and marsh pea. Also present are two shallow, hard water, seepage lakes - Cedar Lake and an unnamed lake. Cedar Lake is surrounded by swamp hardwoods of yellow birch, black ash, and red maple and a mature stand of sugar maple, basswood and red oak. The unnamed lake has numerous emergent aquatics including wild rice and is surrounded by a boggy shrub forest with tamarack.

This area is home to a diverse community of birds including nesting and migratory waterfowl, swamp sparrow, yellow, golden-winged, and Nashville warblers, veery, gray catbird, and American woodcock.

Crooked Lake Wetlands is owned by the DNR and was designated a SNA in 1992.

Kettle Hole Woods – Northeast of New Fane on County Highway S, then north on Forest View Road.

Located in southeastern Wisconsin's glacial kettle topography is Kettle Hole Woods, an isolated hill forested with southern mesic and dry-mesic hardwoods. Ephemeral ponds are scattered throughout the site.

The mature forest features an excellent canopy of very large trees, primarily red oak and sugar maple with associated beech, basswood, white ash, white oak, and bitternut hickory. Most saplings are sugar maple and beech suggesting that the red oaks will eventually be replaced by other more mesophytic species.

The shrub layer is variable in density with witch hazel, American hazelnut, viburnums, and gooseberry. Mayapple, Pennsylvania sedge, interrupted fern, lady fern, round-lobed hepatica, and wild geranium characterize portions of the ground-layer while scattered open areas with pockets of gooseberry support maidenhair fern, blue cohosh, bent trillium, and violets.

Kettle Hole Woods is owned by the DNR and was designated a SNA in 1992.

Kewaskum Maple-Oak Woods – Southeast of Kewaskum via State Highway 28 and South Mill Road, two parcels with interesting wild plants and birds.

Kewaskum Maple-Oak Woods consists of two parcels separated by old field and pine plantation that contain southern dry-mesic and mesic forest dominated by sugar maple, red oak, white ash, and basswood with some beech. Located just east of the Milwaukee River, the southern tract is hilly with southern, eastern, and western exposures and contains a very rich herb layer.

Uncommon and interesting species include large-fruited snake-root, dog violet, smooth bank cress, showy orchis, and putty root orchid. The northern tract is flatter and generally lower, containing very large red oak, white oak, sugar maple, and black cherry. Both parcels have kettle depressions that hold water seasonally.

Common nesting birds include the black-billed cuckoo, great-crested flycatcher, eastern wood pewee, wood thrush, blue-gray gnatcatcher, and scarlet tanager.

Kewaskum Maple-Oak Woods is owned by the DNR and was designated a State Natural Area in 1977.

Kettle Moraine Red Oaks – The Ice Age Trail goes through this area southeast of Greenbush. It has more than 100 kinds of trees, shrubs, and other plants.

Kettle Moraine Red Oaks is a mature second-growth southern dry-mesic forest which originated in 1889. Composed of red oak, basswood, sugar maple and white ash, it is one of the richest oak forests in the region and contains over 100 species of trees, shrubs, and herbs.

Other canopy species present include big-tooth aspen, white oak, black cherry, and shagbark hickory while the subcanopy is composed of ironwood, sugar maple, basswood, and ash saplings. The forest is situated on the high interlobate moraine and contains several outstanding dry kettle holes, which provide some diversity in exposure.

The groundlayer contains characteristic dry-mesic species with three species of bedstraw, numerous sedges, downy Solomon's seal, mayapple, maidenhair fern, American squawroot, large-flowered trillium, sweet cicely, and Canada mayflower. This large tract provides important habitat for rare forest interior birds.

Other species include ovenbird,

barred owl, and wood thrush, wood pewee, and scarlet tanager. Kettle Moraine Red Oaks is part of the most extensive hardwood forest located within the region and forms the core of a larger proposed Habitat Preservation Area.

Protection of this site is vital given the harvest pressure and the loss of red oaks across the landscape. As this site ages, it will become a prime candidate for research on old-growth red oak forests.

Kettle Moraine Red Oaks is owned by the DNR and was designated a State Natural Area in 1992.

Johnson Hill Kame – South of Highways 67 and U near Woodside and Shamrock roads.

Johnson Hill Kame is a "moulin" kame, a conical hill of sand and gravel formed near the edge of the wasting glacial ice sheet by subglacial meltwater streams that poured downward through cylindrical holes in the glacier. The swirling motion of the debris-laden water reminded early French mountaineers of a moulin (mill in French).

Hundreds of spectacular glacial features can be found within the Kettle Moraine and the Northern Unit contains one of the best displays of moulin kames in the country. Surrounding the kame is both southern and northern dry-mesic forest.

The southern slope is composed of red oak, big-tooth aspen, beech, ironwood, sugar maple, butternut hickory, basswood, white oak, and eastern hop-hornbeam. The cooler north slope consists of basswood and sugar maple with beech, red oak, and eastern hop-hornbeam.

Johnson Hill Kame is owned by the DNR and was designated a State Natural Area in 1992.

Other Points of Interest

Greenbush Kettle – On Kettle Moraine Drive, a mile north of State Highway 67.

An outstanding example of a glacial kettle hole, it has a scenic overlook, viewing deck and interpretive display just a short walk from the parking lot.

Kame Field – Near the intersection of Highway V and Deer Road looking north.

The mile-wide view of this spectacular kame field is breathtaking. Visitors can view and experience the rock and rubble and gravel "insides" of a kame up close.

Visita Trail Overlook – At the Henry S. Reuss Ice Age Visitor Center, State Highway 67 south of Dundee.

A short climb up some stairs and you arrive at a viewing platform overlooking a beautiful vista from which you can see drumlins, eskers and ground moraines. The visitor center offers forest information, interpretive displays and a 20-minute film explaining how the glaciers shaped most of Wisconsin's landscape. You can buy nature books, clothing, admission stickers and trail passes there. Public programs are scheduled throughout the year and group programs on request.

Jersey Flats Prairie – On County Highway SS, a quarter mile west of the village of New Prospect.

This restored prairie is a glacial outwash plain. This area is designated as a Wisconsin Wildlife Viewing Area and is included in the national "Watchable Wildlife" program.

Little Mud Lake – On County Highway SS, a half mile east of County Highway GGG.

This site is a State Habitat Preservation Area and is vital for the long-term survival of the red-spotted, blue-spotted, spotted and tiger salamanders that thrive here. A picnic table and grill are provided at the small parking lot.

Gold Award-Winning Landscape Designs

DANIELSLANDSCAPINGLTD.COM

Can't Miss: Boltonville Rain Days

The Boltonville Volunteer Fire Department holds its annual Rain Days celebration over Memorial Day weekend. This year it will be held May 23-25.

The event will feature entertainment all weekend on the fire department's grounds, located at 9336 Bolton Drive in Boltonville.

The celebration always includes a carnival with rides, games, food,

music and beer available throughout the weekend.

A huge fireworks display is always held on Friday at dusk (weather permitting).

Water fights are held on Saturday.

The annual Boltonville Prize Parade starts on Sunday at noon.

For more information, go to facebook.com/BoltonvilleFD/.

Empire Threshing Association's Thresheree August 23

The Empire Threshing Association is hosting its 36th Annual Thresheree on Saturday, August 23, from 10 a.m. to 6 p.m. at the John and Beth Wettstein Farm, located six miles east of Eden on County B.

This free event offers a unique opportunity to step back in time and witness the fascinating history of farming with live demonstrations of steam threshing, sawing, plowing, baling, chopping, and silo filling. Attendees can also enjoy displays of antique tractors, garden tractors, and vintage farm equipment, and chat with local collectors about their restored machines.

Kids can participate in the fun with the annual pedal pull competition, where they'll pedal mini-tractors to pull a weighted sled, with awards for the top performers in each weight class.

Whether you're interested in farming history, vintage machinery, or just a fun day out in the country, the Thresheree has something for everyone.

In case of rain, the event will be rescheduled for Sunday, August 24.

Make sure to join the Empire Threshing Association in celebrating farming traditions in rural Eden!

PROGRAMS from page 4

nificent trees. This event is recommended for children ages 3-6, but all are welcome. All children must be accompanied by an adult. Meet at the Ice Age Center around 9:25 a.m. so the program can start at 9:30 a.m. The craft will also be available to be made on Saturday, August 9.

Friday, August 15 - Learn to Fly Fish, 1-4 p.m. Join us at Mauthe Lake near the beach to learn the basics of fly fishing on land! All equipment is provided for use during the program, including fly rods and tackle. Loaner equipment is available for borrowing after the program. Anglers 16 years or older must have a valid fishing license to participate. Anglers under 16 do not need a fishing license. This event is open to all abilities and ages; no experience is necessary. The program will be canceled if extreme weather or unsafe conditions arise. A valid annual vehicle admission pass or daily pass is required for parking.

Saturday, August 16 - Learn to Fly Fish, 1-4 p.m. Spend some time with us at Long Lake Fishing Pier and learn the basics of fly fishing. After the program, see what's biting. This event is open to all abilities and ages; no experience is necessary. We will fly fishing poles, tackle, and much more for display. Loaner gear will be available for renting out after the

program is complete. First come, first serve availability. Anglers 16 years or older must have a valid fishing license to participate. Anglers under 16 do not need a fishing license. This event is open to all abilities and ages; no experience is necessary. The program will be canceled if extreme weather or unsafe conditions arise. A valid Wisconsin State Park annual vehicle admission pass or daily pass is required for parking.

Friday, August 29 - Campfire with the Rangers, 5-6:30 p.m. Join the park rangers for a family-friendly campfire and ask them what it's like to be a ranger! Enjoy s'more making and family activities. A valid Wisconsin State Park annual vehicle admission pass or a daily pass is required for parking. Meet at the Mauthe Lake Recreation Area Shelter.

Saturday, August 30 - 7:30-11 p.m. Look through a telescope or binoculars to bring into focus the wonders of the night sky. With the help of knowledgeable night sky observers from the Northern Cross Science Foundation, spy distant planets, dumb-bell nebulas, globular clusters and so much more. The program will be held only if the skies are clear. This program is best for anyone more than 8 years old. Drop in any time and stay as long as you like. Meet at the Henry S. Reuss Ice Age Center.

CAMPING from page 5

bikes, canoes, kayaks and tubes are available to rent.

They are located at 7053 Lenwood Dr., West Bend. Call 262-334-1335 or go to lakelenwood.com.

Lazy Days Campground

313 extra large sites in 3 different grassy or wooded areas.

Spring fed lake for great swimming and great fishing — bass, northern, crappie and perch waiting to be lured onto your hook. Live bait and tackle available.

Amenities include, grocery store, sandy beach with open swimming area, two rafts in the lake, volleyball, park area, arcade, mini golf, firewood, ice, LP gas, bike rental, laundry, shower building, boat and trailer rentals, and a community garden. Kids fun days and live bands.

We are a pet friendly campground.

They are located at 1475 Lakeview Road, West Bend. Call 262-675-6511 or

email lzd@charter.net.

Fond du Lac East/Kettle Moraine KOA

Set on 103 acres of verdant landscape, this secluded RV park and campground makes for a peaceful oasis just a short drive from Wisconsin's big cities.

It features short-term and long-term RV sites, tent sites and vacation rentals in a beautiful setting. 50 max amp and 80-foot max length.

Amenities include Wi-Fi, snack bar, laundry, propane, firewood, and KampK9® dog park. Enjoy three swimming pools, activities and crafts, an animal pen, arcade, basketball, a billiard table, buckhorn saloon, gaga ball, horseshoe pits, music hall, nature trails, outdoor movie cinema, pickleball, playgrounds, shuffleboard, miniature golf, and volleyball.

Open April 15-October 15. They are located at N5456 Division Rd., Glenbeulah. Go koa.com/campgrounds/kettle-moraine for more information.

Trails in the Kettle Moraine

The Kettle Moraine State Forest-Northern Unit has countless trails that are available and easy to access within the forest.

Depending on the trail, you can walk, bike, picnic and ride horses. Most importantly, folks have a lot of fun on these trails!

The Ice Age National Scenic Trail (which stretches 1,200 miles across the state) has a 31-mile leg through the length of the forest. Hiking is also available at the Greenbush recreation area (13.5 miles), New Fane loop system trails (7.7 miles), Zillmer loop area (11.4 miles), Butler Lake loop (3 miles), Parnell Tower loop (3.5 miles), Tamarack loop (2 miles) and the Lake to Lake Bike Trail (6.5 miles). You can access a map for these trails on p. 2 of this Visitor Guide.

Pets are allowed on all hiking trails except the nature trails, as long as they are on a leash eight feet or shorter at all times.

Please be courteous of other hikers and use trail etiquette when passing and accessing paths.

Trail Matters

- **Butler Lake Loop:** On Butler Lake Road, 1.5 miles east of the Long Lake Recreation Area, the Butler Lake Trail winds more than three miles through the 158-acre Butler Lake and Flynn's Spring State Natural Area.

A portion of the loop trail is shared with the Ice Age Trail. Interpretive displays are set at the base of the esker and overlook Butler Lake. A picnic table, grill and drinking water are at the trail head.

- **Greenbush Recreation Area Trails:** On Kettle Moraine Drive, 2.5 miles north of State Highway 67, the Greenbush recreation area has two trail systems: four loops of challenging mountain bike trails totaling nine miles, interwoven with five loops of hiking trails totaling 13.5 miles.

Hikers and off-road mountain bikers share this multiple-use trail system in season. For safety reasons, these trails are use-specific: hiking is not allowed on the bike trails and biking is not allowed on the hiking trails.

A heated picnic shelter, picnic tables, grill, drinking water and vault toilets are near the trail head. There is also access to the Ice Age Trail.

A state trail pass is required for all bike riders and skiers age 16 and older.

- **Ice Age National Scenic Trail:** Approximately 31 miles of the Ice Age National Scenic Trail travels the length of the Northern Unit of the Kettle Moraine State Forest. One of only 11 National Scenic Trails, the 1,200-mile Ice Age Trail is a premier hiking trail and conservation resource for silent sport and outdoor enthusiasts. Located entirely in Wisconsin, the Trail runs from its Western Terminus in Interstate State Park in St. Croix Falls, down as far south as Janesville, then to its Eastern Terminus in Sturgeon Bay's Potawatomi State Park. The Trail is also 1 of 42 designated Wisconsin State Trails and the only State Scenic Trail.

Tracing the path of the last glacier, the Trail traverses some of Wisconsin's most scenic landscapes and helps tell the story of the last Ice Age. In doing so, it highlights Wisconsin's unique glacial features.

Many trails can be found in the Kettle Moraine State Forest-Northern Unit. They provide great recreational opportunities in this area. You walk or bike on these trails during the spring, summer and fall months.

In the Kettle Moraine, the Trail's moderate-to-difficult path follows sinuous eskers and tumbled moraines descending into bogs and deep kettles. Five rustic backpack shelters are available for camping along the Trail. They must be reserved in advance. Portions of other forest trails run along the Ice Age Trail. An Ice Age Trail Backpack is available to check out from the Ice Age Visitors' Center. It includes information about ColdCaching, an outdoor treasure-hunting game, which uses GPS or other navigational techniques to seek out natural features formed by glaciation. Six ColdCache sites are located within the Kettle Moraine State Forest. The Ice Age Trail is managed in partnership by the Wisconsin Department of Natural Resources, the National Park Service, and the Ice Age Trail Alliance. The Alliance is a volunteer- and member-based organization that conserves, creates, maintains, and promotes the Trail. The Lakeshore Chapter of the Alliance creates and maintains the Trail in Sheboygan County. To get involved with the Lakeshore Chapter or learn about their activities, visit IceAgeTrail.org/get-involved/volunteer/chapters/lakeshore.

- **Lake to Lake Bike Trail:** This 6.5-mile limestone surfaced trail connects the Mauthe and Long Lake recreation areas and passes by the village of Dundee.

This gentle trail winds through hardwood forests, prairies, conifer plantations, and lowland swamps. The trail includes a boardwalk over low areas east of Dundee Mountain.

- **Moraine Nature Trail:** This 0.75 mile, easy nature-trail loop begins at the Ice Age Visitor Center. A self-guided booklet links to the numbered posts along the trail and identifies the common trees of the Kettle Moraine.

Picnic tables are available at the trail head. Pets are not allowed on this trail.

- **New Fane Loop System:** On County Line Road, 1.5 miles east of Kettle Moraine Drive, the New Fane area has two trail systems: four loops of moderately-challenging mountain bike trails totaling 5.5 miles, interwoven with four loops of hiking

trails totaling 7.7 miles. A short connector trail allows access to the Ice Age Trail (bikes are not allowed on the connector trail).

Hikers and off-road mountain bikers share this multiple-use trail system in season. For safety reasons, these trails are use-specific; hiking is not allowed on the bike trails and biking is not allowed on the hiking trails.

An open-air reservable shelter is located near the trail head and drinking water and vault toilets are available year-round. A state trail pass is required for all bike riders age 16 and over.

- **Parnell Tower Loop:** On County Highway U, one-quarter mile west of County Highway A, the Parnell Tower Trail begins its 3.5-mile loop with a series of steps leading to the highest point of elevation in the forest. There a 60-foot observation tower rises above the treetops for a birds-eye view of the glacial landscape.

The trail follows the Ice Age Trail near a rustic backpack shelter reservable for camping. Picnic tables, grills, drinking water and vault toilets are adjacent to the trailhead.

- **Spruce Lake Bog Trail:** This 0.25-mile, easy boardwalk trail takes visitors through a unique open-lake bog community to Spruce Lake. This site was designated as a National Natural Landmark by the National Park Service and one can expect to see sundews, pitcher plants and other rare plant species.

Visitors are requested to stay on the boardwalk, due to the fragile nature of the habitat and the presence of poison sumac.

- **Summit Trail:** Accessed from the Long Lake Campgrounds (upper 900s loop), the Summit trail is a one-mile nature trail loop which scales Dundee Mountain. Glacial geology interpretive signs mark this challenging trail to the top of the highest kame in the forest, with panoramic views of the Campbellsport drumlins and other ice age topography.

Pets are not allowed on this trail.

- **Tamarack Loop:** This trail can be accessed near the forest headquarters off County G or from the Mauthe Lake recreation area off County GGG. This two-mile nature trail is

entirely within the Mauthe Lake Refuge and loops around the lake.

This area is closed to hunting and pets are prohibited on the trail. Flush toilets are available year-round on the headquarter's side.

- **Wade House Access Trail:** A 1.7-mile linear trail that connects the Old Wade House State Historical site in Greenbush to the Ice Age Trail. The trail travels through hardwood forests, a meadow and the Kettle Moraine Red Oaks State Natural Area.

Limited parking is available at the Wade House parking lot (no overnight parking). Walk one block east on Washington Street to the trail head.

- **Zillmer Loop System:** On County Highway SS, one-quarter mile west of County Highway G, the Zillmer Trail Area consists of four loop trails for a total of 11 miles. The south trail head has a heated shelter, vault toilets, picnic tables, grills and drinking water.

Visitors can also access the trail from the Ice Age Visitor Center. A rustic backpack shelter is reservable for camping along the trail from April through November.

- **Bridle Trails:** Equestrians enjoy 41 miles of bridle trail which are traditionally open late April through mid November depending on trail conditions. The main bridle trail winds the linear length of the forest of 33 miles. Two loop trails, Crooked and Forest Lake, provide shorter routes totaling seven miles.

A state trail pass is required for riders 16 and older. See the current conditions page on the DNR website and/or call ahead to check trail conditions and to make sure trails are open.

- **Eisenbahn Trail:** The Eisenbahn Trail, which opened in 2006, runs from West Bend, in Washington County, to Eden in Fond du Lac County. The trail is on an old railroad track. It is paved through West Bend and unpaved the rest of the way.

The trail has kiosks placed along the way. These serve as markers for information on the area. Trail users can also rest on benches placed by various service organizations.
